

BASE PROSPECTUS

U.S.\$110,000,000,000
Programme for the issuance of
Euro Medium-Term Notes, Series C

Under the Programme for the issuance of Euro Medium-Term Notes, Series C described in this base prospectus (the "**Base Prospectus**") which constitutes a base prospectus for the purposes of Article 8 of Regulation (EU) 2017/1129 (the "**EU Prospectus Regulation**"), Citigroup Inc. (the "**Issuer**" or "**Citigroup**") may from time to time issue senior notes (the "**Senior Notes**") and subordinated notes (the "**Subordinated Notes**") and, together with the Senior Notes, the "**Notes**") with a maturity of twelve months or more, subject to compliance with all laws, regulations and directives. The aggregate principal amount of Notes outstanding at any time will not exceed U.S.\$110,000,000,000 (or the equivalent in other currencies). The Notes for all purposes are governed by and construed in accordance with the internal laws of the State of New York.

This Base Prospectus has been approved by the Luxembourg *Commission de Surveillance du Secteur Financier* (the "**CSSF**"), in its capacity as competent authority under the EU Prospectus Regulation. The base prospectus has been issued in compliance with the EU Prospectus Regulation for the purpose of giving information with regard to the issue of Notes under the Euro Medium-Term Note Programme (the "**Programme**") described in this Base Prospectus during the period ending on 9 June 2023. The obligation to supplement this Base Prospectus in the event of significant new factors, material mistakes or material inaccuracies does not apply after the date on which this Base Prospectus is no longer valid.

The CSSF only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the EU Prospectus Regulation. Such approval should not be considered as an endorsement of the Issuer nor as an endorsement of the quality of the Notes that are the subject of this Base Prospectus. Investors should make their own assessment as to the suitability of investing in such Notes.

Applications have been made for such Notes to be admitted during the period of twelve months after the date hereof to listing on the official list of the Luxembourg Stock Exchange and to trading on the regulated market of the Luxembourg Stock Exchange, but Citigroup is not required to maintain this listing. See "*Risk Factors—The Issuer may elect to de-list the Notes if statutory requirements become impracticable or unduly burdensome.*" The regulated market of the Luxembourg Stock Exchange is a regulated market for the purposes of the Markets in Financial Instruments Directive 2014/65/EU, as amended (the "**EU MiFID Directive**" or "**EU MiFID II**"). The Programme also permits Notes to be issued on the basis that they will not be admitted to listing, trading and/or quotation by any competent authority, stock exchange and/or quotation system or to be admitted to listing, trading and/or quotation by such other or further competent authorities, stock exchanges and/or quotation systems as may be agreed with the Issuer. Application has been made for a certificate of approval under Article 25 of the EU Prospectus Regulation to be issued by the CSSF to the competent authority in each of France, Germany, The Netherlands, Republic of Ireland, Spain, Italy, the Kingdom of Denmark, Belgium and Austria. This document as well as the documents incorporated by reference will be published on the website of the Luxembourg Stock Exchange (www.bourse.lu).

By approving this Base Prospectus, investors should note that the CSSF, in its capacity as competent authority under the Luxembourg Act dated 16 July 2019 on prospectuses for securities, as amended (the "**Prospectus Law 2019**"), assumes no responsibility as to the economic and financial soundness of any transactions contemplated by this Base Prospectus or the quality or solvency of the Issuer, in line with Article 6(4) of the Prospectus Law 2019.

The Notes have not been and will not be registered under the U.S. Securities Act of 1933 (as amended) (the "Securities Act"). Subject to certain exceptions, Notes may not be offered, sold or delivered within the United States or to a U.S. Person (as such term is defined in Regulation S under the Securities Act). For a description of certain restrictions on offers, sales and deliveries of Notes and on the distribution of this Base Prospectus or any final terms and other offering material relating to the Notes, see "*Subscription and Sale.*"

Where information contained in this Base Prospectus has been sourced from a third party, this information has been accurately reproduced and so far as the Issuer is aware and able to ascertain from information published by that third party, no facts have been omitted which would render the reproduced information inaccurate or misleading.

IMPORTANT NOTICES

This Base Prospectus comprises a base prospectus for the purposes of the EU Prospectus Regulation in respect of the Notes. This Base Prospectus has also been prepared for the purpose of giving information with regard to the Issuer and its subsidiaries, which, according to the particular nature of the Issuer and the Notes, is necessary to enable investors to make an informed assessment of the assets and liabilities, financial position, profit and losses and prospects of the Issuer, the rights attaching to the Notes and the reasons for any issuance of Notes and its impact on the Issuer.

This Base Prospectus should be read and construed together with any supplements hereto and with any other documents incorporated by reference herein and, in relation to any Tranche (as defined herein) of Notes, should be read and construed together with the relevant Final Terms (as defined herein).

No person has been authorised to give any information or to make any representation not contained in or not consistent with this Base Prospectus or any other document entered into in connection with the Programme or any information supplied by the Issuer or such other information as is in the public domain in connection with the issue or sale of the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer or any of the Dealers (as defined in *Subscription and Sale*). Neither the delivery of this Base Prospectus nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no change in the financial position or affairs of the Issuer since the date hereof or the date upon which this document has been most recently amended or supplemented or that any other information supplied in connection with the Programme is correct as of any time after the date on which it is supplied or, if different, the date indicated in the document containing the same.

The distribution of this Base Prospectus and any Final Terms and the offering or sale of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus or any Final Terms comes are required by the Issuer and the Dealers to inform themselves about and to observe any such restriction. For a description of certain restrictions on offers, sales and deliveries of Notes and on the distribution of this Base Prospectus or any Final Terms and other offering material relating to the Notes, see "*Subscription and Sale*." In particular, Notes have not been and will not be registered under the U.S. Securities Act of 1933 (as amended) (the "**Securities Act**"). Subject to certain exceptions, Notes may not be offered or sold within the United States or to a U.S. Person (as such term is defined in Regulation S under the Securities Act).

Neither this Base Prospectus nor any Final Terms constitutes an offer of, or an invitation by or on behalf of the Issuer or the Dealers to subscribe for, or purchase, any Notes and should not be considered as a recommendation by the Issuer, the Dealers or any of them that any recipient of this Base Prospectus or any Final Terms should subscribe for or purchase any Notes. Each recipient of this Base Prospectus or any Final Terms shall be taken to have made its own investigation and appraisal of the condition (financial or otherwise) of the Issuer.

The Dealers have not separately verified the information contained in this Base Prospectus. None of the Dealers makes any representation, express or implied, or accepts any responsibility, with respect to the accuracy or completeness of any of the information in this Base Prospectus. Neither this Base Prospectus nor any other financial statements are intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by the Issuer or any of the Dealers that any recipient of this Base Prospectus (or any information incorporated herein by reference) should purchase Notes. Each purchaser of Notes should determine for itself the relevance of the information contained in this Base Prospectus (and any information incorporated herein by reference) and its purchase of Notes should be based upon such investigation as it deems necessary. No representation or warranty is made or implied by the Dealers or any of their respective affiliates, and neither the Dealers nor any of their respective affiliates

makes any representation or warranty or accepts any responsibility as to the accuracy or completeness of the information contained in this Base Prospectus. None of the Dealers undertakes to review the financial condition or affairs of the Issuer during the life of the Programme nor to advise any investor or potential investor in the Notes of any information coming to the attention of any of the Dealers.

For convenience, the website addresses of the Issuer and certain third parties have been provided in this Base Prospectus. Except as expressly set forth in this Base Prospectus, no information in such websites should be deemed to be incorporated in, or form a part of, this Base Prospectus and neither the Issuer nor the Dealers take responsibility for the information contained in such websites.

The maximum aggregate principal amount of Notes outstanding at any one time under the Programme will not exceed U.S.\$110,000,000,000 and for this purpose, any Notes denominated in another currency shall be translated into United States dollars at the date of the agreement to issue such Notes (calculated in accordance with the provisions of the Dealer Agreement (as defined under "*Subscription and Sale*")). The maximum aggregate principal amount of Notes which may be outstanding at any one time under the Programme may be increased from time to time, subject to compliance with the relevant provisions of the Dealer Agreement.

In this Base Prospectus, unless otherwise specified, references to "**U.S.\$**", "**U.S. dollars**" or "**dollars**" are to United States dollars, references to "**£**", "**GBP**" and "**Sterling**" are to the lawful currency for the time being of the United Kingdom and references to "**€**", "**EUR**" or "**Euro**" are to the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty on the Functioning of the European Union, as amended, and as defined in Article 2 of Council Regulation (EC) No 974/98 of 3 May 1998 on the introduction of the Euro, as amended.

Information relating to alternative performance measures ("**APMs**") for the purposes of the guidelines published by the European Securities and Markets Authority is set out in Appendix 1 to this Base Prospectus.

Prospective investors should carefully review the information set out in the relevant Final Terms regarding the use of the net proceeds and must determine independently if these meet investment criteria and expectations regarding social impact and housing, inclusion and sustainability performance. No assurance or representation is given as to the suitability or reliability for any purpose whatsoever of any opinion or certification of any third party. For more information, please see the risk factor entitled "*There can be no assurance that any Eligible Green Assets, Affordable Housing Assets or Social Finance Assets (each as defined in the relevant Final Terms)) will meet investor criteria and expectations regarding social impact and housing, inclusion and sustainability performance*" below.

This Base Prospectus has been prepared on the basis that, except to the extent sub-paragraph (ii) below may apply, any offer of Notes in any Member State of the European Economic Area ("**EEA**") will be made pursuant to an exemption under the EU Prospectus Regulation from the requirement to publish a prospectus for offers of Notes. Accordingly any person making or intending to make an offer in that Member State of Notes which are the subject of an offering contemplated in this Base Prospectus as completed by Final Terms in relation to the offer of those Notes may only do so (i) in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the EU Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the EU Prospectus Regulation, in each case, in relation to such offer, or (ii) if a prospectus for such offer has been approved by the competent authority in that Member State or, where appropriate, approved in another Member State and notified to the competent authority in that Member State and (in either case) published, all in accordance with the EU Prospectus Regulation, **provided that** any such prospectus has subsequently been completed by Final Terms which specifies that offers may be made other than pursuant to Article 1(4) of the EU Prospectus Regulation in that Member State, and such offer is made in the period beginning and ending on the dates specified for such purpose in such prospectus or final terms, as applicable, and the Issuer has consented in writing to its use for the purpose of such offer. Except to the extent sub-paragraph (ii) above may apply, neither the Issuer nor any Dealer have authorised, nor do they authorise, the making of any offer of Notes in circumstances in which an obligation arises for the Issuer or any Dealer to publish or supplement a prospectus for such offer. This Base Prospectus, together with any prospectus supplement, is a base prospectus for the purposes of Article 8 of the EU Prospectus Regulation.

The expression "**Transparency Directive**" means Directive 2004/109/EC, as amended, on the harmonization of transparency requirements in relation to information about issuers whose securities are admitted to trading on a regulated market.

EU MiFID II product governance / target market – The Final Terms in respect of any Notes may include a legend entitled "*EU MiFID II product governance*" which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the target market assessment; however, a distributor subject to EU MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the EU MiFID Product Governance rules under EU Delegated Directive 2017/593 (the "**EU MiFID Product Governance Rules**"), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the EU MiFID Product Governance Rules.

UK MIFIR product governance - The Final Terms in respect of any Notes (or Pricing Supplement, in the case of Exempt Notes) may include a legend entitled "*UK MiFIR Product Governance*" which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any distributor should take into consideration the target market assessment; however, a distributor subject to the UK MiFIR Product Governance Rules is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR product governance rules set out in the FCA Handbook Product Intervention and Product Governance Sourcebook (the "**UK MiFIR Product Governance Rules**"), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MIFIR Product Governance Rules.

IMPORTANT - EEA RETAIL INVESTORS – If the applicable Final Terms in respect of any Notes includes a legend entitled "*Prohibition of Sales to EEA Retail Investors*", the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of EU MiFID II; or (ii) a customer within the meaning of Directive (EU) 2016/97, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the "**PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

IMPORTANT - UK RETAIL INVESTORS – If the applicable Final Terms in respect of any Notes includes a legend entitled "*Prohibition of Sales to UK Retail Investors*", the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom ("**UK**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (the "**EUWA**"); or (ii) a customer within the meaning of the provisions of the FSMA and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA. Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (the "**UK PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

Consent to the use of this Base Prospectus - In addition, in the context of any offer of Notes that is not made within an exemption from the requirement to publish a prospectus under the EU Prospectus Regulation (a "**Public Offer**"), the Issuer accepts responsibility in Luxembourg, France, Germany, The Netherlands, the Republic of Ireland, Spain, Italy, the Kingdom of Denmark, Belgium and Austria (each a "**Public Offer Jurisdiction**") for the content of this Base Prospectus in relation to any person (an "**Investor**") in a Public Offer Jurisdiction to whom an offer of any Notes is made by any financial intermediary to whom the Issuer has given its consent to use this Base Prospectus (an "**Authorised Offeror**"), where the offer is made during the period for which that consent is given and is in compliance with all other conditions attached to the giving of the consent, all as mentioned in this Base Prospectus. However, neither the Issuer nor any Dealer has any responsibility for any of the actions of any Authorised Offeror, including compliance by an Authorised Offeror with applicable conduct of business rules or other local regulatory requirements or other securities law requirements in relation to such offer.

If so specified in the Final Terms in respect of any Tranche of Notes, the Issuer consents to the use of this Base Prospectus in connection with a Public Offer of the relevant Notes during the Offer Period specified in the relevant Final Terms (the "**Offer Period**") either:

- (1) in the Relevant State(s) specified in the relevant Final Terms by any financial intermediary which satisfies the following conditions and any additional conditions specified in the relevant Final Terms:
 - (a) it is authorised to make such offers under the EU MiFID Directive; and
 - (b) it publishes on its website the following statement (with the information in square brackets completed with the relevant information):

"We, [insert legal name of financial intermediary], are a financial intermediary authorised under the Markets in Financial Instruments Directive (Directive 2014/65/EU, as amended) to make offers of securities such as the [insert title of the relevant Notes] (the "**Notes**") described in the Final Terms dated [insert date] (the "**Final Terms**") published by Citigroup Inc. (the "**Issuer**"). We refer to the offer of the Notes in [insert relevant Public Offer Jurisdiction(s)] during the Offer Period specified in the Final Terms (the "**Public Offer**"). In consideration for the Issuer offering to grant its consent to our use of the Base Prospectus (as defined in the Final Terms) in connection with the Public Offer on the Authorised Offeror Terms specified in the Base Prospectus and subject to the conditions to such consent, we hereby accept such offer. Accordingly, we are using the Base Prospectus in connection with the Public Offer in accordance with the consent of the Issuer on the Authorised Offeror Terms and subject to the conditions of such consent."

The "**Authorised Offeror Terms**" are that the relevant financial intermediary:

1. represents, warrants and undertakes for the benefit of the Issuer that it will, at all times in connection with the relevant Public Offer:
 - (a) act in accordance with all applicable laws, rules, regulations and guidance of any applicable regulatory bodies (the "**Rules**");
 - (b) comply with the restrictions set out under *Subscription and Sale* in this Base Prospectus which would apply as if it were a Dealer;
 - (c) comply with the target market and distribution channels identified under the "*EU MiFID II product governance*" legend set out in the applicable Final Terms;
 - (d) ensure that any fee (and any commissions or benefits of any kind) received or paid by that financial intermediary in relation to the offer or sale of the Notes does not violate the Rules and is fully and clearly disclosed to investors or potential investors;
 - (e) hold all licences, consents, approvals and permissions required in connection with solicitation of interest in, or offers or sales of, the Notes under the Rules;

- (f) comply with applicable anti-money laundering, anti-bribery, prevention of corruption and "know your client" Rules, and will not permit any application for Notes in circumstances where the financial intermediary has any suspicions as to the source of the application monies;
 - (g) retain investor identification records for at least the minimum period required under applicable Rules, and shall, if so requested, make such records available to the Issuer or directly to the appropriate authorities with jurisdiction over either Issuer in order to enable the Issuer to comply with anti-money laundering, anti-bribery and "know your client" Rules applying to the Issuer;
 - (h) ensure that it does not, directly or indirectly, cause the Issuer to breach any Rule or subject the Issuer to any requirement to obtain or make any filing, authorisation or consent in any jurisdiction;
 - (i) comply with any further requirements relevant to the Public Offer as specified in the applicable Final Terms;
 - (j) not convey or publish any information that is not contained in or entirely consistent with this Base Prospectus as supplemented by the applicable Final Terms; and
 - (k) if it conveys or publishes any communication (other than this Base Prospectus or any other materials provided to such financial intermediary by or on behalf of the Issuer for the purposes of the relevant Public Offer) in connection with the relevant Public Offer, it will ensure that such communication (a) is fair, clear and not misleading and complies with the Rules, (b) states that such financial intermediary has provided such communication independently of the Issuer, that such financial intermediary is solely responsible for such communication and that the Issuer does not accept any responsibility for such communication and (c) does not, without the prior written consent of the Issuer, use the legal or publicity names of the Issuer or any other name, brand or logo registered by an entity within the Citigroup group of companies, except to describe the Issuer as issuer of the relevant Notes; and
2. undertakes to indemnify the Issuer (in each case on behalf of such entity and its directors, officers, employees, agents, affiliates and controlling persons) against any losses, liabilities, costs, claims, charges, expenses, actions or demands which any of them may incur or which may be made against any of them arising out of or in relation to, or in connection with, any breach of any of the foregoing representations, warranties or undertakings by such financial intermediary, including (without limitation) any unauthorised action by such financial intermediary or failure by such financial intermediary to observe any of the above restrictions or requirements; and
3. agrees and accepts that:
- (a) the contract between the Issuer and the financial intermediary formed upon acceptance by the financial intermediary of the Issuer's offer to use the Base Prospectus with its consent in connection with the relevant Public Offer (the "**Authorised Offeror Contract**"), and any non-contractual obligations arising out of or in connection with the Authorised Offeror Contract, shall be governed by, and construed in accordance with, English law; and
 - (b) the courts of England are to have exclusive jurisdiction to settle any disputes which may arise out of or in connection with the Authorised Offeror Contract (including a dispute relating to any non-contractual obligations arising out of or in connection with the Authorised Offeror Contract) and accordingly submits to the exclusive jurisdiction of the English courts.

Or,

- (2) by the financial intermediaries specified in the relevant Final Terms, in the Relevant State(s) specified in the relevant Final Terms and subject to the relevant conditions specified in the relevant Final Terms, for so long as they are authorised to make such offers under the EU MIFID Directive. The Issuer may give consent to additional financial intermediaries after the date of the relevant Final Terms and, if it does so, the Issuer will publish the above information in relation to them on its website.

The consent referred to above relates to Public Offers occurring within 12 months from the date of this Base Prospectus.

Any Authorised Offeror who wishes to use this Base Prospectus in connection with a Public Offer as set out in (1) above is required, for the duration of the relevant Offer Period, to publish on its website that it is using this Base Prospectus for such Public Offer in accordance with the consent of the Issuer and the conditions attached thereto.

To the extent specified in the relevant Final Terms, an offer may be made during the relevant Offer Period by any of the Issuer or any relevant Authorised Offeror in any Relevant State and subject to any relevant conditions, in each case all as specified in the relevant Final Terms.

Neither the Issuer nor any of the Dealers has authorised the making of any Public Offer of any Notes by any person in any circumstances and such person is not permitted to use this Base Prospectus in connection with its offer of any Notes unless (1) the offer is made by an Authorised Offeror as described above or (2) the offer is otherwise made in circumstances falling within an exemption from the requirement to publish a prospectus under the EU Prospectus Regulation. Any such unauthorised offers are not made by or on behalf of the Issuer, any Dealer or any Authorised Offeror and none of the Issuer, any Dealer or any Authorised Offeror has any responsibility or liability for the actions of any person making such offers.

An Investor intending to acquire or acquiring any Notes from an Authorised Offeror will do so, and offers and sales of the Notes to an Investor by an Authorised Offeror will be made, in accordance with any terms and other arrangements in place between such Authorised Offeror and such Investor including as to price, allocation, settlement arrangements and any expenses or taxes to be charged to the Investor (the "Terms and Conditions of the Public Offer"). The Issuer will not be a party to any such arrangements with Investors (other than Dealers) in connection with the offer or sale of the Notes and, accordingly, this Base Prospectus and any Final Terms will not contain such information. The Terms and Conditions of the Public Offer shall be provided to Investors by that Authorised Offeror at the relevant time. None of the Issuer, any of the Dealers or other Authorised Offerors has any responsibility or liability for such information.

BENCHMARK REGULATION - Interest and/or other amounts payable under the Notes may be calculated by reference to certain reference rates. Any such reference rate may constitute a benchmark for the purposes of Regulation (EU) 2016/1011 (the "**EU Benchmark Regulation**"). If any such reference rate does constitute such a benchmark, the Final Terms will indicate whether or not the benchmark is provided by an administrator included in the register of administrators and benchmarks established and maintained by ESMA pursuant to Article 36 (Register of administrators and benchmarks) of the EU Benchmark Regulation. The registration status of any administrator under the EU Benchmark Regulation is a matter of public record and, save where required by applicable law, the Issuer does not intend to update the Final Terms to reflect any change in the registration status of the administrator.

IN CONNECTION WITH THE ISSUE OF ANY TRANCHE OF NOTES, THE DEALER OR DEALERS (IF ANY) ACTING AS THE STABILISING MANAGER(S) (OR PERSONS ACTING ON BEHALF OF ANY STABILISING MANAGER(S)) MAY OVER-ALLOT NOTES OR EFFECT TRANSACTIONS WITH A VIEW TO SUPPORTING THE MARKET PRICE OF THE NOTES AT A LEVEL HIGHER THAN THAT WHICH MIGHT OTHERWISE PREVAIL. HOWEVER, STABILISATION MAY NOT OCCUR. ANY STABILISATION ACTION MAY BEGIN ON OR AFTER THE DATE ON WHICH ADEQUATE PUBLIC DISCLOSURE OF THE FINAL TERMS OF THE OFFER OF THE RELEVANT TRANCHE OF NOTES IS MADE AND, IF BEGUN, MAY CEASE AT ANY TIME, BUT IT MUST END NO LATER THAN THE EARLIER OF 30 DAYS AFTER THE ISSUE DATE OF THE RELEVANT TRANCHE OF NOTES AND 60 DAYS AFTER THE DATE OF THE ALLOTMENT OF THE RELEVANT TRANCHE OF NOTES. ANY STABILISATION ACTION OR OVER-ALLOTMENT MUST BE CONDUCTED BY THE RELEVANT STABILISING MANAGER(S) (OR PERSON(S) ACTING ON BEHALF OF ANY

STABILISING MANAGER(S)) IN ACCORDANCE WITH ALL APPLICABLE LAWS AND RULES.

(g)	the other risks	Set out on numbered pages 57 to 59 of the 2021 Report.

The risk factor entitled "Citi's Ability to Return Capital to Common Shareholders Consistent with Its Capital Planning Efforts and Targets Substantially Depends on Regulatory Capital Requirements, Including the Results of the CCAR Process and Regulatory Stress Tests" in the Issuer's 2021 Annual Report on Form 10-K shall be deleted and replaced with the following three risk factors:

Macroeconomic, Geopolitical and Other Challenges and Uncertainties Globally Could Have a Negative Impact on Citi's Businesses and Results of Operations.

