SUMMARY

From the date of this Supplement, the section entitled “SUMMARY” appearing on pages 8 through to 49 of the Base Prospectus is modified as follows:

- The information contained in the Base Prospectus on page 12 of the section [B.19]/B.12 under the heading “*Selected historical key financial information*” is hereby deleted and replaced in its entirety by the following:

“As at 30 September 2018, NATIXIS’ total assets were €502.2 billion. As at 30 September 2018, NATIXIS’s net revenues for the nine months ended 30 September were €7,365 million, its gross operating income was €2,315 million and its net income (group share) was €1,324 million.

As at 30 September 2017, NATIXIS’ total assets were €512.5 billion. As at 30 September 2017, NATIXIS’s net revenues for the nine months ended 30 September were €6,961 million, its gross operating income was €2,066 million and its net income (group share) was €1,151 million.

The financial information in the two immediately preceding paragraphs is unaudited and is extracted from NATIXIS’ press release published on 8 November 2018 relating to the unaudited financial information of NATIXIS for the third-quarter 2018.

As at 30 June 2018, NATIXIS’ total assets were € 520.1 billion. As at 30 June 2018, NATIXIS’ net revenues for the six months ended 30 June 2018 were € 4,989 million, its gross operating income was € 1,554 million and its net income (group share) was € 903 million.

As at 30 June 2017, NATIXIS’ total assets were € 510.4 billion. As at 30 June 2017, NATIXIS’ net revenues were € 4,756 million, its gross operating income was EUR 1,391 million and its net income (group share) was € 768 million.

The financial information in the two immediately preceding paragraphs is unaudited and is extracted from NATIXIS’ press release published on 2 August 2018 relating to the unaudited financial information of NATIXIS for the second-quarter 2018 and first semester 2018 ended 30 June 2018.

As at 31 March 2018, NATIXIS’ total assets were € 512.4 billion. As at 31 March 2018, NATIXIS’ net revenues were € 2,412 million, its gross operating income was € 618 million and its net income (group share) was € 323 million.

As at 31 March 2017, NATIXIS’ total assets were € 508.9 billion. As at 31 March 2017, NATIXIS’ net revenues were € 2,347 million, its gross operating income was € 576 million and its net income (group share) was € 280 million.

The financial information in the two immediately preceding paragraphs is unaudited and are extracted from NATIXIS’ press release published on 17 May 2018 relating to the unaudited financial information of NATIXIS for the first quarter ended 31 March 2018.

As at 31 December 2017, NATIXIS’ total assets were €520 billion. NATIXIS’ net revenue for the year ended 31 December 2017 was €9,467 million, its gross operating income was €2,835 million and its net income (group share) was €1,669 million.

As at 31 December 2016, NATIXIS’ total assets were €527.8 billion. NATIXIS’ net revenue for the year ended 31 December 2016 was €8,718 million, its gross operating income was €2,480 million and its net income (group share) was €1,374 million.

On 18 December 2018, NATIXIS announces that net revenues for its businesses should reach around €2bn in the fourth quarter of 2018. This compares with €2.25bn in the quarter of 2017, representing a decrease of around 10% over the quarter and of less than 1% over the full year. This contraction is entirely attributable to the occurrence of a risk of exceptional nature. Excluding this non-recurring item, 4Q18 net revenues for the businesses will be in line with the same period last year despite less favorable market conditions, illustrating the resilience and the robustness of Natixis’ business model.

This item of exceptional nature relates to the deterioration of market conditions in Asia which was already flagged at the occasion of the second and third quarter results as weighing negatively on the equity derivatives activity. In the fourth quarter of the year, the model used to manage some specific products traded with clients in Asia led to a hedging strategy that proved to be deficient under current market conditions. This will result in a €100m reduction in Natixis' net revenues in the fourth quarter of 2018, in addition to a €160m provision to cover the management of this product book.

This revenue reduction is non-recurring and relates to an activity which was not significantly contributing to the medium-term plan revenues. As such, this occurrence does not call into question the objectives of the New Dimension strategic plan disclosed on September 12th 2018, which are all maintained, including a minimum 60% ordinary payout ratio.

The ordinary dividend will furthermore be supplemented by the payment of a €1.5bn special dividend stemming from the sale of the retail banking activities to BPCE SA, to be paid upon completion of the transaction.”

- ”The information contained in the Base Prospectus on page 13 of the section [B.19/]B.12 under the heading “*Significant changes in the financial or trading position*” is hereby deleted and replaced in its entirety by the following:

“Other than as mentioned in section [B.19/]B.12 under the heading “*Selected historical key financial information*”, there has been no significant change in the financial or trading position of NATIXIS since 30 September 2018.”

- The first paragraph in the Base Prospectus on page 13 of the section [B.19/]B.17 under the heading “*Credit Ratings*” is hereby deleted and replaced in its entirety by the following :

“The long term senior unsecured debt of NATIXIS is rated A1 (stable) by Moody’s Investors Inc. (**Moody’s**), A+ (stable) by Standard and Poor’s Ratings Services (**S&P**) and A+ (stable) by Fitch Ratings Ltd. (**Fitch**).”

- The twentieth point relating to the Green Bonds in the Base Prospectus on page 37 of the section [D.3][D.6] under the heading “[*Key risks regarding the Notes*]/[*Risk Warning*]” is hereby deleted and replaced in its entirety by the following:

“Green bonds/Social bonds – There is currently no market consensus on what precise attributes are required for a particular asset to be defined as “green”, “social” or “sustainable” and therefore no assurance can be provided to investors that the eligible assets will satisfy, whether in whole or in part, any present or future investor's expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply.”

