Under the Euro Medium Term Note Programme (the "**Programme**") described in this Base Prospectus (as defined below), Arkéa Public Sector SCF (the "**Issuer**") *société anonyme* (public limited company) incorporated under French law duly licensed as a specialised credit institution (*établissement de crédit spécialisé*) with the status of *société de crédit foncier* (the "**SCF**") delivered by the *Autorité de contrôle prudentiel et de résolution* (the "**ACPR**") and is governed by Articles L. 513-1 *et seq.* of the *Code monétaire et financier* (the "**French Monetary and Financial Code**"), as amended from time to time, in particular as they have been amended by the relevant provisions of the decree-law (*ordonnance*) no. 2021-858 dated 30 June 2021 which transposes under French law Directive (EU) no. 2019/2162 of the European Parliament and of the Council dated 27 November 2019 on the issue of covered bonds and covered bond public supervision amending Directives 2009/65/EC and 2014/59/EU (the "**Covered Bonds Directive**"). Subject to compliance with all relevant laws, regulations and directives, the Issuer may from time to time issue French law *obligations foncières* or German law registered notes (*Namenschuldverschreibungen*), as specified in the relevant Final Terms (as defined below) (respectively, the "**French law Privileged Notes**" and the "**German law Privileged Notes**" and together, the "**Privileged Notes**"), benefiting from the statutory priority right of payment (*privilège*) created by Article L.513-11 of the French Monetary and Financial Code, as more fully described herein.

The aggregate nominal amount of all Privileged Notes outstanding under the Programme will not at any time exceed €10,000,000,000 (or its equivalent in any other currency at the date of the issue of any Privileged Notes).

This document constitutes a base prospectus (the "**Base Prospectus**") for the purpose of Article 8 of Regulation (EU) 2017/1129 of the European Parliament and of the Council of 14 June 2017 on the prospectus to be published when securities are offered to the public or admitted to trading on a regulated market, as amended (the "**Prospectus Regulation**"). This Base Prospectus has been approved by the *Commission de Surveillance du Secteur Financier* (the "**CSSF**") in its capacity as competent authority in Luxembourg under the Luxembourg act dated 16 July 2019 relating to prospectuses for securities (*loi du 16 juillet 2019 relative aux prospectus pour valeurs mobilières*) (the "**Luxembourg Law**") which implements the Prospectus Regulation.

The CSSF only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. In line with the provisions of Article 6(4) of the Luxembourg Law, the CSSF assumes no responsibility as to the economic and financial soundness of the Privileged Notes and the quality or solvency of the Issuer and such approval should not be considered as an endorsement of the quality of the securities that are the subject of this Base Prospectus. Investors should make their own assessment as to the suitability of investing in the securities. This Base Prospectus shall be valid for admission to trading of Privileged Notes on a Regulated Market and/or the offering of Privileged Notes to the public pursuant to a non-exempt offer in accordance with the Prospectus Regulation until 22 July 2023, provided that it is completed by any supplement, pursuant to Article 23 of the Prospectus Regulation, following the occurrence of a significant new factor, a material mistake or a material inaccuracy relating to the information included (or incorporated by reference) in this Base Prospectus which may affect the assessment of an investment in the Notes. The obligation to supplement this Base Prospectus in the event of a significant new factors, material mistakes or material inaccuracies does not apply when this Base Prospectus is no longer valid.

Application may be made to the Luxembourg Stock Exchange for French law Privileged Notes issued under the Programme during a period of twelve (12) months after the date of the approval of this Base Prospectus to be listed on the Official List of the Luxembourg Stock Exchange and admitted to trading on the regulated market of the Luxembourg Stock Exchange. The regulated market of the Luxembourg Stock Exchange is a regulated market for the purposes of Directive 2014/65/EU of the European Parliament and of the Council of 15 May 2014 on markets in financial instruments, as amended ("**MiFID II**"), appearing on the list of regulated markets published by the European Securities and Markets Authority on its website (each a "**Regulated Market**"). French law Privileged Notes may also be unlisted or listed or admitted to trading on any other market or stock exchange, including any other Regulated Market of any member state of the European Economic Area ("**EEA**"), and/or offered to the public in France pursuant to a non-exempt offer in accordance with the Prospectus Regulation. The relevant final terms in respect of the issue of any Privileged Notes (the "**Final Terms**") will specify whether or not French law Privileged Notes will be listed or admitted to trading on any market in any member state of the EEA (and, if so, the relevant market) and/or offered to the public in France pursuant to a non-exempt offer. The German law Privileged Notes will not be admitted to trading nor listed on any market or stock exchange and will not be offered to the public pursuant to a non-exempt offer in any jurisdiction. **The approval by the CSSF of this Base Prospectus is only applicable for French law Privileged Notes to be listed and/or admitted to trading on a Regulated Market and/or offered to the public in France pursuant to a non-exempt offer, and is not relevant, in any case, for German law Privileged Notes, as German law Privileged Notes will not be listed or admitted to trading on any market or stock exchange, nor offered to the public pursuant to a non-exempt offer.**

French law Privileged Notes may be issued either in dematerialised form ("**Dematerialised Privileged Notes**") or in materialised form ("**Materialised Privileged Notes**") as more fully described herein. Dematerialised Privileged Notes will at all times be in book-entry form in compliance with articles L.211-3 *et seq.* and R.211-1 *et seq.* of the French Monetary and Financial Code. No physical documents of title will be issued in respect of the Dematerialised Privileged Notes. Dematerialised Privileged Notes may, at the option of the Issuer, be (i) in bearer dematerialised form (*au porteur*) inscribed as from the issue date in the books of Euroclear France (acting as central depository) which shall credit the accounts of the Account Holders (as defined in section "*Terms and Conditions of the French law Privileged Notes - Form, Denomination and Title*") including Euroclear Bank SA/NV ("**Euroclear**") and the depository bank for Clearstream Banking, S.A. ("**Clearstream**"), or (ii) in registered dematerialised form (*au nominatif*) and, in such latter case, at the option of the relevant Noteholder (as defined in section "*Terms and Conditions of the French law Privileged Notes - Definitions*"), in either fully registered dematerialised form (*au nominatif pur*), in which case they will be inscribed in an account maintained by the Issuer or by a registration agent (appointed in the relevant Final Terms) acting on behalf of the Issuer, or in administered registered dematerialised form (*au nominatif administré*) in which case they will be inscribed in the accounts of an Account Holder designated by the relevant Noteholder.

Materialised Privileged Notes will be in bearer materialised form only and may only be issued outside France. A temporary global certificate in bearer form without interest coupons attached (a "**Temporary Global Certificate**") will initially be issued in relation to Materialised Privileged Notes. Such Temporary Global Certificate will subsequently be exchanged for definitive Materialised Privileged Notes with, where applicable, coupons for interest or talons attached (the "**Definitive Materialised Privileged Notes**"), on or after a date expected to be on or about the fortieth (40th) calendar day after the issue date of the French law Privileged Notes (subject to postponement as described in section "*Temporary Global Certificate in respect of Materialised Privileged Notes*") upon certification as to non-U.S. beneficial ownership as more fully described herein. Temporary Global Certificates will (a) in the case of a Tranche (as defined in section "*Terms and Conditions of the French law Privileged Notes*") intended to be cleared through Euroclear and/or Clearstream, be deposited on the issue date with a common depository for Euroclear and Clearstream, and (b) in the case of a Tranche intended to be cleared through a clearing system other than or in addition to Euroclear and/or Clearstream or delivered outside a clearing system, be deposited as agreed between the Issuer and the relevant Dealer(s) (as defined below). In the case of a Tranche which is not intended to be cleared notably through Euroclear and/or Clearstream, the French law Privileged Notes of such Tranche cannot be listed on the Official List of the Luxembourg Stock Exchange and traded on the Regulated Market of the Luxembourg Stock Exchange.

German law Privileged Notes will be issued in materialised registered and definitive form only, as more fully described in the amended and restated agency agreement dated the date thereof. German law Privileged Notes will not be deposited with a central depository and cannot be transferred or cleared via a clearing system.

Privileged Notes issued under the Programme are expected to be rated Aaa by Moody's France SAS ("**Moody's**" or the "**Rating Agency**"). As of the date of this Base Prospectus and unless otherwise specified in the relevant Final Terms, according to Moody's rating system, obligations rated "Aaa" are judged to be of the highest quality, subject to the lowest level of credit risk. Moody's appends numerical modifiers 1, 2, and 3 to each generic rating classification from "Aa" through "Caa". The modifier 1 indicates that the obligation ranks in the higher end of its generic rating category; the modifier 2 indicates a mid-range ranking; and the modifier 3 indicates a ranking in the lower end of that generic rating category. Tranches of Privileged Notes issued under the Programme may be rated or unrated. Where an issue of Privileged Notes is rated, the credit rating of the Privileged Notes will be specified in the relevant Final Terms. Such rating will not necessarily be the same as the rating assigned to other Privileged Notes issued under the Programme. As of the date of this Base Prospectus, the Rating Agency is established in the European Union, registered under Regulation (EC) no. 1060/2009 of the European Parliament and of the Council of 16 September 2009 on credit rating agencies, as amended (the "**EU CRA Regulation**") and included in the list published on the European Securities and Markets Authority's website (<http://www.esma.europa.eu/page/List-registered-and-certified-CRAs>) in accordance with the EU CRA Regulation. The Rating Agency is not established in the United Kingdom and is not registered in accordance with the EU CRA Regulation as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 (the "**EUWA**") (the "**UK CRA Regulation**"). Where an issue of Privileged Notes is rated, the relevant Final Terms will specify if the credit rating of the Privileged Notes has been endorsed by Moody's Investors Service Limited in accordance with the UK CRA Regulation and has not been withdrawn. As such, the ratings issued by the Rating Agency may, as applicable, be used for regulatory purposes in the United Kingdom in accordance with the UK CRA Regulation. A credit rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal by the assigning rating agency, at any time and without prior notice.

Subject to prior approval and supervision of the ACPR and verification by the Specific Controller that the conditions are satisfied, the Privileged Notes to be issued under the Programme as from 8 July 2022 are intended to be eligible to the "European Covered Bond (Premium)" label (*label "obligation garantie européenne de qualité supérieure"*) to be published by the ACPR. However, no representation is made or assurance given that any Note will actually be and remain eligible to the "European Covered Bond (Premium)" label until their maturity.

See section "Risk Factors" below for certain information relevant to an investment in the Privileged Notes to be issued under the Programme.

Neither the Arranger nor any of the Dealers undertake to review the financial or general condition of the Issuer during the life of the arrangements contemplated by this Base Prospectus nor to advise any investor or prospective investor in the Privileged Notes of any information that may come to the attention of any of the Dealers or the Arranger. Any websites referred to in the Base Prospectus are for information purposes only and do not form part of the Base Prospectus.

- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks;
- (vi) consult its legal advisers to determine whether and to what extent (i) Privileged Notes are legal investments for it, (ii) Privileged Notes can be used as collateral for various types of borrowing, (iii) other restrictions apply to its purchase or pledge of any Privileged Notes and financial should consult their legal advisors or the appropriate regulators to determine the appropriate treatment of Privileged Notes under any applicable risk-based capital or similar rules. Neither the Issuer, the Dealer(s) nor any of their respective affiliates has or assumes responsibility for (i) the lawfulness of the acquisition of the Privileged Notes by a prospective investor in the Privileged Notes, whether under the laws of the jurisdiction of its incorporation or the jurisdiction in which it operates (if different), or (ii) compliance by that prospective investor with any law, regulation or regulatory policy applicable to it; and

A prospective investor should not invest in Privileged Notes which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Privileged Notes will perform under changing conditions, the resulting effects on the value of such Privileged Notes and the impact this investment will have on the prospective investor's overall investment portfolio.

The tax legislation of the investors' member state and of the Issuer's country of incorporation may have an impact on the income received from the Privileged Notes.

Prospective purchasers and sellers of the Privileged Notes should be aware that they may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the jurisdiction where the Privileged Notes are transferred or other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for financial notes such as the Privileged Notes. Prospective investors are advised to ask for their own tax adviser's advice on their individual taxation with respect to the subscription, acquisition, disposal, sale and redemption of the Privileged Notes. Only these advisors are in a position to duly consider the specific situation of the prospective investor.

The credit ratings that may be assigned by one or more independent credit rating agencies to the Privileged Notes may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Privileged Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal by the assigning rating agency at any time and without prior notice.

The credit ratings address, in respect of the Rating Agency, the expected loss which the investors are exposed to in respect of the Privileged Notes.

MiFID II PRODUCT GOVERNANCE / TARGET MARKET – The Final Terms in respect of any Privileged Notes will include a legend entitled "MiFID II product governance" which will outline the target market assessment in respect of the Privileged Notes, taking into account the five (5) categories referred to in item 18 of the Guidelines published by the European Securities and Markets Authority ("ESMA") on 5 February 2018, and which channels for distribution of the Privileged Notes are appropriate. Any person subsequently offering, selling or recommending the Privileged Notes (a "distributor") should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Privileged Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID II Product Governance rules under EU Delegated Directive 2017/593 (the "MiFID II Product Governance Rules"), any Dealer subscribing for any Privileged Notes is a manufacturer as defined in MiFID II in respect of such Privileged Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID II Product Governance Rules.

UK MiFIR PRODUCT GOVERNANCE / TARGET MARKET – The Final Terms in respect of any Privileged Notes may include a legend entitled "UK MiFIR product governance" which will outline the target market assessment in respect of the Privileged Notes, taking into account the five (5) categories referred to in item 18 of the Guidelines published by ESMA on 5 February 2018 (in accordance with the FCA's policy statement entitled "Brexit our approach to EU non-legislative materials"), and which channels for distribution of the Privileged Notes are appropriate. Any person subsequently offering, selling or recommending the Privileged Notes (a "distributor") should take into consideration the target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the "UK MiFIR Product Governance Rules") is responsible for undertaking its own target market assessment in respect of the Privileged Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR Product Governance Rules, any Dealer subscribing for any Privileged Notes is a manufacturer in respect of such Privileged Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules.

PRIIPs/IMPORTANT - PROHIBITION OF SALES TO EEA RETAIL INVESTORS - If the Final Terms in respect of any Privileged Note include a legend entitled "Prohibition of sales to EEA retail investors", the Privileged Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; (ii) a customer within the meaning of Directive (EU) 2016/97 of the European Parliament and

of the Council of 20 January 2016 on insurance distribution, as amended (the "Insurance Distribution Directive"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Regulation. Consequently, no key information document required by Regulation (EU) No 1286/2014 of the European Parliament and of the Council of 26 November 2014 on key information documents for packaged retail and insurance-based investment products, as amended (the "PRIIPs Regulation") for offering or selling the Privileged Notes or otherwise making them available to any retail investor in the EEA has been prepared and therefore offering or selling the Privileged Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

PRIIPs/IMPORTANT - PROHIBITION OF SALES TO UK RETAIL INVESTORS – The Privileged Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (the "UK"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Commission Delegated Regulation (EU) 2017/565 of 25 April 2016 supplementing MiFID II as it forms part of domestic law by virtue of the EUWA; or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000, as amended (the "FSMA") and any rules or regulations made under the FSMA to implement the Insurance Distribution Directive, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 of the European Parliament and of the Council of 15 May 2014 on markets in financial instruments as it forms part of domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of the Prospectus Regulation as it forms part of domestic law by virtue of the EUWA. Consequently no key information document required by the PRIIPs Regulation as it forms part of domestic law by virtue of the EUWA (the "UK PRIIPs Regulation") for offering or selling the Privileged Notes or otherwise making them available to any retail investor in the UK has been prepared and therefore offering or selling the Privileged Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

In this Base Prospectus, unless otherwise specified or the context otherwise requires, references to "Euro", "euro", "EUR" or "€" are to the lawful currency of the member states of the European Union that have adopted the single currency in accordance with the Treaty establishing the European Community, as amended, references to "£", "GBP", "pounds sterling" and "Sterling" are to the lawful currency of the United Kingdom, references to "\$", "USD" and "U.S. Dollar" are to the lawful currency of the United States of America, references to "¥", "Yen", "yen" and "JPY" are to the lawful currency of Japan and references to "CHF" and "Swiss Francs" are to the lawful currency of the Helvetic Confederation.

Unless permitted by then current laws and regulations, Privileged Notes (including Privileged Notes denominated in Sterling) which have a maturity of less than one year and in respect of which the issue proceeds are to be accepted by the Issuer in the United Kingdom or whose issue otherwise constitutes a contravention of section 19 of the Financial Services and Markets Act 2000, as amended, must have a minimum redemption amount of £100,000 (or its equivalent in any other currency at the date of the issue of such Privileged Notes).

Rating:

Tranches of Privileged Notes issued under the Programme may be rated or unrated. Where an issue of Privileged Notes is rated, the credit ratings of the Privileged Notes will be specified in the relevant Final Terms. Such rating will not necessarily be the same as the rating assigned to other Privileged Notes issued under the Programme. Privileged Notes issued under the Programme are expected on issue to be rated Aaa by Moody's France SAS ("**Moody's**" or the "**Rating Agency**"). As of the date of this Base Prospectus and unless otherwise specified in the relevant Final Terms, according to Moody's rating system, obligations rated "Aaa" are judged to be of the highest quality, subject to the lowest level of credit risk. Obligations rated "A" are judged to be upper-medium grade with low credit risk. Moody's appends numerical modifiers 1, 2, and 3 to each generic rating classification from "Aa" through "Caa". The modifier 1 indicates that the obligation ranks in the higher end of its generic rating category; the modifier 2 indicates a mid-range ranking; and the modifier 3 indicates a ranking in the lower end of that generic rating category. As of the date of this Base Prospectus, the Rating Agency is established in the European Union, registered under Regulation (EC) no. 1060/2009 of the European Parliament and of the Council of 16 September 2009 on credit rating agencies, as amended (the "**EU CRA Regulation**") and included in the list published on the European Securities and Markets Authority's website (<http://www.esma.europa.eu/page/List-registered-and-certified-CRAs>) in accordance with the EU CRA Regulation. The Rating Agency is not established in the United Kingdom and is not registered in accordance with the EU CRA Regulation as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 (the "**UK CRA Regulation**"). Where an issue of Privileged Notes is rated, the relevant Final Terms will specify if the credit rating of the Privileged Notes has been endorsed by Moody's Investors Service Limited in accordance with the UK CRA Regulation and has not been withdrawn. As such, the ratings issued by the Rating Agency may, as applicable, be used for regulatory purposes in the United Kingdom in accordance with the UK CRA Regulation.

A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change, or withdrawal by the assigning rating agency at any time without notice.

Selling Restrictions:

There are restrictions on the offer and sale of French law Privileged Notes and the distribution of offering materials in various jurisdictions (see section

Reg. §1.163-5(c)(2)(i)(D) and any successor regulation issued under the Hiring Incentives to Restore Employment Act of 2010 (the "**Hire Act**") (the "**TEFRA D Rules**") unless (i) the relevant Final Terms state that such Materialised Privileged Notes are issued in compliance with U.S. Treas. Reg. §1.163-5(c)(2)(i)(C) and any successor regulation issued under the Hire Act (the "**TEFRA C Rules**") or (ii) such Materialised Privileged Notes are issued other than in compliance with the TEFRA D Rules or the TEFRA C Rules but in circumstances in which the Privileged Notes will not constitute "registration required obligations" under the United States Tax Equity and Fiscal Responsibility Act of 1982 ("**TEFRA**"), which circumstances will be referred to in the relevant Final Terms as a transaction to which TEFRA is not applicable.