In addition to the significant macroeconomic challenges posed by the pandemic (see the pandemic-related risk factor below), the Issuer has experienced, and could experience in the future, negative impacts to its businesses and results of operations as a result of other macroeconomic, geopolitical and other challenges, uncertainties and volatility. For example, the recent action of Russian military forces and support personnel in Ukraine has escalated tensions between Russia and the U.S., NATO, the EU and the UK. The U.S. has imposed, and is likely to impose material additional, financial and economic sanctions and export controls against certain Russian organizations and/or individuals, with similar actions either implemented or planned by the EU and the UK and other jurisdictions. The packages of financial and economic sanctions imposed by the U.S., the UK and the European Union in various ways, constrain transactions with numerous Russian entities and individuals; transactions in Russian sovereign debt; and investment, trade, and financing to, from, or in certain regions of Ukraine. The Issuer's ability to engage in activity with certain consumer and institutional businesses in Russia and Ukraine or involving certain Russian or Ukrainian businesses and customers is dependent in part upon whether such engagement is restricted under any current or expected

U.S., EU and other countries or UK sanctions and laws. Sanctions and export controls, as well as any actions by Russia, could adversely affect the Issuer's business activities and customers in and from Russia and Ukraine. Moreover, actions by Russia, and any further measures taken by the U.S. or its allies, could have negative impacts on regional and global financial markets and economic conditions, including without limitation global energy markets. The extent of the impact on the Issuer will continue to depend significant on future developments, which are uncertain and cannot be predicted. Additionally, governmental fiscal and monetary actions, or expected actions, such as changes in interest rate policies and any program implemented by a central bank to change the size of its balance sheet, could significantly impact interest rates, economic growth rates, the volatility of global financial markets, foreign exchange rates and global capital flows. Further, it remains uncertain to what extent central banks may keep interest rates low or whether central banks might raise interest rates or reduce the size of their balance sheets, particularly as inflationary pressures continue and the U.S. and global economies continue to improve. While earlier in the pandemic the Federal Reserve Board ("**FRB**") and other central banks took actions to support the global economy, including by further reducing their benchmark interest rates, mismatches between supply and demand of goods and services contributed to a rise in inflation in 2021, prompting the FRB to announce the approaching end of the period of extraordinarily low interest rates.

Interest rates on loans the Issuer makes are typically based off or set at a spread over a benchmark interest rate, and would likely decline or rise as benchmark rates decline or rise, respectively. While the interest rates at which the Issuer pays depositors are already low and unlikely to decline much further, declining or continued low interest rates for loans could further compress the Issuer's net interest income. The Issuer's net interest income could also be adversely affected due to a flattening of the interest rate yield curve (for example, a lower spread between shorter-term versus longer-term interest rates), as the Issuer, similar to other banks, typically pays interest on deposits based on shorter-term interest rates and earns money on loans based on longer-term interest rates.

In contrast, an abrupt and sustained increase in interest rates could interfere with the global macroeconomic recovery, whether due to continued or increased inflationary pressures or otherwise. And while the Issuer estimates its overall net interest income would generally increase due to higher interest rates, higher rates could adversely affect the Issuer's funding costs, levels of deposits in its consumer and institutional businesses and certain business or product revenues.

Additional areas of uncertainty include, among others, an elevated level of inflation resulting in adverse spill-over effects; the ability of Congress to raise the federal debt ceiling; slowing of the Chinese economy, including negative economic impacts associated with such slowdown or any policy actions; significant disruptions and volatility in financial markets; other geopolitical tensions and conflicts; protracted or widespread trade tensions; financial market, other economic and political disruption driven by anti-establishment movements; natural disasters; other pandemics; and election outcomes. For example, the Issuer's market-making businesses can suffer losses resulting from the widening of credit spreads due to unanticipated changes in financial markets. In addition, adverse developments or downturns in one or more of the world's larger economies would likely have a significant impact on the global economy or the economies of other countries because of global financial and economic linkages.

These and additional global macroeconomic, geopolitical and other challenges, uncertainties and volatilities have negatively impacted, and could continue to negatively impact, the Issuer's businesses, results of operations and financial condition, including its credit costs, revenues across Institutional Clients Group (ICG) and Global Consumer Banking (GCB) business segments as well as accumulated other comprehensive income (which would in turn negatively impact the Issuer's book and tangible book value).

Rapidly Evolving Challenges and Uncertainties Related to the COVID-19 Pandemic in the U.S. and Globally Will Likely Continue to Have Negative Impacts on the Issuer's Businesses and Results of Operations and Financial Condition.

The COVID-19 pandemic has affected all of the countries and jurisdictions in which the Issuer operates, including severely impacting global health, financial markets, consumer and business spending and economic conditions. The extent of the future pandemic impacts remain uncertain and will likely evolve by region, country or state, largely depending on the duration and severity of the public health consequences, including the duration and further spread of the coronavirus as well as any variants becoming more prevalent and impactful; further production, distribution, acceptance and effectiveness of vaccines; availability and efficiency of testing; the public response; and government actions. The future impacts to global economic conditions may include, among others:

- further disruption of global supply chains;
- higher inflation;
- higher interest rates;
- significant disruption and volatility in financial markets;
- additional closures, reduced activity and failures of many businesses, leading to loss of revenues and net losses;
- further institution of social distancing and restrictions on businesses and the movement of the public in and among the U.S. and other countries; and
- reduced U.S. and global economic output.

The pandemic has had, and may continue to have, negative impacts on the Issuer's businesses and overall results of operations and financial condition, which could be material. The extent of the impact on the Issuer's operations and financial performance, including its ability to execute its business strategies and initiatives, will continue to depend significantly on future developments in the U.S. and globally. Such developments are uncertain and cannot be predicted, including the course of the coronavirus, as well as any weakness or slowing in the economic recovery or a further economic downturn, whether due to further supply chain disruptions, inflation trends, higher interest rates or otherwise.

The pandemic may not be sufficiently contained for an extended period of time. A prolonged health crisis could reduce economic activity in the U.S. and other countries, resulting in additional declines or weakness in employment trends and business and consumer confidence. These factors could negatively impact global economic activity and markets; cause a continued decline in the demand for the Issuer's products and services and in its revenues; further increase the Issuer's credit and other costs; and may result in impairment of long-lived assets or goodwill. These factors could also cause an increase in the Issuer's balance sheet, risk-weighted assets and allowance for credit loss ("ACL"), resulting in a decline in regulatory capital ratios or liquidity measures, as well as regulatory demands for higher capital levels and/or limitations or reductions in capital distributions (such as common share repurchases and dividends). Moreover, any disruption or failure of the Issuer's performance of, or its ability to perform, key business functions, as a result of the continued spread of COVID-19 or otherwise, could adversely affect the Issuer's operations.

The impact of the pandemic on the Issuer's consumer and corporate borrowers will vary by sector or industry, with some borrowers experiencing greater stress levels, particularly as credit and customer assistance support further winds down, which could lead to increased pressure on their results of operations and financial condition, increased borrowings or credit ratings downgrades, thus likely leading to higher credit costs for the Issuer. These borrowers include, among others, businesses that are more directly impacted by the institution of social distancing, the movement of the public and store closures. In addition, stress levels ultimately experienced by the Issuer's borrowers may be different from and more intense than assumptions made in prior estimates or models used by the Issuer, resulting in an increase in the Issuer's ACL or net credit losses, particularly as the benefits of fiscal stimulus and government support programs diminish.

Ongoing legislative and regulatory changes in the U.S. and globally to address the economic impact from the pandemic could further affect the Issuer's businesses, operations and financial performance. The Issuer could also face challenges, including legal and reputational, and scrutiny in its efforts to provide relief measures. Such efforts have resulted in, and may continue to result in, litigation, including class actions, and regulatory and government actions and proceedings. Such actions may result in judgments, settlements, penalties and fines adverse to the Issuer. In addition, the different types of government actions could vary in scale and duration across jurisdictions and regions with varying degrees of effectiveness.

The Issuer has taken measures to maintain the health and safety of its colleagues; however, these measures could result in additional expenses, and illness of employees could negatively affect staffing for a period of time. In addition, the Issuer's ability to recruit, hire and onboard colleagues in key areas could be negatively impacted by pandemic restrictions as well as the Issuer's COVID-19 vaccination requirement.

Further, it is unclear how the macroeconomic or business environment or societal norms may be impacted after the pandemic. The post-pandemic environment may undergo unexpected developments or changes in financial markets, fiscal, monetary, tax and regulatory environments and consumer customer and corporate client behaviour. These developments and changes could have an adverse impact on the Issuer's results of operations and financial condition. Ongoing business and regulatory uncertainties and changes may make the Issuer's longer-term business, balance sheet and strategic and budget planning more difficult or costly. The Issuer and its management and businesses may also experience increased or different competitive and other challenges in this environment. To the extent that it is not able to adapt or compete effectively, the Issuer could experience loss of business and its results of operations and financial condition could suffer.

The ability of the Issuer to fulfil its obligations under the Notes is dependent on the earnings of the Issuer's subsidiaries.

The Issuer is a holding company that does not engage in any material amount of business activities that generate revenues. The Issuer services its obligations primarily with dividends and advances from its subsidiaries. For example, certain of the Issuer's subsidiaries have co-branding and private label relationships through Citi-branded cards and Citi retail services credit card businesses with various retailers and merchants globally. The five largest of these relationships constituted an aggregate of approximately 9% of the Issuer's revenues for 2021. These relationships could be negatively impacted by, among other things, the general economic environment; changes in consumer sentiment, spending patterns and credit card usage behaviours; a decline in sales and revenues, partner store closures, government imposed restrictions, reduced air and business travel, or other operational difficulties of the retailer or merchant; early termination due to a contractual breach or exercise of other early termination right; or other factors, including bankruptcies, liquidations, restructurings, consolidations or other similar events, whether due to the ongoing impact of the pandemic or otherwise, that would restrict the ability of the subsidiaries of the Issuer to pay dividends.

Similarly, the presence of certain of the Issuer's subsidiaries in emerging markets subjects them to a number of risks, including sovereign volatility, foreign exchange controls and sanctions, and also increases their compliance and regulatory risks and costs, potentially impacting the dividends they are able to pay.

The Issuer's subsidiaries may also be subject to credit agreements that also may restrict their ability to pay dividends. Several of the Issuer's U.S. and non-U.S. subsidiaries are or may be subject to capital adequacy or other liquidity, regulatory or contractual restrictions on their ability to provide such payments, including any local regulatory stress test requirements. Moreover, the broker-dealer and bank subsidiaries of the Issuer are subject to restrictions on their ability to lend or transact with affiliates, as well as restrictions on their ability to use funds deposited with them in brokerage or bank accounts to fund their businesses. If such subsidiaries do not realise sufficient earnings to satisfy applicable regulatory requirements, or if such requirements are changed to further restrict the ability of such subsidiaries to pay dividends to the Issuer, the Issuer's ability to fulfil its obligations under the Notes issued by it may be adversely affected. The Issuer's subsidiaries that operate in the securities businesses are also exposed to concentrations of risk, particularly credit and market risk, as they routinely execute a high volume of securities, trading, derivative and foreign exchange transactions with non-U.S. sovereigns and with counterparties in the financial services industry. As regulatory or market developments continue to lead to increased centralization of trading activities, these subsidiaries could also experience an increase in concentration of risk to these industries. These concentrations of risk could limit the effectiveness of any hedging strategies and cause the subsidiaries to incur significant losses, impacting their ability to pay dividends.

Further, such dividends may be affected by macroeconomic and geopolitical challenges, uncertainties and volatilities. For example, governmental fiscal and monetary actions, or expected actions, such as changes in interest rate policies and any program implemented by a central bank to change the size of its balance sheet, could significantly impact interest rates, economic growth rates, the volatility of global financial markets, foreign exchange rates and global capital flows. Moreover, adverse developments or downturns in one or more of the world's larger economies would likely have a significant impact on the global economy or the economies of other countries because of global financial and economic linkages. These and other global macroeconomic and geopolitical challenges have negatively impacted, and could continue to negatively impact, the businesses of the Issuer's subsidiaries and may impact the flow of dividends received from such subsidiaries by the Issuer.

The Issuer may not be able to maintain adequate liquidity or funding which may result in a negative impact on the market value of the Notes or the Issuer's ability to fulfil its obligations under the Notes.

As a large, global financial institution, adequate liquidity and sources of funding are essential to the Issuer's businesses. The Issuer's liquidity and sources of funding can be significantly and negatively impacted by factors it cannot control, such as general disruptions in the financial markets, governmental fiscal and monetary policies, regulatory changes or negative investor perceptions of the Issuer's creditworthiness, unexpected increases in cash or collateral requirements and the inability to monetize available liquidity resources, whether due to the pandemic or otherwise. The Issuer competes with other banks and financial institutions for both institutional and consumer deposits, which represent the Issuer's most stable and lowest cost source of long-term funding. The competition for deposits has continued to increase in recent years, including, among others, as a result of online banks and digital banking. Furthermore, although the Issuer has had robust deposit growth since the onset of the pandemic, it remains unclear how "sticky" (likely to remain at the Issuer) those deposits may be, particularly in a less monetarily accommodative environment.

Moreover, the Issuer's costs to obtain and access secured funding and long-term unsecured funding are directly related to its credit spreads and changes in interest and currency exchange rates. Changes in credit spreads are driven by both external market factors and factors specific to the Issuer, such as negative views by investors of the financial services industry or the Issuer's financial prospects, and can be highly volatile.

The Issuer's ability to obtain funding may be impaired and its cost of funding could increase if other market participants are seeking to access the markets at the same time, or if market appetite declines, as is likely to occur in a liquidity stress event or other market crisis. A sudden drop in market liquidity could also cause a temporary or lengthier dislocation of underwriting and capital markets activity. In addition, clearing organizations, central banks, clients and financial institutions with which the Issuer interacts may exercise the right to require additional collateral based on their perceptions or the market conditions, which could further impair the Issuer's access to and cost of funding. These factors may negatively impact the market value of the Notes or the Issuer's ability to perform its obligations under the Notes.

Risks Relating to the Notes

Certain base rates described herein refer to "benchmarks," including EURIBOR, that may be discontinued or reformed, which may adversely affect the value of and return on floating rate Notes.

Certain base rates, including the Euro Interbank Offered Rate ("EURIBOR") and other rates or indices described herein, are deemed to be "benchmarks" and are the subject of ongoing national and international regulatory scrutiny and reform.

Some of these reforms are already effective, while others are still to be implemented or formulated. For example, on 21 September 2017, the European Central Bank announced that it would be part of a new working group tasked with the identification and adoption of a "risk free overnight rate" which can serve as a basis for an alternative to current benchmarks used in a variety of financial instruments and contracts in the euro area. On 13 September 2018, the working group on Euro risk-free rates recommended the new Euro short-term rate ("€STR") as the new risk-free rate for the euro area. The €STR was published for the first time on 2 October 2019. Although EURIBOR has subsequently been reformed in order to comply with the terms of the Benchmark Regulation, it remains uncertain as to how long it will continue in its current form, or whether it will be further reformed or replaced with €STR or an alternative benchmark.

Any of the international, national or other proposals for reform or the general increased regulatory scrutiny of "benchmarks" could increase the costs and risks of administering or otherwise participating in the setting of a "benchmark" and complying with any such regulations or requirements. Such factors may have the effect of discouraging market participants from continuing to administer or contribute to certain "benchmarks," trigger changes in the rules or methodologies used in certain "benchmarks" or lead to the discontinuance or unavailability of quotes of certain "benchmarks."

To the extent interest payments on a floating rate Note are linked to a specific "benchmark" that is discontinued or is no longer quoted, the applicable base rate will be determined using the alternative methods described in the Conditions. Any of these alternative methods may result in interest payments that are different than or that do not otherwise correlate over time with the payments that would have been made on those Notes if the relevant "benchmark" was available in its current form.

For the EURIBOR Reference Rate, a substitute or successor base rate will be used to determine the interest rate if EURIBOR is discontinued or is permanently no longer being published. As described in the Conditions, if, during the term of any series of floating rate Notes linked to EURIBOR, EURIBOR is no longer quoted on the Relevant Screen Page designated in the Final Terms, the Rate of Interest applicable to such floating rate Notes will be determined using the alternative methods described in "*Condition 7(c) — Floating Rate Notes Provisions – Screen Rate Determination.*" Additionally, if during the term of any series of floating rate Notes linked to EURIBOR, the Issuer (or an affiliate) determines that EURIBOR has been discontinued or is permanently no longer being published, the Issuer (or such affiliate) will use a substitute or successor Reference Rate that it has determined, in its sole discretion after consulting with any source it deems to be reasonable, to be the industry-accepted substitute or successor Reference Rate, or, if there is no such industry-accepted substitute or successor Reference Rate, a substitute or successor Reference Rate that is most comparable to EURIBOR. The Issuer (or such affiliate) also will determine, in its sole discretion after consulting with any source it deems to be reasonable, any adjustments to the relevant methodology or definitions for calculating such substitute or successor Reference Rate, including any adjustment factor needed to make such substitute or successor Reference Rate comparable to EURIBOR in a manner that is consistent with any industry-accepted practices for such substitute or successor Reference Rate.

The Secured Overnight Financing Rate ("SOFR") is a relatively new reference rate and the Sterling Overnight Index Average ("SONIA") has a limited history. As the related markets continue to develop, there may be an adverse effect on the return on or value of certain floating rate Notes.

Citigroup may issue floating rate Notes linked to SOFR. In the following discussion of SOFR, when we refer to SOFR-linked Notes, we mean floating rate Notes at any time when the rate of interest on those Notes is or will be determined based on SOFR.

The interest rate on such Notes will be based on a formula used to calculate a daily compounded SOFR rate or will be calculated using the SOFR Index, as applicable, both of which are relatively new in the market. This interest rate for SOFR-linked Notes will not be SOFR published on or in respect of a particular date during such Interest or Observation Period or an average of SOFR during such period. Accordingly, the interest rate on SOFR-linked Notes will differ from the interest rate on other investments linked to SOFR that use an alternative basis to determine the applicable interest rate. Also, if the SOFR rate for a particular day during an Observation or Interest Period is negative, the amount of interest attributable to that day may be less than zero; **provided that** in no event will the interest payable on a SOFR-linked Note for any Interest Period be less than zero.

The Issuer may also issue floating rate notes linked to SONIA. Investors should be aware that the market continues to develop in relation to SONIA as a reference rate in the capital markets and its adoption as an alternative to Sterling LIBOR. The continued development of Compounded Daily SONIA, including the substance of the calculation, as an interest reference rate for the Eurobond markets, as well as continued development of SONIA-based rates for such market and the market infrastructure for adopting such rates, could result in reduced liquidity or increased volatility or could otherwise affect the market price of such floating rate Notes.

Limited market precedent exists for securities that use SOFR and SONIA as the interest rate, and the method for calculating an interest rate based upon SOFR and SONIA in those precedents varies. Accordingly, the specific formula for Compounded SOFR or the SOFR Index and SONIA or the SONIA Index used for determining the interest due on SOFR- and SONIA- linked Notes may not be widely adopted by other market participants, if at all. If the market adopts a calculation method that differs from that for such SOFR- and SONIA- linked Notes, the return on, value of and market for such floating rate Notes could be adversely affected.

Any failure of SOFR to gain market acceptance could adversely affect holders of the SOFR-linked Notes.

SOFR may fail to gain market acceptance. SOFR was developed for use in certain U.S. dollar derivatives and other financial contracts as an alternative to the London interbank offered rate for U.S. dollar obligations ("**U.S. Dollar LIBOR**") in part because it is considered to be a good representation of general funding conditions in the overnight U.S. Treasury repo market. However, as a rate based on transactions secured by U.S. Treasury securities, it does not measure bank-specific credit risk and, as a result, is less likely to correlate with the unsecured short-term funding costs of banks. This may mean that market participants would not consider SOFR to be a suitable substitute or successor for all of the purposes for which U.S. Dollar LIBOR historically has been used (including, without limitation, as a representation of

the unsecured short-term funding costs of banks), which may, in turn, lessen its market acceptance. Any failure of SOFR to gain market acceptance could adversely affect the return on, value of and market for the SOFR-linked Notes.

Any market for floating rate Notes linked to SONIA or SOFR may be illiquid or unpredictable

Floating rate Notes linked to SONIA or SOFR will likely have no established trading market when issued, and an established trading market for the SONIA- or SOFR-linked Notes may never develop or may not be very liquid. Market terms for Notes that are linked to SONIA or SOFR may evolve over time, and as a result, trading prices of the SONIA- or SOFR-linked Notes may be lower than those of later-issued securities that are linked to SONIA or SOFR. Similarly, if SONIA or SOFR does not prove to be widely used in securities that are similar or comparable to the SONIA- or SOFR-linked Notes, the trading price of the SONIA- or SOFR-linked Notes may be lower than those of securities that are linked to rates that are more widely used. You may not be able to sell your SONIA- or SOFR-linked Notes at all or may not be able to sell the SONIA- or SOFR-linked Notes at prices that will provide you with a yield comparable to similar investments that have a developed secondary market, and consequently, you may suffer from increased pricing volatility and market risk.

The manner of adoption or application of reference rates based on SONIA or SOFR in the bond market may differ materially compared with the application and adoption of SONIA or SOFR in other markets, such as the derivatives and loan markets. You should carefully consider how any potential inconsistencies between the adoption of reference rates based on SONIA or SOFR across these markets may impact any hedging or other financial arrangements which you may put in place in connection with any acquisition, holding or disposal of the SONIA- or SOFR-linked Notes.

You should not rely on indicative or historical data concerning the Secured Overnight Financing Rate.

The Federal Reserve Bank of New York ("NY Federal Reserve") started publishing SOFR in April 2018 and has also started publishing historical indicative SOFR dating back to 2014, although such historical indicative data inherently involves assumptions, estimates and approximations. Noteholders should not rely on such historical indicative data or on any historical changes or trends in SOFR as an indicator of the future performance of SOFR. Since the initial publication of SOFR, daily changes in the rate have, on occasion, been more volatile than daily changes in comparable benchmark or market rates, and SOFR over time may bear little or no relation to the historical actual or historical indicative data. In addition, the return on and value of the SOFR-linked Notes may fluctuate more than floating rate Notes that are linked to less volatile rates.

Changes in SONIA and SOFR could adversely affect holders of SONIA- or SOFR-linked Notes

Because SONIA is published by the Bank of England and SOFR is published by the NY Federal Reserve based on data received from other sources, the Issuer has no control over its determination, calculation or publication. There can be no assurance that SONIA or SOFR will not be discontinued or fundamentally altered in a manner that is materially adverse to the interests of investors in the SONIA- or SOFR-linked Notes. If the manner in which SONIA or SOFR is calculated is changed, that change may result in a reduction in the amount of interest that accrues on the SONIA- or SOFR-linked Notes, which may adversely affect the trading prices of the SONIA- or SOFR-linked Notes. In addition, the interest rate on the SOFR-linked Notes for any day will not be adjusted for any modification or amendment to SOFR for that day that NY Federal Reserve may publish if the interest rate for that day has already been determined prior to such publication. Further, if the interest rate on the SONIA- or SOFR-linked Notes for any Interest Period declines to zero or becomes negative, no interest will accrue on the SONIA- or SOFR-linked Notes with respect to that Interest Period.

With respect to SOFR Index Notes, implementation of use of the SOFR Index or increased regulatory scrutiny of such SOFR Index could increase the costs and risks of administering such SOFR Index and complying with any such regulations or requirements. These factors may have the effect of discouraging market participants from continuing to administer the SOFR Index, trigger changes in the rules or methodologies used in the SOFR Index or lead to the discontinuance or unavailability of the SOFR Index.

The total amount of interest payable with respect to each Interest Period for SONIA- or SOFR-linked Notes will not be known until near the end of the Interest Period.

The total amount of interest payable with respect to each Interest Period for a SONIA- or SOFR-linked Note will not be known until near the end of such Interest Period. As a result you will not know the total amount of interest payable with respect to each such Interest Period until shortly prior to the related interest payment date and it may be difficult for Noteholders to reliably estimate the amount of interest that will be payable on each such interest payment date.

Any Benchmark Replacement may not be the economic equivalent of Compounded SOFR or SONIA

Under the benchmark transition provisions of the SOFR-linked notes, if the Issuer (or its affiliate) determines that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to SOFR, then the interest rate on the SOFR-linked notes will be determined using the next available Benchmark Replacement (which may include a related Benchmark Replacement Adjustment). Under the benchmark transition provisions of the SONIA-linked Notes the interest rate on SONIA linked Notes may be determined by reference to the Bank of England's Bank Rate if SONIA ceases to be available.