- The information contained in the Base Prospectus on page 47 of the section E.2b under the heading “Reasons for the offer and use of proceeds” is hereby deleted and replaced in its entirety by the following:

“The net proceeds of the issue of the Notes will be used (i) for the lending by Natixis Structured Issuance SA to NATIXIS under the terms of the loan agreement entered into between Natixis Structured Issuance SA (as lender) and NATIXIS (as borrower) and as amended from time to time (the “**Loan Agreement**”) and will be applied by NATIXIS for its general corporate purposes, affairs and business development or (ii) by the Issuer for its general corporate purposes, affairs and business development or (iii) for any other purpose stated in the relevant final terms such as, without limitation, the funding of sustainable development assets.

Sustainable development bonds include green bonds, social bonds / human development and social bonds / local economic development or any other category specified in the relevant final terms, in accordance with the framework of sustainable development bond program of Groupe BPCE (as amended from time to time) published in the dedicated section of the BPCE’s website. The relevant final terms of green or social bonds will provide the relevant details such as references to the applicable framework and methodology note

(defining inter alia the selection criteria for eligible assets) under which such Notes are issued. The final terms may direct at a relevant section of the website of the Issuer to provide such information.

Issue Specific Summary

The net proceeds from the issue of the Notes will be [[on-lent by Natixis Structured Issuance SA to NATIXIS under the terms of the Loan Agreement and will be applied by NATIXIS for its general corporate purposes, affairs and business development] [used by the Issuer for its general corporate purposes, affairs and business development.][●].]”

RISK FACTORS

The paragraph entitled “Risks relating to Green Bonds” of the section “RISK FACTORS” appearing on page 63 of the Base Prospectus is hereby deleted and replaced in its entirety by the following:

“Risk relating to Green Bonds and Social Bonds

The Issuer may issue Notes (**Green Bonds and/or Social Bonds**), the proceeds of which are intended to be used to finance and/or refinance, in part or in full, new and/or existing (i) eligible social loans, (ii) eligible green assets and any other category specified in the relevant Final Terms (together, the “**Eligible Assets**”) falling within the framework of sustainable development bond program of Groupe BPCE (as amended from time to time) published in the dedicated section of the website of BPCE.

For the avoidance of doubt, payment of principal and interest (as the case may be) in respect of the Green Bonds and/or the Social Bonds will be made from general funds of the Issuer and will not be directly or indirectly linked to the performance of Eligible Assets. In addition, pending the allocation or reallocation, as the case may be, of the net proceeds of the relevant Green Bonds and/or Social Bonds to Eligible Assets, NATIXIS will invest the balance of the net proceeds, at its own discretion, including in cash or other liquidity instruments.

There is currently no market consensus on what precise attributes are required for a particular asset to be defined as “green”, “social” or “sustainable”, and therefore no assurance can be provided to investors that the Eligible Assets will satisfy, whether in whole or in part, any present or future investor's expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply.

Any failure to use the net proceeds from such Notes on Eligible Assets or to meet or continue to meet the investment requirements of certain environmentally, socially or sustainably focused investors with respect to such Notes may affect the value of the Notes and/or may have consequences for certain investors with portfolio mandates to invest in green, social and/or sustainable assets.”

RECENT DEVELOPMENTS

From the date of this Supplement, the section entitled “RECENT DEVELOPMENTS” appearing on page 1200 of the Base Prospectus, is hereby deleted and replaced as follows :

“By a decision of the Chief Executive Officer of NATIXIS on 1 March 2018, the new NATIXIS share capital is €5,021,289,259.20 divided into 3,138,305,787 fully paid up shares of €1.60 each.

By a decision of the Board of Directors of NATIXIS on 27 April 2018, François Riahi was appointed new Chief Executive Chairman of Natixis. He will succeed Laurent Mignon in this role from the 1 June 2018 on.

On 12 September 2018, the Groupe BPCE Supervisory Board and the Natixis Board of Directors approved the planned disposal of Natixis’ Factoring, Sureties & Guarantees, Leasing, Consumer Financing, and Securities Services businesses to BPCE SA. This proposal has been submitted to the supervisory authorities for approval. This planned transaction would involve the Natixis Factor, CEGC, Natixis Lease, Natixis Financement and Eurotitres teams joining BPCE SA by the end of the first quarter of 2019.

On 18 December 2018, NATIXIS announces that net revenues for its businesses should reach around €2bn in the fourth quarter of 2018. This compares with €2.25bn in the quarter of 2017, representing a decrease of around 10% over the quarter and of less than 1% over the full year. This contraction is entirely attributable to the occurrence of a risk of exceptional nature. Excluding this non-recurring item, 4Q18 net revenues for the businesses will be in line with the same period last year despite less favorable market conditions, illustrating the resilience and the robustness of Natixis’ business model.

This item of exceptional nature relates to the deterioration of market conditions in Asia which was already flagged at the occasion of the second and third quarter results as weighing negatively on the equity derivatives activity. In the fourth quarter of the year, the model used to manage some specific products traded with clients in Asia led to a hedging strategy that proved to be deficient under current market conditions. This will result in a €100m reduction in Natixis’ net revenues in the fourth quarter of 2018, in addition to a €160m provision to cover the management of this product book.

This revenue reduction is non-recurring and relates to an activity which was not significantly contributing to the medium-term plan revenues. As such, this occurrence does not call into question the objectives of the New Dimension strategic plan disclosed on September 12th 2018, which are all maintained, including a minimum 60% ordinary payout ratio.

The ordinary dividend will furthermore be supplemented by the payment of a €1.5bn special dividend stemming from the sale of the retail banking activities to BPCE SA, to be paid upon completion of the transaction.

Other than as mentioned above, there have been no recent developments in relation to NATIXIS since 31 December 2017.

There have been no recent developments in relation to Natixis Structured Issuance SA since 31 December 2017.”