TEFRA rules are not applicable to Dematerialised Privileged Notes which are in bearer form for U.S. tax purposes.

In addition, if the French law Privileged Notes are listed and/or admitted to trading on a Regulated Market of the EEA other than the Luxembourg Stock Exchange, the relevant Final Terms will provide whether this Base Prospectus and the relevant Final Terms will be published on the websites of (i) the relevant Regulated Market or (ii) the relevant competent authority.

RISK FACTORS

The Issuer believes that the factors described below represent the principal risks inherent in investing in the Privileged Notes issued under the Programme. The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Privileged Notes issued under the Programme. Most of these factors are contingencies which may or may not occur.

Factors which the Issuer believes are specific to the Privileged Notes and material for an informed investment decision with respect to investing in the Privileged Notes issued under the Programme are described below. In each category below the Issuer sets out the most material risks in first, taking into account the negative impact of such risks and the probability of their occurrence. Additional risks and uncertainties, not included in the risk factors below, which, on the date of this Base Prospectus, are not known by the Issuer or are considered to be not material nor specific, may have a significant impact on the Issuer, its activities, its financial condition or the Privileged Notes.

Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus (including the relevant information of any documents deemed to be incorporated by reference herein) and the Final Terms of the relevant Privileged Notes and make their own opinion about risk factors prior to making any investment decision. Investors should in particular conduct their own analysis and evaluation of the risks relating to the Issuer, its financial condition and the Privileged Notes and consult their own financial or legal advisers about risks associated with the investment in a particular Series of Privileged Notes and the suitability of investing in the Privileged Notes in light of their particular circumstances.

The Issuer considers that the Privileged Notes shall only be purchased by investors who are (or are advised by) financial institutions or other professional investors who have sufficient knowledge and experience to appropriately evaluate the risks associated with the Privileged Notes.

Words and expressions defined elsewhere in this Base Prospectus shall have the same meanings when used below.

I. RISKS RELATED TO THE ISSUER

1. Risks related to the Issuer and its operations

The Issuer has sole liability under the Privileged Notes

The Issuer is the only entity which has obligations to pay principal and interest in respect of the Privileged Notes. The Privileged Notes will not be obligations or responsibilities of any other entity, including (but not limited to) Crédit Mutuel Arkéa or any other company in the Group (as defined in section "*Description of the Issuer – Incorporation, duration and registered office*"), or the shareholders or directors or agents of any company in the Group.

The Issuer's ability to meet its obligations under the Privileged Notes will firstly mainly depend on the ability of the Borrower to meet its payment obligations towards the Issuer under the Facility Agreement.

Should the double recourse against the Borrower and against the collateral security assets or cash collateral under the Facility Agreement (see section "*Risk Factors - Borrower's ability to pay under the Facility Agreement*") prove to be insufficient to support payments under the Privileged Notes until their maturity, this may have a significant negative impact on the Issuer's ability to perform its payment obligations under the Privileged Notes and the Noteholders will have no other external remedies than to request such payments from the Issuer. As a consequence, the situation of the Noteholders may be adversely and materially affected and they could lose or a substantial part of all their investments in the Privileged Notes.

Outsourcing risk

The Issuer has entered into agreements with a number of third parties, which have agreed to perform services for the Issuer (see section "*Material contracts and relationship between Arkéa Public Sector SCF and Crédit Mutuel Arkéa*"). In the event that any other party providing services to the Issuer fails to perform its obligations under the relevant agreement(s) to which it is a party, the ability of the Issuer to make payments under the Privileged Notes may be affected. As a result, Noteholders could lose all or a substantial part of their investment in the Privileged Notes.

However, the relevant agreements provide for the ability of the Issuer under certain circumstances to terminate the appointment of any relevant third party which would be defaulting in performing their obligations under the relevant agreements.

Potential investors should also be aware that the technical administration of the Issuer has been subcontracted to Crédit Mutuel Arkéa which also manages the security of the Group's information systems.

Substitution risk

Under certain circumstances described in the agreements executed with respect to the Programme (see section "*Material contracts and relationship between Arkéa Public Sector SCF and Crédit Mutuel Arkéa*") and leading to the substitution of one (1) or more counterparties of the Issuer, a substitute entity may not be found.

In case of substitution, the transfer to a substitute entity outside the Group may result in delays, increased costs and/or losses in collection of sums due to the Issuer under its assets and could create operational and administrative difficulties for the Issuer.

Any delay or inability to appoint a substitute entity may affect the ability of the Issuer to make payments under the Privileged Notes.

Credit risk on assets

The Issuer's main business activity is to grant or acquire exposures to, or guaranteed by, public sector entities (either directly or indirectly). Therefore, the Issuer is exposed, directly or indirectly, to the credit risk of such public sector entities.

However, in order to mitigate such credit risk, the assets of the Issuer will be selected as to comply with certain eligibility criteria contained in the legal framework relating to French *sociétés de crédit foncier* and with additional contractual constraints.

Legal eligibility criteria

The assets of the Issuer must comply with the legal eligibility criteria provided for in articles L.513-4 and L.513-5 of the French Monetary and Financial Code.

Compliance with those legal eligibility criteria is controlled by the specific controller (*contrôleur spécifique*) of the Issuer who reports to the French Banking Authority (*Autorité de contrôle prudentiel et de résolution*) (See section "*Main Features of the legislation and regulations relating to sociétés de crédit foncier*").

In addition, according to articles L.513-7 and R.513-6 of the French Monetary and Financial Code, the Issuer may hold securities, values or deposits which are sufficiently secure and liquid as substitution assets (*valeurs de remplacement*). Those substitution assets may only comprise exposures on credit institutions or investment firms benefiting from the highest level of credit assessment (*meilleur échelon de qualité de crédit*) assigned by an external rating agency recognised by the French Banking Authority (*Autorité de contrôle prudentiel et de résolution*) pursuant to article L.511-44 of the French Monetary and Financial Code, or guaranteed by credit institutions or investment firms benefiting from the same credit assessment, or when the remaining maturity of such exposures on credit institutions or investment firms is less than one hundred (100) calendar days, the second highest level of credit assessment (*second meilleur échelon de qualité de crédit*) assigned by an external rating agency recognised by the French Banking Authority (*Autorité de contrôle prudentiel et de résolution*) pursuant to article L.511-44 of the French Monetary and Financial Code, or guaranteed by credit institutions or investment firms benefiting from the same credit assessment.

The total amount of such substitution assets must not exceed fifteen per cent. (15%) of the nominal amount of the Privileged Notes issued by the Issuer and other resources benefiting from the *Privilège* as described in section "*Main Features of the legislation and regulations relating to sociétés de crédit foncier*".

Cover ratio between assets and privileged debts

According to articles L.513-12 and R.513-8 of the French Monetary and Financial Code, the ratio between the total amount of assets of *sociétés de crédit foncier*, after application of the relevant weighting percentage, and the amount of liabilities benefiting from the *Privilège* must be at least one hundred and five per cent. (105%). Calculation of this cover ratio is set out in Regulation 99-10 of the *Comité de la Réglementation Bancaire et Financière* (the "**CRBF**") pursuant to which the ratio's denominator is comprised of *obligations foncières* and other resources benefiting from the *Privilège* and the ratio's numerator is made up of all the assets weighted with the percentage applicable to their respective categories. In accordance with the French current legal framework applicable to *sociétés de crédit foncier*, in the case of the Issuer, since the loans are granted to, or guaranteed by, public sector entities, they are accounted for at their accounting value (one hundred per cent. (100%) weighting).

The specific controller (*contrôleur spécifique*) (see section "*Description of the Issuer*") has access to information that allows confirmation of compliance with the cover ratio in respect of any issue benefiting from the *Privilège* which amount is greater than or equal to five hundred million euros (€500,000,000). This cover ratio is published four times a year and checked on a quarterly basis by the specific controller (*contrôleur spécifique*).

Credit risk on assets is also overseen by the risk direction of Crédit Mutuel Arkéa.

Additional contractual constraints

The agreements relating to the Programme provide for additional contractual eligibility criteria for the assets of the Issuer. In accordance with those criteria, the vast majority of these assets comes from the commercial financing activities of the Group's entities.

In addition, Crédit Mutuel Arkéa and the Issuer have entered into agreements in order to ensure, by providing to the Issuer liquidity support or transferring to the Issuer additional eligible assets or otherwise, that the Issuer will, at all times, maintain an overcollateralisation ratio (also referred to as the asset cover ratio), calculated in accordance with a contractual valuation methodology, between its eligible assets and its Privileged Notes equal to or greater than one hundred and five per cent. (105%) (See section "*Description of the Issuer – Business Overview – OC Test*").

Failure to maintain such compliance with the maximal amount of substitution assets, the regulatory cover ratio or the contractual asset cover ratio may result in the Issuer having insufficient funds to meet its payment obligations under the Notes.

Credit risk on bank counterparties

For the Issuer, bank counterparty risk is that of counterparties in:

- (i) administrating the Issuer's bank accounts;
- (ii) paying any sums due under the Facility Agreement (see section "*Description of the Issuer – Business Overview*");
- (iii) providing cash collateral in accordance with a cash collateral agreement concluded with Crédit Mutuel Arkéa (see section "*Material contracts and relationship between Arkéa Public Sector SCF and Crédit Mutuel Arkéa – Other Agreements*"); and
- (iv) hedging operations it may enter into (if any).

The ability of the Issuer to make any principal and interest payments in respect of the Privileged Notes will mainly depend on the ability of Crédit Mutuel Arkéa, in its capacity as Cash Collateral Provider, administrator of the Issuer's bank accounts and hedging counterparty (if any) to perform its payment obligations towards the Issuer under the agreements relating to the Programme and the value of the Collateral Security will depend on the ability of the Collateral Providers to transfer additional Public Sector Receivables as Collateral Security under the Collateral Security Agreement up to the required amount to meet with the OC Test. As of the date of this Base Prospectus, Moody's France SAS ("**Moody's**") has assigned an issuer rating of Aa3/stable outlook/P-1 to Crédit Mutuel Arkéa and Fitch Ratings Ireland Limited ("**Fitch**") has assigned an issuer rating of A-/stable outlook/F2 to Crédit Mutuel Arkéa.

According to Moody's rating system, obligations rated "Aa3" are judged to be of high quality and are subject to very low credit risk and ratings of "Prime-1" reflect a superior ability to repay short-term obligations. Moody's appends numerical modifiers 1, 2, and 3 to each generic rating classification from "Aa" through "Caa". The modifier 1 indicates that the obligation ranks in the higher end of its generic rating category; the modifier 2 indicates a mid-range ranking; and the modifier 3 indicates a ranking in the lower end of that generic rating category.

According to Fitch's rating system, "A" ratings denote expectations of a low level of default risk relative to other issuers or obligations in the same country or monetary union and "F1" indicates the strongest capacity for timely payment of financial commitments relative to other issuers or obligations in the same country. Under the agency's National Rating scale, this rating is assigned to the lowest default risk relative to others in the same country or monetary union. Where the liquidity profile is particularly strong, a "+" is added to the assigned rating.

The legal framework relating to French *sociétés de crédit foncier* (for further description, see section "*Main features of the legislation and regulations relating to sociétés de crédit foncier*") and the agreements relating to the Programme provide for mitigants or for substitution and/or constitution of cash collateral upon certain triggers (most notably, the OC Test and several triggers based upon long or short term ratings of Crédit Mutuel Arkéa, as further described under the paragraph "The Cash Collateral Agreement" in the section entitled "Material contracts and relationship between Arkéa Public Sector SCF and Crédit Mutuel Arkéa"). Delay or inability to implement those mitigants may affect the ability of the Issuer to make payments under the Privileged Notes up to the required amount and/or on the relevant due date.

In addition, if those mitigants prove to be insufficient, failure of any such party to make a payment or a transfer as expected and when due may materially affect the ability of the Issuer to make principal and interest payments in respect of the Privileged Notes.

Interest and currency risks

As described in section "*Description of the Issuer – Business Overview*", each advance granted by the Issuer to the benefit of the Borrower under the Facility Agreement shall be made available in the same Specified Currency and according to the same interest conditions to those applicable to the Privileged Notes funding such advance. As a consequence, as long as an event of default under the Facility Agreement has not occurred, the Issuer is not exposed to any currency and interest risk regarding the advances and the Privileged Notes. As of 31 December 2021, the advances granted by the Issuer to the benefit of the Borrower under the Facility Agreement amount to 1,337,000,000.00 euros.

Upon the occurrence of an event of default under the Facility Agreement and the enforcement of the Collateral Security, a significant part of the Issuer's available funds will arise from the Collateral Security. The assets being part of the Collateral Security may not bear interest at the same conditions as the Privileged Notes or may not be denominated in the same currency as the Privileged Notes and, as a result, the Issuer may be exposed to interest and/or currency risk regarding the advances and the Privileged Notes.

In order to mitigate the potential mismatch of the interest rates applicable to the Privileged Notes and to the Collateral Security and the potential mismatch of currencies of denomination of the Privileged Notes and the Collateral Security, the Issuer is entitled to provide additional over-collateralisation and/or provide any other mechanism(s) such as the implementation of a hedging strategy, cash reserve, additional selection rules for the eligible assets or any other mechanism(s) which will comply with the legal requirements applicable to *sociétés de crédit foncier*. However, there is no commitment by the Issuer to provide additional over-collateralisation and/or provide any other mechanism(s) as describe above and if such mechanism(s) were implemented, they may not be maintained or may not adequately cover any interest rate and/or currency risk to which the Issuer might be exposed.

Pursuant to Article 12 of Regulation no. 99-10 of 9 July 1999 of the *Comité de la réglementation bancaire et financière* relating to the *sociétés de crédit foncier* and to the *sociétés de financement de l'habitat* as amended on 26 June 2001, 15 July 2002, 7 May 2007, 23 February 2011, 26 May 2014 and 3 November 2014 (the "**CRBF Regulation**"), the Issuer shall implement a system for measuring overall interest rate risks under the conditions set forth in Articles 134 to 139 of the *Arrêté* dated 3 November 2014 with respect to the internal control of banking sector companies, payment services and investment services providers subject to ACPR supervision. The level of rate and maturity matching between the assets and the liabilities of the Issuer shall be monitored by the specific controller (*contrôleur spécifique*).

Liquidity risk

The maturity and amortisation profile of the assets transferred as Collateral Security will not match the repayment profile and maturities of the Privileged Notes. Therefore, upon the occurrence of an event of default under the Facility Agreement and the enforcement of the Collateral Security, such mismatch creates a potential need for liquidity at the level of the Issuer. As of 31 December 2021, no such mismatch had occurred.

Pursuant to Articles L.513-8 and R.513-7 of the French Monetary and Financial Code, the Issuer must, at all time, cover its treasury needs over a period of one hundred and eighty (180) days. As of 31 December 2021, the Issuer had to maintain a minimum of 0 euro to cover its treasury needs.

To anticipate and address the above mentioned liquidity risk and in order to comply with the liquidity ratio of Article R.513-7 of the French Monetary and Financial Code, the Issuer will benefit from an undertaking from Crédit Mutuel Arkéa to fund certain amounts as cash collateral (*gage espèces*) so as to secure as they become due and payable the payments of all and any amounts owed by the Borrower under the Facility Agreement (see section "*Material contracts and relationship between Arkéa Public Sector SCF and Crédit Mutuel Arkéa – Other Agreements*").

On the date on which Crédit Mutuel Arkéa's short-term, unsecured, unsubordinated and unguaranteed debt obligation falling below such minimum rating complying with the Rating Agency's public methodologies and criteria in order to maintain the rating of the Privileged Notes (a "**Pre-Maturity Rating Event**") and on a regular basis throughout the period starting from such date and ending on the date on which the Pre-Maturity Rating Event ceases to be continuing, Crédit Mutuel Arkéa has undertaken (x) to transfer certain amounts to the Issuer on such date by crediting such cash collateral account as designated by the Issuer and (y) to maintain, on a rolling basis until such Pre-Maturity Rating Event has ceased to occur, a minimum reserve amount in such cash collateral account, as security for its payment obligations under the Facility Agreement.

Commingling risk

The Collateral Providers have been appointed by the Issuer to carry out the administration and recovery of the assets transferred as Collateral Security. In the event that insolvency proceedings are opened against any Collateral Provider, a statutory stay of proceedings under French insolvency law will prevent the Issuer from having recourse against such Collateral Provider for the repayment of collections under those assets transferred as Collateral Security which are commingled with other funds of such Collateral Provider.

To address such commingling risk, the Issuer will benefit from a guarantee from Crédit Mutuel Arkéa and an undertaking from Crédit Mutuel Arkéa to transfer to the Issuer, by crediting such account as designated by the Issuer, certain amounts on each relevant collection payment date following Crédit Mutuel Arkéa's short-term, unsecured, unsubordinated and unguaranteed debt obligation falling below such minimum ratings, complying with the Rating Agency's public methodologies and criteria in order to maintain the rating of the Privileged Notes. As of 31 December 2021, the balance of such account amounted to 1,670,913,713.07 euros.

2. Risks related to the Borrower

Borrower's ability to pay under the Facility Agreement

Neither the Issuer, the Borrower nor any other party to the agreements relating to the Programme (other than upon certain circumstances, the Cash Collateral Provider and without prejudice to the Collateral Security granted by the Collateral Providers) guarantees or warrants the full and timely payment by the Borrower of any sums of principal or interest payable under any advance made available pursuant to the Facility Agreement, being part of the Issuer assets.

As of 31 December 2021, the advances granted by the Issuer to the benefit of the Borrower under the Facility Agreement amount to 1,337,000,000.00 euros.

Should the Borrower be subject to any applicable insolvency proceedings (including, the procedures of safeguard, moratorium, suspension of payments, controlled management, liquidation or similar insolvency proceedings), this would impair the ability of the Issuer to claim against the Borrower to obtain timely payment of amounts of principal and interest due and payable under any advance made available pursuant to the Facility Agreement and, as a consequence, this may have a significant negative impact on the Issuer's ability to perform its payment obligations under the Notes.

However in such event of insolvency proceedings of the Borrower, the Issuer would be entitled to accelerate the payment of such amounts and then immediately enforce the Collateral Security or the Cash Collateral (including upon and following the commencement of insolvency proceedings against the Cash Collateral Provider and/or the Collateral Providers).

Credit rating of the Privileged Notes may be affected by various factors

Notes issued under the Programme are expected to be rated Aaa by Moody's. The credit rating of the Notes will be specified in the relevant Final Terms.

In the rating agencies' methodologies, the credit rating of a covered bond program is linked to the credit rating attributed to the issuer's parent. The rating criteria for the Issuer include both the financial health of its parent, the Borrower, as well as the strength of the support which is granted by the entities of the Group as Collateral Providers by way of the Collateral Security and various other structural features such as any Cash Collateral that aim to achieve a de-linkage between the rating of the Borrower and the rating of the Privileged Notes. Nevertheless, if the Collateral Security and the other support granted to the Issuer prove insufficient or fail to be granted to the Issuer in accordance with the agreements relating to the Programme, decreases in the credit rating of the Borrower may cause a decrease in the credit rating of the Privileged Notes. Furthermore, failure to meet any overcollateralisation requirement required by the Rating Agency may result not only in the occurrence of an Event of Default but also in a downgrade of the rating assigned to the Privileged Notes.