However, there is no assurance that the characteristics of the Benchmark Replacement will be similar to SOFR, SONIA or the then-current Benchmark that it is replacing and the Benchmark Replacement may not be the economic equivalent of Compounded SOFR, SONIA or the then-current Benchmark that it is replacing. Further, the ISDA Fallback Rate, which is another Benchmark Replacement, may change over time.

In addition, (i) any failure of the Benchmark Replacement to gain market acceptance could adversely affect the floating rate Notes, (ii) the Benchmark Replacement may have a very limited history and the future performance of the Benchmark Replacement may not be predicted based on historical performance, (iii) the secondary trading market for floating rate Notes based on the Benchmark Replacement may be limited and (iv) the administrator of the Benchmark Replacement may make changes that could change the value of the Benchmark Replacement or discontinue the Benchmark Replacement and has no obligation to consider your interests in doing so.

The implementation of Benchmark Replacement Conforming Changes could adversely affect holders of SOFR-linked notes.

Under the benchmark transition provisions of the SOFR-linked floating rate Notes, if a particular Benchmark Replacement or Benchmark Replacement Adjustment cannot be determined, then the next-available Benchmark Replacement or Benchmark Replacement Adjustment will apply. These replacement rates and adjustments may be selected or formulated by (i) the Relevant Governmental Body (such as the Alternative Reference Rates Committee of the NY Federal Reserve), (ii) the International Swaps and Derivatives Association, Inc., or (iii) in certain circumstances, the Issuer (or one of its affiliates). In addition, the Benchmark Transition Provisions also expressly authorise the Issuer (or such affiliate) to make Benchmark Replacement Conforming Changes with respect to, among other things, the determination of Interest Periods, Observation Periods and Reset Dates, and the timing and frequency of determining rates and making payments of interest. The application of a Benchmark Replacement and Benchmark Replacement Adjustment, and any implementation of Benchmark Replacement Conforming Changes, could result in adverse consequences to the amount of interest payable on floating rate Notes, which could adversely affect the return on, value of and market for such floating rate Notes.

The Issuer or its affiliate will make determinations with respect to SONIA and SOFR linked Notes that may be adverse to your interests and could affect the value of and return on the Notes.

The Issuer or its affiliate will make certain determinations, decisions and elections with respect to the interest rate on SONIA- and SOFR-linked Notes as further described in Condition 7 below. The Issuer or its affiliate will make any such determination, decision or election in its sole discretion, and any such determination, decision or election that is made could affect the amount of interest payable on SONIA- or SOFR-linked Notes. For example, if the Issuer or its affiliate determines that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to floating rate Notes linked to SOFR, then the Issuer or its affiliate will determine, among other things, the Benchmark Replacement, Benchmark Replacement Adjustment and Benchmark Replacement Conforming Changes. Any exercise of discretion by the Issuer or one of its affiliates, under the terms of the SONIA- or SOFR-linked Notes could

present a conflict of interest. The interests of the Issuer or its affiliate in making these determinations described above may be adverse to your interests as a holder of such floating rate Notes. All determinations, decisions or elections by the Issuer or its affiliate, including those made by an affiliate acting as calculation agent, will be conclusive and binding absent manifest error.

Each of SOFR and SONIA differs from LIBOR in a number of material respects and neither is expected to be a comparable substitute for LIBOR

In June 2017, the Alternative Reference Rates Committee convened by the Board of Governors of the Federal Reserve System and the NY Federal Reserve announced SOFR as its recommended alternative to U.S. Dollar LIBOR and the Bank of England announced SONIA as its recommended alternative to Sterling LIBOR in April 2017. However, because SOFR is a broad U.S. Treasury repo financing rate that represents overnight secured funding transactions, it differs fundamentally from U.S. Dollar LIBOR. For example, SOFR is a secured overnight rate, while U.S. Dollar LIBOR is an unsecured rate that represents interbank trading over different maturities. In addition, because SOFR is a transaction-based rate, it is backward-looking, whereas U.S. Dollar LIBOR is forward-looking. Similarly, SONIA differs from Sterling LIBOR in a number of material respects, including that SONIA is a backwards-looking, compounded, risk-free overnight rate, whereas Sterling LIBOR was expressed on the basis of a forward-looking term and includes a risk-element based on inter-bank lending. Because of these and other differences, there can be no assurance that SOFR and SONIA will perform in the same way as LIBOR would have done at any time.

The Notes may be fully subordinated to senior obligations in certain circumstances.

The Notes may be fully subordinated to senior obligations in the event of a receivership, insolvency, liquidation or similar proceeding with respect to the Issuer, including to interests held by the U.S. government. Such proceedings may include a proceeding under the "orderly liquidation authority" ("OLA") provisions of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 ("Dodd-Frank"). OLA provides that "[un]secured claims of the United States shall, at a minimum, have a higher priority than liabilities of the covered financial company that count as regulatory capital." Under the FDIC's stated preferred "single point of entry" strategy for such resolution, Citigroup would be placed in receivership; the unsecured long term debt and shareholders of Citigroup, including the holders of the notes, would bear any losses; and the operating subsidiaries would be recapitalized. In addition, OLA provides that no taxpayer funds shall be used to prevent the liquidation of any financial company and that the taxpayers shall bear no losses from a receivership under OLA.

A reduction of the Issuer's ratings may reduce the market value and liquidity of the Notes, and the credit rating assigned to a series of notes may differ from those assigned to the Issuer.

The value of the Notes is expected to be affected, in part, by investors' general appraisal of the Issuer's and/or its affiliates' creditworthiness. Such perceptions are generally influenced by the ratings accorded to the outstanding securities of the Issuer and/or any of its affiliates by standard statistical rating services, such as Moody's, S&P and Fitch. A reduction in the rating, if any, accorded to outstanding debt securities (if any) of the Issuer and/or the securities issued by any of its affiliates by one of these rating agencies could result in a reduction in the trading value of the Notes.

Each rating agency may reduce, suspend or withdraw any such credit ratings of the Issuer at any time in the future if, in its judgment, circumstances warrant a change. No rating agency is obligated to maintain its ratings at their current levels. If a rating agency reduces, suspends or withdraws its rating of the Issuer and/or any affiliate thereof, the liquidity and market value of the Notes of the Issuer are likely to be adversely affected.

Additionally, Notes issued under the Programme may be rated or unrated. Where an issue of Notes is rated, its rating will not necessarily be the same as the rating applicable to the Issuer. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency. The rating of certain Series of Notes to be issued under the Programme may be specified in the applicable Final Terms. Whether or not each credit rating applied for in relation to relevant Series of Notes will be (1) issued by a credit rating agency established in the European Union and registered under Regulation (EU) No 1060/2009, as amended (the "CRA Regulation") and/or (2) issued or endorsed by a credit rating agency established in the UK and registered under the UK CRA Regulation will be disclosed in the Final Terms. In general, European regulated investors are restricted under the CRA Regulation from using a rating for regulatory purposes if such rating is not issued by a credit

rating agency established in the EU and registered under the CRA Regulation (such registration not having been withdrawn or suspended), subject to transitional provisions that apply in certain circumstances while the registration application is pending. In general, UK regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the UK and registered under the UK CRA Regulation or (1) the rating is provided by a credit rating agency not established in the UK but is endorsed by a credit rating agency established in the UK and registered under the UK CRA Regulation or (2) the rating is provided by a credit rating agency not established in the UK which is certified under the UK CRA Regulation.

Early repayment of Notes may expose an investor to reinvestment risk.

Pursuant to Condition 9(b), the Issuer has the right to redeem a Series of Notes prior to its Maturity Date in the event of certain changes in U.S. tax laws. In addition, the Final Terms for a particular Series of Notes may provide that the Issuer has the unilateral right to redeem a Series of Notes prior to its Maturity Date at any time or on specified dates pursuant to Condition 9(c) or Condition 9(e). In either event, upon an investor's receipt of the redemption proceeds for its Notes, the investor may not be able to reinvest those proceeds in an investment with a comparable yield to the Notes or in an investment of similar or better credit quality.

A secondary market for a Series of Notes may not develop or may not exist throughout the term of any Series of Notes.

Series of Notes will generally have no established trading market when issued and one may never develop. If a market does develop, it may be of limited duration or it may not provide sufficient liquidity for investors to be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed trading market.

Changes in exchange rates could reduce the market value of the Notes and the value of payments on the Notes to an investor.

An investment in Notes denominated in a Specified Currency that is not the currency of the investor's jurisdiction (the "**investor's currency**") entails risks that are not present in a similar investment in a debt security denominated in the investor's currency. These risks include:

- the possibility of significant market changes in rates of exchange between the investor's currency and the Specified Currency; and
- the possibility of significant changes in rates of exchange between the investor's currency and the Specified Currency resulting from official redenomination or revaluation of the Specified Currency or the investor's currency.

These risks depend on factors over which the Issuer has no control and which may not be readily foreseeable, such as economic events (both national and global), political events and the supply of, and demand for, the relevant currencies.

The rates of exchange between currencies in which Notes may be denominated have historically been volatile, and this volatility may be expected in the future. Past fluctuations in particular rates of exchange are not necessarily indicative of future fluctuations that may occur during the term of any Note. Depreciation of the Specified Currency for a particular Note against the investor's currency would result in a reduction of the effective yield of such Note below its interest rate and could result in a substantial loss to the investor at maturity in terms of the investor's currency.

Changes in market interest rates may result in reduced market value of an investment in fixed rate Notes.

If market interest rates increase after an investor has invested in Notes bearing interest at a fixed rate, the market value of those Notes may be adversely affected.

The Issuer may elect to de-list the Notes if statutory requirements become impracticable or unduly burdensome.

Any Notes that are listed on the Official List of the Luxembourg Stock Exchange or any other listing authority, stock exchange or quotation system may be de-listed if statutory requirements become

impracticable or unduly burdensome. The Issuer must comply with numerous statutory requirements, including but not limited to the EU Prospectus Regulation and the Transparency Directive. The Transparency Directive was implemented in Luxembourg by the law of 11 January 2008 on transparency requirements in relation to information about issuers whose securities are admitted to trading on a regulated market, as amended, and the Grand-Ducal Regulation of 11 January 2008 relating to the transparency requirements for issuers of securities, as amended (together, the "**Transparency Law**"). The Transparency Law principally concerns issuers whose home Member State is Luxembourg and who have securities admitted to trading on a regulated market within the European Union or the EEA. Both the EU Prospectus Regulation and Transparency Directive require issuers, whose securities are admitted to trading on a regulated market in any Relevant State, to prepare their consolidated accounts in accordance with International Financial Reporting Standards adopted pursuant to Regulation (EC) No. 1606/2002 ("**IFRS**"); however, the European Commission has determined that U.S. Generally Accepted Accounting Principles shall be deemed "equivalent" to IFRS (Commission Decision 2008/961/EC; Commission Regulation (EC) No. 1289/2008). If the Transparency Law (and/or any other European or national legislation) is amended in a form that would require the Issuer to publish or produce its financial statements according to accounting principles other than U.S. statutory accounting principles or that would otherwise impose requirements on the Issuer that it determines in good faith are impracticable or unduly burdensome, the Issuer may elect to de-list the Notes. The Issuer will use its reasonable efforts to obtain an alternative admission to listing, trading and/or quotation for the Notes by another listing authority, exchange and/or system, as it and the relevant Dealers may decide. If such an alternative admission is not available to the Issuer, or is, in the Issuer's opinion, unduly burdensome, an alternative admission may not be obtained. Notice of any de-listing and/or alternative admission will be given as described in Condition 18 (*Notices*) in the section *Terms and Conditions of the Notes*.

Legal investment considerations may restrict investments by some investors.

The investment activities of certain investors are subject to legal investment laws and regulations, or to review or approval by governmental authorities. Each potential investor should consult its advisors to determine whether and to what extent (a) a particular Series of Notes is a legal investment for it, (b) such Series can be used as collateral for borrowings, pledges or repurchase transactions and (c) any other consequences of a proposed investment in Notes. Institutions that are subject to risk-based capital or similar rules should consult their advisors or regulators to determine the treatment of a particular Series of Notes under such rules.

There can be no assurance that any Eligible Green Assets, Affordable Housing Assets or Social Finance Assets (each as defined in the relevant Final Terms)) will meet investor criteria and expectations regarding social impact and housing, inclusion and sustainability performance.

The Issuer intends to allocate an amount equal to the net proceeds from the sale of any Green Bonds, Affordable Housing Bonds and Social Finance Bonds specifically to one or more new or existing Eligible Green Assets, Affordable Housing Assets and Social Finance Assets, as applicable, but no assurance can be given that the Issuer will be able to invest an amount equal to such net proceeds in accordance with any particular timing schedule or that any such Eligible Green Assets, Affordable Housing Assets or Social Finance Assets will have the results or outcome that the Issuer originally expected or anticipated. The Issuer has significant flexibility in allocating an amount equal to the net proceeds of any Green Bonds, Affordable Housing Bonds and Social Finance Bonds and there can be no assurance that such amount will be totally or partially disbursed as described in "Use of Proceeds" and the relevant Final Terms. None of the dealers for an offering of Green Bonds, Affordable Housing Bonds or Social Finance Bonds are responsible for assessing or verifying whether or not the relevant Eligible Green Assets, Affordable Housing Assets and Social Finance Assets meet the criteria described in "Use of Proceeds," or for the monitoring of the use of proceeds. Neither the terms of the Green Bonds, Affordable Housing Bonds and Social Finance Bonds nor the Agency Agreement require the Issuer to use the proceeds as described under "Use of Proceeds" and in the relevant Final Terms and any failure to allocate an amount equal to the net proceeds to Eligible Green Assets, Affordable Housing Assets or Social Finance Assets, as applicable, provide reports or engage an external independent accountant as described in "Use of Proceeds" and the relevant Final Terms, will not constitute a breach or an event of default under the Green Bonds, Affordable Housing Bonds and Social Finance Bonds or the Agency Agreement and may have a material adverse effect on the market price of the notes and/or result in adverse consequences for certain investors with mandates to invest in securities to be used for a particular purpose. In addition and for the avoidance of doubt, the proceeds of any Green Bonds, Affordable Housing Bonds and Social Finance Bonds will not be segregated by the Issuer from its capital and other assets and there will be no direct or contractual link between any Green Bonds, Affordable

Housing Bonds and Social Finance Bonds and any Eligible Green Assets, Affordable Housing Assets and Social Finance Assets, as applicable.

Prospective investors should carefully review the information set out in the relevant Final Terms regarding such use of the net proceeds and must determine for themselves the relevance of such information for the purpose of any investment in the Green Bonds, Affordable Housing Bonds and Social Finance Bonds together with any other investigation such investor deems necessary. In particular, no assurance is given by the Issuer or any dealer of the Green Bonds, Affordable Housing Bonds and Social Finance Bonds that the use of an amount equal to such net proceeds to fund any Eligible Green Assets, Affordable Housing Assets or Social Finance Assets, as applicable, will satisfy (or will continue to satisfy), whether in whole or in part, any present or future investor expectations or requirements, taxonomies or standards or other investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable laws or regulations or by its own by-laws or other governing rules or investment portfolio mandates, ratings mandates or other independent expectations, in particular with regard to any direct or indirect environmental, sustainability, social or inclusion impact of any projects or uses, the subject of or related to, any Eligible Green Assets, Affordable Housing Assets or Social Finance Assets, as applicable. Any failure of those investments or financings to satisfy investor expectations or requirements could have a material adverse effect on the market price of the Green Bonds, Affordable Housing Bonds and Social Finance Bonds, as applicable.

There is currently no market consensus on what precise attributes are required for a particular project to be defined as "green," "social," "affordable housing," "inclusive," "sustainable" or other equivalently labeled project, and therefore no assurance can be provided to potential investors that the Eligible Green Assets, Affordable Housing Assets or Social Finance Assets will continue to meet the relevant eligibility criteria.

There is currently no clearly defined definition (legal, regulatory or otherwise) of, nor market consensus as to what constitutes "green," "social," "affordable housing," "inclusive," "sustainable" or an equivalently labeled project, or as to what precise attributes are required for a particular project to be defined as "green," "social," "affordable housing," "inclusive," "sustainable" or such other equivalent label, and nor can any assurance be given that such a clear definition or consensus will develop over time and if market consensus is developed, such consensus may differ from the Framework (as defined in the relevant Final Terms). Accordingly, no assurance is or can be given to investors that any Eligible Green Assets, Affordable Housing Assets or Social Finance Assets funded in whole or in part by an amount equal to the net proceeds from the sale of any Green Bonds, Affordable Housing Bonds or Social Finance Bonds will meet any or all investor expectations regarding such "green," "social," "affordable housing," "inclusive" "sustainable" or other equivalently-labeled performance objectives, that such Eligible Green Assets, Affordable Housing Assets or Social Finance Assets will satisfy any present or future definition of "green," "social," "affordable housing," "inclusive," "sustainable" or such other equivalent label required by any investment fund or index, or that any adverse social, environmental, inclusion and/or other impacts will not occur from such Eligible Green Assets, Affordable Housing Assets or Social Finance Assets.

No assurance or representation is given as to the suitability or reliability for any purpose whatsoever of any opinion or certification of any third party (whether or not solicited by us) that may be made available in connection with the issuance of the notes and, in particular, with respect to whether any Eligible Green Assets, Affordable Housing Assets or Social Finance Assets fulfill any environmental, social, inclusive, sustainability and/or other criteria. For the avoidance of doubt, any such opinion or certification is not and shall not be deemed to be incorporated into and/or form part of this Base Prospectus. Any such opinion or certification is not, nor should be deemed to be, a recommendation by the Issuer or any dealer, or any other person to buy, sell or hold the Green Bonds, Affordable Housing Bonds or Social Finance Bonds. Any such opinion or certification is only current as of the date that opinion or certification was initially issued. Prospective investors must determine for themselves the relevance of any such opinion or certification and/or the information contained therein and/or the provider of such opinion or certification for the purpose of any investment in the Green Bonds, Affordable Housing Bonds or Social Finance Bonds. Currently, the providers of such opinions and certifications are not subject to any specific regulatory or other regime or oversight. Any withdrawal of any such opinion or certification or any additional opinion or certification attesting that the Issuer is not complying in whole or in part with any matters for which such opinion or certification is opining or certifying will not constitute a breach of contract or an event of default under the Green Bonds, Affordable Housing Bonds and Social Finance Bonds and/or result in adverse consequences for certain investors with mandates to invest in securities to be used for a particular purpose.

While no assurance can be provided that any such listing will occur, in the event that the Green Bonds, Affordable Housing Bonds or Social Finance Bonds, as applicable, are listed or admitted to trading on any dedicated “green,” “sustainable,” “social,” “affordable housing,” “inclusive” or other equivalently-labelled segment of any stock exchange or securities market (whether or not regulated), no representation or assurance can be given that such listing or admission would satisfy, whether in whole or in part, any present or future investor expectations or requirements, or that any such listing or admission to trading will be maintained during the life of the Green Bonds, Affordable Housing Bonds or Social Finance Bonds. In the event that the Green Bonds, Affordable Housing Bonds or Social Finance Bonds, as applicable, are so listed, any change to the listing or admission status of the bonds may have a material adverse effect on the value of the Green Bonds, Affordable Housing Bonds or Social Finance Bonds and/or result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose.

SUPPLEMENTS TO THIS BASE PROSPECTUS

The Issuer has undertaken, in connection with the listing of the Notes on the official list and admission to trading on the regulated market of the Luxembourg Stock Exchange, that so long as any Notes remain outstanding and are listed on the official list, and admitted to trading on the regulated market, of the Luxembourg Stock Exchange, if there shall occur any adverse change in the business or financial position of the Issuer or any change in the information set out under Terms and Conditions of the Notes, that is material in the context of issuance under the Programme, the Issuer will either prepare a supplement to this Base Prospectus or publish a new Base Prospectus, for use in connection with any subsequent issue by the Issuer of Notes to be listed on the official list, and admitted to trading on the regulated market, of the Luxembourg Stock Exchange.

FORMS OF THE NOTES

Notes

Each Tranche of Notes will be in the form of either individual Note Certificates in registered form ("**Individual Note Certificates**") or a global Note in registered form (a "**Global Note**"), in each case as specified in the relevant Final Terms. In a press release dated 22 October 2008, "*Evolution of the custody arrangement for international debt securities and their eligibility in Eurosystem credit operations*", the European Central Bank ("**ECB**") announced that it has assessed the new holding structure and custody arrangements for Notes which the ICSDs had designed in cooperation with market participants and that Notes to be held under the new structure (the "**New Safekeeping Structure**" or "**NSS**") would be in compliance with the "*Standards for the use of EU securities settlement systems in ESCB credit operations*" of the central banking system for the Euro (the "**Eurosystem**"), subject to the conclusion of the necessary legal and contractual arrangements. The press release also stated that the new arrangements for Notes to be held in NSS form will be offered by Euroclear Bank SA/NV ("**Euroclear**") and Clearstream Banking S.A. ("**Clearstream, Luxembourg**") as of 30 June 2010 and that registered debt securities in Global Registered form held through Euroclear and Clearstream, Luxembourg after 30 September 2010 will only be eligible as collateral in Eurosystem operations if the New Safekeeping Structure is used. In February 2018, the ECB issued Guideline (EU) 2018/570 to reflect changes to collateral eligibility criteria for unsecured bank bonds. As a result of these amendments, unsecured bank bonds ("**UBBs**") that are subject to statutory, contractual or structural subordination (for example, UBBs issued by bank holding companies) became ineligible as collateral in the first quarter of 2018, and UBBs that were previously eligible as collateral but do not fulfil the new eligibility criteria remained eligible only until 31 December 2018.

Each Global Note will either be: (a) in the case of a Note which is not to be held under the New Safekeeping Structure, registered in the name of a common depositary (or its nominee) for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and the relevant Global Note will be deposited on or about the issue date with the common depositary and will be exchangeable in accordance with its terms; or (b) in the case of a Note to be held under the New Safekeeping Structure, be registered in the name of a nominee of a common safekeeper of Euroclear and/or Clearstream, Luxembourg and the relevant Global Note will be deposited on or about the issue date with the common safekeeper of Euroclear and/or Clearstream, Luxembourg and will be exchangeable for Individual Note Certificates in accordance with its terms. If the Notes are held under the New Safekeeping Structure, they may, but will not necessarily, be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem, either upon issue or at any or all times during their life. Such recognition will depend upon the ECB being satisfied that Eurosystem eligibility criteria have been met. Each Global Note shall bear the appropriate legend, as set forth in the Agency Agreement (as defined below).

If the relevant Final Terms specifies the form of Notes as being "Individual Note Certificates", then the Notes will at all times be in the form of Individual Note Certificates issued to each Noteholder in respect of their respective holdings.

If the relevant Final Terms specifies the form of Notes as being "Global Note exchangeable for Individual Note Certificates", then the Notes will initially be in the form of a Global Note which will be exchangeable in whole, but not in part, for Individual Note Certificates:

- (i) on the expiry of such period of notice as may be specified in the relevant Final Terms; or
- (ii) at any time, if so specified in the relevant Final Terms; or

- (iii) if the relevant Final Terms specifies "in the limited circumstances described in the Global Note", then if (a) Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business or (b) any of the circumstances described in Condition 12 (*Events of Default*) occurs.

Whenever the Global Note is to be exchanged for Individual Note Certificates, the Issuer shall procure that Individual Note Certificates will be issued in an aggregate principal amount equal to the principal amount of the Global Note within five business days of the delivery, by or on behalf of the registered holder of the Global Note to the Registrar of such information as is required to complete and deliver such Individual Note Certificates (including, without limitation, the names and addresses of the persons in whose names the Individual Note Certificates are to be registered and the principal amount of each such person's holding) against the surrender of the Global Note at the specified office of the Registrar; **provided, however, that** such Individual Note Certificates will be issued with a single Specified Denomination (no integral multiples of a smaller denomination will be permitted).