If the credit rating of the Privileged Notes were reduced due to these factors, such downgrade may adversely affect the value of the outstanding Privileged Notes and/or the ability of the Noteholders to sell the Privileged Notes, increase the Issuer's cost of borrowing and adversely affect the Issuer's ability to issue new Privileged Notes. As a result, investors could lose all or a substantial part of all their investments in the Notes.

3. Risks related to the disaffiliation of Arkéa's group from Crédit Mutuel

Change in the organization of the main players involved in the public stock ownership offering

A cooperative banking group independent from Crédit Mutuel

The Borrower's Board of Directors (*conseil d'administration*), held on 17 January 2018, mandated its managers to take any action that would enable the Borrower to become a cooperative banking group independent from Crédit Mutuel, in order to pursue its original development strategy based on three strengths: its territorial anchoring, its culture of innovation and its intermediate size.

The directors of the local banks and federations of CM de Bretagne, CM du Sud-Ouest and CM du Massif Central (each, a "**Federation**" and, together, the "**Federations**") were invited to vote during the first half of 2018 in an orientation vote. At the end of the consultation process initiated by the local banks of the Group and the holding of the Federations' Boards of Directors, the Group has officialized the results of the votes of the 307 local banks that were cast. 94.5% of these local banks voted in favour of the proposed independence of the Group, which will thus become a cooperative and territorial group, independent from the rest of Crédit Mutuel. This vote acknowledges the Group's desire to withdraw from the Crédit Mutuel group and makes it possible to initiate the project aimed at defining the terms and conditions of its disaffiliation in the context of the general decision (the "**DCG**") No 1-2019 (the "**DCG I**"), relating to the disaffiliation of the Crédit Mutuel branches at their request.

This project aims to preserve the fundamental characteristics of the cooperative model and the *raison d'être* of the Group. It is also a development driver and will enable the Group to continue to serve its members, customers and partners.

The operational implementation of disaffiliation

The Group has begun the operational implementation of its disaffiliation. The Board of Directors (*conseil d'administration*) of the Borrower, held on 29 June 2018, approved the target organisation plan for the future independent group and called on the local banks to give their opinion on the implementation of this plan. Work to define the detailed technical details of the project has been under way for several months and discussions are underway with the supervisory authorities.

The disaffiliation operations will then be initiated in conjunction with the Confédération Nationale du Crédit Mutuel (the "**CNCM**"), within the limits of the powers attributed to it by law.

On 18 February 2019, CNCM's Board of Directors (*conseil d'administration*) recognised the possibility of leaving the Crédit Mutuel group by adopting the DCG I. In this context, the Group wishes to withdraw from the Crédit Mutuel group.

In accordance with the DCG I, the main stages of disaffiliation are as follows:

- (i) the Boards of Directors of the local banks of the Group wishing to disaffiliate from the Crédit Mutuel group will have to adopt a notification file of the planned disaffiliation. The Boards of Directors of the local banks will be consulted following the conclusion of ongoing discussions with the ECB and the ACPR on the basis of a consultation file;
- (ii) each Federation must then notify the CNCM of the planned disaffiliation of each local banks;
- (iii) once authorised by the CNCM Board of Directors (*conseil d'administration*) within two months of receiving the proposed disaffiliation, each Federation may organise a consultation of the members of each local banks meeting in an extraordinary general meeting. The disaffiliation project must be adopted by a two-thirds (2/3rd) majority of the members present or represented; and
- (iv) in the event of approval of the proposed disaffiliation by the members, the CNCM Board of Directors (*conseil d'administration*) shall rule on the request for disaffiliation within two months of receipt of the complete file transmitted by the federations. In particular, a memorandum of understanding between the outgoing local banks and the CNCM setting out the commitments of the mutuals and the practical procedures for their disaffiliation must be concluded.

On 9 October 2020, at the meeting of the Board of Directors, the executive management gave a progress report on the project of independence of the cooperative and territorial banking group. Discussions with the supervisory authorities, which had been underway for several months on the terms and conditions of the separation, were temporarily suspended due to the health crisis. This work has been suspended ever since. Following the appointment of Julien Carmona as chairman of Crédit Mutuel Arkéa, Crédit Mutuel Arkéa reaffirmed its desire for independence in order to preserve its complete autonomy from Crédit Mutuel as a whole. The mandate given to executives to take any action enabling Crédit Mutuel Arkéa to become a cooperative banking group

independent from the rest of Crédit Mutuel was renewed by the Board of Directors on 2 July 2021. Actions will soon be taken to determine, as far as possible, a reasonable implementation schedule, in the context of the health crisis generating calendar uncertainties.

The Group's target scheme

Under the draft target scheme, the Group will be formed around Arkéa (currently Crédit Mutuel Arkéa), a cooperative limited company with variable capital and a union of cooperatives, which will remain individually licensed as a cooperative bank.

Arkéa will in particular be governed by Act 47-1775 of 10 September 1947 on the status of cooperation (the "**1947 Act**") and Article L. 512-1 of the French Monetary and Financial Code.

The local banks would take the form of Local Cooperatives (the "**LCs**") and would no longer be credit institutions. The local banks will retain their status as cooperative companies with variable capital, and will continue to constitute among themselves the union of Arkéa cooperatives, pursuant to the 1947 Law. The purpose of the new LCs will be refocused on their primary *raison d'être*: to develop membership and facilitate access to banking, financial and insurance services. They will be in charge of supporting and promoting membership as part of their regional outreach.

To this end, all the regulated financial activities of the local banks will be transferred to Arkéa, which will accordingly open local branches within the LCs. In addition, as part of this new organization, all banking and investment services will then be carried out by Arkéa's local branch, which will be opened on the same premises as those of LC.

Each LC will also be able to advise its local Arkéa branch to provide banking, financial and insurance services tailored to its members.

In accordance with the 1947 Law, each member will continue to participate in the social life of the LC according to the principle of "one person, one vote" and to stand as a candidate for the election of the members of the Board of Directors (*conseil d'administration*) of his LC. LCs will continue to hold the A shares issued by Arkéa. In other words, Arkéa's governance will be based on the involvement and participation of each LC playing its role as shareholder.

In addition, a cooperation pact between all LCs and Arkéa will be concluded for a period of 99 years with a view to implementing solidarity, mutual aid and support mechanisms to help LCs fulfil their primary mission, i.e. to promote access to banking, financial and insurance services for all.

Regional federations will ensure the smooth running and good governance of the LCs.

A share issuance scheme is currently under discussion with the ACPR and the ECB. In this respect, it is specified that the work in progress favours a scheme in which Arkéa's shares would be issued by Arkéa itself. In any event, the proposed plan will be submitted to the authorities beforehand.

Risks relating to the complexity of the context and risks related to the disaffiliation of the Group from the Crédit Mutuel group

The Borrower considers that the factors described below could affect the implementation of the disaffiliation of the Group from the Crédit Mutuel group. They are linked to events that may or may not occur. Their probability of occurrence and their extent in the event of occurrence are assessed by the Borrower for each risk factor.

The disaffiliation project as envisaged by the Borrower is unprecedented and complex to carry out. Investors' attention is drawn to the complexity of the situation linked to the plan to disaffiliate the Group from the Crédit Mutuel group and to the uncertainties and risks involved. This complexity relates in particular, but not exclusively, to the accounting and prudential consolidation mechanisms which will have to be implemented and which are intended to determine the scope of supervision of the Group by the supervisory authorities once it is no longer part of the Crédit Mutuel.

Because of its novel and complex nature, the disaffiliation project presupposes, for its implementation, that conditions are met, in particular with regard to the various stages described in the paragraph on the operational implementation of disaffiliation.

Prior to any investment decision, potential investors should conduct an in-depth analysis of the disaffiliation project, of the Group's target organizational structure as described above and of the related uncertainties and risks, as described below. In particular, investors should carefully review all the information included in this Base Prospectus and, in particular, when making their investment decision, should consider the risk factors related to the change in the organization of the main players in the shares and the risks related to the disaffiliation of the Group from the Crédit Mutuel listed in this Base Prospectus.

The implementation of the Group's disaffiliation will not alter its nature as a cooperative and territorial group. However, its disaffiliation from the Crédit Mutuel group has consequences which may be difficult for the investor to grasp but which must be understood and analysed before taking any investment decision. Because of its unprecedented nature, the Borrower cannot guarantee that the project will be carried through to completion, that it will not have to be subject to major changes compared with what was initially planned or that new difficulties will not emerge during its implementation.

Risks related to local banks

- Uncertainties regarding the shares issued by the local banks before the Group's disaffiliation from the Crédit Mutuel group

The analysis carried out by the Borrower of the implementation of the disaffiliation of the Group from the Crédit Mutuel has confirmed that, in the planned target scheme, the A, B and C shares issued by the local banks to date will not be affected.

Indeed, the cases of early redemption based on a legal basis applicable to A, B and C shares result from (i) the 1947 Law and (ii) EU Regulation (EU) 575/2013 of the European Parliament and of the Council of 26 June 2013, as amended in view of the capital quality of the shares. These texts do not include any case of early redemption relating to the loss of the local banks banking license or change of purpose as long as the cooperative status remains.

Similarly, the contractual terms and conditions of the A, B and C shares do not include any case of early redemption relating to the loss of the local banks approval.

The risk is therefore low, in the planned target scheme, that the shares issued by the local banks before the Group's disaffiliation from the Crédit Mutuel will be affected.

- Uncertainties regarding the implementation of a new share issue scheme after the disaffiliation of the Group from the Crédit Mutuel

The disaffiliation of the local banks from Crédit Mutuel will entail the loss of the benefit of the collective banking licence granted under the conditions of Article R.511-3 of the French Monetary and Financial Code, which will have an impact on their ability to issue, in the future, B shares by way of a public offer.

To date, these B shares are a key source of financing for the Borrower. A share issue plan is currently being discussed with the ACPR and the ECB. In this respect, it is specified that the work in progress favours a scheme in which Arkéa's shares would be issued by Arkéa itself. In any event, the proposed plan will be submitted to the authorities beforehand.

It is therefore possible that the Group will not obtain the agreement of the authorities, which could prevent the disaffiliation project from being carried out in accordance with the planned target scheme.

- Risks related to the fate of the local banks that voted against the disaffiliation project

In the context of the DCG, the operational implementation of the disaffiliation of the Group remains subject to the approval and vote of the Boards of Directors of the local banks, as the disaffiliation of the Borrower (the Group's inter-federal bank) does not automatically result in the disaffiliation of the local banks that are shareholders of the Group.

The local banks that vote against the disaffiliation from the Crédit Mutuel, or do not wish to participate in the vote, may not be part of this new organisation.

Even if 94.5 % of the local banks that voted in 2018 did so in favour of independence, these results do not in any way prejudice the results of the future vote of the local banks on the operational implementation of this disaffiliation from the Crédit Mutuel group.

Each local bank will be called upon to decide on the implementation phase of the disaffiliation of the Group in order to approve the disaffiliation project, the terms and conditions of disaffiliation and the filing of a disaffiliation request by the Federation concerned, in accordance with the DCG.

Local banks that choose to vote against disaffiliation may join another federal or inter-federal fund in order to benefit from a new collective agreement. This new affiliation will not constitute a case of early redemption of the A, B and C shares held by the members. These local banks will be reimbursed for the A shares they hold in the share capital of the Borrower

It is possible that some local banks may ultimately choose to vote against the disaffiliation from the Crédit Mutuel. However, the financial consequences for the Group will depend on the number and characteristics

(shares, reserves, loans, deposits) of the local banks that choose to vote against the disaffiliation. On the basis of the orientation vote in April 2018, the impact of this exit on the Group would be low.

- Risks related to the final vote of the members

The local banks that vote for the disaffiliation of the Crédit Mutuel group will have to convene their extraordinary general meeting in order to adopt the disaffiliation project in accordance with the DCG and to approve the amendment of their articles of association relating thereto.

The vote of the members, which, in accordance with Article 2.3 of the DCG, may not take place less than two months after the CNCM's authorization to convene the extraordinary general meeting of the local banks concerned, shall relate to the express approval of the disaffiliation project, the terms of disaffiliation appearing in the notification file previously approved by the Boards of Directors of these local banks and its consequences, particularly financial, for these local banks and their members, in accordance with Appendix 2 of the DCG.

In accordance with Appendix 2 of the DCG, a presentation document summarising the main points of the notification file and the amendments to the Articles of Association shall be notified to the members at least fifteen (15) days before each extraordinary general meeting is held. The members will thus be able to decide on the basis of clear, precise and exhaustive information on the proposed disaffiliation and its consequences for their local banks, its members, its customers, its creditors, its employees and the entire Crédit Mutuel group, in accordance with the DCG.

The extraordinary general meeting of each local banks fund concerned must decide in favour of the request for disaffiliation by a two-thirds (2/3rd) majority of the members present or represented, in accordance with Article 2.4 of the DCG.

In the event of disapproval by an extraordinary general meeting, the Federation concerned may not transmit a new request for disaffiliation from the local banks concerned before a period of three (3) years, in accordance with Article 2.3 of the DCG.

The results of the orientation vote on the Group's proposed independence in no way prejudices the results of the future vote of the local banks on the operational implementation of this disaffiliation from the Crédit Mutuel.

It is possible that the extraordinary general meetings of some local banks may not adopt the disaffiliation project and may not approve the amendment of their Articles of Association relating thereto. However, the financial consequences for the Group will depend on the number and characteristics (shares, reserves, loans, deposits) of the local banks that choose to vote against the proposed disaffiliation and the amendment of their articles of association. On the basis of the orientation vote in April 2018, the impact of this exit on the Group would be low.

Risks related to the Group

Following the disaffiliation of the Group from the Crédit Mutuel, of which CNCM is the central body, Arkéa (currently Crédit Mutuel Arkéa) will still be authorised as a cooperative bank and supervised directly by the ACPR and the ECB.

- Risks related to the approval of the supervisory authorities

In accordance with the provisions of the French Monetary and Financial Code, in conjunction with the disaffiliation of the Borrower from the Crédit Mutuel, CNCM, as the central body, must notify ACPR of the disaffiliation of the Borrower.

The ACPR and the ECB will have to review the banking licence of the Borrower and the local banks attached to it.

At this stage, detailed and documented work is underway with these authorities to obtain their agreement. Their agreement may not be obtained or the timing and modalities of obtaining their agreement cannot be anticipated. The change in the Borrower's corporate name will require the prior approval of these authorities.

It is therefore possible that the Group will not obtain the agreement of the ACPR and the ECB, which could prevent the disaffiliation project from going ahead as planned.

- Risks related to prudential calculations

In addition, the disaffiliation of the Group from the Crédit Mutuel could lead to a change in the internal model for calculating weighted risks leading to an increase in capital requirements, or even a switch to a standard model.

At 31 December 2021, credit risk was determined for €128 billion of net risk exposures, including:

- (i) €82 billion of risk exposures are assessed using an internal rating approach; and

(ii) €46 billion of risk exposures are already assessed using a standard approach.

As a result, the disaffiliation of the Crédit Mutuel group could lead to a review of the weighted risk assessment method for the €82 billion of credit risk exposures currently assessed using an internal rating approach, without calling into question the financial strength of the Group.

- Risks related to the operational procedures for disaffiliation set by the DCG

The DCG stipulates that the notification file must mention "the commitments proposed by the bank to compensate all past and future costs borne by the Crédit Mutuel group entities as a result of the planned disaffiliation". In addition, the application file for disaffiliation which will be sent to CNCM by the Federations after the vote of the members of the local banks concerned who are affiliated to them must include the draft memorandum of understanding setting out the commitments of these local banks and the practical arrangements for disaffiliation.

Within this framework, the local banks will make a financial proposal to the CNCM Board of Directors (*conseil d'administration*) based on objective and legally founded elements.

Lastly, the DCG provides that the Board of Directors (*conseil d'administration*) of the CNCM must adopt the final terms of disaffiliation, 'taking into account, in particular, the effective date of disaffiliation of the fund concerned, the amount of the indemnity to be paid to the Caisse Centrale de Crédit Mutuel and the memorandum of understanding setting out the commitments of the local bank and the practical arrangements for disaffiliation'. The DCG does not specify either the methods of calculation of this compensation or its amount, which may in fine be significant, which the Borrower could then contest.

Furthermore, in accordance with Article 2.4 of the DCG, in the event of a change in the legal or factual circumstances between the authorization given to the Federations to organize the vote of the members and the vote of approval of each extraordinary general meeting, or after the latter vote, the CNCM Board of Directors (*conseil d'administration*) may ask the local banks and federations concerned for any useful additional information in order to "assess at short notice whether the essential conditions for disaffiliation are still met and the consequences of such a change for the Crédit Mutuel group in the event of disaffiliation" and "decide whether to follow up on the request for disaffiliation".

It is therefore possible that the Borrower does not agree with CNCM on the practical arrangements for disaffiliation set by DCG, which could prevent the disaffiliation project from being carried out.

- Risks related to the commercial stakes of disaffiliation

The disaffiliation of the Group from the Crédit Mutuel has a number of consequences, in particular the commercial stakes involved in the adoption by the Borrower of a name and trademarks that do not use the terms 'Crédit Mutuel'.

Furthermore, the possibility of opening up a large number of local banks in the territory of the Brittany and South-Western France Federations could increase competition with the Group in these two territories.

In any event, competition in the banking sector in France is strong. The Group considers that the intensification of competition in the context of its disaffiliation project will not affect its development capacities.

The preparatory work leading to the adoption of a new brand is being completed in order to initiate a new commercial and industrial dynamic.

In addition, on 2 February 2021, CNCM adopted a new general decision on strengthening the cohesion of the Crédit Mutuel group, which:

- regulates the names of Crédit - Mutuel entities by requiring affiliates to state that they belong to Crédit Mutuel and to use the words "Crédit Mutuel" in all their activities. In this context, Crédit Mutuel Arkéa must use the name "Crédit Mutuel Arkéa";
- regulates the names (or, as appropriate, the related documentation) of certain banking or financial services and products distributed by members by subjecting them to an authorisation regime;
- makes certain transactions (creation of subsidiaries and equity investments) subject to prior authorisation. On 14 January 2021, an exceptional meeting of Crédit Mutuel Arkéa's Board of Directors was held and unanimously requested the immediate withdrawal of this draft general decision relating to the strengthening of the Crédit Mutuel group's cohesion. It had given a mandate to the executive management to take all measures to ensure the protection of Crédit Mutuel Arkéa's interests. This DCG entered into force on 2 February 2021. A complaint has been filed with the French Council of State (*Conseil d'Etat*) for abuse of power to contest its legality.

It is therefore possible that the disaffiliation of the Borrower from the Crédit Mutuel could have commercial impacts on the Group. However, the work in progress makes it possible to determine that the consequences of the occurrence of this risk are slight.

- Risks related to the Borrower's governance

The CNCM thus amended its Articles of Association by an extraordinary general meeting on May 16, 2018 (the "**Articles of Association**").

A new Article 29 relating to the sanctions that may be pronounced by the CNCM has been incorporated into the Articles of Association. This new Article 29 is accompanied by a disciplinary regulation which would have the same legal force as the Articles of Association.

The regulatory measures referred to in the powers of the Board of Directors refer to the creation of a new Article 33 of the Articles of Association, entitled "Withdrawal of confidence or approval as a regulatory measure", allowing for the removal of the heads of the regional groups outside of any sanction procedure.

It is possible that these provisions of the Articles of Association will be implemented by the CNCM, as the potential negative impact on the Group can be assessed as significant

- Risks related to potential litigation

Following the implementation of the disaffiliation of the Group from the Crédit Mutuel group, there is a risk of a legal challenge to the disaffiliation of the Group, in particular in the context of the application of the DCG.

In addition, the operational implementation of the disaffiliation of the Group could give rise to various claims or give rise to litigation against the Group by members, customers or counterparties of the Crédit Mutuel group.

Any litigation or claims that might be potentially brought could have a potentially significant negative impact on the Group.

- Risks related to the loss of inter-federal solidarity

As from the effective date of disaffiliation, the Borrower will no longer benefit from the national inter-federal solidarity mechanism in the event of the Group becoming independent from Crédit Mutuel.

However, it is specified that the Borrower has its own solidarity mechanism which would intervene in the first instance.

A cooperation pact between all LC and Arkéa will thus be concluded for a period of 99 years with a view to implementing solidarity, mutual aid and support mechanisms to help LC fulfil its primary mission, i.e. to promote access to banking, financial and insurance services for all.

For more information on the solidarity mechanism, investors may refer to section 1.6 on solidarity relations of this Universal Registration Document. The exit of the Borrower from the national inter-federal solidarity mechanism could lead to the lowering of certain financial ratings of the Group. However, it should be noted that Fitch Ratings already assigns a rating to the Group independently of the Crédit Mutuel group, without taking account of this national inter-federal solidarity mechanism.

At this stage, there is no certainty as to how this situation could evolve and/or the timing of its outcome, or the impact it could have on the B shares.

As the Issuer relies on the Borrower's situation for the conditions under which Privileged Notes may be issued, the disaffiliation of the Group from the Crédit Mutuel may have a potential impact on the Group including on the Borrower and thus, may affect the conditions under which the Issuer may issue the Privileged Notes or the Issuer's ability to comply with its obligations under the Privileged Notes.

II. RISKS RELATED TO THE PRIVILEGED NOTES AND THE MARKET

1. Legal and regulatory risks

French insolvency laws

The Issuer, as a specialised credit institution (*établissement de crédit spécialisé*), is subject to the provisions of Articles L.613-25 *et seq.* of the French Monetary and Financial Code. These provisions include specific rules on the opening of an insolvency proceeding against the Issuer, the involvement of the ACPR in the event of bankruptcy of the Issuer, specific concepts of suspension of payment (*cessation des paiements*) for the Issuer and some specific rules of liquidation for the Issuer. As a general principle, the above-mentioned insolvency and reorganisation rules favour the continuation of a business and protection of employment over the payment of creditors.

However, the Issuer, as a *société de crédit foncier*, benefits from a regime which derogates in many ways from the French legal provisions relating to insolvency proceedings. Nonetheless, if the Issuer were to become insolvent, Noteholders' returns could be limited or delayed. Application of French insolvency law could affect the Issuer's ability to make payments on the Privileged Notes (such as the non-payment of interest and/or principal) and French insolvency laws may not be as favourable to Noteholders as the insolvency laws of other countries.

The Directive (EU) 2019/1023 on preventive restructuring frameworks, on discharge of debt and disqualifications, and on measures to increase the efficiency of procedures concerning restructuring, insolvency and discharge of debt and amending Directive (EU) 2017/1132 has been transposed into French law by the *Ordonnance* 2021-1193 dated 15 September 2021. Such *Ordonnance*, applicable as from 1st October 2021, amends French insolvency law notably with regard to the process of adoption of restructuring plans under insolvency proceedings. According to this *Ordonnance*, "affected parties" (including notably creditors, and therefore the Noteholders) shall be treated in separate classes for the purpose of adopting a restructuring plan. Classes shall be formed in such a way that each class comprises claims or interests with rights that reflect a sufficient commonality of interest based on verifiable criteria. Noteholders will no longer deliberate on the proposed restructuring plan in a separate assembly, meaning that they will no longer benefit from a specific veto power on this plan. Instead, as any other affected parties, the Noteholders will be grouped into one or several classes (with potentially other types of creditors) and their dissenting vote may possibly be overridden by a cross-class cram down. The decision of each class is taken by a two-third (2/3rd) majority of the voting rights of the participating members, no quorum being required.

If the restructuring plan is not approved by all classes of affected parties, it can still be ratified by the court at the request of the Issuer or the receiver with the Issuer's consent and be imposed on dissenting classes through a cross-class cram down, under certain conditions.

For the avoidance of doubt, the provisions relating to the representation of the Noteholders described in Condition 11 will not be applicable to the extent they are not in compliance with compulsory insolvency law provisions that apply in these circumstances.

Both the scopes of the Directive (EU) 2019/1023 and the *ordonnance* do not cover financial institutions, unless the competent authority chooses to make them applicable. In such a case, the application of French insolvency law to a credit institution as the Issuer is also subject to the prior permission of the ACPR before the opening of any safeguard, judicial reorganisation or liquidation procedures. This limitation will affect the ability of the Noteholders to recover their investments in the Privileged Notes.

Should such proceedings be opened, the commencement of insolvency proceedings against the Issuer could have a negative impact on the market value of the Privileged Notes and Noteholders may lose all or part of their investment. As a result of the operation of the legal framework of a *société de crédit foncier*, in the case of a bankruptcy or insolvency proceedings in respect of the Issuer, the ability of Noteholders to enforce their rights under the Privileged Notes may be limited.

Modification of the Terms and Conditions

Holders of French law Privileged Notes will, in respect of all Tranches in any Series of French law Privileged Notes, be grouped automatically for the defence of their common interests in a *Masse*, as defined in Condition 11, and matters affecting their interests are generally adopted either through a general meeting of Noteholders (the "**General Meeting**") or by unanimous consent following a Written Unanimous Decision, as defined in Condition 11(d)(ii). The Terms and Conditions applicable to the French law Privileged Notes permit in certain cases defined majorities to bind all French law Noteholders including French law Noteholders who did not attend and vote at the relevant General Meeting and French law Noteholders who voted in a manner contrary to the majority. General Meetings or Written Unanimous Decisions may deal with any proposal relating to the modification of the Terms and Conditions including any proposal, whether for arbitration or settlement, relating to rights in controversy or which were the subject of judicial decisions, as more fully described in Condition 11.

Withholding Taxes - No gross-up obligation

Pursuant to Conditions 7(f) and 9, if French law should require that any payments in respect of any Privileged Notes be subject to withholding or deduction in respect of any taxes or duties whatsoever, the Issuer will not pay any additional amounts in respect of any such withholding or deduction. Therefore, the corresponding risk shall be borne by the Noteholders or, if applicable, the Receiptholders and the Couponholders.

In addition, if French law should require that payments of principal, interest and other revenues in respect of any French law Privileged Notes be subject to withholding or deduction in respect of any present or future taxes or duties whatsoever, such French law Privileged Notes may not be redeemed early.

Bank Recovery and Resolution Directive

Directive 2014/59/EU of the European Parliament and of the Council of the European Union dated 15 May 2014 establishing an EU-wide framework for the recovery and resolution of credit institutions and investment firms, as amended (the "**Bank Recovery and Resolution Directive**" or "**BRRD**"), which was implemented in France by a decree-law (*Ordonnance portant diverses dispositions d'adaptation de la législation au droit de l'Union européenne en matière financière*) dated 20 August 2015, as modified by the Directive (EU) 2019/879 dated 20 May 2019 as regards the loss-absorbing and recapitalisation capacity of credit institutions and investment firms (and further amending Directive 98/26/EC) (the "**BRRD Revision**" and together with the BRRD, the "**BRRD II**") which was implemented in France by a decree-law (*Ordonnance no. 2020-1636 relative au régime de résolution dans le secteur bancaire*) dated 21 December 2020 and Regulation (EU) 806/2014 of the European Parliament and of the Council of the European Union dated July 2014 as amended by Regulation (EU) 2019/877 of the European Parliament and of the Council of 20 May 2019 (the "**SRM Regulation**") provides for the establishment of an EU-wide framework for the recovery and resolution of credit institutions and investment firms. The regime provided for by the BRRD II is, among other things, stated to be needed to provide the authority designated by each EU Member State (the "**Resolution Authority**") with a credible set of tools to intervene sufficiently early and quickly in an unsound or failing institution so as to ensure the continuity of the institution's critical financial and economic functions, while minimizing the impact of an institution's failure on the economy and financial system (including taxpayers' exposure to losses). Under the SRM Regulation a centralized power of resolution is established and entrusted to the Single Resolution Board (the "**SRB**") and to the national resolution authorities.

The recovery framework contains several resolution tools and powers which may be used alone or in combination where the relevant resolution authority considers that (a) an institution is failing or likely to fail (on the basis of objective elements), (b) there is no reasonable prospect that any alternative private sector measures would prevent the failure of such institution within a reasonable timeframe, and (c) a resolution action is necessary in the public interest.

The powers provided to the Resolution Authority in the BRRD II and the SRM Regulation include write-down/conversion powers to ensure that capital instruments (including subordinated debt instruments) and eligible liabilities (including senior debt instruments such as the Privileged Notes if junior instruments prove insufficient to absorb all losses) absorb losses of the issuing institution under resolution in accordance with a set order of priority (the "**Bail-in Tool**"). They also include write-down/conversion powers with respect to institutions or groups which viability would otherwise be at threat or who require extraordinary financial support.

In addition to the Bail-in Tool, the BRRD II provides the Resolution Authority with broader powers to implement other resolution measures with respect to institutions that meet the conditions for resolution, which may include (without limitation) the sale of the institution's business, the creation of a bridge institution, the separation of assets, the replacement or substitution of the institution as obligor in respect of debt instruments, modifications to the terms of debt instruments (including altering the maturity and/or the amount of interest payable and/or imposing a temporary suspension on payments), removing management, appointing an interim administrator, and discontinuing the listing and admission to trading of financial instruments.

With respect to the *obligations foncières* and other privileged notes, the BRRD II provides that the Resolution Authority shall not exercise the write down or conversion powers in relation to secured liabilities including covered bonds and liabilities in the form of financial instruments used for hedging purposes which form an integral part of the cover pool and which according to national law are secured in a way similar to covered bonds, whether they are governed by the law of a Member State or of a third country. Nevertheless, relevant claims for the purposes of the Bail-in Tool would still include the claims of the holders in respect of any Privileged Notes issued under the Programme, only if and to the extent that the notes liability exceeded the value of the cover pool collateral against which it is secured. In such case, the write-down or conversion requirements could result in the full (i.e., to zero) or partial write-down or conversion into ordinary shares or other instruments of ownership of the notes, or the variation of the terms of notes (for example, the maturity and/or interest payable may be altered and/or a temporary suspension of payments may be ordered).

The application of any resolution measure under the BRRD II as implemented under French law, or any suggestion of such application, with respect to the Issuer could materially adversely affect the rights of the Noteholders, the price or value of an investment in the Privileged Notes and/or the ability of the Issuer to satisfy its obligations under the Privileged Notes. Moreover, if the Issuer's financial condition deteriorates, the existence of the Bail-in Tool or the exercise of write-down/conversion powers by the Resolution Authority independently of a resolution measure with respect to capital instruments or in combination with a resolution measure when it

determines that the institution or its group will no longer be viable could cause the market price or value of the Privileged Notes to decline more rapidly than would be the case in the absence of such powers.

Noteholders may have only very limited rights to challenge and/or seek a suspension of any decision of the Resolution Authority to exercise its resolution powers or to have that decision reviewed by a judicial or administrative process or otherwise.

2. Risks related to the structure of a particular issue of Privileged Notes

A wide range of Privileged Notes may be issued under the Programme. A number of these Privileged Notes may have features which present particular risks for potential investors. Set out below is a description of the most common such features:

Risks related to the redemption of the Privileged Notes

Privileged Notes subject to optional redemption by the Issuer

Condition 6(c) allows for the issuance of Privileged Notes that are subject to an optional redemption by the Issuer. Such an optional redemption feature of Privileged Notes is likely to limit their market value. During any period when the Issuer may elect to redeem Privileged Notes, the market value of such Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The redeemed face amount of the Privileged Notes may be lower than the purchase price for the Privileged Notes paid by the Noteholders. As a consequence, part of the capital invested by the Noteholder may be lost, so that the Noteholder in such case would not receive the total amount of the capital invested.

The Issuer may be expected to redeem Privileged Notes when its cost of borrowing is lower than the interest rate on the Privileged Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Privileged Notes being redeemed and may only be able to do so at a significantly lower rate. This may adversely and materially affect the Noteholders who could lose part of their investment in the Privileged Notes. Potential investors should consider reinvestment risk in light of other investments available at that time.

In addition, the exercise of a redemption option by the Issuer only for certain Privileged Notes may affect the liquidity for the other Privileged Notes of the same Series for which the option has not been exercised. On the basis of the number of Privileged Notes of the same Series for which the redemption option provided in the relevant Final Terms was exercised, the securities market for which such redemption right was not exercised could become illiquid.

Privileged Notes with soft bullet maturity may be redeemed after their initial maturity date

Condition 7(a) allows for the issuance of Privileged Notes with soft bullet maturity (the "**Soft Bullet Privileged Notes**"). The Final Maturity Date of such Soft Bullet Privileged Notes with soft bullet maturity may be extended automatically to the Extended Final Maturity Date if the Final Redemption Amount of the relevant Soft Bullet Privileged Notes is not paid by the Issuer on the Final Maturity Date. The payment of the Final Redemption Amount may be automatically deferred and shall become due and payable on the Extended Final Maturity Date if so specified in the relevant Final Terms, provided that all or part of the Final Redemption Amount unpaid on the Final Maturity Date may be paid by the Issuer on any Interest Payment Date occurring thereafter up to and including the relevant Extended Final Maturity Date. Interest will continue to accrue on any unpaid amount during such extended period at the relevant applicable Rate of Interest and will be payable on each Interest Payment Date and on the Extended Final Maturity Date, all as specified in the relevant Final Terms and in accordance with the applicable Conditions. The extension of the maturity of the Privileged Notes from the Maturity Date to the Extended Final Maturity Date will not result in any right of the Noteholders to accelerate payments or take action against the Issuer and will result in a delay of payments of principal on the relevant Privileged Notes.

The situation of the Issuer may change between the Final Maturity Date and the Extended Final Maturity Date. In addition, (i) the provisions relating to interest payable after the Final Maturity Date of any Soft Bullet Privileged Notes may differ from that those relating to interest payable before such Final Maturity Date and (ii) the extension of the maturity of the Privileged Notes is likely to limit their liquidity and market value.

Risks related to the interest payable in respect of the Privileged Notes

Fixed Rate Privileged Notes

Condition 6(b) allows for the issuance of Notes that pay a fixed rate of interest to Noteholders. Investment in Privileged Notes which bear interest at a fixed rate (a "**Fixed Rate**") involves the risk that inflation or

subsequent changes in market interest rates may materially and adversely affect the value, the liquidity and the yield of the relevant Fixed Rate Notes.

While the nominal interest rate of a Fixed Rate Privileged Note is determined during the term of such Privileged Note or within a given period of time, the market interest rate (the "**Market Interest Rate**") typically varies on a daily basis. As the Market Interest Rate changes, the price of the Privileged Note varies in the opposite direction. If the Market Interest Rate increases, the price of the Privileged Note typically decreases, until the yield of the Privileged Note equals approximately the Market Interest Rate. If the Market Interest Rate decreases, the price of a Fixed Rate Privileged Note typically increases, until the yield of the notes equals approximately the Market Interest Rate.

Movements of the Market Interest Rate can adversely affect the price of the Privileged Notes and can lead to losses for Noteholders if they sell Notes during the period in which the Market Interest Rate exceeds the Fixed Rate of the Privileged Notes.

In addition, the yield of Privileged Notes which bear interest at a Fixed Rate (which will be specified in the relevant Final Terms) shall be calculated at the issue date of such Notes on the basis of its issue price. It shall not be an indication of future yield.

Floating Rate and CMS Rate Privileged Notes

Condition 6(c) and Condition 6(d) allows for the issuance of Notes that pay a floating rate of interest (including a CMS rate of interest) to Noteholders. Investment in Floating Rate Privileged Notes and/or CMS Linked Privileged Notes comprises (i) a reference rate and (ii) a margin to be added or subtracted, as the case may be, from such base rate. Typically, the relevant margin will not change throughout the life of such Privileged Notes but there will be a periodic adjustment (as specified in the relevant Final Terms) of the reference rate (e.g., every three (3) months or six (6) months) which itself will change in accordance with general market conditions. Accordingly, the market value of Floating Rate Privileged Notes and/or CMS Linked Privileged Notes may be volatile if changes, particularly short term changes, to Market Interest Rates evidenced by the relevant reference rate can only be reflected in the interest rate of these Privileged Notes upon the next periodic adjustment of the relevant reference rate.

Fixed/Floating Rate Privileged Notes, Fixed/CMS Rate Privileged Notes, Floating/Fixed Rate Privileged Notes, CMS/Fixed Rate Privileged Notes, Fixed/Fixed Rate Privileged Notes and Floating/Floating Rate Privileged Notes

Condition 5(f) allows for the issuance of Privileged Notes that pay a fixed/floating rate, fixed/fixed rate and floating/floating rate of interest to Noteholders. Fixed/Floating Rate Privileged Notes and Floating/Fixed Rate Privileged Notes may bear interest at a rate that will automatically, or that the Issuer may elect to, convert from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed rate. Fixed/Fixed Rate Privileged Notes and Floating/Floating Rate Privileged Notes may bear interest at a rate that the Issuer may elect to convert from a fixed rate to a different fixed rate or from a floating rate to a different floating rate. Fixed/CMS Rate Privileged Notes and CMS/Fixed Rate Privileged Notes may bear interest at a rate that the Issuer may elect to convert from a fixed rate to a CMS rate or from a CMS rate to a fixed rate. The conversion (whether automatic or optional) may materially and adversely affect the secondary market and the market value of such Privileged Notes since it may lead to a lower overall cost of borrowing. If a Fixed Rate is converted to a Floating Rate, the spread on the Fixed/Floating Rate Privileged Notes may be less favourable than then prevailing spreads on comparable Floating Rate Privileged Notes tied to the same reference rate. In addition, the new Floating Rate at any time may be lower than the rates on other Privileged Notes. If a Floating Rate is converted to a Fixed Rate, the Fixed Rate may be lower than then prevailing rates on its Privileged Notes.

Investors could lose a substantial part of all their investments in the Privileged Notes.

Inverse Floating Rate Privileged Notes/Inverse CMS Rate Privileged Notes

Condition 5(g) allows for the issuance of Privileged Notes that pay an inverse floating rate and inverse CMS rate of interest to Noteholders. Inverse Floating Rate Privileged Notes and Inverse CMS Rate Privileged Notes have an interest rate equal to a fixed rate minus a rate based upon a reference rate (EURIBOR, SONIA, SOFR, SARON or EUR CMS). The market values of such Privileged Notes typically are more volatile than market values of other conventional floating rate debt securities based on the same reference rate (and with otherwise comparable terms). Inverse Floating Rate Privileged Notes and Inverse CMS Rate Privileged Notes are more volatile because an increase in the reference rate not only decreases the interest rate of such Privileged Notes but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Privileged Notes.