Such exchange will be effected in accordance with the provisions of the Agency Agreement and the regulations concerning the transfer and registration of Notes scheduled thereto and, in particular, shall be effected without charge to any holder, but against such indemnity as the Registrar may require in respect of any tax or other duty of whatsoever nature which may be levied or imposed in connection with such exchange.

Terms and Conditions applicable to the Notes

The terms and conditions applicable to any Individual Note Certificate will be endorsed on that Individual Note Certificate and will consist of the terms and conditions set out under *Terms and Conditions of the Notes* below and the provisions of the relevant Final Terms which supplement, amend and/or replace those terms and conditions.

The terms and conditions applicable to any Global Note will differ from those terms and conditions which would apply to the Note were it in definitive form to the extent described under *Summary of Provisions Relating to the Notes while in Global Form* below.

TERMS AND CONDITIONS OF THE NOTES

The following is the text of the terms and conditions which, as completed by the relevant Final Terms, will be endorsed on each Note in definitive form issued under the Programme. The terms and conditions applicable to any Note in global form will differ from those terms and conditions which would apply to the Note were it in definitive form to the extent described under Summary of Provisions Relating to the Notes while in Global Form below. Each Tranche is the subject of final terms (the "**Final Terms**") which complete these terms and conditions (the "**Conditions**"). The terms and conditions applicable to any particular Tranche of Notes are these Conditions as completed by the relevant Final Terms. In the event of any inconsistency between these Conditions and the relevant Final Terms, the relevant Final Terms shall prevail.

(c) ***Agency Agreement***

The Notes are the subject of an issue and paying agency agreement dated on or about 23 April 2021 (as amended or supplemented from time to time up to and including the Issue Date of the Notes, the "**Agency Agreement**") between the Issuer, Citibank, N.A. as fiscal agent (the "**Fiscal Agent**", which expression includes any successor fiscal agent appointed from time to time in connection with the Notes), Citibank, N.A. as registrar (the "**Registrar**", which expression includes any successor registrar appointed from time to time in connection with the Notes), the transfer agent named therein (together with the Registrar, the "**Transfer Agents**", which expression includes any successor or additional transfer agents appointed from time to time in connection with the Notes) and the paying agents named therein (together with the Fiscal Agent, the "**Paying Agents**", which expression includes any successor or additional paying agents appointed from time to time in connection with the Notes).

(e) ***Summaries***

Certain provisions of these Conditions are summaries of the Agency Agreement and are subject to its detailed provisions. Noteholders are bound by, and are deemed to have notice of, all the provisions of the Agency Agreement applicable to them. Copies of the Agency Agreement are available for inspection by Noteholders during normal business hours at the Specified Offices (as defined in the Agency Agreement) of each of the Paying Agents, the initial Specified Offices of which are set out below.

The Registrar will maintain the register in accordance with the provisions of the Agency Agreement. A certificate (each, a "**Note Certificate**") will be issued to each Holder of Notes in respect of its registered holding. Each Note Certificate will be numbered serially with an identifying number which will be recorded in the Register. In the case of Notes, "**Holder**" means the person in whose name such Note is for the time being registered in the Register (or, in the case of a joint holding, the first named thereof) and "**Noteholder**" shall be construed accordingly.

(c) ***Ownership***

The Holder of any Note shall (except as otherwise required by law) be treated as its absolute owner for all purposes (whether or not it is overdue and regardless of any notice of ownership, trust or any other interest therein, any writing on the Note Certificate relating thereto (other than the endorsed form of transfer) or any notice of any previous loss or theft thereof) and no Person shall be liable for so treating such Holder.

(d) ***Transfers of Notes***

Subject to paragraphs (g) (*Closed periods*) and (h) (*Regulations concerning transfers and registration*) below, a Note may be transferred upon surrender of the relevant Note Certificate, with the endorsed form of transfer duly completed, at the Specified Office of the Registrar or any Transfer Agent, together with such evidence as the Registrar or (as the case may be) such Transfer Agent may reasonably require to prove the title of the transferor and the authority of the individuals who have executed the form of transfer; **provided, however, that** a Note may not be transferred unless the principal amount of Notes transferred and (where not all of the Notes held by a Holder are being transferred) the principal amount of the balance of Notes not transferred are Specified Denominations. Where not all the Notes represented by the surrendered Note Certificate are the subject of

the transfer, a new Note Certificate in respect of the balance of the Notes will be issued to the transferor.

(e) ***Registration and delivery of Note Certificates***

Within five business days of the surrender of a Note Certificate in accordance with paragraph (d) (*Transfers of Notes*) above, the Registrar will register the transfer in question and deliver a new Note Certificate of a like principal amount to the Notes transferred to each relevant Holder at its Specified Office or (as the case may be) the Specified Office of any Transfer Agent or (at the request and risk of any such relevant Holder) by uninsured first class mail (airmail if overseas) to the address specified for the purpose by such relevant Holder. In this paragraph, "**business day**" means a day on which commercial banks are open for general business (including dealings in foreign currencies) in the city where the Registrar or (as the case may be) the relevant Transfer Agent has its Specified Office.

(f) ***No charge***

The transfer of a Note will be effected without charge by or on behalf of the Issuer or the Registrar or any Transfer Agent but against such indemnity as the Registrar or (as the case may be) such Transfer Agent may require in respect of any tax or other duty of whatsoever nature which may be levied or imposed in connection with such transfer.

(g) ***Closed periods***

Noteholders may not require transfers to be registered during the period of 15 days ending on the due date for any payment of principal or interest in respect of the Notes.

(h) ***Regulations concerning transfers and registration***

All transfers of Notes and entries on the Register are subject to the detailed regulations concerning the transfer of Notes scheduled to the Agency Agreement. The regulations may be changed by the Issuer with the prior written approval of the Registrar. A copy of the current regulations will be mailed (free of charge) by the Registrar to any Noteholder who requests in writing a copy of such regulations.

4. **Status**

(a) ***Status of Senior Notes***

If specified in the applicable Final Terms, Notes issued on an unsubordinated basis ("**Senior Notes**") constitute direct, unconditional, unsubordinated and (without prejudice to the provisions of Condition 5 (*Negative Pledge*)) unsecured obligations of the Issuer and will at all times rank *pari passu* and rateably without any preference among the obligations of the Issuer in respect of other Senior Notes of the same Series of the Issuer and (subject to any applicable statutory exceptions and without prejudice to the provisions of Condition 5 (*Negative Pledge*)) at least *pari passu* with all other unsecured and unsubordinated indebtedness and monetary obligations of the Issuer, present and future.

(b) ***Status of Subordinated Notes***

If specified in the applicable Final Terms, Notes issued on a subordinated basis ("**Subordinated Notes**") are subordinated and junior, to the extent and in the manner set out herein, in right of payment to the prior payment in full of Senior Indebtedness and will rank *pari passu* in right of payment with the debt securities issued or issuable by the Issuer under the indenture dated as of 12 April 2001, as supplemented, between the Issuer and The Bank of New York Mellon (as successor to J.P. Morgan Trust Company, N.A.) and with all other unsecured and subordinated indebtedness of the Issuer, present and future, except for any indebtedness that is by its terms junior to the Subordinated Notes.

In the event that the Issuer shall default in the payment of any principal (or premium, if any) or interest due and payable, after any applicable grace period, whether at maturity or

at a date fixed for prepayment or by declaration or otherwise, on any Senior Indebtedness then, unless such default shall have been cured or waived or shall have ceased to exist, no direct or indirect payment (in cash, property, securities, by set-off or otherwise) shall be made or agreed to be made on account of the principal, premium (if any) or interest on any of the Subordinated Notes, or in respect of any redemption, retirement or acquisition of any of the Subordinated Notes, except that holders of Subordinated Notes may receive and retain securities of the Issuer or any other corporation provided for by a plan of reorganisation or readjustment, the payment of which is subordinate, at least to the extent provided in this Condition 4(b) with respect to the Subordinated Notes, to the payment of all Senior Indebtedness then outstanding and to any securities issued in respect of Senior Indebtedness under such plan of reorganisation or readjustment.

In the event of any insolvency, bankruptcy, receivership, liquidation, reorganisation, composition or other similar proceedings, in respect of the Issuer, its creditors or its property, or of any proceedings for the liquidation, dissolution or other winding up of the Issuer, voluntary or involuntary, whether or not involving insolvency or bankruptcy, or any assignment by the Issuer for the benefit of creditors or any other marshalling of the assets of the Issuer;

then:

- (A) the holders of all Senior Indebtedness shall first be entitled to receive payment of the full amount due thereon before the holders of any of the Subordinated Notes are entitled to receive a payment on account of the principal of (or premium, if any) or interest on the indebtedness evidenced by the Subordinated Notes;
- (B) any payment or distribution of any kind or character, whether in cash, property or securities (other than securities of the Issuer or any other corporation provided for by a plan of reorganisation or readjustment, the payment of which is subordinate, at least to the extent provided in this Condition 4(b) to the payment of all Senior Indebtedness then outstanding and to any securities issued in respect of Senior Indebtedness under such plan of reorganisation or readjustment), to which the holders of any of the Subordinated Notes would be entitled except for the provisions of this Condition 4(b) shall be paid or delivered by the person making such payment or distribution directly to the holders of such Senior Indebtedness or their representative or representatives or to the trustee or trustees under any indenture under which any instruments evidencing any of such Senior Indebtedness may have been issued in accordance with the priorities then existing among holders of such Senior Indebtedness until all Senior Indebtedness has been paid in full before any payment or distribution is made to the holders of the indebtedness evidenced by the Subordinated Notes under these Conditions; and
- (C) in the event that, notwithstanding the foregoing, any payment or distribution of any kind or character, whether in cash, property or securities (other than securities of the Issuer or any other corporation provided for by a plan of reorganisation or readjustment, the payment of which is subordinate, at least to the extent provided in this Condition 4(b) with respect to the Subordinated Notes, to the payment of all Senior Indebtedness then outstanding and to any securities issued in respect of Senior Indebtedness under such plan of reorganisation or readjustment) shall be received by the holders of any of the Subordinated Notes before all Senior Indebtedness is paid in full, such payment or distribution shall be received in trust for the benefit of, and shall be paid over to the holders of, such Senior Indebtedness or their representative or representatives or to the trustee or trustees under any indenture under which any instruments evidencing any such Senior Indebtedness may have been issued in accordance with the priorities then existing among holders of such Senior Indebtedness until all such Senior Indebtedness shall have been paid in full. Senior Indebtedness shall not be deemed to have been repaid in full unless the holders thereof have received cash, securities or other property equal to the amount of such Senior Indebtedness then outstanding. Upon the payment in full of all Senior Indebtedness, the holders of the Subordinated Notes shall be subrogated to all rights of the holders of Senior Indebtedness to

receive all further payments or distributions applicable to the Senior Indebtedness unless the indebtedness evidenced by the Subordinated Notes then outstanding shall have been paid in full, and such payments or distributions received by holders of Subordinated Notes by reason of such subrogation shall as between the Issuer and its creditors other than holders of such Senior Indebtedness and the holders of the Subordinated Notes be deemed to be a payment by the Issuer on account of such Senior Indebtedness and not on account of the Subordinated Notes.

Nothing contained in this Condition 4(b) shall impair, as between the Issuer and the holders of the Subordinated Notes, the obligation of the Issuer, which is absolute and unconditional, to pay to the holders of the Subordinated Notes relating thereto the principal of (and premium, if any) and interest on the Subordinated Notes and when the same shall become due and payable in accordance with their terms, or shall prevent any holder of the Subordinated Notes from exercising all rights, powers and remedies otherwise permitted by applicable law upon the occurrence of a default under these Conditions, subject to the rights under this Condition 4(b) of the holders of Senior Indebtedness to receive cash, property or securities otherwise payable or receivable by holders of Subordinated Notes. Upon payment or distribution of assets of the Issuer referred to in this Condition 4(b), the holders of the Subordinated Notes shall be entitled to rely upon an order or decree made by any court of competent jurisdiction in which any such dissolution, winding up, liquidation, reorganisation or arrangement proceeding affecting the affairs of the Issuer is pending or upon a certificate of the trustee in bankruptcy, receiver, assignee for the benefit of creditors, liquidating trustee or agent or other person making such payment or distribution, delivered to the Fiscal Agent or to the holders of the Subordinated Notes, for the purpose of ascertaining the persons entitled to participate in such payment or distribution, the holders of the Senior Indebtedness and other indebtedness of the Issuer, the amount thereof or payable thereon, the amount paid or distributed thereon and all other facts pertinent thereto or to this Condition 4(b). Nothing contained in this Condition 4(b) shall prevent any Paying Agent from paying any amounts due and payable to any Subordinated Noteholder from monies deposited with it by the Issuer in relation to such amounts due and owing if, at the time of such deposit, (x) such payment would not have been prohibited by this Condition 4(b) or (y) such Paying Agent had not received written notice of any event prohibiting the making of such payment.

Unless otherwise specified in the Final Terms relating to any series of Subordinated Notes, payment of principal of the Subordinated Notes may be accelerated only in the case of the bankruptcy or insolvency of the Issuer. There is no right of acceleration in the case of a default in the payment of principal of, premium, if any, or interest on the Subordinated Notes or the performance of any other covenant of the Issuer contained in the Terms and Conditions. Upon a default in the payment of principal of, premium, if any, or interest, or the performance of any other covenant in the Terms and Conditions, Subordinated Noteholders may, subject to certain limitations and conditions, seek to enforce payment of such principal, premium, or interest or the performance of such covenant. No right of any present or future holder of any Senior Indebtedness to enforce the subordination herein shall at any time or in any way be prejudiced or impaired by any act or failure to act on the part of the Issuer or by any non-compliance by the Issuer with the terms, provisions and convenience of these Conditions, regardless of any knowledge thereof any such holder may have or be otherwise charged with.

5. Negative Pledge

In relation to issues of Senior Notes, so long as any Senior Note remains outstanding, the Issuer will not, and will not permit any Subsidiary to, incur, issue, assume or guarantee any Indebtedness if such Indebtedness is secured by a pledge of, lien on, or security interest in any shares of Voting Stock of any Significant Subsidiary, whether such Voting Stock is owned now or acquired in the future, without effectively providing that the Senior Notes (together with, if the Issuer shall so determine, any other indebtedness or obligations of the Issuer or any Subsidiary ranking equally with such Senior Notes and then existing or thereafter created) shall be secured equally and rateably with such Indebtedness. For the purposes of the foregoing, pledging, placing a lien on or creating a security interest in any shares of Voting Stock of a Significant Subsidiary in order to secure then

outstanding Indebtedness of the Issuer or any Subsidiary shall be deemed to be the incurrence, issuance, assumption or guarantee (as the case may be) of such Indebtedness, but the foregoing shall not apply to Indebtedness secured by a pledge of, lien on or security interest in any shares of Voting Stock of any corporation at the time it becomes a Significant Subsidiary, including extensions, renewals and replacements of such Indebtedness without an increase in the amount thereof.

6. **Fixed Rate Note Provisions**

(a) ***Application***

This Condition 6 is applicable to the Notes only if the Fixed Rate Note Provisions are specified in the relevant Final Terms as being applicable.

(b) ***Accrual of interest***

The Notes bear interest from the Interest Commencement Date at the Rate of Interest payable in arrear on each Interest Payment Date, subject as provided in Condition 10 (*Payments*). Each Note will cease to bear interest from the due date for final redemption unless, upon due presentation, payment of the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition 6 (as well after as before judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Fiscal Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).

(c) ***Fixed Interest Amount***

The amount of interest payable in respect of each Note for any Interest Period shall be the relevant Fixed Interest Amount and, if the Notes are in more than one Specified Denomination, shall be the relevant Fixed Interest Amount in respect of the relevant Specified Denomination.

(d) ***Regular Interest Periods***

If all of the Interest Payment Dates fall at regular intervals between the Issue Date and the Maturity Date, then:

- (i) the Notes shall for the purposes of this Condition 6 be "**Regular Interest Period Notes**";
- (ii) the day and month (but not the year) on which any Interest Payment Date falls shall for the purposes of this Condition 6 be a "**Regular Date**"; and
- (iii) each period from and including a Regular Date falling in any year to but excluding the next succeeding Regular Date shall for the purposes of this Condition 6 be a "**Regular Period**".

(e) ***Irregular first or last Interest Periods***

If the Notes would be Regular Interest Period Notes but for the fact that either or both of:

- (i) the interval between the Issue Date and the first Interest Payment Date; and
- (ii) the interval between the Maturity Date and the immediately preceding Interest Payment Date

is longer or shorter than a Regular Period, then the Notes shall nevertheless be deemed to be Regular Interest Period Notes; **provided, however, that** if the interval between the Maturity Date and the immediately preceding Interest Payment Date is longer or shorter

than a Regular Period, the day and month on which the Maturity Date falls shall not be a **"Regular Date"**.

(f) ***Irregular interest amount***

If the Notes are Regular Interest Period Notes, the amount of interest payable in respect of each Note for any period which is not a Regular Period shall be calculated by applying the Rate of Interest to the Calculation Amount, multiplying the product by the relevant Day Count Fraction and rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards) and multiplying such rounded figure by a fraction equal to the Specified Denomination of such Note divided by the Calculation Amount. For this purpose a **"sub-unit"** means, in the case of any currency other than Euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of Euro, means one cent.

(g) ***Number of days***

For the purposes of this Condition 6, unless the Day Count Fraction is specified in the relevant Final Terms as being 30/360, the number of days in any period shall be calculated on the basis of actual calendar days from and including the first day of the relevant period to but excluding the last day of the relevant period.

(h) ***Irregular Interest Periods***

If the Notes are not Regular Interest Period Notes and interest is required to be calculated for any period other than an Interest Period, interest shall be calculated on such basis as is described in the relevant Final Terms.

7. **Floating Rate Note Provisions**

(a) ***Application***

This Condition 7 is applicable to the Notes only if the Floating Rate Note Provisions are specified in the relevant Final Terms as being applicable.

(b) ***Accrual of interest***

The Notes bear interest from (and including) the Interest Commencement Date at the Rate of Interest payable in arrear on each Interest Payment Date, subject as provided in Condition 10 (*Payments*). Each Note will cease to bear interest from the due date for final redemption unless, upon due presentation, payment of the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition 7 (both before and after judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Fiscal Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).

(c) ***Screen Rate Determination***

If Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for each Interest Period will be (other than in respect of Notes for which SONIA, SOFR or any related index is specified as the Reference Rate in the relevant Final Terms) determined by the Calculation Agent on the following basis:

- (i) if the Reference Rate is a composite quotation or customarily supplied by one entity, the Calculation Agent will determine the Reference Rate which appears on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;

- (ii) in any other case, the Calculation Agent will determine the arithmetic mean of the Reference Rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
- (iii) if, in the case of (i) above, such rate does not appear on that page or, in the case of (ii) above, fewer than two such rates appear on that page or if, in either case, the Relevant Screen Page is unavailable, the Calculation Agent will:
 - (A) request the principal Relevant Financial Centre office of each of the Reference Banks to provide a quotation of the Reference Rate at approximately the Relevant Time on the Interest Determination Date to prime banks in the Relevant Financial Centre interbank market in an amount that is representative for a single transaction in that market at that time; and
 - (B) determine the arithmetic mean of such quotations; and
- (iv) if fewer than two such quotations are provided as requested, the Calculation Agent will determine the arithmetic mean of the rates (being the nearest to the Reference Rate, as determined by the Calculation Agent) quoted by major banks in the Principal Financial Centre of the Specified Currency, selected by the Calculation Agent, at approximately 11.00 a.m. (local time in the Principal Financial Centre of the Specified Currency) on the first day of the relevant Interest Period for loans in the Specified Currency to leading European banks for a period equal to the relevant Interest Period and in an amount that is representative for a single transaction in that market at that time, and the Rate of Interest for such Interest Period shall be the sum of the Margin and the rate or (as the case may be) the arithmetic mean so determined; **provided, however, that** if the Calculation Agent is unable to determine a rate or (as the case may be) an arithmetic mean in accordance with the above provisions in relation to any Interest Period, the Rate of Interest applicable to the Notes during such Interest Period will be the sum of the Margin and the rate or (as the case may be) the arithmetic mean last determined in relation to the Notes in respect of the preceding Interest Period.

(d) ***ISDA Determination***

If ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for each Interest Period will be the sum of the Margin and the relevant ISDA Rate where "**ISDA Rate**" in relation to any Interest Period means a rate equal to the Floating Rate (as defined in the ISDA Definitions) that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (i) the Floating Rate Option (as defined in the ISDA Definitions) is as specified in the relevant Final Terms;
- (ii) the Designated Maturity (as defined in the ISDA Definitions) is the period specified in the relevant Final Terms; and
- (iii) the relevant Reset Date (as defined in the ISDA Definitions) is as specified in the relevant Final Terms.

(e) ***EURIBOR Discontinuance***

Notwithstanding (c) above, if, on or prior to any Interest Determination Date for any Notes linked to EURIBOR, the Issuer (or one of its affiliates) determines that EURIBOR has been discontinued or is permanently no longer being published, the Issuer (or such affiliate) will use a substitute or successor Reference Rate that it has determined, in its sole discretion after consulting any source it deems to be reasonable, is (i) the industry-accepted substitute or successor Reference Rate or (ii) if there is no such industry-accepted

substitute or successor Reference Rate, a substitute or successor Reference Rate that is most comparable to EURIBOR.

Upon selection of a substitute or successor Reference Rate, the Issuer (or such affiliate) may determine, in its sole discretion after consulting any source it deems to be reasonable, the Day Count Fraction, the Business Day Convention, the definition of Business Day, the Interest Determination Date and any other relevant methodology or definition for calculating such substitute or successor Reference Rate, including any adjustment factor it determines is needed to make such substitute or successor Reference Rate comparable to EURIBOR, in a manner that is consistent with any industry-accepted practices for such substitute or successor Reference Rate.

(f) ***Interest – Floating Rate Notes referencing Compounded SOFR***

- (i) This Condition 7(f) is applicable to the Notes only if the Floating Rate Note Provisions are specified in the relevant Final Terms as being applicable and the "Screen Rate Determination" is specified in the relevant Final Terms as being "Compounded SOFR" (the "**Compounded SOFR Notes**").

SOFR is published by the NY Federal Reserve and is intended to be a broad measure of the cost of borrowing cash overnight collateralized by U.S. Treasury securities. The NY Federal Reserve reports that SOFR includes all trades in the Broad General Collateral Rate, plus bilateral U.S. Treasury repurchase agreement ("repo") transactions cleared through the delivery-versus-payment service offered by the Fixed Income Clearing Corporation (the "FICC"), a subsidiary of The Depository Trust & Clearing Corporation ("DTC"). SOFR is filtered by the NY Federal Reserve to remove a portion of the foregoing transactions considered to be "specials". According to the NY Federal Reserve, "specials" are repos for specific-issue collateral which take place at cash-lending rates below those for general collateral repos because cash providers are willing to accept a lesser return on their cash in order to obtain a particular security.

The NY Federal Reserve reports that SOFR is calculated as a volume-weighted median of transaction-level tri-party repo data collected from The Bank of New York Mellon, which currently acts as the clearing bank for the tri-party repo market, as well as General Collateral Finance Repo transaction data and data on bilateral U.S. Treasury repo transactions cleared through the FICC's delivery-versus-payment service. NY Federal Reserve states that it obtains information from DTCC Solutions LLC, an affiliate of DTC. The NY Federal Reserve currently publishes the Secured Overnight Financing Rate daily on its website at <https://apps.newyorkfed.org/markets/autorates/sofr>. The NY Federal Reserve states on its publication page for SOFR that use of SOFR is subject to important disclaimers, limitations and indemnification obligations, including that NY Federal Reserve may alter the methods of calculation, publication schedule, rate revision practices or availability of SOFR at any time without notice.