Zero Coupon Privileged Notes

Condition 5(h) allows for the issuance of Zero Coupon Privileged Notes. Changes in market interest rates have a substantially stronger impact on the prices of Zero Coupon Privileged Notes than on the prices of ordinary Privileged Notes because the discounted issue prices are substantially below par. If market interest rates increase, Zero Coupon Privileged Notes can suffer higher price losses than other Privileged Notes having the same maturity and credit rating. Due to their leverage effect, Zero Coupon Privileged Notes are a type of investment associated with a particularly high price risk.

Reform and regulation of "benchmarks"

Interest rates and indices which are deemed to be "benchmarks" (such as EURIBOR, SONIA, SOFR, SARON or EUR CMS) are the subject of recent national and international regulatory guidance and proposals for reform. Some of these reforms are already effective whilst others are still to be implemented. These reforms may cause such benchmarks to perform differently than in the past, to disappear entirely, to be subject to revised calculation methods, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Floating Rate Privileged Notes linked to or referencing such a "benchmark".

Regulation (EU) 2016/1011 of the European Parliament and of the Council of 8 June 2016 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds, as may be amended from time to time (the "**Benchmarks Regulation**") applies to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the European Union. It, among other things, (i) requires benchmark administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and to comply with extensive requirements in relation to the administration of "benchmarks", and (ii) prevents certain uses by EU supervised entities of "benchmarks" of administrators that are not authorised or registered (or, if non-EU based, not deemed equivalent or recognised or endorsed). In the United Kingdom, the Benchmarks Regulation as it forms part of domestic law by virtue of European Union (Withdrawal) Act 2018 ("**EUWA**") provides for equivalent sets of rules.

The Benchmarks Regulation could have a material impact on any Floating Rate Privileged Notes linked to or referencing a "benchmark", including in any of the following circumstances:

- an index which is a "benchmark" could not be used by a supervised entity in certain ways if its administrator does not obtain authorisation or registration or, if based in a non-EU jurisdiction, the administrator is not recognised as equivalent or recognised or endorsed and the transitional provisions do not apply; and
- the methodology or other terms of the "benchmark" could be changed in order to comply with the requirements of the Benchmarks Regulation. Such changes could, among other things, have the effect of reducing or increasing the rate or level or otherwise affecting the volatility of the published rate or level of the "benchmark".

More broadly, any of the international or national reforms, or the general increased regulatory scrutiny of "benchmarks", could increase the costs and risks of administering or otherwise participating in the setting of a "benchmark" and complying with any such regulations or requirements. Such factors may have the following effects on certain "benchmarks" (including EURIBOR, SONIA, SOFR, SARON or EUR CMS): (i) discourage market participants from continuing to administer or contribute to the "benchmark"; (ii) trigger changes in the rules or methodologies used in the "benchmark" or (iii) lead to the disappearance of the "benchmark". Any of the above changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on any Floating Rate Privileged Notes linked to or referencing a "benchmark".

Regulation (EU) 2019/2089 of the European Parliament and of the Council of 27 November 2019 has amended the existing provisions of the Benchmarks Regulation by extending the transitional provisions applicable to material benchmarks and third-country benchmarks until the end of 2021.

The Benchmarks Regulation was further amended by Regulation (EU) 2021/168 of the European Parliament and of the Council of 10 February 2021 which introduces a harmonised approach to deal with the cessation or wind-down of certain benchmarks by conferring to the European Commission the power to designate a statutory replacement for certain benchmarks, such replacement being limited to contracts and financial instruments that have not been renegotiated before the date of cessation of the relevant benchmarks and contain either no contractual replacement (or so-called “fallback provision”) or a fallback provision which is deemed unsuitable by the European Commission or competent national authorities (Article 23b of the Benchmarks Regulation). In addition, the transitional provisions applicable to third-country benchmarks are extended until the end of 2023. The Commission is empowered to further extend this period until the end of 2025, if necessary. Such developments may create uncertainty regarding any future legislative or regulatory requirements arising from the implementation of delegated regulations.

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the Benchmarks Regulation reforms in making any investment decision with respect to any Floating Rate Privileged Notes linked to or referencing a “benchmark”.

The use in the EU by supervised entities of a third-country benchmark is permitted for financial instruments, financial contracts and measurements of the performance of an investment fund that already reference that benchmark or which add a reference to such benchmark before 31 December 2023. The Commission is empowered to further extend this period until the end of 2025, if necessary.

Other interbank offered rates such as EURIBOR (the European Interbank Offered Rate) may be discontinued or be subject to changes in their administration. The new hybrid calculation of EURIBOR has already been adapted to the requirements of the Benchmarks Regulation. However, the EURIBOR is also subject to constant review and revision. It is currently not foreseeable whether EURIBOR will continue to exist permanently and beyond 2025.

Changes to the administration of a benchmark or the emergence of alternative benchmarks, may cause such benchmark to perform differently than in the past, or there could be other consequences which cannot be predicted. The discontinuation of a benchmark or changes to its administration could require changes to the way in which the Rate of Interest is calculated in respect of any Floating Rate Privileged Notes referencing or linked to such benchmark. The development of alternatives to a benchmark may result in Privileged Notes linked to or referencing such benchmark performing differently than would otherwise have been the case if the alternatives to such benchmark had not developed. Any such consequence could have a material adverse effect on the value of, and return on, any Floating Rate Privileged Notes linked to or referencing such benchmark.

Whilst alternatives to certain benchmark for use in the bond market are being developed, in the absence of any legislative measures, as the case may be, outstanding covered bonds linked to or referencing a benchmark will only transition away from such benchmark in accordance with their particular terms and conditions.

Indeed, investors should be aware that, if a benchmark were discontinued or otherwise unavailable, the Rate of Interest of the Privileged Notes will be determined for the relevant period by the fall-back provisions applicable to the Privileged Notes. However, such fall-back provisions may be deviated from if deemed unsuitable by the Commission or the relevant national authority, as mentioned above.

The Terms and Conditions of the Privileged Notes provide for certain fallback arrangements in the event that a Benchmark Event occurs, including if an inter-bank offered rate (such as EURIBOR) or other relevant reference rate (such as EUR-CMS), and/or any page on which such benchmark may be published, becomes unavailable, or if the Issuer, the Calculation Agent, any Paying Agent or any other party responsible for the calculation of the Rate of Interest (as specified in the applicable Final Terms) are no longer permitted lawfully to calculate interest on any Floating Rate Privileged Notes by reference to such benchmark under the Benchmarks Regulation or otherwise.

Such fallback arrangements include the possibility that the Rate of Interest could be set by reference to a Successor Rate or an Alternative Rate (both as defined in the Terms and Conditions of the Privileged Notes), with or without the application of an adjustment spread and may include amendments to the Terms and Conditions of the Privileged Notes to ensure the proper operation of the successor or replacement benchmark, all as determined by the Reference Rate Determination Agent and without the consent of the holders of Privileged Notes. An adjustment spread if applied, could be positive or negative, and would be applied with a view to reducing or eliminating, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to investors arising out of the replacement of the relevant benchmark.

The Successor Rates or Alternative Rates may have no or very limited trading history and accordingly their general evolution and/or interaction with other relevant market forces or elements may be difficult to determine or measure. This could significantly affect the performance of an alternative rate compared to the historical and expected performance of the relevant benchmark.

In certain circumstances, the ultimate fallback for a particular Interest Period, including where no Successor Rate or Alternative Rate (as applicable) is determined, may be that the rate of interest for such Interest Period be based on the rate which applied for the immediately preceding Interest Period.

This ultimate fallback may result in the effective application of a Fixed Rate Privileged Notes linked to or referencing a "benchmark". In addition, due to the uncertainty concerning the availability of Successor Rates and Alternative Rates and the involvement of a Reference Rate Determination Agent, the relevant fallback provisions may not operate as intended at the relevant time. Any such consequences could have a material adverse effect on the value of and return on any such Floating Rate Privileged Notes.

Moreover, any of the above matters or any other significant change to the setting or existence of any relevant rate could affect the ability of the Issuer to meet its obligations under the Floating Rate Privileged Notes referencing a "benchmark" or could have a material adverse effect on the value or liquidity of, and the amount payable under, the Floating Rate Privileged Notes. Investors should note that, the Reference Rate Determination Agent will have discretion to adjust the relevant Successor Rate or Alternative Rate (as applicable) in the circumstances described above. Any such adjustment could have unexpected and significant adverse consequences and there can be no assurance that, due to the particular circumstances of each holder of Privileged Notes, any such adjustment will be favourable to each holders of Privileged Notes.

Investors should consider all of these matters when making their investment decision with respect to the relevant Floating Rate Privileged Notes linked to or referencing such "benchmarks".

Risks relating to Privileged Notes which are linked to SONIA, SOFR or SARON

The market continues to develop in relation to adoption of risk-free rates (including overnight rates) as reference rates for Floating Rate Privileged Notes. These new overnight risk-free rates are still however in very early stages of development and they may not be widely adopted by market users.

The Final Terms for a Series of Floating Rate Privileged Notes may provide that the Rate of Interest for such Privileged Notes will be determined by reference to such overnight risk-free rates such as the Sterling Overnight Index Average ("SONIA"), the Secured Overnight Financing Rate ("SOFR") or the Swiss Average Rate Overnight ("SARON").

The market or a significant part thereof may adopt an application of SONIA, SOFR and SARON that differs significantly from that set out in the Terms and Conditions of the Privileged Notes and used in relation to Floating Rate Privileged Notes issued under this Base Prospectus that reference SONIA, SOFR or SARON.

The nascent development of these overnight risk-free rates as interest reference rates for the Eurobond markets, as well as continued development of such rates for such markets and the market infrastructure for adopting such rates, could result in reduced liquidity or increased volatility or could otherwise affect the market price of the Floating Rate Privileged Notes. The return on and value Privileged Notes linked to or referencing SONIA, SOFR or SARON may fluctuate more than Privileged Notes that are linked to less volatile rates. Since overnight risk-free rates are relatively new market indexes, the Privileged Notes will likely have no established trading market when issued, and an established trading market may never develop or may not be very liquid. Investors in the Privileged Notes may not be able to sell the Privileged Notes at all or may not be able to sell the Privileged Notes at prices that will provide them with a yield comparable to similar investments that have a developed secondary market, and may consequently suffer from increased pricing volatility and market risk.

Interest on Floating Rate Privileged Notes that reference SONIA, SOFR or SARON is only capable of being determined at the end of the relevant Interest Accrual Period and shortly prior to the relevant Interest Payment Date. It may be difficult for investors in Floating Rate Privileged Notes that reference SONIA, SOFR or SARON to reliably estimate the amount of interest that will be payable on such Floating Rate Privileged Notes.

The mismatch between the adoption of such reference rates across these markets may impact negatively any hedging or other financial arrangements which they may put in place in connection with any acquisition, holding or disposal of any Floating Rate Privileged Notes referencing SONIA, SOFR or SARON.

The discontinuance of the Relevant Rate or occurrence of an Administrator/Benchmark Event could have a material adverse effect on the value of and return on any such Privileged Notes linked to or referencing such Benchmarks

In respect of CMS Linked Privileged Notes or, in respect of Floating Rate Privileged Notes, where FBF Determination, ISDA Determination or Screen Rate Determination is specified in the applicable Final Terms as

the manner in which the Rate of Interest is to be determined, if the Relevant Rate has been discontinued or an Administrator/Benchmark Event (as further described in Condition 6(e) (except for SONIA, SOFR and SARON)) has occurred, the Rate of Interest on the affected Floating Rate Privileged Notes will be changed in ways that may be adverse to holders of such Privileged Notes, without any requirement that the consent of such holders be obtained.

Pursuant to the terms and conditions of any applicable Floating Rate Privileged Notes in relation to which Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined and/or CMS Linked Privileged Notes, in the event that an Administrator/Benchmark Event occurs, fallback arrangements include the possibility that the Rate of Interest could be set by reference to a Successor Rate or an Alternative Rate (both as defined in Condition 6(e)), and may include concomitant changes to the terms and conditions of the relevant affected Privileged Notes necessary to make the Replacement Relevant Rate (as defined in Condition 6(e)) as comparable as possible to the Original Reference Rate, all as determined by the Relevant Rate Determination Agent. Such Replacement Relevant Rate and any such other changes will (in the absence of manifest error) be final and binding on the Noteholders, the Issuer, the Calculation Agent, the Fiscal Agent and any other person and each Noteholder shall be deemed to have accepted the Replacement Relevant Rate and such related changes and adjustments which will thenceforth apply to the relevant affected Privileged Notes, unless they are deviated from by the Commission or the relevant national authority as mentioned below.

Given the uncertainty concerning the availability of Successor Rates or Alternative Rates, the involvement of a Relevant Rate Determination Agent and potential for further regulatory developments, the relevant fallback provisions may not operate as intended at the relevant time and the Replacement Relevant Rate may perform differently from the discontinued Benchmark. In addition, pursuant to Regulation (EU) 2021/168 of the European Parliament and of the Council of 10 February 2021 they may be deviated from if deemed unsuitable by the Commission or the relevant national authority.

If the Relevant Rate Determination Agent is unable to determine an appropriate Replacement Relevant Rate for any Relevant Rate on or prior to the next following Interest Determination Date (as defined in Condition 6(a)), then the provisions for the determination of the Rate of Interest on the relevant affected Privileged Notes will not be changed. In such cases, the Terms and Conditions of the Privileged Notes provide that the Rate of Interest on such Privileged Notes shall be the Rate of Interest determined on the previous Interest Determination Date, as determined by the Calculation Agent (i.e. which may result in the effective application of a fixed rate). In such circumstances and a rising interest rate environment, holders of Privileged Notes will, consequently, not benefit from any increase in rates. The trading value of such Privileged Notes could therefore be adversely affected.

Moreover, any of the above matters or any other significant change to the setting or existence of any relevant rate could affect the ability of the Issuer to meet its obligations under the Floating Rate Privileged Notes and/or CMS Linked Privileged Notes or could have a material adverse effect on the value or liquidity of, and the amount payable under, the Floating Rate Privileged Notes and/or CMS Linked Privileged Notes. Investors should note that the Relevant Rate Determination Agent will have discretion to adjust the relevant Successor Rate or Alternative Rate (as applicable) in the circumstances described above. Any such adjustment could have unexpected commercial consequences and, due to the particular circumstances of each Noteholders, any such adjustment may not be favourable to each Noteholder.

The Calculation Agent will or could have authority to make determinations and elections that could affect the return on, value of and market for the Floating Rate Notes and, in particular, Notes linked to or referencing SONIA, SOFR or SARON

Under the Terms and Conditions of the Privileged Notes, the Calculation Agent may make certain determinations, decisions and elections with respect to the interest rate on Floating Rate Privileged Notes and, in particular, on Notes linked to or referencing SONIA, SOFR or SARON. The Calculation Agent will make any such determination, decision or election in its sole discretion, acting in good faith and in a commercially reasonable manner, and any such determination, decision or election that the Calculation Agent makes could affect the amount of interest payable on Floating Rate Privileged Notes and, in particular, on Privileged Notes linked to or referencing SONIA, SOFR or SARON. Any exercise of discretion by the Calculation Agent, under the Terms and Conditions of the Privileged Notes, including, without limitation, any discretion exercised by such Calculation Agent, could present a conflict of interest.

Privileged Notes issued at a substantial discount or premium

The issue price of any specific Tranche of Privileged Notes will be determined in the relevant Final Terms. The Privileged Notes may be issued at a substantial discount or premium to their nominal amount. The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally,

the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

It is difficult to anticipate future market volatility in interest rates, but any such volatility may have an adverse effect on the value of the Privileged Notes. Therefore, holders of Privileged Notes issued at a substantial discount or premium could be exposed to greater losses on their investment than holders of conventional interest-bearing securities.

Investors could lose a substantial part of their investments in the Privileged Notes.

Privileged Notes may be redeemed after their Final Maturity Date

Pursuant to Condition 7(a), the Final Maturity Date of the Privileged Notes may be extended automatically to the Extended Final Maturity Date (as defined in Condition 7(a)) upon the occurrence of a Maturity Extension Trigger Event (as specified in the relevant Final Terms). The payment of the Final Redemption Amount may be automatically deferred and shall become due and payable on the Extended Final Maturity Date if so specified in the relevant Final Terms, provided that all or part of the Final Redemption Amount unpaid on the Final Maturity Date may be paid by the Issuer on any Specified Interest Payment Date occurring thereafter up to and including the relevant Extended Final Maturity Date. Interest will continue to accrue on any unpaid amount during such extended period at the relevant applicable Rate of Interest (as specified in the relevant Final Terms) and be payable on each Specified Interest Payment Date and on the Extended Final Maturity Date all as specified in the relevant Final Terms and in accordance with the applicable Terms and Conditions.

The extension of the maturity of the Privileged Notes from the Final Maturity Date to the Extended Final Maturity Date will not result in any right of the holders of Privileged Notes to accelerate payments or take action against the Issuer and will result in a delay of payments of principal on the relevant Privileged Notes.

3. Risks related to the market

Market value of the Privileged Notes may fluctuate and an active trading market for the Privileged Notes may not develop

The Programme allows for Privileged Notes to be admitted to trading on Luxembourg Stock Exchange and/or, subject to the notification of a certificate of approval to any relevant competent authority as may be requested by the Issuer, on any other regulated market of the European Economic Area.

The market value of the Privileged Notes will be affected by the creditworthiness of the Issuer and a number of additional factors, including but not limited to, the volatility of market interest and yield rates and the time remaining to the maturity date. The value of the Privileged Notes depends on a number of interrelated factors, including economic, financial and political events in France or elsewhere, including factors affecting capital markets generally and the stock exchanges on which the Privileged Notes are traded. The price at which a Noteholder will be able to sell the Privileged Notes prior to maturity may be at a discount, which could be substantial, from the issue price or the purchase price paid by such purchaser.

French law Privileged Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be liquid. German law Privileged Notes will not be admitted to trading on any stock exchange or any other market and a secondary market will probably not develop through other means. Therefore, investors may not be able to sell their Privileged Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Privileged Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Privileged Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have an adverse effect on the market value of Privileged Notes.

In addition, there is a general lack of liquidity in the secondary market for instruments similar to the Privileged Notes due to the prevailing and widely reported global credit market conditions (which continue at the date of this Base Prospectus). Such lack of liquidity may result in investors suffering losses on the Privileged Notes in secondary resales even if there is no decline in the credit strength of the Issuer or the performance of the Collateral Security assets. The Issuer cannot predict when these circumstances will change and if and when they do whether there will be a more liquid market for the Privileged Notes and instruments similar to the Privileged Notes at that time.

Furthermore, the secondary market for securities is currently experiencing significantly reduced liquidity, which could limit investors' ability to resell Privileged Notes and materially and adversely affect the market value of Privileged Notes.

Investors could lose a substantial part or all of their investments in the Privileged Notes.

Exchange rate risks and exchange controls

The Programme allows for Notes to be issued in a range of currencies (each, a "**Specified Currency**" as defined in Condition 2(b)). The Issuer will pay principal and interest on the Privileged Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls.

An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (i) the Investor's Currency-equivalent yield on the Privileged Note, (ii) the Investor's Currency equivalent value of the principal payable on the Privileged Note and (iii) the Investor's Currency-equivalent market value of the Privileged Note.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive in payment less interest or principal than expected, or no interest or principal. This may adversely and materially affect the Noteholders who could lose part of their investment in the Privileged Notes.

IMPORTANT INFORMATION RELATING TO NON-EXEMPT OFFERS

Certain tranches of French law Privileged Notes with a specified denomination of less than €100,000 (or its equivalent in any other currency at the date of the issue of such tranches of French law Privileged Notes) may be offered in France in circumstances where there is no exemption from the requirement to publish a prospectus (a "**Non-Exempt Offer**") under Regulation (EU) 2017/1129 of the European Parliament and of the Council of 14 June 2017 on the prospectus to be published when securities are offered to the public or admitted to trading on a regulated market, as amended (the "**Prospectus Regulation**"), if the Issuer has given its consent in the relevant Final Terms.

The consent to the use of the Prospectus (as defined below) relates to the Offer Periods (if any and as defined below) beginning within twelve (12) months from the date of the approval of this Base Prospectus by the *Commission de surveillance du secteur financier*.

In the context of a Non-Exempt Offer, the Issuer may, if so specified in the relevant Final Terms, consent to the use of the Base Prospectus, together with any supplement with respect thereto that may be published from time to time and the relevant Final Terms (together, the "**Prospectus**") in connection with a Non-Exempt Offer of any French law Privileged Notes during the offer period specified in the relevant Final Terms (the "**Offer Period**") by:

- (i) any financial intermediary authorised to make such offers pursuant to Directive 2014/65/EU of the European Parliament and of the Council of 15 May 2014 on markets in financial instruments, as amended ("**MiFID II**"), as specified and subject to conditions specified in the relevant Final Terms; or
- (ii) if so specified in the relevant Final Terms, any financial intermediary which satisfies the following conditions: (a) acts in accordance with all applicable laws, rules, regulations and recommendations of any applicable regulatory bodies (the "**Rules**"), from time to time including, without limitation and in each case, Rules relating to both the appropriateness or suitability of any investment in the French law Privileged Notes by any person and disclosure to any potential investor; (b) complies with the restrictions set out under "*Subscription and Sale*" in this Base Prospectus which would apply as if it were a Dealer; (c) considers the relevant manufacturer's target market assessment and distribution channels identified under the "MiFID II Product Governance" legend set out in the applicable Final Terms; (d) ensures that any fee (and any commissions or benefits of any kind) received or paid by that financial intermediary in relation to the offer or sale of the French law Privileged Notes is fully and clearly disclosed to investors or potential investors; (e) holds all licences, consents, approvals and permits required in connection with solicitation of interest in, or offers or sales of, the French law Privileged Notes under the Rules; (f) retains investor identification records for at least the minimum period required under applicable Rules, and shall, if so requested, make such records available to the relevant Dealer(s) and the Issuer or directly to the appropriate authorities with jurisdiction over the Issuer and/or the relevant Dealer(s) in order to enable the Issuer and/or the relevant Dealer(s) to comply with the Rules relating to anti-money laundering, prevention of corruption and "know your client" rules applying to the Issuer and/or the relevant Dealer(s); (g) does not, directly or indirectly, cause the Issuer or the relevant Dealer(s) to breach any Rule or any requirement to obtain or make any filing, authorisation or consent in any jurisdiction; and (h) satisfies any further conditions specified in the relevant Final Terms,

(in each case an "**Authorised Offeror**"). For the avoidance of doubt, none of the Dealers or the Issuer shall have any obligation to ensure that an Authorised Offeror complies with applicable laws and regulations and shall therefore have no liability in this respect.

The Issuer accepts responsibility, in France, for the content of the Prospectus in relation to any person (an "**Investor**") in France to whom an offer of any French law Privileged Notes is made by any Authorised Offeror and where the offer is made during the period for which that consent is given and in compliance with all other conditions attached to the giving of the consent. However, neither the Issuer nor any Dealer has any responsibility for any of the actions of any Authorised Offeror, including compliance by an Authorised Offeror with applicable conduct of business rules or other local regulatory requirements or other securities law requirements in relation to such offer.

The consent referred to above relates to Offer Periods (if any) occurring in the periods beginning and ending on the dates specified for such purpose in the relevant Final Terms relating to France and provided that the relevant Final Terms have been duly published and specify that Non-Exempt Offers may be made to the public in France, all in accordance with the Prospectus Regulation.

In the event the Final Terms designate financial intermediary(ies) to whom the Issuer has given its consent to use the Prospectus during an Offer Period, the Issuer may also give consent to additional Authorised Offerors after the date of the relevant Final Terms and, if it does so, it will publish any new information in relation to such

Authorised Offerors who are unknown at the time of the approval of this Base Prospectus or the filing of the relevant Final Terms on the website of the Issuer (www.arkea.com/banque/assurance/credit/mutuel/ecb_5040/fr/public-sector-scf).

If the Final Terms specify that any financial intermediary may use the Prospectus during the Offer Period, any such Authorised Offeror is required, for the duration of the Offer Period, to publish on its website a statement confirming that it is using the Prospectus for the relevant Non-Exempt Offer with the consent of the Issuer and in accordance with the conditions attached thereto.

Other than as set out above, neither the Issuer nor any of the Dealers has authorised the making of any Non-Exempt Offer by any person in any circumstances and such person is not permitted to use the Prospectus in connection with its offer of any French law Privileged Notes. Any such offers are not made on behalf of the Issuer or by any of the Dealers or Authorised Offerors and none of the Issuer or any of the Dealers or Authorised Offerors has any responsibility or liability for the actions of any person making such offers.

An Investor intending to acquire or acquiring any French law Privileged Notes from an Authorised Offeror will do so, and offers and sales of the French law Privileged Notes to an Investor by an Authorised Offeror will be made, in accordance with any terms and other arrangements in place between such Authorised Offeror and such Investor including as to the price, allotment, settlement/delivery arrangements and any costs or taxes to be invoiced to the Investor (the "Terms and Conditions of the Non-Exempt Offer"). The Issuer will not be a party to any such arrangements with Investors (other than Dealers) in connection with the offer or sale of the French law Privileged Notes and, accordingly, the Base Prospectus and any Final Terms will not contain such information. The Terms and Conditions of the Non-Exempt Offer shall be provided to Investors by that Authorised Offeror at the time of the Non-Exempt Offer. Neither the Issuer nor any of the Dealers or other Authorised Offerors has any responsibility or liability for such information or the consequences of its use by the relevant Investors.

SUPPLEMENT TO THE BASE PROSPECTUS

Unless the Issuer does not intend to issue French law Privileged Notes under the Programme for the time being, if at any time between the date on which this Base Prospectus has been approved and 22 July 2023 a significant new factor, material mistake or material inaccuracy relating to the information included in this base prospectus (the "**Base Prospectus**"), which may affect the assessment of the French law Privileged Notes arises or is noted, the Issuer shall prepare and make available a supplement to this Base Prospectus (each a "**Supplement**") as required by Article 23 of Regulation (EU) 2017/1129 of the European Parliament and of the Council of 14 June 2017 on the prospectus to be published when securities are offered to the public or admitted to trading on a regulated market, as amended (the "**Prospectus Regulation**") or publish a replacement Base Prospectus. The Issuer will submit such Supplement to the *Commission de surveillance du secteur financier* in Luxembourg for approval and supply each Dealer, the Luxembourg Stock Exchange and the *Commission de surveillance du secteur financier* in Luxembourg with such number of copies of such Supplement as may reasonably be requested.

In accordance with Article 23.2 (*bis*) of the Prospectus Regulation, where the relevant Final Terms relate to an offer of French law Privileged Notes to the public in France, investors who have already agreed to purchase or subscribe French law Privileged Notes before the publication of the Supplement benefit from a withdrawal right within a time limit of three (3) working days after the publication of such Supplement if the new factor, material mistake or material inaccuracy referred to in Article 23.1 of the Prospectus Regulation arose or was noted before the final closing of the offer or the delivery of the French law Privileged Notes, whichever occurs first. That period may be extended by the Issuer or, if any, the relevant Authorised Offeror(s). The date on which the withdrawal period ends will be stated in the relevant Supplement. On 22 July 2023, this Base Prospectus, as supplemented (as the case may be), will expire and the obligation to supplement this Base Prospectus in the event of significant new factors, material mistakes or material inaccuracies will no longer apply.

Any Supplement shall be (a) published on the websites of (i) the Luxembourg Stock Exchange (www.bourse.lu) and (ii) the Issuer (www.arkea.com/banque/assurance/credit/mutuel/ecb_5040/fr/public-sector-scf) and (b) available for inspection and obtainable, upon request and free of charge, during usual business hours, on any weekday at the registered office of the Issuer (1, rue Louis Lichou, 29480 Le Relecq-Kerhuon, France).

TERMS AND CONDITIONS OF THE FRENCH LAW PRIVILEGED NOTES

The following is the text of the terms and conditions that, as completed in accordance with the provisions of the relevant Final Terms (as defined below, and together with the terms and conditions below, the "**Terms and Conditions**"), shall be applicable to the French law Privileged Notes. The terms and conditions applicable to the German law Privileged Notes are contained in the Agency Agreement (as defined below).

References below to "**Conditions**" are, unless the context requires otherwise, to the numbered paragraphs below.

In the case of Dematerialised Privileged Notes (as defined below), the text of the Terms and Conditions will not be endorsed on physical documents of title but will be constituted by the following text as completed by the relevant Final Terms. In the case of Materialised Privileged Notes (as defined below), either (i) the full text of these Conditions together with the relevant provisions of the Final Terms (and subject to simplification by the deletion of non-applicable provisions) or (ii) these Conditions as so completed shall be endorsed on Definitive Materialised Privileged Notes.

All capitalised terms that are not defined in these Conditions will have the meanings given to them in the relevant Final Terms.

In this section, "**Privileged Notes**" refers only to (i) French law Privileged Notes (to the exclusion of German law Privileged Notes), except as otherwise provided and (ii) Privileged Notes of one (1) Series and not to all Privileged Notes that may be issued under the Programme.

The Privileged Notes will be issued by Arkéa Public Sector SCF (the "**Issuer**") under the terms and conditions of the French law Privileged Notes, as completed by the relevant final terms (the "**Final Terms**") of such Tranche (as defined in Condition 2), as determined by the Issuer and the relevant dealer(s) appointed from time to time in respect of one (1) or more Tranches (each a "**Dealer**") at the time of the issue. The Issuer is licensed as a specialised credit institution (*établissement de crédit spécialisé*) with the status of a *société de crédit foncier* ("**SCF**") by the *Autorité de contrôle prudentiel et de résolution* (the "**ACPR**"), and is governed by Articles L. 513-1 *et seq.* of the French Monetary and Financial Code, as amended from time to time, in particular as they have been amended by the entry into force of the relevant provisions of the decree-law (*ordonnance*) no. 2021-858 dated 30 June 2021 which transposes under French law Directive (EU) no. 2019/2162 of the European Parliament and of the Council dated 27 November 2019 on the issue of covered bonds and covered bond public supervision and amending Directives 2009/65/EC and 2014/59/EU.

The Privileged Notes will be issued with the benefit of an amended and restated agency agreement dated the date hereof, as amended or supplemented from time to time (the "**Agency Agreement**") entered into between the Issuer, CACEIS Corporate Trust (as fiscal agent, principal paying agent and Paris paying agent) and CACEIS Bank, Luxembourg Branch (as Luxembourg paying agent and calculation agent). The fiscal agent, the paying agents and the calculation agent(s) for the time being (if any) are referred to below respectively as the "**Fiscal Agent**", the "**Paying Agents**" (which expression shall include the Fiscal Agent) and the "**Calculation Agent(s)**". The holders of the interest coupons relating to interest bearing Materialised Privileged Notes (the "**Coupons**") and, where applicable in the case of such Privileged Notes, talons for further Coupons (the "**Talons**") and the holders of the receipts for the payment of instalments of principal relating to Materialised Privileged Notes of which the principal is redeemable in instalments (the "**Receipts**") are respectively referred to below as the "**Couponholders**" and the "**Receiptholders**".

and "**Rate Multiplier**" means the number specified in the relevant Final Terms.

For the purposes of this sub-paragraph (A), "**Floating Rate**" (*Taux Variable*), "**Calculation Agent**" (*Agent*), "**Floating Rate Determination Date**" (*Date de Determination du Taux Variable*) and "**Transaction**" (*Transaction*) have the meanings given to those terms in the FBF Definitions, provided that EURIBOR means the rate calculated for deposits in euro which appears on Reuters page EURIBOR01, as more fully described in the relevant Final Terms.

In the relevant Final Terms, when the paragraph "Floating Rate (*Taux Variable*)" specifies that the rate is determined by linear interpolation, in respect of an Interest Accrual Period, the Rate of Interest for such Interest Accrual Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two (2) rates based on the relevant Floating Rate, one of which shall be determined as if the Designated Maturity were the period of time for which rates are available of next shorter length before the length of the relevant Interest Accrual Period, and the other of which shall be determined as if the maturity were the period of time for which rates are available of next longer length after the length of the relevant Interest Accrual Period.

Where FBF Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, unless a higher Minimum Rate of Interest is specified in the relevant Final Terms, the Minimum Rate of Interest shall be deemed to be zero.

(B) ISDA Determination for Floating Rate Privileged Notes

Where ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent by applying one of the following formulae, as indicated in the relevant Final Terms:

- (1) Rate of Interest = ISDA Rate + Margin;

(2) Rate of Interest = Margin + [Rate Multiplier x (ISDA Rate₁ – ISDA Rate₂)];

For the purposes of this sub-paragraph (B), "**ISDA Rate**", "**ISDA Rate₁**" and "**ISDA Rate₂**" for an Interest Accrual Period means rate(s) equal(s) to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the (i) if "2006 ISDA Definitions" is specified in the relevant Final Term, the 2006 ISDA Definitions or (ii) if "2021 ISDA Definitions" is specified in the relevant Final Terms, the 2021 ISDA Definitions and under which:

- (a) the Floating Rate Option, Floating Rate Option₁ and Floating Rate Option₂ is/are as specified in the relevant Final Terms;
- (b) the Designated Maturity is a period specified in the relevant Final Terms; and
- (c) the relevant Reset Date is the first (1) day of that Interest Accrual Period unless otherwise specified in the relevant Final Terms.

For the purposes of this sub-paragraph (B), "**Floating Rate**", "**Calculation Agent**", "**Floating Rate Option**", "**Designated Maturity**", "**Reset Date**" and "**Swap Transaction**" have the meanings given to those terms in the ISDA Definitions,

and "**Rate Multiplier**" means the number specified in the relevant Final Terms.

In the relevant Final Terms, when the paragraph "Floating Rate Option" specifies that the rate is determined by linear interpolation, in respect of an Interest Accrual Period, the Rate of Interest for such Interest Accrual Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two (2) rates based on the relevant Floating Rate Option, one of which shall be determined as if the Designated Maturity were the period of time for which rates are available of next shorter length before the length of the relevant Interest Accrual Period, and the other of which shall be determined as if the maturity were the period of time for which rates are available of next longer length after the length of the relevant Interest Accrual Period.

Where ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, unless a higher Minimum Rate of Interest is specified in the relevant Final Terms, the Minimum Rate of Interest shall be deemed to be zero.

(C) Screen Rate Determination for Floating Rate Privileged Notes

Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall, subject as provided below or to Condition 6(e) below, be determined by the Calculation Agent by applying one of the following formulae, as specified in the relevant Final Terms:

- (1) Rate of Interest = Relevant Rate + Margin;
- (2) Rate of Interest = Margin + [Rate Multiplier x (Relevant Rate₁ – Relevant Rate₂)];

at or about the Relevant Time on the Interest Determination Date in respect of such Interest Accrual Period in accordance with the following:

- (a) if the Primary Source for Floating Rate is a Page, subject as provided below, the Rate of Interest shall be determined on the basis of:
 - (1) the Relevant Rate(s) (where such Relevant Rate(s) on such Page is/are a composite quotation or is/are customarily supplied by one (1) entity); or
 - (2) the arithmetic mean of the Relevant Rates of the persons whose Relevant Rates appear on that Page,

in each case appearing on such Page at the Relevant Time on the Interest Determination Date specified in the relevant Final Terms plus or minus the Margin, if any (as indicated in the relevant Final Terms); and

- (b) if the Primary Source for the Floating Rate is Reference Banks or if sub-paragraph (a)(1) applies and no Relevant Rate appears on the Page at the Relevant Time on the Interest Determination Date or if sub-paragraph (a)(2) applies and fewer than two (2) Relevant Rates appear on the Page at the Relevant Time on the Interest

Determination Date, subject as provided below, the Rate of Interest shall be determined on the basis of the arithmetic mean of the Relevant Rates that each of the Reference Banks is quoting to leading banks in the Relevant Financial Centre at the Relevant Time on the Interest Determination Date, as determined by the Calculation Agent, plus or minus the Margin, if any (as indicated in the relevant Final Terms); and

- (c) if paragraph (b) above applies and the Calculation Agent determines that fewer than two (2) Reference Banks are so quoting Relevant Rates, subject as provided below, the Rate of Interest shall be determined on the basis of the arithmetic mean of the rates *per annum* (expressed as a percentage) that the Calculation Agent determines to be the rates (being the nearest equivalent to the Benchmark) in respect of a Representative Amount of the Specified Currency that at least two (2) out of five (5) leading banks selected by the Calculation Agent in the principal financial centre of the country of the Specified Currency or, if the Specified Currency is Euro, in the Euro-zone as selected by the Calculation Agent (the "**Principal Financial Centre**") are quoting at or about the Relevant Time on the date on which such banks would customarily quote such rates for a period commencing on the Effective Date for a period equivalent to the Specified Duration (y) to leading banks carrying on business in Europe, or (if the Calculation Agent determines that fewer than two (2) of such banks are so quoting to leading banks in Europe) (z) to leading banks carrying on business in the Principal Financial Centre; except that, if fewer than two (2) of such banks are so quoting to leading banks in the Principal Financial Centre, the Rate of Interest shall be the Rate of Interest determined on the previous Interest Determination Date (after readjustment for any difference between any Margin or Maximum or Minimum Rate of Interest applicable to the preceding Interest Accrual Period and to the relevant Interest Accrual Period).
- (d) Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined and the Benchmark in respect of the Floating Rate Privileged Notes is specified as being SONIA, the Rate of Interest for each Interest Accrual Period plus or minus (as indicated in the applicable Final Terms) the Margin (if any) will, subject as provided below, be the rate of return of a daily compounded interest investment (it being understood that reference rate for the calculation of interest is the Sterling daily overnight reference rate) and will be calculated by the Calculation Agent on the Interest Determination Date, as follows, and the resulting percentage will be rounded if necessary to the nearest one ten-thousandth of a percentage point, with 0.00005 being rounded upwards:

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{SONIA_i \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

where:

"**d**" is the number of calendar days in the relevant SONIA Observation Period;

"**d₀**" is the number of London Banking Days in the relevant SONIA Observation Period;

"**i**" is a series of whole numbers from one to **d₀**, each representing the relevant London Banking Day in chronological order from, and including, the first London Banking Day in the relevant SONIA Observation Period;

"**London Banking Day**" or "**LBD**" means any day on which commercial banks are open for general business (including dealing in foreign exchange and foreign currency deposits) in London;

"**n_i**" for any London Banking Day "**i**" in the relevant SONIA Observation Period, means the number of calendar days from and including such London Banking Day "**i**" up to but excluding the following London Banking Day ("**i+1**");

Period (and the first Interest Accrual Period shall begin on and include the Interest Commencement Date) and ending on, but excluding, the date falling "p" London Banking Days prior to the Interest Payment Date of such Interest Accrual Period (or the date falling "p" London Banking Days prior to such earlier date, if any, on which the Privileged Notes become due and payable);

"p" means in relation to any Interest Accrual Period, the number of London Banking Days as specified in the Final Terms under SONIA Observation Shift Days;

"SONIA", in respect of any London Banking Day, is a reference rate equal to the daily Sterling Overnight Index Average (SONIA) rate for such London Banking Day as provided by the administrator of SONIA to authorised distributors and as then published on the relevant Page or, if the relevant Page is unavailable, as otherwise published by such authorised distributors, on the London Banking Day immediately following such London Banking Day; and

"SONIA_i", means in respect of any London Banking Day "i" falling in the relevant SONIA Observation Period, the SONIA for such London Banking Day "i".