- (ii) Where "Compounded SOFR" is specified as the Reference Rate in the Final Terms,
- (a) the Rate of Interest for each Interest Period will, subject as provided below, be Compounded SOFR plus or minus (as specified in the relevant Final Terms) the Margin, all as determined by the Calculation Agent;
- (b) Interest on the SOFR Notes will be payable in arrear on the second Business Day following each Interest Period End Date (each, an "**Interest Payment Date**"); **provided that** the Interest Payment Date with respect to the final Interest Period will be the Optional Redemption Date (Call), if applicable, or the Maturity Date;

- (iii) For the purposes of this Condition 7(f):

"**Compounded SOFR**", with respect to an Interest Period, will be calculated by the Calculation Agent in accordance with the following formula, and the resulting percentage will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point with 0.00000005 being rounded upwards:

"**ni**", for any day "*i*" in the relevant interest period or Observation Period (as applicable), is the number of calendar days from, and including, such U.S. Government Securities Business Day "*i*" to, but excluding, the following U.S. Government Securities Business Day;

"Rate Cut-Off Date" means the second U.S. Government Securities Business Day prior to the Optional Redemption Date (Call), if applicable, or the Maturity Date of the SOFR Notes;

(iv) *Benchmark Transition Provisions*

- (a) *Benchmark Replacement*: If the Issuer (or one of its affiliates) determines that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred prior to the Reference Time in respect of any determination of the Benchmark on any date, the Benchmark Replacement will replace the then-current Benchmark for all purposes relating to the Compounded SOFR Notes in respect of such determination on such date and all determinations on all subsequent dates.
- (b) *Benchmark Replacement Conforming Changes*: In connection with the implementation of a Benchmark Replacement, the Issuer (or one of its affiliates) will have the right to make Benchmark Replacement Conforming Changes from time to time.

(v) *Definitions*

As used in Condition 7(f):

"Benchmark" means, initially, Compounded SOFR; **provided that** if a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to Compounded SOFR (or the published daily SOFR used in the calculation thereof) or the then-current Benchmark, then **"Benchmark"** means the applicable Benchmark Replacement.

"Benchmark Replacement" means the first alternative set forth in the order below that can be determined by the Issuer (or such affiliate) as of the Benchmark Replacement Date:

- (a) the sum of: (1) the alternate rate of interest that has been selected or recommended by the Relevant Governmental Body as the replacement for the then-current Benchmark and (2) the Benchmark Replacement Adjustment;
- (b) the sum of: (1) the ISDA Fallback Rate and (2) the Benchmark Replacement Adjustment;
- (c) the sum of: (1) the alternate rate of interest that has been selected by the Issuer (or one of its affiliates) as the replacement for the then-current Benchmark giving due consideration to any industry-accepted rate of interest as a replacement for the then-current Benchmark for U.S. dollar-denominated floating rate notes at such time and (2) the Benchmark Replacement Adjustment.

"Benchmark Replacement Adjustment" means the first alternative set forth in the order below that can be determined by the Issuer (or one of its affiliates) as of the Benchmark Replacement Date:

to the Reference Time that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to Compounded SOFR Index (or the published daily SOFR used in the calculation thereof) or the then-current Benchmark, then "**Benchmark**" means the applicable Benchmark Replacement.

"**Benchmark Replacement**" means the first alternative set forth in the order below that can be determined by the Issuer (or such affiliate) as of the Benchmark Replacement Date:

- (a) the sum of: (1) the alternate rate of interest that has been selected or recommended by the Relevant Governmental Body as the replacement for the then-current Benchmark and (2) the Benchmark Replacement Adjustment;
- (b) the sum of: (1) the ISDA Fallback Rate and (2) the Benchmark Replacement Adjustment;
- (c) the sum of: (1) the alternate rate of interest that has been selected by the Issuer (or one of its affiliates) as the replacement for the then-current Benchmark giving due consideration to any industry-accepted rate of interest as a replacement for the then-current Benchmark for U.S. dollar-denominated floating rate notes at such time and (2) the Benchmark Replacement Adjustment.

"**Benchmark Replacement Adjustment**" means the first alternative set forth in the order below that can be determined by the Issuer (or one of its affiliates) as of the Benchmark Replacement Date:

- (b) in the case of paragraph (c) of the definition of "Benchmark Transition Event," the date of the public statement or publication of information referenced therein.

(h) ***Maximum or Minimum Rate of Interest***

If any Maximum Rate of Interest or Minimum Rate of Interest is specified in the relevant Final Terms, then the Rate of Interest shall in no event be greater than the maximum or be less than the minimum so specified; **provided that** in no event will the Interest Amount payable on the Notes be less than zero.

(i) ***Calculation of Interest Amount***

The Calculation Agent will, as soon as practicable after the time at which the Rate of Interest is to be determined in relation to each Interest Period, calculate the Interest Amount payable in respect of each Note for such Interest Period. The Interest Amount will be calculated by applying the Rate of Interest for such Interest Period to the Calculation Amount and multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards) and multiplying such rounded figure by a fraction equal to the Specified Denomination of the relevant Note divided by the Calculation Amount. For this purpose a **"sub-unit"** means, in the case of any currency other than Euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of Euro, means one cent.

(j) ***Publication***

The Calculation Agent will cause each Rate of Interest and Interest Amount determined by it, together with the relevant Interest Payment Date, and any other amount(s) required to be determined by it together with any relevant payment date(s) to be notified to the Paying Agents and each competent authority, stock exchange and/or quotation system (if any) on which the Notes have then been admitted to listing, trading and/or quotation as soon as practicable after such determination but (in the case of each Rate of Interest, Interest Amount and Interest Payment Date) in any event not later than the first day of the relevant Interest Period. Notice thereof shall also promptly be given to the Noteholders. The Calculation Agent will be entitled to amend any Interest Amount (on the basis of the foregoing provisions) without notice in the event of an extension or shortening of the relevant Interest Period. If the Calculation Amount is less than the minimum Specified Denomination the Calculation Agent shall not be obliged to publish each Interest Amount but instead may publish only the Calculation Amount and the Interest Amount in respect of a Note having the minimum Specified Denomination.

(k) ***Notifications, etc.***

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition by the Calculation Agent will (in the absence of manifest error) be binding on the Issuer, the Paying Agents, the Noteholders and (subject as aforesaid) no liability to any such Person will attach to the Calculation Agent in connection with the exercise or non exercise by it of its powers, duties and discretions for such purposes.

(l) ***Interest – Floating Rate Notes referencing SONIA***

- (i) This Condition 7(j) is applicable to the Notes only if the Floating Rate Note Provisions are specified in the relevant Final Terms as being applicable and the "Reference Rate" is specified in the relevant Final Terms as being "SONIA".
- (ii) Where "SONIA" is specified as the Reference Rate in the Final Terms, the Rate of Interest for each Interest Period will, subject as provided below, be Compounded Daily SONIA plus or minus (as specified in the relevant Final Terms) the Margin, all as determined by the Calculation Agent.
- (iii) For the purposes of this Condition 7(j):

"**Compounded Daily SONIA**", with respect to an Interest Period, will be calculated by the Calculation Agent on each Interest Determination Date in accordance with the following formula, and the resulting percentage will be rounded, if necessary, to the fourth decimal place, with 0.00005 being rounded upwards:

$$\left[\prod_{i=1}^{d_o} \left(1 + \frac{SONIA_i \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

"**d**" means the number of calendar days in:

- (i) where "Lag" is specified as the Observation Method in the relevant Final Terms, the relevant Interest Period; or
- (ii) where "Observation Shift" is specified as the Observation Method in the relevant Final Terms, the relevant Observation Period;

"**d_o**" means the number of London Banking Days:

- (i) where "Lag" is specified as the Observation Method in the relevant Final Terms, the relevant Interest Period; or
- (ii) where "Observation Shift" is specified as the Observation Method in the relevant Final Terms, the relevant Observation Period;

"**i**" means, for any Interest Period, a series of whole numbers from one to d_o, each representing the relevant London Banking Day in chronological order from, and including, the first London Banking Day in:

- (i) where "Lag" is specified as the Observation Method in the relevant Final Terms, the relevant Interest Period; or
- (ii) where "Observation Shift" is specified as the Observation Method in the relevant Final Terms, the relevant Observation Period;

to, and including, the last London Banking Day in such period;

"**Interest Determination Date**" means, in respect of any Interest Period, the date falling p London Banking Days prior to the Interest Payment Date for such

Interest Period (or the date falling p London Banking Days prior to such earlier date, if any, on which the Notes are due and payable).

"ni" for any London Banking Day "i", in the relevant Interest Period or Observation Period (as applicable) is the number of calendar days from, and including, such London Banking Day "i" up to, but excluding, the following London Banking Day;

"Observation Period" means, in respect of an Interest Period, the period from, and including, the date falling "p" London Banking Days prior to the first day of such Interest Period (and the first Interest Period shall begin on and include the Interest Commencement Date) and ending on, but excluding, the date which is p London Banking Days prior to the Interest Payment Date for such Interest Period (or the date falling p London Banking Days prior to such earlier date, if any, on which the Notes become due and payable);

"p" for any Interest Period or Observation Period (as applicable), means the number of London Banking Days as specified as the "Lag Period" or the "Observation Shift Period" (as applicable) in the relevant Final Terms;

"SONIA Reference Rate" means, in respect of any London Banking Day, a reference rate equal to the daily Sterling Overnight Index Average ("**SONIA**") rate for such London Banking Day as provided by the administrator of SONIA to authorised distributors and as then published on the Relevant Screen Page (or if the Relevant Screen Page is unavailable, as otherwise is published by such authorised distributors) on the London Banking Day immediately following such London Banking Day; and

"SONIA_i" means the SONIA Reference Rate for:

- (i) where "Lag" is specified as the Observation Method in the relevant Final Terms, the London Banking Day falling "p" London Banking Days prior to the relevant London Banking Day "i"; or
- (ii) where "Observation Shift" is specified as the Observation Method in the relevant Final Terms; the relevant London Banking Day "i".

For the avoidance of doubt, the formula for the calculation of Compounded Daily SONIA only compounds the SONIA Reference Rate in respect of any London Banking Day. The SONIA Reference Rate applied to a day that is a non-London Banking Day will be taken by applying the SONIA Reference Rate for the previous London Banking Day but without compounding.

- (iv) If, in respect of any London Banking Day in the relevant Interest Period or Observation Period (as applicable), the Calculation Agent determines that the SONIA Reference Rate is not available on the Relevant Screen Page or has not otherwise been published by the relevant authorised distributors, such SONIA Reference Rate shall, be:
 - (a) the Bank of England's Bank Rate (the "**Bank Rate**") prevailing at close of business on the relevant London Banking Day; plus (B) the mean of the spread of the SONIA Reference Rate to the Bank Rate over the previous five London Banking Days on which a SONIA Reference Rate has been published, excluding the highest spread (or, if there is more than one highest spread, one only of those highest spreads) and lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads) to the Bank Rate; or

- (b) if the Bank Rate is not published by the Bank of England at close of business on the relevant London Banking Day, the SONIA Reference Rate published on the Relevant Screen Page (or otherwise published by the relevant authorised distributors) for the first preceding London Banking Day on which the SONIA Reference Rate was published on the Relevant Screen Page (or otherwise published by the relevant authorised distributors).

Notwithstanding the paragraph immediately above, in the event the Bank of England publishes guidance as to (i) how the SONIA rate is to be determined or (ii) any rate that is to replace the SONIA rate, the Calculation Agent shall, to the extent that it is reasonably practicable, follow such guidance in order to determine the SONIA rate for the purpose of the Notes for so long as the SONIA rate is not available or has not been published by the authorised distributors.

- (v) If the Interest Rate cannot be determined in accordance with the foregoing provisions of this Condition 7(j), the Interest Rate shall be (A) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period, in place of the Margin relating to that last preceding Interest Period), (B) if there is no such preceding Interest Determination Date, the initial Interest Rate which would have been applicable to the Notes for the first Interest Period had the Notes been in issue for a period equal in duration to the scheduled first Interest Period but ending on (and excluding) the Interest Commencement Date (but applying the Margin applicable to the first Interest Period) or (C) in the case of the first Interest Period during the floating rate period, the most recent rate that could have been determined in accordance with this provision had the interest rate on the Notes been a floating rate during the fixed rate period.
- (vi) If the Notes become due and payable in accordance with Condition 12 (*Events of default*), the final Interest Determination Date shall, notwithstanding the definition specified above, be deemed to be the date on which the Notes became due and payable and the Interest Rate on the Notes shall, for so long as the Notes remain outstanding, be the rate determined on such date.
- (vii) Where "SONIA Index Determination" is specified in the Final Terms as being applicable, the Rate of Interest for each Interest Period will be the compounded daily reference rate for the relevant Interest Period, calculated in accordance with the following formula:

$$\frac{(\text{Compounded Index End}}{\text{Compounded Index Start}} - 1) \times \frac{\text{Numerator}}{d}$$

to the Relevant Decimal Place, plus or minus the Margin (if any), all as determined and calculated by the Fiscal Agent or the Calculation Agent, as applicable, where:

"**SONIA Compounded Index**" means the Compounded Daily SONIA rate as published at 10:00 (London time) by the Bank of England (or a successor administrator of SONIA) on the Bank of England's Interactive Statistical Database, or any successor source;

"**End**" means the relevant Compounded Index value on the day falling the Relevant Number of Index Days prior to the Interest Payment Date for such Interest Period, or such other date on which the relevant payment of interest falls due (but which by its definition or the operation of the relevant provisions is excluded from such Interest Period);

"Start" means the relevant Compounded Index value on the day falling the Relevant Number of Index Days prior to the first day of the relevant Interest Period;

"d" is the number of calendar days from (and including) the day on which the relevant Compounded Index Start is determined to (but excluding) the day on which the relevant Compounded Index End is determined;

"Numerator" means, 365 or as otherwise specified in the Final Terms;

"Relevant Decimal Place" shall, unless otherwise specified in the Final Terms, be the fifth decimal place rounded up or down, if necessary (with 0.000005 being rounded upwards); and

"Relevant Number" is as specified in the applicable Final Terms, but, unless otherwise specified shall be five.

"Index Days" means London Banking Days;

provided that if the Calculation Agent is unable to determine a rate in accordance with the above provisions in relation to any Interest Period, the Rate of Interest applicable to the Notes during such Interest Period will be the sum of the Margin and the rate last determined in relation to the Notes in respect of the previous Interest Period or in the case of the first Interest Period during the floating rate period, the most recent rate that could have been determined in accordance with this provision had the interest rate on the Notes been a floating rate during the fixed rate period.

8. **Zero Coupon Note Provisions**

(a) ***Application***

This Condition 8 is applicable to the Notes only if the Zero Coupon Note Provisions are specified in the relevant Final Terms as being applicable.

(b) ***Late payment on Zero Coupon Notes***

If the Redemption Amount payable in respect of any Zero Coupon Note is improperly withheld or refused, the Redemption Amount shall thereafter be an amount equal to the sum of:

- (i) the Reference Price; and
- (ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price from (and including) the Issue Date to (but excluding) whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Fiscal Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).

9. **Redemption and Purchase**

(a) ***Scheduled redemption***

Unless previously redeemed, or purchased and cancelled, the Notes will be redeemed at their Final Redemption Amount on the Maturity Date, subject as provided in Condition 10 (*Payments*).

- (a) the Issuer has or will become obliged to pay additional interest on such Notes pursuant to Condition 11 (*Taxation*) as a result of any change in, or amendment to, the laws (or any regulations or rulings promulgated thereunder) of the United States or any change in the application or official interpretation of such laws, regulations or rulings, which change or amendment becomes effective on or after the date on which any person (including any person acting as underwriter, broker or dealer) agrees to purchase any of such Notes pursuant to their original issuance, and such obligation cannot be avoided by the Issuer taking reasonable measures available to it; **provided that** no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer would be obligated to pay such additional interest were a payment in respect of the Notes then due; or
- (b) (i) if Euroclear or Clearstream, Luxembourg or any other relevant clearing system announces an intention to terminate its business without a successor, or (ii) upon the occurrence of an event of default (as defined in Condition 12 (*Events of Default*)) in respect of any Note of that Series, or (iii) upon the occurrence of a change in the tax law of the United States or the domicile of the Issuer by reason of which the Issuer would be required to withhold or deduct a sum from any payment in respect of the Notes.

Prior to the publication of any notice of redemption pursuant to this Condition 9, the Issuer shall deliver to the Fiscal Agent (a) a certificate signed by an officer of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred and (b) in the case of a redemption pursuant to Condition 9(b)(i)(a) a legal opinion, from lawyers of recognised standing in the United States, to the effect that the Issuer has or will become obligated to pay such additional interest as a result of such change or amendment.

(c) ***Redemption at the option of the Issuer***

Subject to Condition 9(h) (*Regulatory Approval*) below, if the Call Option is specified in the relevant Final Terms as being applicable, the Notes may be redeemed at the option of the Issuer in whole or, if so specified in the relevant Final Terms, in part on any Optional Redemption Date (Call) at the relevant Optional Redemption Amount (Call) on the Issuer's giving not less than 5 nor more than 30 days' notice in accordance with Condition 18 (*Notices*) to the Noteholders (which notice shall be irrevocable and shall oblige the Issuer to redeem the Notes or, as the case may be, the Notes specified in such notice on the relevant Optional Redemption Date (Call) at the Optional Redemption Amount (Call) plus accrued interest (if any) to such date).

If the "Make-Whole Amount" is specified as applicable in the relevant Final Terms, then the Optional Redemption Amount (Call) will be an amount per Calculation Amount equal to: (i) during the Par Call Period (if applicable), the Calculation Amount or (ii) otherwise, the sum of the Calculation Amount and the Make-Whole Amount.

The "**Par Call Period**" means the period from and including the Par Call Date specified in the relevant Final Terms up to (but excluding) the Maturity Date.

The "**Make-Whole Amount**" will be equal to the excess, if any, of: (i) the aggregate present value as of such Optional Redemption Date of the principal amount being so redeemed and the amount of interest (exclusive of interest accrued to the Optional Redemption Date) that would have been payable in respect of such principal amount if such redemption had not been made, determined by discounting, on an annual basis, such principal amount and interest at the Reinvestment Rate (determined on the third Business Day preceding the date that notice of such redemption is given pursuant to Condition 18 (*Notices*)) from the respective dates on which such principal amount and interest would have been payable if such redemption had not been made, to the Optional Redemption Date, over (ii) the aggregate principal amount of Notes being so redeemed, as calculated by the Issuer or a person designated by the Issuer.

The "**Reinvestment Rate**" means the mid-market annual or semi-annual yield (as applicable) on the Reference Security (or if the Reference Security is no longer outstanding, a Similar Security) plus the Redemption Margin.

The "**Reference Security**" means the security specified in the Final Terms.

The "**Redemption Margin**" means the margin specified in the Final Terms.

"**Similar Security**" means a reference bond or reference bonds issued by the issuer of the Reference Security and having an actual or interpolated maturity on the Maturity Date of the Notes or the Par Call Date (if applicable), as specified in the Final Terms, and that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issuances of corporate debt securities maturing on the Maturity Date of the Notes or the Par Call Date (if applicable), as specified in the Final Terms.

(d) ***Partial redemption***

If the Notes are to be redeemed in part only on any date in accordance with Condition 9(c) (*Redemption at the option of the Issuer*), the Notes to be redeemed shall be selected by the drawing of lots in such place as the Fiscal Agent approves and in such manner as the Fiscal Agent considers appropriate, subject to compliance with applicable law, the rules of each competent authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation, and the notice to Noteholders referred to in Condition 9(c) (*Redemption at the option of the Issuer*) shall specify the serial numbers of the Notes so to be redeemed. If any Maximum Redemption Amount or Minimum Redemption Amount is specified in the relevant Final Terms, then the Optional Redemption Amount (Call) shall in no event be greater than the maximum or be less than the minimum so specified; **provided that** in no event will the Redemption Amount payable on the Notes be less than zero.

(e) ***Issuer Residual Call***

If "*Issuer Residual Call*" is specified in the relevant Final Terms as being applicable, and if, at any time (other than as a direct result of a redemption of some, but not all, of the Notes at the Make Whole Redemption Price at the Issuer's option pursuant to Condition 9(c) (*Redemption at the option of the Issuer*)), the outstanding aggregate nominal amount of the Notes is 20 per cent. or less of the aggregate nominal amount of the Notes originally issued (and, for these purposes, any further Notes issued pursuant to Condition 17 (*Further Issues*) and consolidated with the Notes as part of the same Series shall be deemed to have been originally issued), the Issuer may redeem all (but not some only) of the remaining outstanding Notes on any date (or, if the Floating Rate Note Provisions are specified in the relevant Final Terms as being applicable, on any Interest Payment Date) upon giving not less than 15 nor more than 30 days' notice to the Noteholders (or such other notice period as may be specified in the applicable Final Terms) (which notice shall specify the date for redemption and shall be irrevocable), at the Optional Redemption Amount (Residual Call) together with any accrued and unpaid interest up to (but excluding) the date of redemption. Prior to the publication of any notice of redemption pursuant to this Condition 9(e) (*Issuer Residual Call*), the Issuer shall deliver to the Fiscal Agent a certificate signed by two authorised signatories of the Issuer stating that the Issuer is

entitled to effect such redemption and confirming that the outstanding aggregate nominal amount of the Notes is 20 per cent. or less of the aggregate nominal amount of the Notes originally issued. The Fiscal Agent shall be entitled to accept such certificate as sufficient evidence of the satisfaction of the condition precedent set out above, in which event it shall be conclusive and binding on the Noteholders.

(f) ***Redemption at the option of Noteholders***

If the Put Option is specified in the relevant Final Terms as being applicable, the Issuer shall, at the option of the holder of any Note, redeem such Note on the Optional Redemption Date (Put) specified in the relevant Put Option Notice at the relevant Optional Redemption Amount (Put) together with interest (if any) accrued to such date. In order to exercise the option contained in this Condition 9(e), the holder of a Note must, not less than 30 nor more than 60 days before the relevant Optional Redemption Date (Put), deposit with any Paying Agent such Note and a duly completed Put Option Notice in the form obtainable from any Paying Agent. The Paying Agent with which a Note is so deposited shall deliver a duly completed Put Option Receipt to the depositing Noteholder. No Note, once deposited with a duly completed Put Option Notice in accordance with this Condition 9(e), may be withdrawn; **provided, however, that** if, prior to the relevant Optional Redemption Date (Put), any such Note becomes immediately due and payable or, upon due presentation of any such Note on the relevant Optional Redemption Date (Put), payment of the redemption monies is improperly withheld or refused, the relevant Paying Agent shall mail notification thereof to the depositing Noteholder at such address as may have been given by such Noteholder in the relevant Put Option Notice and shall hold such Note at its Specified Office for collection by the depositing Noteholder against surrender of the relevant Put Option Receipt. For so long as any outstanding Note is held by a Paying Agent in accordance with this Condition 9(e), the depositor of such Note and not such Paying Agent shall be deemed to be the holder of such Note for all purposes.

(g) ***No other redemption***

The Issuer shall not be entitled to redeem the Notes otherwise than as provided in paragraphs (a) to (e) above.

(h) ***Regulatory approval***

The redemption or repurchase of any Note (pursuant to Conditions 9(b) (*Redemption for tax reasons, termination of clearing organization's business or Issuer default*) or 9(c) (*Redemption at the option of the Issuer*) above or 9(k) (*Purchase and Cancellation*) below) that is included in the Issuer's capital and total loss-absorbing capacity may be subject to consultation with the Federal Reserve, which may not acquiesce in the redemption or repurchase of such Note unless it is satisfied that the capital position and total loss-absorbing capacity of the Issuer will be adequate after the proposed redemption or repurchase.

(i) ***Early redemption of Zero Coupon Notes***

Unless otherwise specified in the relevant Final Terms, the Redemption Amount payable on redemption of a Zero Coupon Note at any time before the Maturity Date shall be an amount equal to the sum of:

- (i) the Reference Price; and
- (ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price from (and including) the Issue Date to (but excluding) the date fixed for redemption or (as the case may be) the date upon which the Note becomes due and payable.