If, in respect of that London Banking Day in the relevant SONIA Observation Period, the Calculation Agent determines that the SONIA is not available on the relevant Page or has not otherwise been published by the relevant authorised distributors, such SONIA shall be: (i) the Bank of England's Bank Rate (the "**Bank Rate**") prevailing at close of business on the relevant London Banking Day; plus (ii) the mean of the spread of the SONIA to the Bank Rate over the previous five days on which a SONIA has been published, excluding the highest spread (or, if there is more than one highest spread, one only of those highest spreads) and lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads) to the Bank Rate.

Notwithstanding the paragraph above, in the event the Bank of England publishes guidance as to (i) how the SONIA is to be determined or (ii) any rate that is to replace the SONIA, the Calculation Agent shall, to the extent that it is reasonably practicable, follow such guidance in order to determine SONIA for the purpose of the Privileged Notes for so long as the SONIA is not available or has not been published by the authorised distributors.

Any substitution of the SONIA, as specified above, will remain effective for the remaining term to maturity of the Privileged Notes and shall be published by the Issuer in accordance with Condition 15.

In the event that the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Calculation Agent, the Rate of Interest shall be (i) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum Rate of Interest or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Accrual Period in place of the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to that last preceding Interest Accrual Period) or (ii) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to such Privileged Notes for the first Interest Accrual Period, had the Privileged Notes been in issue for a period equal in duration to the scheduled first Interest Accrual Period but ending on (and excluding) the Interest Commencement Date (but applying the Margin and any Maximum Rate of Interest or Minimum Rate of Interest applicable to the first Interest Accrual Period).

If the Privileged Notes become due and payable in accordance with the Terms Conditions, the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in the Final Terms, be deemed to be the date on which such Privileged Notes became due and payable and the Rate of Interest on such Privileged Notes shall, for so long as any such Privileged Notes remains outstanding, be that determined on such date.

- (e) Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined and the Benchmark in

respect of the Floating Rate Privileged Notes is specified as being SOFR, the Rate of Interest for each Interest Accrual Period plus or minus (as indicated in the applicable Final Terms) the Margin (if any) will, subject as provided below, be calculated by the Calculation Agent on the SOFR Interest Determination Date as follows, with the resulting percentage being rounded, if necessary, to the nearest one hundred-thousandth of a percentage point, 0.00005 being rounded upwards:

Any substitution of the SOFR, as specified above, will remain effective for the remaining term to maturity of the Privileged Notes and shall be published by the Issuer in accordance with Condition 15.

- (f) Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined and the Benchmark in

respect of the Floating Rate Privileged Notes is specified as being SARON, the Rate of Interest for each Interest Accrual Period plus or minus (as indicated in the applicable Final Terms) the Margin (if any) will, subject as provided below, be the rate of return of a daily compound interest investment (with the overnight interest rate of the secured funding market for Swiss franc as the reference rate for the calculation of interest) and will be calculated by the Calculation Agent on the Interest Determination Date as follows, and the resulting percentage will be rounded, if necessary, to the nearest one ten-thousandth of a percentage point, with 0.00005 being rounded upwards:

$$\left(\prod_{i=1}^{d_0} \left(1 + \frac{\text{SARON}_i \times n_i}{360} \right) - 1 \right) \times \frac{360}{d}$$

- (i) if there is a SARON Recommended Replacement Rate within one (1) Zurich Banking Day of the SARON Index Cessation Effective Date, then the rate of SARON for each Zurich Banking Day in the relevant SARON Observation Period occurring on or after that SARON Index Cessation Effective Date will be determined as if references to SARON were references to the SARON Recommended Replacement Rate, giving effect to the SARON Recommended Adjustment Spread, if any, published on such Zurich Banking Day; or
- (ii) if there is no SARON Recommended Replacement Rate within one (1) Zurich Banking Day of the SARON Index Cessation Effective Date, then the rate of SARON for each Zurich Banking Day in the relevant SARON Observation Period occurring on or after that SARON Index Cessation Effective Date will be determined as if references to SARON were references to the policy rate of the Swiss National Bank (the "**SNB Policy Rate**") for such Zurich Banking Day, giving effect to the SNB Adjustment Spread, if any.

Any substitution of the SARON by the SARON Recommended Replacement Rate or the SNB Policy Rate as specified above (the "**SARON Replacement Rate**") will remain effective for the remaining term to maturity of the Privileged Notes and shall be published by the Issuer in accordance with Condition 15.

In the event that the Rate of Interest cannot be determined in accordance with the provisions of this sub-paragraph (e) by the Calculation Agent, (i) the Rate of Interest shall be the last SARON available on the SARON Screen Page as determined by the Calculation Agent determined as at the last preceding Interest Determination Date relating to such Rate of Interest calculation (though substituting, where a different Margin or Maximum Rate of Interest or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Accrual Period in place of the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to that last preceding Interest Accrual Period) or (ii) if there is no such preceding Interest Determination Date, the Rate of Interest shall be determined as if the rate of SARON for each Zurich Banking Day in the SARON Observation Period on or after such SARON Index Cessation Effective Date were references to the latest published SARON (but applying the Margin and any Maximum Rate of Interest or Minimum Rate of Interest applicable to the first Interest Accrual Period).

For the purpose of this Condition 6(c)(iii)(C)(e):

"**SARON Administrator**" means SIX Swiss Exchange or any successor administrator of the SARON;

"**SARON Administrator Website**" means the website of the SARON Administrator;

"**SARON Index Cessation Effective Date**" means the earliest of (as determined by the Calculation Agent and notified by the Calculation Agent to the Issuer):

- (1) in the case of the occurrence of a SARON Index Cessation Event described in paragraph (i) of the definition thereof, the date on which the SARON Administrator ceases to provide the SARON;
- (2) in the case of the occurrence of a SARON Index Cessation Event described in subparagraph (ii)(x) of the definition thereof, the latest of: (i) the date of such statement or publication or (ii) the date, if any, specified in such statement or publication as the date on which the SARON will no longer be representative; or
- (3) in the case of the occurrence of a SARON Index Cessation Event described in subparagraph (ii)(y) of the definition thereof, the date as of which the SARON may no longer be used;

"SARON Index Cessation Event" means the occurrence of one or more of the following events (as determined by the Calculation Agent and notified by the Calculation Agent to the Issuer):

- (i) a public statement or publication of information by or on behalf of the SARON Administrator, or by any competent authority, announcing or confirming that the SARON Administrator has ceased or will cease to provide the SARON permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the SARON; or
- (ii) a public statement or publication of information by the SARON Administrator or any competent authority announcing that (x) the SARON is no longer representative or will as of a certain date no longer be representative, or (y) the SARON may no longer be used after a certain date, which statement, in the case of subclause (y), is applicable to (but not necessarily limited to) fixed income securities and derivatives;

"SARON Recommended Adjustment Spread" means, with respect to any SARON Recommended Replacement Rate, the spread (which may be positive, negative or zero), or formula or methodology for calculating such a spread,

- (i) that the SARON Recommending Body has recommended be applied to such SARON Recommended Replacement Rate in the case of fixed income securities with respect to which such SARON Recommended Replacement Rate has replaced the SARON as the reference rate for purposes of determining the applicable rate of interest thereon; or
- (ii) if the SARON Recommending Body has not recommended such a spread, formula or methodology as described in clause (i) above, to be applied to such SARON Recommended Replacement Rate in order to reduce or eliminate, to the extent reasonably practicable under the circumstances, any economic prejudice or benefit (as applicable) to Noteholders as a result of the replacement of the SARON with such SARON Recommended Replacement Rate for purposes of determining SARON, such spread will be determined by the Calculation Agent, acting in good faith and a commercially reasonable manner, and be consistent with industry-accepted practices for fixed income securities with respect to which such SARON Recommended Replacement Rate has replaced the SARON as the reference rate for purposes of determining the applicable rate of interest thereon;

"SARON Recommended Replacement Rate" means the rate that has been recommended as the replacement for the SARON by any working group or committee in Switzerland organized in the same or a similar manner as the National Working Group on Swiss Franc Reference Rates that was founded in 2013 for purposes of, among other things, considering proposals to reform reference interest rates in Switzerland (any such working group or committee, the **"SARON Recommending Body"**);

"SIX Swiss Exchange" means SIX Swiss Exchange AG and any successor thereto; and

"SNB Adjustment Spread" means, with respect to the SNB Policy Rate, the spread to be applied to the SNB Policy Rate in order to reduce or eliminate, to the extent reasonably practicable under the circumstances, any economic prejudice or benefit (as applicable) to Noteholders as a result of the replacement of the SARON with the SNB Policy Rate for purposes of determining SARON, which spread will be determined by the Calculation Agent, acting in good faith and a commercially reasonable manner, taking into account the historical median between the SARON and the SNB Policy Rate during the two year period ending on the date on which the SARON Index Cessation Event occurred (or, if more than one SARON Index Cessation Event has occurred, the date on which the first of such events occurred).

In the relevant Final Terms, if the paragraph "Benchmark" specifies that the rate is determined by linear interpolation, in respect of an Interest Accrual Period, the Rate of Interest for such Interest Accrual Period shall be calculated by the Calculation Agent by

straight line linear interpolation by reference to two (2) rates based on the relevant Floating Rate, one of which shall be determined as if the Designated Maturity were the period of time for which rates are available of next shorter length before the length of the relevant Interest Accrual Period, and the other of which shall be determined as if the maturity were the period of time for which rates are available of next longer length after the length of the relevant Interest Accrual Period.

Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, unless a higher Minimum Rate of Interest is specified in the relevant Final Terms, the Minimum Rate of Interest shall be deemed to be zero.

(d) Rate of Interest on CMS Linked Privileged Notes

(i) Interest Payment Dates

Each CMS Linked Privileged Note bears interest on its outstanding nominal amount from and including the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 6(1). Such Interest Payment Date(s) is/are either shown in the relevant Final Terms as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are shown in the relevant Final Terms, Interest Payment Date shall mean each date which falls the number of months, or other period shown in the relevant Final Terms as the Interest Period, after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

(ii) CMS Rate

The Rate of Interest in respect of CMS Linked Privileged Notes for each Interest Accrual Period shall, subject as provided below or to Condition 6(e) below, be determined by the Calculation Agent by applying one of the following formulae, as specified in the relevant Final Terms:

- (A) Rate of Interest = CMS Rate + Margin;
- (B) Rate of Interest = CMS Rate – Margin;
- (C) Rate of Interest = Rate Multiplier x (CMS Rate + Margin);
- (D) Rate of Interest = Rate Multiplier x (CMS Rate – Margin);
- (E) Rate of Interest = Rate Multiplier x (CMS Rate₁ – CMS Rate₂);
- (F) Rate of Interest = Margin + [Rate Multiplier x (CMS Rate₁ – CMS Rate₂)];
- (G) Rate of Interest = Margin + [Rate Multiplier x (Applicable Rate – CMS Rate)];
- (H) Rate of Interest = Margin + [Rate Multiplier x (CMS Rate – Applicable Rate)];
- (I) Rate of Interest = Rate Multiplier x (Applicable Rate – CMS Rate);

where:

"Applicable Rate" means the rate (expressed as a percentage) specified in the relevant Final Terms.

"Rate Multiplier" means the number specified in the relevant Final Terms.

In the event that the CMS Reference Rate does not appear on the Page on any relevant date, the Calculation Agent shall determine on such relevant date the applicable rate based on quotations of five (5) Reference Banks (to be selected by the Calculation Agent and the Issuer) for such CMS Reference Rate (in each case the relevant mid-market annual swap rate commencing two (2) TARGET Business Days following such relevant date). The highest and lowest (or, in the event of equality, one of the highest and/or lowest) quotations so determined shall be disregarded by the Calculation Agent for the purpose of determining the Reference Rate which will be the arithmetic mean (rounded if necessary to five significant figures with halves being rounded up) of such provided quotations.

If, for any reason, the CMS Reference Rate is no longer published or if fewer than three (3) quotations are provided to the Calculation Agent in accordance with the above paragraph, it will be determined by the Calculation Agent in its sole discretion, acting in good faith and in a commercial and reasonable manner.

For the avoidance of doubt, unless a higher Minimum Rate of Interest is specified in the relevant Final Terms, the Minimum Rate of Interest shall be deemed to be zero.

(e) **Rate of Interest in case of discontinuation of the Relevant Rate or Administrator /Benchmark Event**

In respect of CMS Linked Privileged Notes or, in respect of Floating Rate Privileged Notes, where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, if an Administrator/Benchmark Event occurs in relation to an Original Reference Rate (other than SONIA, SOFR and SARON) at any time when the Terms and Conditions of any Privileged Notes provide for any remaining rate of interest (or any component part thereof) to be determined by reference to such Original Reference Rate, then the following provisions shall apply and prevail over the other fallback provisions set out in Condition 6(c) and Condition 6(d). For the avoidance of doubt, the following provisions shall not apply and shall not prevail over the fallback provisions relating to SONIA, SOFR and SARON provided in Condition 6(c)(iii)(C)(d), Condition 6(c)(iii)(C)(e) and Condition 6(c)(iii)(C)(f).

If at any time prior to or on any Interest Determination Date, the Issuer in consultation with the Calculation Agent determines, acting in good faith and in a commercially reasonable manner, that the Relevant Rate has been discontinued or that an Administrator/Benchmark Event has occurred:

- (i) the Issuer will as soon as reasonably practicable (and in any event prior to the next following Interest Determination Date (up until which time paragraph ((c)(iii)(C)(b)) above will continue to apply)) appoint an agent (the "**Relevant Rate Determination Agent**") that shall determine, acting in good faith and in a commercially reasonable manner whether, for the purposes of determining the Relevant Rate on each following Interest Determination Date, a Successor Rate, failing which, an Alternative Rate is available. If the Relevant Rate Determination Agent determines that there is an industry-accepted Successor Rate or Alternative Rate, the Relevant Rate Determination Agent will use such Successor Rate or Alternative Rate to determine the Relevant Rate (such rate, the "**Replacement Relevant Rate**"). The Relevant Rate Determination Agent may be (i) a leading bank or a broker-dealer in the Principal Financial Centre of the Specified Currency (which may include one of the Dealers involved in the issue of the Floating Rate Privileged Notes and/or CMS Linked Privileged Notes), (ii) an independent financial adviser, (iii) an affiliate of the Issuer and/or (iv) the Calculation Agent;
- (ii) if the Relevant Rate Determination Agent has determined a Replacement Relevant Rate in accordance with the foregoing, the Relevant Rate Determination Agent will also determine concomitant changes (if any) to the Business Day Convention, the definition of Business Day, the Interest Determination Date, the Day Count Fraction, the Adjustment Spread, and any method for obtaining the Replacement Relevant Rate, and such other changes or adjustments necessary to make such Replacement Relevant Rate as comparable as possible to the Relevant Rate, in each case in a manner that is consistent with industry-accepted practices for such Replacement Relevant Rate and such guidance promulgated by associations involved in the establishment of market standards and/or protocols in the international financial and/or debt capital markets as the Relevant Rate Determination Agent may consider relevant for such Replacement Relevant Rate;
- (iii) references to the "Relevant Rate" in these Terms and Conditions will thenceforth be deemed to be references to the Replacement Relevant Rate, including any concomitant changes and adjustments determined in accordance with paragraph (ii) above. The determination of the Replacement Relevant Rate and such concomitant changes and adjustments by the Relevant Rate Determination Agent will (in the absence of manifest error) be final and binding on the Issuer, the Calculation Agent, the Fiscal Agent, the Noteholders and any other person and each Noteholder shall be deemed to have accepted the Replacement Relevant Rate and such related changes and adjustments pursuant to this paragraph (e); and
- (iv) as soon as reasonably practicable, the Relevant Rate Determination Agent will notify the Issuer of the foregoing and the Issuer will give notice to the Noteholders (in accordance with Condition 15) and the Fiscal Agent specifying the Replacement Relevant Rate, as well as the concomitant changes and adjustments determined in accordance with paragraph (ii) above.

If the Relevant Rate Determination Agent has determined that the relevant Relevant Rate has been

discontinued and/or an Administrator/Benchmark Event has occurred, and for any reason a Replacement Relevant Rate has not been or cannot be determined on or prior to the next following Interest Determination Date, then no Replacement Relevant Rate will be adopted, and in such case, the Rate of Interest shall be the Rate of Interest determined on the previous Interest Determination Date (after readjustment for any difference between any Margin, Rate Multiplier or Maximum Rate of Interest or Minimum Rate of Interest applicable to the preceding Interest Accrual Period and to the relevant Interest Accrual Period);

where:

"Adjustment Spread" means either a spread (which may be positive or negative), or the formula or methodology for calculating a spread, in either case, which the Relevant Rate Determination Agent determines and which is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) to reduce or eliminate, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as the case may be) to Noteholders, Receiptholders and Couponholders as a result of the replacement of the Original Reference Rate with the Successor Rate or the Alternative Rate (as the case may be) and is the spread, formula or methodology which:

- (a) in the case of a Successor Rate, is formally recommended or formally provided as an option for parties to adopt in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body; or
- (b) if no recommendation required under the sub-paragraph (a) above has been made or in the case of an Alternative Rate, the Relevant Rate Determination Agent determines and which is recognised or acknowledged as being a customary market usage in the international debt capital market for transactions or, if not, the industry standard for over-the-counter derivative transactions which reference the Original Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate, as the case may be; or
- (c) if no such recommendation or option has been made (or made available), or the Relevant Rate Determination Agent determines there is no such spread, formula or methodology in customary market usage, the Relevant Rate Determination Agent, acting in good faith, determines to be appropriate.

"Administrator/Benchmark Event" means, in relation to any Floating Rate Privileged Notes and/or CMS Linked Privileged Notes and a Benchmark, the occurrence of a Benchmark Modification or Cessation Event, a Non-Approval Event, a Rejection Event or a Suspension/Withdrawal Event.

"Alternative Rate" means an alternative benchmark or screen rate which the Relevant Rate Determination Agent determines in accordance with this paragraph (e) and which is customary market usage in the international debt capital markets for the purposes of determining rates of interest (or the relevant component part thereof) for a commensurate interest period and in the same Specified Currency as the Floating Rate Privileged Notes and/or CMS Linked Privileged Notes.

"Benchmark Modification or Cessation Event" means, in respect of any Floating Rate Privileged Notes and/or CMS Linked Privileged Notes and a Benchmark:

- (a) any material changes in such Benchmark;
- (b) the permanent or indefinite cancellation or cessation in the provision of such Benchmark;
- (c) a relevant regulator or other official sector entity prohibits the use of such Benchmark.

"Benchmarks Regulation" means Regulation (EU) 2016/1011 of the European Parliament and of the Council of 8 June 2016 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds, as amended.