Where such calculation is to be made for a period which is not a whole number of years, the calculation in respect of the period of less than a full year shall be made on the basis of such Day Count Fraction as may be specified in the Final Terms for the purposes of this Condition 9(i) or, if none is so specified, a Day Count Fraction of 30E/360.

(j) ***Notification of Exchange***

In respect of any Notes which are listed on the official list and admitted to trading on the regulated market of the Luxembourg Stock Exchange and are to be redeemed as provided in paragraphs (b) to (e) above, the Issuer shall notify the Luxembourg Stock Exchange of such redemption.

(k) ***Purchase and Cancellation***

Subject to Condition 9(h) (*Regulatory Approval*) above, the Issuer or any of its Subsidiaries may at any time purchase Notes in the open market or otherwise and at any price. All Notes so redeemed or purchased by the Issuer or any of its Subsidiaries shall be cancelled and may not be reissued or resold.

10. **Payments**

(a) ***Principal***

Payments of principal shall be made by cheque drawn in the currency in which the payment is due drawn on, or, upon application by a Holder of a Note to the Specified Office of the Fiscal Agent not later than the fifteenth day before the due date for any such payment, by transfer to an account denominated in that currency (or, if that currency is Euro, any other account to which Euro may be credited or transferred) and maintained by the payee with, a bank in the Principal Financial Centre of that currency (in the case of a Sterling cheque, a town clearing branch of a bank in the City of London) and (in the case of redemption) upon surrender (or, in the case of partial payment only, endorsement) of the relevant Note Certificates at the Specified Office of any Paying Agent.

(b) ***Interest***

Payments of interest shall be made by cheque drawn in the currency in which the payment is due drawn on, or, upon application by a Holder of a Note to the Specified Office of the Fiscal Agent not later than the fifteenth day before the due date for any such payment, by transfer to an account denominated in that currency (or, if that currency is Euro, any other account to which Euro may be credited or transferred) and maintained by the payee with, a bank in the Principal Financial Centre of that currency (in the case of a Sterling cheque, a town clearing branch of a bank in the City of London) and (in the case of interest payable on redemption) upon surrender (or, in the case of partial payment only, endorsement) of the relevant Note Certificates at the Specified Office of any Paying Agent.

(c) ***Payments subject to fiscal laws***

All payments in respect of the Notes are subject in all cases to any applicable fiscal or other laws and regulations in the place of payment, but without prejudice to the provisions of Condition 11 (*Taxation*). No commissions or expenses shall be charged to the Noteholders in respect of such payments.

(d) ***Payments on business days***

Where payment is to be made by transfer to an account, payment instructions (for value the due date, or, if the due date is not a Payment Business Day, for value the next succeeding Payment Business Day) will be initiated and, where payment is to be made by cheque, the cheque will be mailed (i) (in the case of payments of principal and interest payable on redemption) on the later of the due date for payment and the day on which the relevant Note Certificate is surrendered (or, in the case of partial payment only, endorsed) at the Specified Office of a Paying Agent and (ii) (in the case of payments of interest payable other than on redemption) on the due date for payment. A Holder of a Note shall not be entitled to any interest or other payment in respect of any delay in payment resulting from (a) the due date for a payment not being a Payment Business Day or (b) a cheque mailed in accordance with this Condition 10 arriving after the due date for payment or being lost in the mail.

(e) ***Partial payments***

If a Paying Agent makes a partial payment in respect of any Note, the Issuer shall procure that the amount and date of such payment are noted on the Register and, in the case of partial payment upon presentation of a Note Certificate, that a statement indicating the amount and the date of such payment is endorsed on the relevant Note Certificate.

(f) ***Record date***

Each payment in respect of a Global Note will be made to the person shown as the Holder in the Register at the close of business (in the relevant clearing system) on the Clearing System Business Day before the due date for such payment (the "**Record Date**") where "**Clearing System Business Day**" means a day on which each clearing system for which the Global Note is being held is open for business. Where payment in respect of a Global Note is to be made by cheque, the cheque will be mailed to the address shown as the address of the Holder in the Register at the opening of business on the relevant Record Date.

11. **Taxation**

The Issuer will, subject to the exceptions and limitations set forth below, pay as additional amounts to the beneficial holder of any Note that is a Non-United States Person such amounts as may be necessary so that every net payment on such Note, after deduction or withholding for or on account of any present or future tax, assessment or other governmental charge imposed upon or as a result of such payment by the United States, will not be less than the amount provided in such Note to be then due and payable. However, the Issuer will not be required to make any such payment of additional amounts for or on account of:

- (i) any tax, assessment or other government charge that would not have been imposed but for
 - (a) the existence of any present or former connection (or relationship) between a Noteholder (or between a fiduciary, settlor or beneficiary of, or a person holding a power over, such holders, if such holder is an estate or a trust, or a member or shareholder of such holder, if such holder is a partnership or corporation) and the United States, including, without limitation, such holder (or such fiduciary, settlor, beneficiary, person holding a power, member or shareholder) being or having been a citizen or resident thereof or being or having been engaged in trade or business or present therein or having or having had a permanent establishment therein or
 - (b) such Noteholder's past or present status as a personal holding company, foreign private foundation or other foreign tax-exempt organisation with respect to the United States, passive foreign investment company, controlled foreign corporation or as a corporation that accumulates earnings to avoid United States federal income tax; or
- (ii) a holder who would have been able to avoid such withholding or deduction by satisfying any statutory or procedural requirements including, without limitation, the provision of information; or
- (iii) any estate, inheritance, gift, sales, transfer, excise, wealth or personal property tax or any similar tax, assessment, withholding, deduction or other governmental charge; or
- (iv) any tax, assessment or other governmental charge that would not have been imposed but for:
 - (a) the presentation by the holder of a Note for payment more than 30 days after the Relevant Date; or
 - (b) a change in law, regulation or administrative or judicial interpretation that becomes effective more than 15 days after the payment becomes due or is duly provided for, whichever occurs later; or
- (v) any tax, assessment or other governmental charge that is payable otherwise than by deduction or withholding from a payment on a Note; or

- (vi) any tax, assessment or other governmental charge required to be deducted or withheld by any Paying Agent from a payment on a Note, if such payment can be made without such deduction or withholding by any other Paying Agent; or
- (vii) any tax, assessment or other governmental charge that would not have been imposed but for a failure to comply with applicable certification, documentation, identification, information or other reporting requirement concerning the nationality, residence, identity or connection with the United States of the holder or the beneficial owner of a Note if such compliance is required by statute, regulation or administrative pronouncement of the United States or by a tax treaty of the United States, as a precondition to relief or exemption from such tax, assessment or other government charge; or
- (viii) any tax, assessment or other governmental charge that would not have been imposed but for a failure by the holder or beneficial owner of any Note (or any financial institution through which the holder or beneficial owner holds any Note or through which payment on the Note is made) to take any action (including entering into an agreement with the U.S. Internal Revenue Service) or to comply with any applicable certification, documentation, information or other reporting requirement or agreement concerning accounts maintained by the holder, beneficial owner (or any such financial institution) or concerning ownership of the holder or beneficial owner, or any substantially similar requirement or agreement; or
- (ix) any tax, assessment or other governmental charge imposed on a holder that actually owns or is deemed to own 10 per cent. or more of the combined voting power of all classes of stock of the Issuer or that is a controlled foreign corporation related to the Issuer through stock ownership or by reason of the holder being a bank that has invested in a Note as an extension of credit in the ordinary course of its trade or business; or
- (x) a payment on a Note to a holder that is a fiduciary, partnership, limited liability company or other fiscally transparent entity or other than the sole beneficial owner of such payment to the extent a beneficiary or settlor with respect to such fiduciary or a member of such partnership or a beneficial owner would not have been entitled to the additional interest had such beneficiary, settlor, member or beneficial owner been the holder of such Note; or
- (xi) any withholding tax required to be withheld or deducted pursuant to Section 1471(b) of the Code or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, official interpretations thereof, or any law implementing an intergovernmental approach thereto; or
- (xii) any combination of sub-paragraphs (i) to (xi) above.

12. Events of Default

- (a) **"event of default"** with respect to a Senior Note of a particular Series means any one of the following events (whatever the reason for such event of default and whether it shall be voluntary or involuntary or effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body):
 - (i) **Non-payment of interest:** default in the payment of any interest upon any Senior Note of that Series when and as it becomes payable, and continuance of such default for a period of 30 days; or
 - (ii) **Non-payment of principal:** default in the payment of principal or premium, if any, on any Senior Note of such Series when and as it becomes payable, and continuance of such default for a period of 30 days; or
 - (iii) **Insolvency:** the entry of a decree or order for relief in respect of the Issuer by a court having jurisdiction in the premises in an involuntary case under the U.S. Federal bankruptcy laws, as now or hereafter constituted, or any other applicable U.S. Federal or State bankruptcy, insolvency or other similar law now or hereafter

in effect, or appointing a receiver, liquidator, assignee, custodian, trustee or sequestrator (or other similar official) of the Issuer or substantially all of its property, or ordering the winding up or liquidation of its affairs, and the continuance of any such decree or order unstayed and in effect for a period of 90 consecutive days; or

- (iv) **Voluntary insolvency:** the commencement by the Issuer of a voluntary case under the U.S. Federal bankruptcy laws, as now or hereafter constituted, or any other applicable U.S. Federal or State bankruptcy, insolvency or other similar law now or hereafter in effect, or the consent by it to the entry of an order for relief in an involuntary case under any such law or to the appointment of or taking possession by a receiver, liquidator, assignee, custodian, trustee, sequestrator (or other similar official) of the Issuer or for substantially all of its property, or the making by it of an assignment for the benefit of its creditors; or
- (v) **Other specified events:** the occurrence of any other event of default with respect to the Senior Notes of such Series as provided in the relevant Final Terms.

No event of default with respect to Senior Notes of a particular Series shall constitute an event of default with respect to Senior Notes of any other Series, except with respect to an event of default under subparagraphs (iii) and (iv) of this Condition 12(a).

- (b) **"default"** with respect to a Senior Note of a particular Series means any of the events described in Condition 12(a)(i)-(v), as well as the default in the performance or observance of any covenant or agreement of the Issuer in these Conditions or the Agency Agreement (other than a covenant or agreement solely for the benefit of holders of another Series of Senior Notes or a covenant or agreement a default in whose performance or observance is specifically dealt with elsewhere in this Condition 12) and continuance of such default for a period of 90 days after there has been given, to the Issuer and the Fiscal Agent by the holders of at least 25 per cent. in principal amount of the Senior Notes of that Series outstanding (as defined in the Agency Agreement), a written notice specifying such default and requiring it to be remedied and stating that such notice is a "Notice of Default" hereunder.
- (c) **"event of default"** with respect to a Subordinated Note of a particular Series means any of the events described in Condition 12(a)(iii) and (iv). A **"default"** with respect to a Subordinated Note of a particular Series means an event of default with respect to such Subordinated Note, a default in the payment of principal or premium, if any, on any Subordinated Note of such Series when and as it becomes payable, as well as any of the events described in Condition 12(a)(i) and (ii) and 12(b), as these events relate to a Subordinated Note of such Series.
- (d) Subject to these Terms and Conditions, if an event of default with respect to the Notes of a particular Series at the time outstanding occurs and is continuing, then in such case the holders of not less than 25 per cent. in principal amount of the outstanding Notes of such Series may declare the Early Redemption Amount (Default) (being the amount so specified in the applicable Final Terms and if no such amount is specified, the principal amount thereof) and all accrued but unpaid interest on the Notes to be due and payable immediately, by a notice in writing to the Issuer (and to the Fiscal Agent), and upon any such declaration such Early Redemption Amount (Default) (or other specified amount) and interest shall become immediately due and payable. Upon payment of such amounts in the currency in which such Notes are denominated, all obligations of the Issuer in respect of payment of principal and interest on such Notes shall terminate.

At any time after such a declaration of acceleration of the Notes of a Series has been made, the holders of a majority in principal amount of the outstanding Notes of such Series, by written notice to the Issuer, may, on behalf of all Noteholders of such Series, waive such event of default and rescind and annul such declaration and its consequences if:

- (A) the Issuer has paid or deposited with the Fiscal Agent a sum in the currency in which such Notes are denominated sufficient to pay:
 - (w) all overdue instalments of interest on such Notes;
 - (x) the amounts of principal (and premium, if any, on) such Notes that have become due otherwise than by such declaration of acceleration and interest thereon at the rate prescribed therefor in these Conditions;
 - (y) to the extent that payment of such interest is lawful, interest upon overdue instalments of interests on each such Note at the rate or rates prescribed therefor in such Notes; and
 - (z) all sums paid or advanced by the Paying Agents and the reasonable compensation, expenses, disbursements and advances of the Paying Agents; **provided, however, that** all sums payable under this sub-paragraph (d) shall be paid in U.S. dollars; and
- (B) all defaults and events of default with respect to such Notes, other than the non-payment of principal of and interest on the Notes that have become due solely by such declaration of acceleration, have been cured or waived as provided in Condition 16 (*Meeting of Noteholders and Waiver*).

No such rescission and waiver shall affect any subsequent default or impair any right consequent thereon.

For all purposes under these Conditions, if a portion of the principal of any Zero Coupon Note shall have been accelerated and declared due and payable pursuant to the provisions hereof, then, from and after such declaration, unless such declaration has been rescinded and annulled, the principal amount of such Zero Coupon Note shall be deemed, for all purposes hereunder, to be such portion of the principal thereof as shall be due and payable as a result of such acceleration, and payment of such portion of the principal thereof as shall be due and payable as a result of such acceleration, together with interest, if any, thereon and all other amounts owing thereunder, shall constitute payment in full of such Zero Coupon Note.

13. **Prescription**

Claims for principal and interest on redemption in respect of Notes shall become void unless the relevant Note Certificates are surrendered for payment within two years of the appropriate Relevant Date.

14. **Replacement of Notes**

If any Note or Note Certificate is lost, stolen, mutilated, defaced or destroyed, it may be replaced at the Specified Office of the Registrar (and, if the Notes are then admitted to listing, trading and/or quotation by any competent authority, stock exchange and/or quotation system which requires the appointment of a Paying Agent in any particular place, the Paying Agent or Transfer Agent having its Specified Office in the place required by such competent authority, stock exchange and/or quotation system), subject to all applicable laws and competent authority, stock exchange and/or quotation system requirements, upon payment by the claimant of the expenses incurred in connection with such replacement and on such terms as to evidence, security, indemnity and otherwise as the Issuer may reasonably require. Mutilated or defaced Notes or Note Certificates must be surrendered before replacements will be issued.

15. **Agents**

In acting under the Agency Agreement and in connection with the Notes, the Agents act solely as agents of the Issuer and do not assume any obligations towards or relationship of agency or trust for or with any of the Noteholders.

The initial Agents are described in Condition 1(c) above and their initial Specified Offices are defined in Condition 2(a) above. The initial Calculation Agent (if any) is specified in the relevant Final Terms. The Issuer reserves the right at any time to vary or terminate the appointment of any Agent and to appoint a successor fiscal agent or Calculation Agent and additional or successor paying agents; **provided, however, that** the Issuer shall at all times maintain:

- (a) a Fiscal Agent and a Registrar;
- (b) if a Calculation Agent is specified in the relevant Final Terms, a Calculation Agent;
- (c) if and for so long as the Notes are admitted to listing, trading and/or quotation by any competent authority, stock exchange and/or quotation system which requires the appointment of a Paying Agent or Transfer Agent in any particular place, a Paying Agent or Transfer Agent having its Specified Office in the place required by such competent authority, stock exchange and/or quotation system; and
- (d) a Paying Agent in a place of payment located outside the United States.

Notice of any change in any of the Agents or in their Specified Offices shall promptly be given to the Noteholders.

16. **Meetings of Noteholders and Waiver**

(a) ***Meetings of Noteholders***

The Agency Agreement contains provisions for convening meetings of Noteholders to consider matters relating to the Notes, including the modification of any provision of these Conditions. Any such modification may be made if sanctioned by an Extraordinary Resolution. Such a meeting may be convened by the Issuer and shall be convened by it upon the request in writing of Noteholders holding not less than one-tenth of the aggregate principal amount of the outstanding Notes. The quorum at any meeting convened to vote on an Extraordinary Resolution will be two or more Persons holding or representing one more than half of the aggregate principal amount of the outstanding Notes or, at any adjourned meeting, two or more Persons being or representing Noteholders whatever the principal amount of the Notes held or represented; **provided, however, that** Reserved Matters may only be sanctioned by an Extraordinary Resolution passed at a meeting of Noteholders at which two or more Persons holding or representing not less than three-quarters or, at any adjourned meeting, one quarter of the aggregate principal amount of the outstanding Notes form a quorum. Any Extraordinary Resolution duly passed at any such meeting shall be binding on all the Noteholders, whether present or not.

Any such meeting of the Noteholders may be convened at a physical location, or such other method (which may include, without limitation, a conference call or video conference) as the Fiscal Agent may determine in accordance with the provisions of the Agency Agreement.

(b) ***Modification***

The Notes and these Conditions may be amended without the consent of the Noteholders to correct a manifest error. In addition, the parties to the Agency Agreement may agree to modify any provision thereof, but the Issuer shall not agree, without the consent of the Noteholders, to any such modification unless it is of a formal, minor or technical nature, it is made to correct a manifest error or it is, in the opinion of such parties, not materially prejudicial to the interests of the Noteholders.

17. **Further Issues**

The Issuer may from time to time, without the consent of the Noteholders create and issue further notes having the same terms and conditions as the Notes in all respects (or in all respects except for the first payment of interest) so as to form a single series with the Notes.

18. **Notices**

Notices to the Holders of Notes shall be sent to them by first class mail (or its equivalent) or (if posted to an overseas address) by airmail at their respective addresses on the Register and, if the Notes are admitted to trading on the regulated market of the Luxembourg Stock Exchange and the rules of that exchange so require, notices to Noteholders will be published on the date of such mailing in a leading newspaper having general circulation in Luxembourg (which is expected to be the *Luxemburger Wort*) or published on the website of the Luxembourg Stock Exchange (www.bourse.lu) or in either case, if such publication is not practicable, in a leading English language daily newspaper having general circulation in Europe. Any such notice shall be deemed to have been given on the day after the date of mailing.

19. **Currency Indemnity**

If any sum due from the Issuer in respect of the Notes or any order or judgment given or made in relation thereto has to be converted from the currency (the "**first currency**") in which the same is payable under these Conditions or such order or judgment into another currency (the "**second currency**") for the purpose of (a) making or filing a claim or proof against the Issuer, (b) obtaining an order or judgment in any court or other tribunal or (c) enforcing any order or judgment given or made in relation to the Notes, the Issuer shall indemnify each Noteholder, on the written demand of such Noteholder addressed to the Issuer and delivered to the Issuer or to the Specified Office of the Fiscal Agent, against any loss suffered as a result of any discrepancy between (i) the rate of exchange used for such purpose to convert the sum in question from the first currency into the second currency and (ii) the rate or rates of exchange at which such Noteholder may in the ordinary course of business purchase the first currency with the second currency upon receipt of a sum paid to it in satisfaction, in whole or in part, of any such order, judgment, claim or proof.

This indemnity constitutes a separate and independent obligation of the Issuer and shall give rise to a separate and independent cause of action.

20. **Rounding**

For the purposes of any calculations referred to in these Conditions (unless otherwise specified in these Conditions or the relevant Final Terms), (a) all percentages resulting from such calculations will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with 0.000005 per cent. being rounded up to 0.00001 per cent.), (b) all United States dollar amounts used in or resulting from such calculations will be rounded to the nearest cent (with one half cent being rounded up), (c) all Japanese Yen amounts used in or resulting from such calculations will be rounded downwards to the next lower whole Japanese Yen amount, and (d) all amounts denominated in any other currency used in or resulting from such calculations will be rounded to the nearest two decimal places in such currency, with 0.005 being rounded upwards.

21. **Redenomination**

(a) ***Application***

This Condition 21 is applicable to the Notes only if it is specified in the relevant Final Terms as being applicable.

(b) ***Notice of redenomination***

If the country of the Specified Currency is, becomes, or announces its intention to become, a Participating Member State, the Issuer may, without the consent of the Noteholders, on giving at least 30 days' prior notice to the Noteholders and the Paying Agents, designate a date (the "**Redenomination Date**"), being an Interest Payment Date under the Notes falling on or after the date on which such country becomes a Participating Member State.

(c) ***Redenomination***

Notwithstanding the other provisions of these Conditions, with effect from the Redenomination Date:

- (i) the Notes shall be deemed to be redenominated into Euro in the denomination of Euro 0.01 with a principal amount for each Note equal to the principal amount of that Note in the Specified Currency, converted into Euro at the rate for conversion of such currency into Euro established by the Council of the European Union pursuant to the Treaty (including compliance with rules relating to rounding in accordance with European Union regulations); **provided, however, that** if the Issuer determines, with the agreement of the Fiscal Agent, that then market practice in respect of the redenomination into Euro 0.01 of internationally offered securities is different from that specified above, such provisions shall be deemed to be amended so as to comply with such market practice and the Issuer shall promptly notify the Noteholders, each stock exchange (if any) on which the Notes are then listed and the Paying Agents of such deemed amendments;
- (ii) if Notes have been issued in individual certificated form, new Individual Note Certificates denominated in Euro will be issued in exchange for Individual Note Certificates denominated in the Specified Currency in such manner as the Registrar may specify and as shall be notified to Noteholders in the Euro Exchange Notice; and
- (iii) all payments in respect of the Notes (other than, unless the Redenomination Date is on or after such date as the Specified Currency ceases to be a sub-division of the Euro, payments of interest in respect of periods commencing before the Redenomination Date) will be made solely in Euro by cheque drawn on, or by credit or transfer to, a Euro account (or any other account to which Euro may be credited or transferred) maintained by the payee with, a bank in the Principal Financial Centre of any Member State of the European Union.

25. **De-listing**

Unless otherwise provided in the relevant Final Terms, the Issuer shall use its best efforts to have the Notes of a Series approved for listing on the official list and admission to trading on the regulated market of the Luxembourg Stock Exchange and to maintain such listing so long as any of the Notes of such Series are outstanding, **provided, however, that** if it is impracticable or unduly burdensome, in the good faith determination of the Issuer, to maintain such listing due to changes in applicable law or listing requirements occurring after the date of the relevant Final Terms, application may be made to de-list such Notes from the regulated market of the Luxembourg Stock Exchange and the Issuer shall use its reasonable best efforts to obtain an alternative admission to listing, trading and/or quotation of such Notes by another listing authority, exchange or system within or outside the European Union as it may decide. incurred by its subsidiaries would be imposed first on the Issuer's shareholders and then on its unsecured creditors, including the holders of the Notes. Further, in a bankruptcy or other resolution proceeding of the Issuer, any value realized by holders of the Notes may not be sufficient to repay the amounts owed on the Notes. For more information about the final TLAC rule and its consequences for debt securities, you should refer to the section "*Managing Global Risk — Liquidity Risk — Long-Term Debt — Resolution Plan*" and "*— Total Loss-Absorbing Capacity (TLAC)*" in the 2021 Annual Report of the Issuer on Form 10-K.

OVERVIEW OF PROVISIONS RELATING TO THE NOTES WHILE IN GLOBAL FORM

Clearing System Accountholders

In relation to any Tranche of Notes represented by a Global Note, references in the Terms and Conditions of the Notes to "Noteholder" are references to the person in whose name such Global Note is for the time being registered in the Register which, for so long as the Global Note is held by or on behalf of a depositary or a common depositary or a common safekeeper for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, will be that depositary or common depositary or common safekeeper or a nominee for that depositary or common depositary or common safekeeper.

Each of the persons shown in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Global Note (each an "**Accountholder**") must look solely to Euroclear and/or Clearstream, Luxembourg and/or such other relevant clearing system (as the case may be) for such Accountholder's share of each payment made by the Issuer to the holder of such Global Note and in relation to all other rights arising under the Global Note. The extent to which, and the manner in which, Accountholders may exercise any rights arising under the Global Note will be determined by the respective rules and procedures of Euroclear, Clearstream, Luxembourg and any other relevant clearing system from time to time. For so long as the relevant Notes are represented by the Global Note, Accountholders shall have no claim directly against the Issuer in respect of payments due under the Notes and such obligations of the Issuer will be discharged by payment to the registered owner of the Global Note.

Exchange of Global Notes

Whenever a Global Note is to be exchanged for Individual Note Certificates, the Issuer shall procure that Individual Note Certificates will be issued in an aggregate principal amount equal to the principal amount of the Global Note within five business days of the delivery, by or on behalf of the holder of the Global Note to the Registrar of such information as is required to complete and deliver such Individual Note Certificates (including, without limitation, the names and addresses of the persons in whose names the Individual Note Certificates are to be registered and the principal amount of each such person's holding) against the surrender of the Global Note at the specified office of the Registrar. Such exchange will be effected in accordance with the provisions of the Agency Agreement and the regulations concerning the transfer and registration of Notes scheduled thereto and, in particular, shall be effected without charge to any holder, but against such indemnity as the Registrar may require in respect of any tax or other duty of whatsoever nature which may be levied or imposed in connection with such exchange.

1. If:
 - (a) Individual Note Certificates have not been delivered by 5.00 p.m. (London time) on the thirtieth day after they are due to be issued and delivered in accordance with the terms of the Global Note; or
 - (b) any of the Notes represented by a Global Note (or any part of it) has become due and payable in accordance with the Terms and Conditions of the Notes or the date for final redemption of the Notes has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the holder of the Global Note in accordance with the terms of the Global Note on the due date for payment,

then, at 5.00 pm (London time) on such thirtieth day (in the case of (a) above) or at 5.00 pm (London time) on such due date (in the case of (b) above) the Registrar shall in respect of each Accountholder, enter in the Register the name of such Accountholder as the holder in respect of the Global Note in an aggregate principal amount equal to the principal amount shown in the records of Euroclear and/or Clearstream, Luxembourg (or any other relevant clearing system) of such Accountholder's interest in the Global Note. To the extent that the Registrar makes such entries in the Register, the holder will have no further rights under the Global Note.

Payment to the Holder of the Global Note in respect of any Notes represented by the Global Note shall constitute a discharge of the Issuer's obligations under the Notes to the extent of any such payment and nothing shall oblige the Issuer to make any payment under the Notes to or to the order of any person other than the Holder of the Global Note.

Conditions applicable to Global Notes

Each Global Note will contain provisions which modify the Terms and Conditions of the Notes as they apply to the Global Note. The following is an overview of certain of those provisions:

Payments

All payments in respect of the Global Note will be made against presentation and (in the case of payment of principal in full with all interest accrued thereon) surrender of the Global Note at the Specified Office of any Paying Agent outside the United States and will be effective to satisfy and discharge the corresponding liabilities of the Issuer in respect of the Notes.

Exercise of put option

In order to exercise the option contained in Condition 9(e) (*Redemption at the option of Noteholders*) the holder of the Global Note must, within the period specified in the Conditions for the deposit of the relevant Note and put notice, give written notice of such exercise to the Fiscal Agent specifying the principal amount of Notes in respect of which such option is being exercised. Any such notice will be irrevocable and may not be withdrawn.

Partial exercise of call option

In connection with an exercise of the option contained in Condition 9(c) (*Redemption at the option of the Issuer*) in relation to some only of the Notes, the Global Note may be redeemed in part in the principal amount specified by the Issuer in accordance with the Conditions and the Notes to be redeemed will not be selected as provided in the Conditions. The rights of accountholders with a clearing system in respect of the Notes of such Series will be governed by the standard procedures of Euroclear, Clearstream, Luxembourg (to be reflected as either a pool factor or a reduction in principal amount, at their discretion) and/or other clearing system. For the avoidance of doubt, if the Notes are listed on the official list of the Luxembourg Stock Exchange and admitted to trading on the regulated market of the Luxembourg Stock Exchange and the rules of that exchange so require, such notices shall also be published in a leading newspaper having general circulation in Luxembourg (which is expected to be the *Luxemburger Wort*).

Notices

Notwithstanding Condition 18 (*Notices*), while all the Notes are represented by a Global Note that is deposited with a depositary or a common depositary for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system or a common safekeeper, notices to Noteholders may be given by delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and, in any case, such notices shall be deemed to have been given to the Noteholders in accordance with Condition 18 (*Notices*) on the date of delivery to Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, except that, for so long as such Notes are admitted to trading on the regulated market of the Luxembourg Stock Exchange and the rules of that exchange so require, notice shall also be published in a leading newspaper having general circulation in Luxembourg (which is expected to be the *Luxemburger Wort*) or published on the website of the Luxembourg Stock Exchange (www.bourse.lu).

Redenomination

2. If the Notes are redenominated pursuant to Condition 21 (*Redenomination*), then following redenomination:

- (a) if Individual Note Certificates are required to be issued, they shall be issued at the expense of the Issuer in such denominations as the Registrar shall determine and notify to the Noteholders; and
- (b) the amount of interest due in respect of Notes represented by a Global Note will be calculated by reference to the aggregate principal amount of such Notes and the amount of such payment shall be rounded down to the nearest Euro 0.01.

Payment Business Day

In the case of a Global Note, if the currency of payment is Euro, a "**Payment Business Day**" shall be any day which is a TARGET Settlement Day and a day on which dealings in foreign currencies may be carried on in each (if any) Additional Financial Centre; or, if the currency of payment is not Euro, a "**Payment Business Day**" shall be any day which is a day on which dealings in foreign currencies may be carried on in the Principal Financial Centre of the currency of payment and in each (if any) Additional Financial Centre.

Payment Record Date

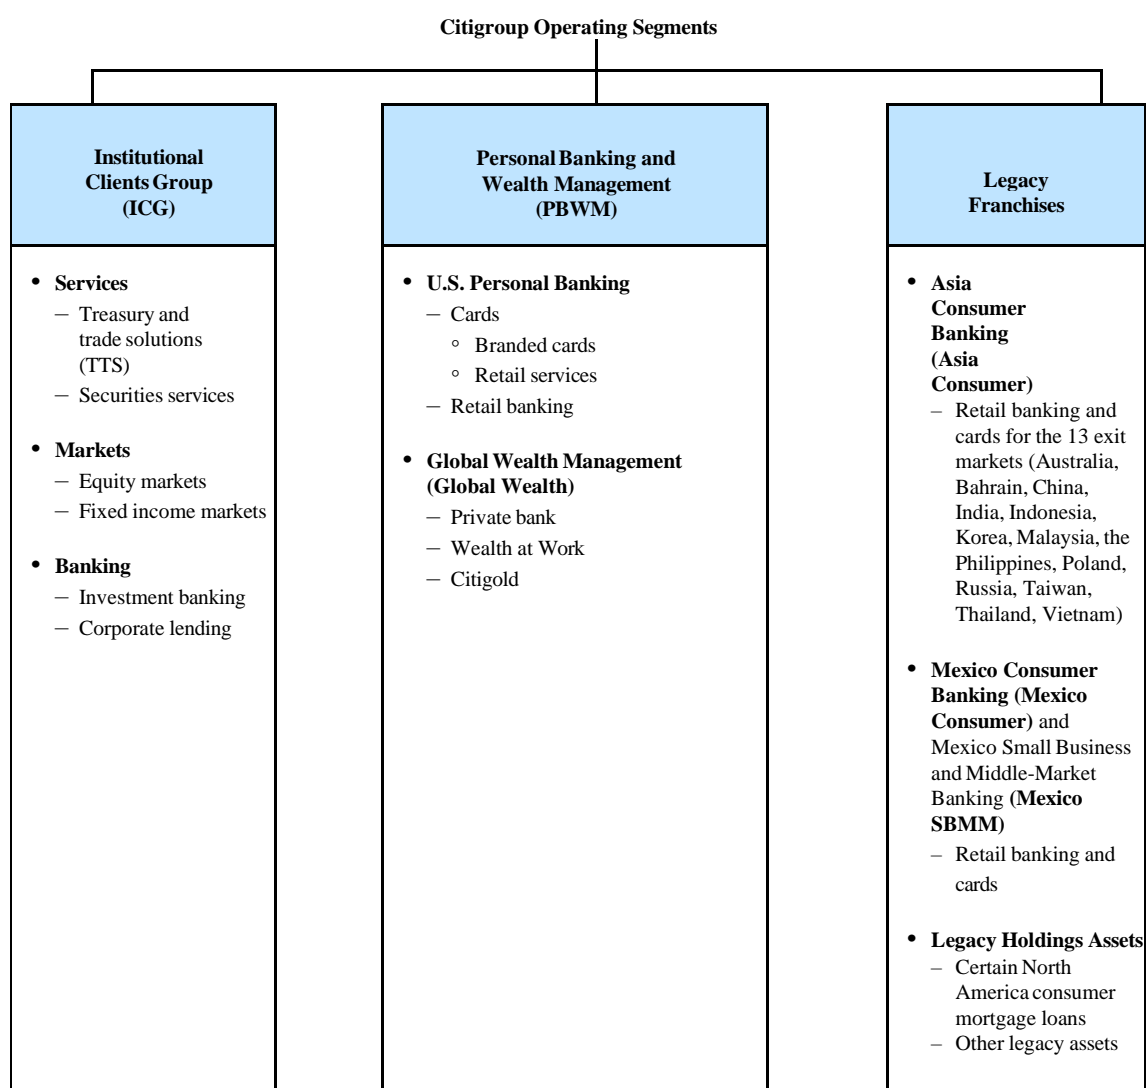

Each payment in respect of a Global Note will be made to the person shown as the Holder in the Register at the close of business (in the relevant clearing system) on the Clearing System Business Day before the due date for such payment (the "**Record Date**") where "**Clearing System Business Day**" means a day on which each clearing system for which the Global Note is being held is open for business.

EUROPEAN UNION TRANSPARENCY DIRECTIVE

The European Parliament and the Council have adopted the Transparency Directive on the harmonization of transparency requirements relating, *inter alia*, to disclosure of financial information of issuers whose securities are admitted to trading on a regulated market in the European Union, such as the "Bourse de Luxembourg," the regulated market of the Luxembourg Stock Exchange. The Transparency Directive has been implemented in Luxembourg by the Transparency Law, which principally concerns issuers whose home Member State is Luxembourg and who have securities admitted to trading on a regulated market within the European Union or the EEA. The Transparency Directive requires issuers, whose securities are admitted to trading on a regulated market in any Relevant State, to prepare their consolidated accounts in accordance with IFRS; however, the European Commission has determined that U.S. Generally Accepted Accounting Principles shall be deemed "equivalent" to IFRS (Commission Decision 2008/961/EC; Commission Regulation (EC) No. 1289/2008). If the Transparency Law (and/or any other European or national legislation) is interpreted or takes effect in a form that would require the Issuer to publish or produce its financial statements according to accounting principles other than U.S. statutory accounting principles or that would otherwise impose requirements on the Issuer that it determines in good faith are impracticable or unduly burdensome, the Issuer may elect to de-list the Notes. The Issuer will use its reasonable efforts to obtain an alternative admission to listing, trading and/or quotation for the Notes by another listing authority, exchange and/or system, as it and the relevant Dealers may decide. If such an alternative admission is not available to the Issuer, or is, in the Issuer's opinion, unduly burdensome, an alternative admission may not be obtained. Notice of any de-listing and/or alternative admission will be given as described in Condition 18 (*Notices*).

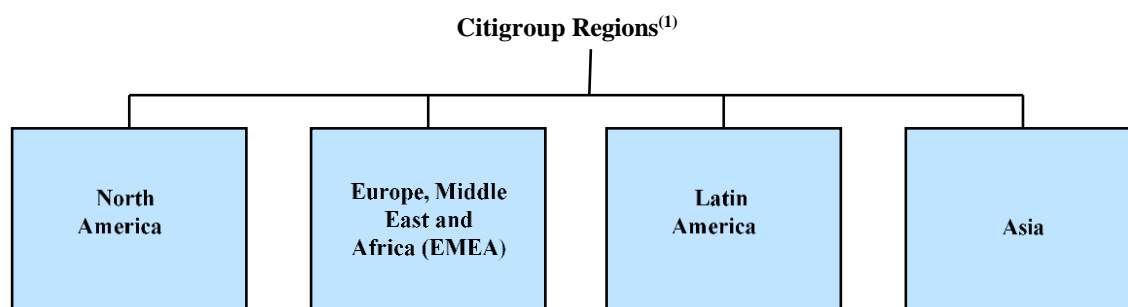

THE ISSUER

The Issuer is a global diversified financial services holding company whose businesses provide consumers, corporations, governments and institutions with a broad, yet focused, range of financial products and services, including consumer banking and credit, corporate and investment banking, securities brokerage, trade and securities services and wealth management. The Issuer has approximately 200 million customer accounts and does business in more than 160 countries and jurisdictions. The Issuer's objects and purposes are to "engage in any lawful act or activity for which corporations may be organized under the General Corporation Law of Delaware", as stated in the THIRD Article of the Issuer's Restated Certificate of Incorporation. As of the first quarter of 2022, the Issuer implemented a change in its operating segments and reporting units to reflect its recent strategic refresh (for additional information, see "Strategic Refresh-Market Exit and Planned Revision to Reporting Structure" in the Issuer's 2021 Annual Report on Form 10-K). As a result, the Issuer is managed pursuant to three operating segments: *Institutional Clients Group*, *Personal Banking and Wealth Management* and *Legacy Franchises* with the remaining operations in *Corporate/Other*.

Corporate/Other
<ul style="list-style-type: none"> • Corporate Treasury managed portfolios • Operations and technology • Global staff functions and other corporate expenses • Discontinued operations

The following are the four regions in which the Issuer operates. The regional results are fully reflected in the operating segments and *Corporate/Other* above.

⁽¹⁾ North America includes the U.S., Canada and Puerto Rico, Latin America includes Mexico and Asia includes Japan.

The Issuer's principal subsidiaries are Citibank, N.A., Citigroup Global Markets Inc. and Grupo Financiero Banamex, S.A. de C.V., each of which is a wholly owned, indirect subsidiary of the Issuer.

The Issuer is a holding company and relies on interest, dividends, distributions and other payments from its subsidiaries to fund dividends as well as to satisfy its debt and other obligations. Several of the Issuer's U.S. and non-U.S. subsidiaries are or may be subject to capital adequacy or other regulatory or contractual restrictions on their ability to provide such payments, including any local regulatory stress test requirements. The Issuer's subsidiaries may be subject to credit agreements that also may restrict their ability to pay dividends. The Issuer currently believes that none of these regulatory or contractual restrictions on the ability of its subsidiaries to pay dividends will affect the Issuer's ability to service its own debt. The Issuer must also maintain the required capital levels of a bank holding company that is a global systemically important bank. Under capital regulations, the Issuer must submit a capital plan, subjected to stress testing, to the Federal Reserve, and have its stress capital buffer determined annually, before it may pay dividends on its stock.

The Issuer is required under Title I of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 ("**Dodd-Frank Act**") and the rules promulgated by the FDIC and Federal Reserve (together, the "**Agencies**") to periodically submit a plan for the Issuer's rapid and orderly resolution under the U.S. Bankruptcy Code in the event of material financial distress or failure. The eight U.S. global systemically important banks, including the Issuer, filed their most recent resolution plans with the Agencies on 1 July 2021. The Issuer will alternate between a submitting a full resolution plan and a targeted resolution plan on a biennial cycle. For additional information on the Issuer's resolution plan submissions, see "*Managing Global Risk — Liquidity Risk — Long-Term Debt — Resolution Plan*" and "*Total Loss-Absorbing Capacity (TLAC)*" in the 2021 Report. The Issuer's preferred resolution strategy is "single point of entry" under the U.S. Bankruptcy Code.

Under the Issuer's resolution plan, only the Issuer, the parent holding company, would enter into bankruptcy, while the Issuer's material legal entities (as defined in the public section of its 2021 resolution plan, which can be found on the Agencies' websites) would remain operational and outside of any resolution or insolvency proceedings. The Issuer's resolution plan has been designed to minimize the risk of systemic impact to the U.S. and global financial systems, while maximizing the value of the bankruptcy estate for the benefit of the Issuer's creditors, including its unsecured long-term debt holders. In addition, in line with the Federal Reserve's final total loss-absorbing capacity ("**TLAC**") rule, the Issuer believes it has developed the resolution plan so that the Issuer's shareholders and unsecured creditors - including the holders of the

securities being offered by this Base Prospectus – bear any losses resulting from the Issuer's bankruptcy. Accordingly, any value realized by holders of any of the securities offered by this Base Prospectus may not be sufficient to repay the amounts owed on such securities in the event of a bankruptcy or other resolution proceeding of the Issuer. Claims of holders of the debt securities offered by this Base Prospectus and other debt securities of the Issuer would have a junior position to the claims of creditors of the Issuer's subsidiaries and to the claims of priority (as determined by statute) and secured creditors of the Issuer. Accordingly, in a resolution of the Issuer under Chapter 11 of the U.S. Bankruptcy Code, holders of the debt securities offered by this Base Prospectus and other debt securities of the Issuer would realize value only to the extent available to the Issuer as a shareholder of its subsidiaries, and only after any claims of priority and secured creditors of the Issuer have been fully repaid. If the Issuer were to enter into a resolution, none of the Issuer or the Agencies is obligated to follow the Issuer's preferred resolution strategy under its resolution plan.

For more information about the final TLAC rule and its consequences for debt securities, you should refer to the sections "*Managing Global Risk — Liquidity Risk — Long-Term Debt — Resolution Plan*" and "*Total Loss-Absorbing Capacity (TLAC)*" in the 2021 Report.

3. As previously disclosed, in response to feedback received from the Agencies, the Issuer took the following actions:

- (a) Citicorp LLC ("**Citicorp**"), an existing wholly owned subsidiary of the Issuer, was established as an intermediate holding company (an "**IHC**") for certain of the Issuer's operating material legal entities;
- (b) the Issuer executed an inter-affiliate agreement with Citicorp, the Issuer's operating material legal entities and certain other affiliated entities pursuant to which Citicorp is required to provide liquidity and capital support to the Issuer's operating material legal entities in the event the Issuer were to enter bankruptcy proceedings (the "**Citi Support Agreement**");
- (c) pursuant to the Citi Support Agreement:
 - (i) the Issuer made an initial contribution of assets, including certain high-quality liquid assets and inter-affiliate loans (the "**Contributable Assets**"), to Citicorp, and Citicorp became the business as usual funding vehicle for the Issuer's operating material legal entities;
 - (ii) the Issuer will be obligated to continue to transfer Contributable Assets to Citicorp over time, subject to certain amounts retained by the Issuer to, among other things, meet the Issuer's near-term cash needs;
 - (iii) in the event of an Issuer bankruptcy, the Issuer will be required to contribute most of its remaining assets to Citicorp; and
- (d) the obligations of both the Issuer and Citicorp under the Citi Support Agreement, as well as the Contributable Assets, are secured pursuant to a security agreement.

The Citi Support Agreement provides two mechanisms, besides Citicorp's issuing of dividends to the Issuer, pursuant to which Citicorp will be required to transfer cash to the Issuer during business as usual so that the Issuer can fund its debt service – including payments due on the securities being offered by this Base Prospectus – as well as other operating needs: (i) one or more funding notes issued by Citicorp to the Issuer; and (ii) a committed line of credit under which Citicorp may make loans to the Issuer.

In addition to the Issuer's required Title I Resolution Plan, Title II of Dodd-Frank grants the FDIC the authority, under certain circumstances, to resolve systemically important financial institutions, including the Issuer. This resolution authority is commonly referred to as the FDIC's "orderly liquidation authority." Under the FDIC's stated preferred "*single point of entry*" strategy for such resolution, the bank holding company (the Issuer) would be placed in receivership; the unsecured long-term debt and shareholders of the parent holding company would bear any losses; the FDIC would use its power to create a "bridge entity" for Citigroup; transfer the systemically important and viable parts of its business, principally the stock of Citigroup's main operating subsidiaries and any intercompany claims against such subsidiaries, to the bridge entity; and recapitalize the operating subsidiaries using assets of Citigroup that have been transferred to the bridge entity and exchange external debt claims against Citigroup for equity in the bridge entity. Under this Title II resolution strategy, the value of the stock of the bridge entity that would be redistributed to holders of the debt securities offered by use of this Base Prospectus and other debt securities of Citigroup

may not be sufficient to repay all or part of the principal amount and interest on the debt securities and those other securities. Any of the securities being offered by this Base Prospectus may be fully subordinated to interests held by the U.S. government in the event of a receivership, insolvency, liquidation or similar proceeding with respect to the Issuer, including a proceeding under the "*orderly liquidity authority*" provisions of Dodd-Frank. To date, the FDIC has not formally adopted a single point of entry resolution strategy and it is not obligated to follow such a strategy in a Title II resolution of the Issuer.

Under the regulations of the Federal Reserve, a bank holding company is expected to act as a source of financial strength for its U.S. insured depository institution subsidiaries. As a result of this regulatory policy, the Federal Reserve might require the Issuer to commit resources to its U.S. insured depository institution subsidiaries when doing so is not otherwise in the interests of the Issuer or its shareholders or creditors, reducing the amount of funds available to meet its obligations.

The Issuer has been assigned long-term unsecured senior debt ratings of "BBB+" by Standard & Poor's, "A3" by Moody's Investors Service and "A" by Fitch, and long-term unsecured subordinated debt ratings of "BBB" by Standard & Poor's, "Baa2" by Moody's Investors Service and "BBB+" by Fitch. TAXATION

The following is a general description of certain U.S. tax considerations relating to the Notes. It does not purport to be a complete analysis of all tax considerations relating to the Notes, whether in the U.S. or elsewhere. Prospective purchasers of Notes should consult their own tax advisers as to which countries' tax laws could be relevant to acquiring, holding and disposing of Notes and receiving payments of interest, principal and/or other amounts under the Notes and the consequences of such actions (including the impact on the income received from the Notes) under the tax laws of those countries (including the investor's jurisdiction and the Issuer's country of incorporation). This summary is based upon the law as in effect on the date of this Base Prospectus and is subject to any change in law that may take effect after such date.

United States Taxation

United States Tax Considerations

General

The following is a general summary of certain U.S. federal income tax consequences of the acquisition, ownership, and disposition of Notes by Non-U.S. Holders (as defined below) that acquire Notes at their original issuance and that hold the Notes as "capital assets" (generally, property held for investment) within the meaning of Section 1221 of the U.S. Internal Revenue Code of 1986, as amended (the "**Code**"). This discussion is a summary for general information only and does not purport to address all U.S. federal tax matters that may be relevant to the purchase, ownership, and disposition of any Notes to a particular Noteholder.

This summary is based on the Code, U.S. Treasury Regulations promulgated thereunder, and judicial and administrative interpretations thereof, in each case, as in effect and available on the date hereof. All of the foregoing are subject to change, which change could apply retroactively and could affect the tax consequences described below. Further, this summary does not describe any tax consequences arising out of the tax laws of any state, local or foreign jurisdiction. Prospective investors should consult their tax advisors concerning the U.S. federal, state, local and foreign tax consequences of an investment in the Notes in light of their own particular circumstances.

No opinion of counsel or United States Internal Revenue Service ("**IRS**") ruling has been or will be sought regarding any matter discussed herein, and no assurance can be given that the IRS would not assert, or that a court would not sustain, a position contrary to any of those set forth below. The United States federal income tax consequences applicable to any Tranche of the Notes will depend upon the final terms of such Notes, which may affect the consequences described below.

A "**Non-U.S. Holder**" is a beneficial owner of a Note that is not a United States Person. As used here, the term "**United States Person**" means (i) a citizen or individual resident of the United States, (ii) a corporation (or other entity treated as a corporation for United States federal income tax purposes) created or organized in or under the laws of the United States or any political sub-division thereof or therein (including the District of Columbia), (iii) an estate the income of which is subject to United States federal income taxation regardless of its source, and (iv) a trust, if (a) a court within the United States is able to exercise primary supervision over its administration and one or more United States Persons (as defined in the Code) have the authority to control all substantial decisions of the trust or (b) the trust has made a valid election under U.S. Treasury Regulations to be treated as a United States Person.

A "**U.S.-Controlled Person**" is (i) a controlled foreign corporation for United States federal income tax purposes, (ii) a foreign person 50 per cent. or more of whose gross income is effectively connected with the conduct of a trade or business within the United States for a specified three-year period, and (iii) a foreign partnership that is engaged in the conduct of a trade or business within the United States or more than 50 per cent. of the income or capital interests in which are held by United States Persons.

If a partnership holds Notes, the United States federal income tax treatment of a partner will generally depend on the status of the partner and the tax treatment of the partnership. A partner in a partnership holding the Notes should consult its tax advisor with regard to the United States federal income tax treatment of its investment in the Notes.

Taxation of Non-U.S. Holders of Notes

Subject to the discussion below under *FATCA Legislation May Impose Withholding Tax on Notes Held by or through Foreign Entities*, under current U.S. federal income tax law, payment on a Note by the Issuer or any Paying Agent to a Non-U.S. Holder should not be subject to withholding of U.S. federal income tax, **provided that**, with respect to payments of interest, (1) the Non-U.S. Holder does not actually or constructively own 10 per cent. or more of the total combined voting power of all classes of stock of the Issuer entitled to vote, (2) the Non-U.S. Holder is not (i) a controlled foreign corporation for U.S. federal income tax purposes that is related to the Issuer through stock ownership or (ii) a bank extending credit pursuant to a loan agreement entered into in the ordinary course of its trade or business, (3) such interest payments are not effectively connected with the conduct of a trade or business of the Non-U.S. Holder within the United States (and, if an applicable treaty so requires, are not attributable to a permanent establishment in the United States maintained by such Non-U.S. Holder), (4) such interest is not contingent on the Issuer's profits, revenues or changes in the value of its property and is not otherwise excluded from the definition of "portfolio interest" by Section 871(h)(4) of the Code, and (5) either (i) the Non-U.S. Holder provides a statement (generally on IRS Form W-8BEN or W-8BEN-E, as applicable) signed under penalties of perjury that certifies that it is a Non-U.S. Holder in compliance with applicable requirements and the withholding agent does not have actual knowledge or reason to know that the beneficial owner is a United States Person.

A Note should not be subject to United States federal estate tax as a result of the death of a holder who is not a citizen or resident of the United States at the time of death, **provided that** (i) such holder did not at the time of death actually or constructively own 10 per cent. or more of the combined voting power of all classes of stock of the Issuer and (ii) at the time of such holder's death, payments of interest on such Note would not have been effectively connected with the conduct by such holder of a trade or business in the United States.

Additionally, a Non-U.S. Holder of a Note should not be subject to U.S. federal income tax on gain realised on the sale, exchange, redemption, or other taxable disposition of such Note unless (1) the gain is effectively connected with the conduct of a trade or business of the Non-U.S. Holder within the United States (and, if an applicable treaty so requires, is attributable to a permanent establishment in the United States maintained by such Non-U.S. Holder), or (2) such Non-U.S. Holder is an individual who is present in the United States for 183 days or more during the taxable year and certain other requirements are met.

Non-U.S. Holders engaged in the conduct of a trade or business within the United States (and, if an applicable treaty so requires, that maintain a permanent establishment within the United States) should be subject to United States federal income tax on a net income basis in the same manner as a United States Person on any payment on a Note or any gain recognized on the sale, exchange, redemption, or other taxable disposition of a Note to the extent such payment or gain is effectively connected with such trade or business (and, if an applicable treaty so requires, is attributable to such permanent establishment). In addition, a Non-U.S. Holder that is a foreign corporation engaged in a trade or business in the United States may be subject to a branch profits tax at a rate of 30 per cent. (or lower treaty rate, if applicable) on its earnings and profits that are effectively connected with its conduct of a trade or business within the United States.

FATCA Legislation May Impose Withholding Tax on Notes Held by or through Foreign Entities

Under certain provisions of the Hiring Incentives to Restore Employment (HIRE) Act and associated Treasury Regulations and IRS guidance (such provisions, regulations, and guidance commonly known as "FATCA"), a Non-U.S. Holder of a Note will be subject to withholding of U.S. federal income tax at the rate of 30 per cent. on payments of interest, if (i) the holder is, or holds the Note through, certain foreign financial institutions (including investment funds), unless such institution enters into an agreement with the Treasury to report, on an annual basis, information with respect to interests in, and accounts maintained by, the institution to the extent such interests or accounts are held by certain United States Persons and by certain non-U.S. entities that are wholly or partially owned by United States Persons and to withhold on certain payments, or (ii) the holder is a non-financial foreign entity, unless such entity either certifies to the Issuer that such entity does not have any "substantial United States owners" or provides certain information regarding the entity's "substantial United States owners", which the Issuer will in turn provide to the IRS. An intergovernmental agreement between the United States and an applicable foreign country, or future Treasury Regulations, may modify these requirements. Under the rules described above, FATCA applies to debt securities, including the Notes. The Issuer will not be required to pay additional amounts, as

described under Condition 11 (*Taxation*), for any FATCA withholding applicable to the Notes. Holders should consult their tax advisors regarding the possible application of FATCA to the Notes.

Information Reporting and Backup Withholding

U.S. information reporting requirements and backup withholding tax generally should not apply to any payment by the Issuer or any Paying Agent on a Note owned by a Non-U.S. Holder if the certification requirements described under *Taxation of Non-U.S. Holders of Notes* above are satisfied. Payment in respect of a Note by the United States office of a custodian, nominee, or other agent of the Non-U.S. Holder of such Note may be subject to such information reporting requirements and backup withholding tax unless the Non-U.S. Holder certifies its non-U.S. status under penalties of perjury or otherwise establishes an exemption.

U.S. information reporting requirements and backup withholding tax should not apply to any payment of the proceeds of the sale of a Note effected outside the United States by a foreign office of a foreign "broker" (as defined in applicable Treasury Regulations), **provided that** such broker is neither a United States Person nor a U.S.-Controlled Person. Payment of the proceeds of the sale of a Note effected outside the United States by a foreign office of any other broker should not be subject to backup withholding tax, but may be subject to information reporting requirements unless such broker has documentary evidence in its records that the Non-U.S. Holder is not a United States Person and certain other conditions are met, or the Non-U.S. Holder otherwise establishes an exemption. Payment of the proceeds of a sale of a Note by the United States office of a broker may be subject to information reporting requirements and backup withholding tax unless the Non-U.S. Holder certifies its non-U.S. status under penalties of perjury or otherwise establishes an exemption.

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules may be refunded or credited against the holder's United States federal income tax liability, if any, **provided that** the holder timely provides the required information to the IRS.

THE U.S. FEDERAL TAX DISCUSSION SET FORTH ABOVE MAY NOT BE APPLICABLE DEPENDING UPON A HOLDER'S PARTICULAR SITUATION. HOLDERS SHOULD CONSULT THEIR TAX ADVISORS WITH RESPECT TO THE TAX CONSEQUENCES TO THEM OF AN INVESTMENT IN THE NOTES, INCLUDING THE TAX CONSEQUENCES UNDER STATE, LOCAL, FOREIGN, AND OTHER TAX LAWS AND THE POSSIBLE EFFECTS OF CHANGES IN FEDERAL OR OTHER TAX LAWS.

The Proposed Financial Transactions Tax

The European Commission has published a proposal (the "**Commission's Proposal**") for a Directive for a common financial transactions tax ("**FTT**") in Austria, Belgium, Estonia, France, Germany, Greece, Italy, Portugal, Slovakia, Slovenia and Spain (the "**participating Member States**"). However, Estonia has since stated that it will not participate.

The Commission's Proposal has very broad scope and could, if introduced in its current form, apply to certain dealings in the Notes in certain circumstances

Under the Commission's Proposal, the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

The FTT remains subject to negotiation between participating Member States and the legality of the proposal is uncertain. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate and/or certain of the participating Member States may decide to withdraw.

Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

SUBSCRIPTION AND SALE

Notes may be sold from time to time by the Issuer to Citigroup Global Markets Limited (Citigroup Centre, Canada Square, Canary Wharf, London E14 5LB, United Kingdom) and to any other Dealer appointed from time to time under the Dealer Agreement (as defined below) (the "**Dealers**") or to any other purchaser. The arrangements under which Notes may from time to time be agreed to be sold by the Issuer to, and purchased by, Dealers (or other purchasers) are set out in a Dealer Agreement dated on or about 18 March 2016 (as amended and/or restated from time to time, the "**Dealer Agreement**") and made between the Issuer and the Dealers. Such agreement will make provision for the form and terms and conditions of the relevant Notes, the price at which such Notes will be purchased by the Dealers and the commissions or other agreed deductibles (if any) payable or allowable by the Issuer in respect of such purchase. The Dealer Agreement makes provision for the resignation or termination of appointment of existing Dealers and for the appointment of additional or other Dealers either generally in respect of the Programme or in relation to a particular Tranche of Notes.

Terms used in this paragraph have the meanings given to them by Regulation S.

In addition, until 40 days after the commencement of the offering of Notes comprising any Tranche, any offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act.

Green Bonds

If specified in the relevant Final Terms, an amount equal to the net proceeds of the sale of the Notes will be allocated exclusively to finance or refinance, in whole or in part, Eligible Green Assets, which refers to loans and/or investments made by the Issuer and its affiliates ("**Citi**") for assets or projects that meet Citi's Green Bond Eligibility Criteria (as defined below) in accordance with Citi's Green Bond Framework (the "**Green Bond Framework**") (available at: <https://www.citigroup.com/citi/fixedincome/data/Citi-green-bond-framework.pdf?ieNocache=45>). Citi has developed the Green Bond Framework for the Notes issuances in order to finance projects that contribute to climate change mitigation as well as projects that promote sustainable infrastructure. The Green Bond Framework has received a "second party opinion" by an independent consultant.

Eligible Green Projects

Citi's "Green Bond Eligibility Criteria" reflect good practices for supporting the transition to a low-carbon economy through projects in one or more of the following areas:

1. renewable energy including land acquisition and leasing, purchase of renewable energy applications and technologies and associated equipment, construction work, maintenance work, equipment manufacturing and energy storage;
2. energy efficiency including warehouse facilities for residential energy efficiency loans, municipal district heating projects, commercial and residential energy efficiency projects and consumer finance companies that provide residential energy efficiency loans;

1. large-scale hydropower plants that have a generation capacity of over 15MW;
2. nuclear power plants; or
3. fossil fuel projects, including refined or alternative coal technologies, gas-to-liquid projects and natural gas projects.

Project Evaluation and Selection Process

Citi's specialist teams, including the Sustainability & ESG team, formerly known as the Corporate Sustainability team, and the Environmental and Social Risk Management ("**ESRM**") teams, are responsible for screening potential eligible assets against the Green Bond Eligibility Criteria. Once screened, Eligible Green Assets will be added to a single pool that Citi maintains (the "**Green Bond Asset Portfolio**").

Citi's selection process for the Eligible Green Assets takes into account whether the potential eligible asset meets the Green Bond Eligibility Criteria for inclusion in the Green Bond Asset Portfolio. Additionally, each Eligible Green Asset is reviewed to ensure compliance with Citi's ESRM policies. If Citi's investment in any asset in the Green Bond Asset Portfolio is terminated or if an asset no longer meets the Green Bond Eligibility Criteria, Citi's Corporate Sustainability & ESG and ESRM teams will remove the asset from the Green Bond Asset Portfolio.

Management of Proceeds

Citi's Green Bond Working Group is responsible for oversight of the Green Bond Asset Portfolio, and its responsibilities include monitoring the total aggregate amount of Green Bonds issued, including the Notes. The group meets quarterly aiming to ensure that the aggregate amount in the Green Bond Asset Portfolio is equal to or greater than the aggregate amount raised by Green Bonds. For this purpose, the aggregate size and maturity of the Green Bond Asset Portfolio is monitored quarterly.

If for any reason the aggregate amount in the Green Bond Asset Portfolio is less than the total outstanding amount of Green Bonds issued, Citi will hold the unallocated amount in cash, cash equivalents and/or other liquid marketable instruments (including U.S. Treasury securities) in Citi's liquidity portfolio until the amount can be allocated towards the Green Bond Asset Portfolio.

Reporting

Citi will include reporting on this issuance in an annual report (the "**Green Bond Report**") on its website within a year from issuance of the Notes and will renew it annually until full allocation and in case of any material changes. The Green Bond Report will detail the total amount of assets in the Green Bond Asset Portfolio and the total outstanding amount raised by Green Bond issuances, including the Notes.

Furthermore, the Green Bond Report will provide details of eligible assets within the Green Bond Asset Portfolio along with the Issuer's financial commitments to each asset; the total amount of unallocated proceeds, if any; and environmental impacts of the Green Bond Asset Portfolio to the extent it is practical to do so.

Citi will engage external independent accountants to review that the assets included in the Green Bond Asset Portfolio meet the Green Bond Eligibility Criteria and are not invested in assets as defined by the Green Exclusionary Criteria. Further, the independent accountants have been engaged to review that the aggregate amount in the Green Bond Asset Portfolio is equal to or greater than the aggregate amount raised

by Green Bonds, and to the extent the total amount of the outstanding bonds is less than the aggregate amount in the Green Bond Asset Portfolio, the difference will be held in cash, cash equivalents and/or other liquid marketable instruments (including U.S. Treasury securities) in Citi's liquidity portfolio.

Affordable Housing Bonds

If specified in the relevant Final Terms, an amount equal to the net proceeds of the sale of the Notes will be allocated exclusively to finance or refinance, in whole or in part, Affordable Housing Assets, which refers to loans and/or investments made by Citi for assets or projects that meet Citi's Affordable Housing Bond Asset Portfolio Eligibility Criteria (as defined below) in accordance with the Citi Social Bond Affordable Housing Bond Framework for Affordable Housing (the "**Affordable Housing Bond Framework**") (available at: https://www.citigroup.com/citi/fixedincome/data/affordable_housing_bond.pdf?ieNocache=648). Citi has developed the Affordable Housing Bond Framework for note issuances in order to finance the construction, rehabilitation and/or preservation of quality affordable housing for low- and moderate-income populations in the United States. The Affordable Housing Bond Framework has received a "second party opinion" by an independent consultant.

Eligible Affordable Housing Assets

Citi's "Affordable Housing Bond Asset Portfolio Eligibility Criteria" reflect good practices for financing or refinancing the affordable housing needs of individuals and families living in low- and moderate-incomes. "Low-income" is a family income that is less than 50% of the area's median family income. "Moderate-income" is a family income that is at least 50% and less than 80% of the area's median family income.

The Affordable Housing Assets may include but are not limited to affordable residences or housing units tailored to the needs of protected or vulnerable populations such as the following:

1. those experiencing homelessness: the term "homeless" refers to an individual who lacks housing (without regard to whether the individual is a member of a family), including an individual whose primary residence during the night is a supervised public or private facility that provides temporary living accommodations and an individual who is a resident in transitional housing;
2. senior citizens: a single person who is older than 55 years of age or families of two or more persons where the head of which (or his or her spouse) is older than 55 years of age;

Citi has developed a list of exclusionary criteria for the use of the proceeds from the sale of the Notes. Citi does not intend to be involved in financing any of the following projects or activities through the proceeds of this offering:

1. loans or investments for projects outside of the United States and its territories;
2. loans or investments that do not have a primary purpose of providing affordable housing for low- and moderate-income individuals or families;
3. mortgage-backed securities and other derivatives;
4. investments where the financial strength and potential for economic loss to Citi on the investment has been assessed and classified as "Substandard," "Doubtful," or "Loss";
5. any activities which are incompatible with the social mission of Citi Community Capital (a specialized unit within Citi that provides financial products for affordable housing) or which are directly or indirectly generating significant adverse social impacts; or

6. loans or investments that have matured.

Asset Selection and Evaluation Process

Citi's specialist teams, including Citi Community Capital, are responsible for screening potential eligible assets against the Affordable Housing Bond Asset Portfolio Eligibility Criteria. Once screened, Eligible Affordable Housing Assets will be added to Citi's portfolio of affordable housing assets (the "**Affordable Housing Bond Asset Portfolio**").

Citi will identify a unique Affordable Housing Bond Asset Portfolio for the "Affordable Housing Bond(s)" issued during a given reporting period. Citi's selection process for the Eligible Affordable Housing Assets takes into account whether the potential eligible asset meets the Affordable Housing Bond Asset Portfolio Eligibility Criteria for inclusion in an Affordable Housing Bond Asset Portfolio. Additionally, each of Citi's lending and investing projects in affordable housing developments is reviewed through Citi's approval processes including credit risk management approval and internal audit and compliance processes. If Citi's investment in any asset in an Affordable Housing Bond Asset Portfolio is terminated or if an asset no longer meets the eligibility criteria, the asset will be removed from an Affordable Housing Bond Asset Portfolio in the same calendar year in which the asset became ineligible.

Management of Proceeds

Citi's Affordable Housing Bond Working Group is responsible for oversight of the Affordable Housing Bond Asset Portfolio(s), and its responsibilities include monitoring the total aggregate amount of Affordable Housing Bonds issued and tracking the portfolio using an internal asset management system. The group aims to ensure that the aggregate amount in each Affordable Housing Bond Asset Portfolio is equal to or greater than the aggregate amount raised by Affordable Housing Bonds during the associated reporting period by reviewing the aggregate size and maturity of the Affordable Housing Bond Asset Portfolio(s) each quarter.

If for any reason the aggregate amount in an Affordable Housing Bond Asset Portfolio is less than the total outstanding amount of Affordable Housing Bonds issued, Citi will assign the unallocated balance to cash, cash equivalents and/or other liquid marketable instruments (including U.S. Treasury securities) until the amount can be allocated towards the Affordable Housing Bond Asset Portfolio.

Reporting

Citi will publish an Affordable Housing Bond report on its website within a year from issuance of the Notes and provide updated information should a material change occur in the Affordable Housing Bond Asset Portfolio.

External Review

Citi will engage external independent accountants to review that the assets included in the Affordable Housing Bond Asset Portfolio(s) meet the Affordable Housing Bond Asset Portfolio Eligibility Criteria and are not invested in assets as defined by the exclusionary criteria. Further, the independent accountants have been engaged to review that the aggregate amount in the Affordable Housing Bond Asset Portfolio(s) is equal to or greater than the aggregate amount raised by Affordable Housing Bonds, and to the extent the total amount of the outstanding bonds is greater than the aggregate amount in the Affordable Housing Bond Asset Portfolio(s), the difference will be held in cash, cash equivalents and/or other liquid marketable instruments (including U.S. Treasury securities) in Citi's liquidity portfolio.

Social Finance Bonds

If specified in the relevant Final Terms, an amount equal to the net proceeds of the sale of the Notes shall be allocated to finance or refinance, in whole or in part, Social Finance Assets, which refers to a portion of Citi's portfolio of assets that meet Citi's Social Finance Asset Portfolio Eligibility Criteria (as defined below) and do not meet any of the Social Finance Exclusionary Criteria (as defined below) in accordance with Citi's Social Finance Social Finance Bond Framework (the "**Social Finance Bond Framework**") (available at: <https://www.citigroup.com/citi/fixedincome/data/Citi-Social-Finance-Framework.pdf?ieNocache=346>). Citi has developed the Social Finance Bond Framework for note issuances in order to support lending to social inclusive businesses across Citi's emerging market footprint. The Social Finance Bond Framework has been developed in line with the International Capital Market

Eligible Social Finance Asset Selection and Evaluation Process

Citi's specialist Social Finance team will review assets to check they meet the Social Finance Eligibility Criteria. Once screened, Eligible Social Finance Assets will be added to the Social Finance Asset Portfolio. Citi will identify a unique Social Finance Asset Portfolio for the aggregate principal amount of the Notes issued during a given reporting period that are intended to be used for Social Finance Assets. Citi's selection process for the Eligible Social Finance Assets takes into account whether the potential eligible asset satisfies the criteria for inclusion in the Social Finance Assets Portfolio. Additionally, Citi's Social Finance Asset selection is also governed by local risk approval guidelines and credit monitoring standards. If Citi's investment in any asset in a Social Finance Asset Portfolio is terminated or if an asset no longer meets the Social Finance Asset Portfolio Eligibility Criteria or satisfies any of the Social Finance Exclusionary Criteria, Citi will remove such asset from the Social Finance Asset Portfolio and may include additional eligible assets in the Social Finance Asset Portfolio.

Management of Proceeds

Legal Entity Identifier

The Legal Entity Identifier (LEI) code of the Issuer is 6SHGI4ZSSLCXXQSBB395.

Minimum Denomination

No Notes may be issued under the Programme which have a minimum denomination of less than EUR 1,000 (or nearly equivalent in another currency). Subject thereto, Notes will be issued in such denominations as may be specified in the relevant Final Terms, subject to compliance with all applicable legal and/or regulatory and/or central bank requirements.

Conditions for Determining Price

Notes may be issued at any price. The price and amount of Notes to be issued under the Programme will be determined by the Issuer and each relevant Dealer at the time of issue in accordance with prevailing market conditions and the issue price of the relevant Notes will be set out in the applicable Final Terms. The price will normally correspond to a percentage of the nominal value of such Notes and shall be disclosed on the applicable Final Terms, which shall be available at the offices of the Issuer and the Fiscal Agent. In the case of different Tranches of a Series of Notes, the issue price may include accrued interest in respect of the period from the interest commencement date of the relevant Tranche (which may be the issue date of the first Tranche of the Series, or, if interest payment dates have already passed, the most recent interest payment date in respect of the Series) to the issue date of the relevant Tranche.

Yield

The yield of each Tranche of Notes bearing interest at a fixed rate as set out in the applicable Final Terms will be calculated as of the relevant issue date on an annual or semi-annual basis by reference to the relevant issue price. It is not an indication of future yield.

Credit Ratings

In accordance with Fitch's ratings definitions available as at the date of this Base Prospectus on <https://www.fitchratings.com/site/definitions>, a long-term rating of "A" indicates expectations of low default risk. The capacity for payment of financial commitments is considered strong. This capacity may, nevertheless, be more vulnerable to adverse business or economic conditions than is the case for higher ratings. In accordance with S&P's ratings definitions available as at the date of this Base Prospectus on https://www.standardandpoors.com/en_US/web/guest/article/-/view/sourceId/504352, a long-term rating of "BBB" indicates that the obligation exhibits adequate protection parameters. However, adverse economic conditions or changing circumstances are more likely to weaken the obligor's capacity to meet its financial commitments on the obligation. In accordance with Moody's ratings definitions available as at the date of this Base Prospectus on <https://www.moody.com/ratings-process/Ratings-Definitions/002002>, a long-term rating of (i) "A" indicates obligations that are judged to be upper-medium grade and are subject to low credit risk, and (ii) "Baa" indicates obligations that are judged to be medium-grade and subject to moderate credit risk and as such may possess certain speculative characteristics.

Validity of the Base Prospectus and the Base Prospectus supplement

For the avoidance of doubt, the Issuer shall have no obligation to supplement this Base Prospectus after the end of its 12-month validity period.

NON-CONFIDENTIALITY

No person asserts any claim of proprietary ownership or exclusive right with respect to any feature of the tax structure or the tax aspects of the transactions described herein, and Citigroup and its affiliates authorise each of the prospective investors (and each employee, representative, or other agent of any prospective investor) to disclose to any and all persons, without limitation of any kind, the tax treatment and tax structure of the transaction and all materials of any kind (including opinions and other tax analyses) that are provided to the prospective investor relating to such tax treatment and tax structure.