"Non-Approval Event" means, in respect of the Benchmark:

- (a) any authorisation, registration, recognition, endorsement, equivalence or approval in respect of the Benchmark or the administrator or sponsor of the Benchmark has not been or will not be obtained;
- (b) the Benchmark or the administrator or sponsor of the Benchmark has not been or will not be included in an official register; or

- (c) the Benchmark or the administrator or sponsor of the Benchmark does not or will not fulfil any legal or regulatory requirement applicable to the Floating Rate Privileged Notes and/or CMS Linked Privileged Notes, the Issuer, the Calculation Agent or the Benchmark,

in each case, as required under any applicable law or regulation for any of the Issuer, the Calculation Agent or any other entity to perform its obligations in respect of the Floating Rate Privileged Notes and/or CMS Linked Privileged Notes. For the avoidance of doubt, a Non-Approval Event shall not occur if, notwithstanding that the Benchmark or the administrator or sponsor of the Benchmark is not or will not be included in an official register because its authorisation, registration, recognition, endorsement, equivalence or approval is suspended, at the time of such suspension the continued provision and use of the Benchmark is nevertheless permitted in respect of the Floating Rate Privileged Notes and/or CMS Linked Privileged Notes under applicable law or regulation during the period of such suspension.

"Original Reference Rate" means the benchmark or screen rate (as applicable) originally specified for the purpose of determining the relevant Rate of Interest (or any relevant component part(s) thereof) on the Floating Rate Privileged Notes and/or CMS Linked Privileged Notes.

"Rejection Event" means, in respect of the Benchmark, the relevant competent authority or other relevant official body rejects or refuses or will reject or refuse any application for authorisation, registration, recognition, endorsement, equivalence, approval or inclusion in any official register which, in each case, is required in relation to the Floating Rate Privileged Notes and/or CMS Linked Privileged Notes, the Benchmark or the administrator or sponsor of the Benchmark under any applicable law or regulation for any of the Issuer, the Calculation Agent or any other entity to perform its obligations in respect of the Floating Rate Privileged Notes and/or CMS Linked Privileged Notes.

"Relevant Nominating Body" means, in respect of a benchmark or screen rate (as applicable):

- (a) the central bank, reserve bank, monetary authority or any other similar institution (as applicable) for the currency to which the benchmark or screen rate (as applicable) relates; or
- (b) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of (i) the central bank, reserve bank, monetary authority or any other similar institution (as applicable) for the currency to which the benchmark or screen rate (as applicable) relates, (ii) a group of the aforementioned institutions or (iii) the Financial Stability Board or any part thereof.

"Successor Rate" means a successor to or replacement of the Original Reference Rate which is formally recommended by any Relevant Nominating Body. If, following an Administrator/Benchmark Event, more than one successor or replacement rates are recommended by any Relevant Nominating Body, the Relevant Rate Determination Agent will determine, among those successor or replacement rates, that one which is the most appropriate, taking into consideration, without limitation, the particular features of the relevant Floating Rate Privileged Notes and/or CMS Linked Privileged Notes and the nature of the Issuer.

"Suspension/Withdrawal Event" means, in respect of the Benchmark:

- (a) the relevant competent authority or other relevant official body suspends or withdraws or will suspend or withdraw any authorisation, registration, recognition, endorsement, equivalence decision or approval in relation to the Benchmark or the administrator or sponsor of the Benchmark which is required under any applicable law or regulation for any of the Issuer, the Calculation Agent or any other entity to perform its obligations in respect of the Floating Rate Privileged Notes and/or CMS Linked Privileged Notes; or
- (b) the Benchmark or the administrator or sponsor of the Benchmark is or will be removed from any official register where inclusion in such register is or will be required under any applicable law in order for any of the Issuer, the Calculation Agent or any other entity to perform its obligations in respect of the Floating Rate Privileged Notes and/or CMS Linked Privileged Notes.

For the avoidance of doubt, a Suspension/Withdrawal Event shall not occur if such authorisation, registration, recognition, endorsement, equivalence decision or approval is or will be suspended or where inclusion in any official register is or will be withdrawn if, at the time of such suspension or withdrawal, the continued provision and use of the Benchmark is permitted in respect of the Floating Rate Privileged Notes and/or CMS Linked Privileged Notes under applicable law or

regulation during the period of such suspension or withdrawal.

(f) Interest on Fixed/Floating Rate Privileged Notes, Fixed/CMS Rate Privileged Notes, Floating/Fixed Rate Privileged Notes, CMS/Fixed Rate Privileged Notes, Fixed/Fixed Rate Privileged Notes and Floating/Floating Rate Privileged Notes

Where Change of Interest Basis is specified to be Applicable in the relevant Final Terms each Fixed/Floating Rate Privileged Notes shall bear interest on its outstanding nominal amount at a rate that:

- (i) at the Issuer's option, the Issuer may elect to convert (the "**Issuer Change of Interest Basis**") on the date specified in the relevant Final Terms (the "**Switch Date**"):
- from Fixed Rate (as defined in Condition 6 (b) and specified in the relevant Final Terms) to Floating Rate (as defined in Condition 6 (c) and specified in the relevant Final Terms) or from Floating Rate to Fixed Rate with respect to Fixed/Floating Rate Privileged Notes and Floating/Fixed Rate Privileged Notes;
 - from Fixed Rate to a different Fixed Rate with respect to Fixed/Fixed Rate Privileged Notes;
 - from Floating Rate to a different Floating Rate with respect to Floating/Floating Rate Privileged Notes; and
 - from Fixed Rate to CMS Rate or from CMS Rate to Fixed Rate with respect to Fixed/CMS Rate Privileged Notes and CMS/Fixed Rate Privileged Notes,

it being specified that any Issuer Change of Interest Basis shall be notified by the Issuer to the relevant Noteholders in accordance with Condition 15 within the period specified in the relevant Final Terms; or

- (ii) automatically changes from Fixed Rate to Floating Rate or from Floating Rate to Fixed Rate, from Fixed Rate to a different Fixed Rate or from Floating Rate to a different Floating Rate on the Switch Date and from Fixed Rate to CMS Rate or from CMS Rate to Fixed Rate on the Switch Date (the "**Automatic Change of Interest Basis**"),

provided that, in any case, if the Switch Date does not fall on an Interest Payment Date, the Issuer Change of Interest Basis will apply either from (i) the Interest Period including the Switch Date or (ii) the Interest Period following the Switch Date, as specified in the relevant Final Terms.

(g) Inverse Floating Rate Privileged Notes / Inverse CMS Rate Privileged Notes

The Rate of Interest in respect of Inverse Floating Rate Privileged Notes or Inverse CMS Rate Privileged Notes, for each Interest Accrual Period, shall be equal to the Fixed Rate specified in the relevant Final Terms minus the Floating Rate or the CMS Rate, as the case may be, specified in the relevant Final Terms. The Fixed Rate, Floating Rate or CMS Rate, as applicable, and the respective amounts of interest payable shall be determined in accordance with the provisions applying to Fixed Rate Privileged Notes, Floating Rate Privileged Notes or CMS Rate Privileged Notes, as applicable.

(h) Zero Coupon Privileged Notes

Where a Privileged Note the Interest Basis of which is specified to be Zero Coupon is repayable prior to the Final Maturity Date (or the Extended Final Maturity Date, as the case may be) pursuant to an Issuer's optional redemption or, if so specified in the relevant Final Terms, pursuant to Condition 7(e) or otherwise and is not paid when due, the amount due and payable prior to the Final Maturity Date (or the Extended Final Maturity Date, as the case may be) shall be the Optional Redemption Amount or the Early Redemption Amount, as the case may be. As from the Final Maturity Date (or the Extended Final Maturity Date, as the case may be), the Rate of Interest for any overdue principal of such a Privileged Note shall be a rate *per annum* (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 7(e)(i)(B)).

(i) Accrual of Interest

Interest shall cease to accrue on each Privileged Note on the due date for redemption unless (i) in the case of Dematerialised Privileged Notes, on such due date or (ii) in the case of Materialised Privileged Notes, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (as well after as before judgement) at the Rate of Interest in the manner provided in this Condition 6 to the Relevant Date.

(j) Margin, Maximum Rate of Interest, Minimum Rate of Interest, Maximum Instalment Amounts, Minimum Instalment Amounts, Maximum Redemption Amounts, Minimum Redemption Amounts and Rounding:

- (i) If any Margin is specified in the relevant Final Terms (either (y) generally, or (z) in relation to one (1) or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the

case of (y), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (z), calculated in accordance with Condition 6(c), 6(d), 6(f) and 6(g) above by adding (if a positive number) or subtracting (if a negative number) the absolute value of such Margin, subject always to the next paragraph.

- (ii) If any Maximum Rate of Interest or Minimum Rate of Interest, Maximum Instalment Amount or Minimum Instalment Amount or Maximum Redemption Amount or Minimum Redemption Amount is specified in the relevant Final Terms, then any Rate of Interest, Instalment Amount or Redemption Amount shall be subject to such maximum or minimum, as the case may be.
- (iii) For the purposes of any calculations required pursuant to these Conditions, (w) if FBF Determination is specified in the relevant Final Terms, all percentages resulting from such calculations shall be rounded, if necessary, to the nearest ten-thousandth of a percentage point (with halves being rounded up), (x) otherwise, all percentages resulting from such calculations shall be rounded, if necessary, to the nearest fifth decimal (with halves being rounded up), (y) all figures shall be rounded to seven (7) decimals (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of Yen, which shall be rounded down to the nearest Yen. For the purpose of this Condition "unit" means the lowest amount of such currency that is available as legal tender in the country of such currency.

(k) Calculations

The amount of interest payable in respect of any Privileged Note for any period shall be calculated by multiplying the product of the Rate of Interest and the outstanding nominal amount of such Privileged Note by the Day Count Fraction, unless an Interest Amount is specified in respect of such period, in which case the amount of interest payable in respect of such Privileged Note for such period shall equal such Interest Amount. Where any Interest Period comprises two (2) or more Interest Accrual Periods, the amount of interest payable in respect of such Interest Period shall be the sum of the amounts of interest payable in respect of each of those Interest Accrual Periods.

(l) Determination and publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts and Instalment Amounts

The Calculation Agent shall, as soon as practicable on such date as the Calculation Agent may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, determine such rate and calculate the Interest Amounts in respect of each Specified Denomination of the Privileged Notes for the relevant Interest Accrual Period, calculate the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or Instalment Amount, obtain such quotation or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or any Instalment Amount to be notified to the Fiscal Agent, the Issuer, each of the Paying Agents, the holders of Privileged Notes, any other Calculation Agent appointed in respect of the Privileged Notes that is to make a further calculation upon receipt of such information and, if the Privileged Notes are admitted to trading on a Regulated Market and the rules of such Regulated Market so require, such Regulated Market as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such Regulated Market of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth (4th) Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 6(c)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

(m) Calculation Agent and Reference Banks

The Issuer shall procure that there shall at all times be four (4) Reference Banks (or such other number as may be required) with offices in the Relevant Financial Centre and one (1) or more Calculation Agents if provision is made for them in the relevant Final Terms and for so long as any Privileged Note is outstanding. If any Reference Bank (acting through its relevant office) is unable or unwilling to continue to act as a Reference Bank, then the Issuer shall appoint another Reference Bank with an office in the Relevant Financial Centre to act as such in its place. Where more than one (1) Calculation Agent is appointed in respect of the Privileged Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Terms and Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Period or Interest Accrual Period or to calculate any Interest Amount, Instalment Amount, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall appoint a leading bank or investment banking firm engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal Paris or Luxembourg office, as appropriate, or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid. So long as the Privileged Notes are admitted to trading on a Regulated Market and the rules of, or applicable to, that Regulated Market so require, notice of any change of Calculation Agent shall be given in accordance with Condition 15.

7. Redemption, Purchase and Options

(a) Final Redemption

Unless previously redeemed or purchased and cancelled as provided below, each Privileged Note shall be finally redeemed on the final maturity date (the "**Final Maturity Date**") (or the Extended Final Maturity Date, as the case may be) specified in the relevant Final Terms at its final redemption amount (the "**Final Redemption Amount**") (which is at least one hundred per cent. (100%) of its nominal amount) or, in the case of a Privileged Note falling within Condition 7(b) below, its final Instalment Amount.

An extended Final Maturity Date (the "**Extended Final Maturity Date**") which means a date falling one (1) or several year(s) after the Final Maturity Date, may be specified in the relevant Final Terms provided that the maturity extension trigger event(s) set out in the applicable Final Terms (Terms (each such event, a "**Maturity Extension Trigger Event**") comply with the conditions set out in Articles L. 513-2 and R. 513-8-1 of the French Monetary and Financial Code. If a Maturity Extension Trigger Event occurs and the Final Redemption Amount of such Series is not paid by the Issuer on the Final Maturity Date, then payment of the unpaid amount shall be automatically deferred and shall become due and payable on the Extended Final Maturity Date. However, any amount representing the Final Redemption Amount due and remaining unpaid on the initially scheduled Final Maturity Date may be paid by the Issuer on any Interest Payment Date occurring thereafter up to (and including) the relevant Extended Final Maturity Date. During the extended period, interest will continue to be calculated and to accrue on any unpaid principal amount at the Rate of Interest specified in the relevant Final Terms and be payable on each Interest Payment Date and on the Extended Final Maturity Date all as specified in the relevant Final Terms and in accordance with the Terms and Conditions of the French law Privileged Notes.

(b) Redemption by Instalments

Unless previously redeemed or purchased and cancelled as provided in this Condition 7, each Privileged Note that provides for Instalment Dates and Instalment Amounts shall be partially redeemed on each Instalment Date at the related Instalment Amount specified in the relevant Final Terms. The outstanding nominal amount of each such Privileged Note shall be reduced by the Instalment Amount (or, if such Instalment Amount is calculated by reference to a proportion of the nominal amount of such Privileged Note, such proportion) for all purposes with effect from the related Instalment Date, unless payment of the Instalment Amount is improperly withheld or refused (i) in the case of Dematerialised Privileged Note, on the due date for such payment or (ii) in the case of Materialised Privileged Note, on presentation of the related Receipt, in which case, such amount shall remain outstanding until the Relevant Date relating to such Instalment Amount.

(c) Redemption at the Option of the Issuer, exercise of Issuer's Options and Partial Redemption

If a Call Option is specified in the relevant Final Terms, the Issuer may, subject to compliance by the Issuer with all relevant laws, regulations and directives and on giving not less than fifteen (15) nor more than thirty (30) days' prior irrevocable notice in accordance with Condition 15 to the holders of Privileged Notes (or such other notice period as may be specified in the relevant Final Terms) redeem, or exercise any other option in relation to all or, if so provided, some, of the Privileged Notes on any Optional Redemption Date (as defined in the Final

Terms) or Option Exercise Date (as defined in the Final Terms), as the case may be. Any such redemption of Privileged Notes shall be at their Optional Redemption Amount together with interest accrued to the date fixed for redemption, if any. Any such redemption must relate to Privileged Notes of a nominal amount at least equal to the Minimum Redemption Amount to be redeemed as specified in the relevant Final Terms and no greater than the Maximum Redemption Amount to be redeemed as specified in the relevant Final Terms.

All Privileged Notes in respect of which any such notice is given shall be redeemed, or the Issuer's option shall be exercised, on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption or a partial exercise of an Issuer's option in respect of Materialised Privileged Notes, the notice to holders of such Materialised Privileged Notes shall also contain the numbers of the Definitive Materialised Privileged Notes to be redeemed or in respect of which such option has been exercised, which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and Regulated Market requirements.

In the case of a partial redemption or a partial exercise of an Issuer's option in respect of Dematerialised Privileged Notes, the redemption shall be effected by reducing the nominal amount of all such Dematerialised Privileged Notes in a Series in proportion to the aggregate nominal amount redeemed.

So long as the Privileged Notes are listed on the Official List of the Luxembourg Stock Exchange and admitted to trading on the Regulated Market of the Luxembourg Stock Exchange and the rules thereof so require, the Issuer shall, once in each year in which there has been a partial redemption of the Privileged Notes, cause to be published either on the website of the Luxembourg Stock Exchange (www.bourse.lu) or in a leading financial newspaper of general circulation in Luxembourg a notice specifying the aggregate nominal amount of Privileged Notes outstanding and, in the case of Materialised Privileged Notes a list of any Materialised Privileged Notes, drawn for redemption but not surrendered.

(d) Redemption at the option of Noteholders and exercise of Noteholders' Options

If a Put Option is specified in the relevant Final Terms, the Issuer shall, at the option of the Noteholder, upon the Noteholder giving not less than fifteen (15) nor more than thirty (30) days' notice to the Issuer (or such other notice period as may be specified in the relevant Final Terms) redeem such Privileged Note on the Optional Redemption Date(s) at its Optional Redemption Amount together with interest accrued to the date fixed for redemption.

To exercise such option (which must be exercised on an option exercise date) the Noteholder must deposit with a Paying Agent at its specified office a duly completed option exercise notice (the "**Exercise Notice**") in the form obtained during normal business hours from any Paying Agent or the Registration Agent, as the case may be, within the notice period. In the case of Materialised Privileged Notes, the Exercise Notice shall have attached to it the relevant Privileged Notes (together with all unmatured Coupons and Receipts and unexchanged Talons). In the case of Dematerialised Privileged Notes, the Noteholder shall transfer, or cause to be transferred, the Dematerialised Privileged Notes to be redeemed to the account of the Paying Agent with a specified office in Paris, as specified in the Exercise Notice. No option so exercised and, where applicable, no Privileged Note so deposited or transferred, may be withdrawn without the prior consent of the Issuer.

(e) Early Redemption

(i) Zero Coupon Privileged Notes

- (A) The Early Redemption Amount or the Optional Redemption Amount payable in respect of any Zero Coupon Privileged Note, upon redemption of such Privileged Note pursuant to Condition 7(c), 7(d) or 7(g), as the case may be, shall be the Amortised Nominal Amount (calculated as provided below) of such Privileged Note.
- (B) Subject to the provisions of sub-paragraph (C) below, the amortised nominal amount of any such Privileged Note (the "**Amortised Nominal Amount**") shall be the scheduled Final Redemption Amount of such Privileged Note on the Final Maturity Date (or the Extended Final Maturity Date, as the case may be) discounted at a rate *per annum* (expressed as a percentage) equal to the amortisation yield (which, if none is shown in the relevant Final Terms, shall be such rate as would produce an Amortised Nominal Amount equal to the issue price of the Privileged Notes if they were discounted back to their issue price on the Issue Date) (the "**Amortisation Yield**") compounded annually.
- (C) If the Early Redemption Amount or the Optional Redemption Amount payable in respect of any such Zero Coupon Privileged Note upon its redemption pursuant to Condition 7(c), 7(d) or 7(g) is not paid when due, the Early Redemption Amount due and payable in respect of such Privileged

Note shall be the Amortised Nominal Amount of such Privileged Note as defined in sub-paragraph (B) above, except that such sub-paragraph shall have effect as though the date on which the Zero Coupon Privileged Note becomes due and payable was the Relevant Date. The calculation of the Amortised Nominal Amount in accordance with this sub-paragraph shall continue to be made (both before and after judgement) until the Relevant Date, unless the Relevant Date falls on or after the Final Maturity Date (or the Extended Final Maturity Date, as the case may be), in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Privileged Note on the Final Maturity Date (or the Extended Final Maturity Date, as the case may be) together with any interest that may accrue in accordance with Condition 6(h).

Where such calculation is to be made for a period of less than one (1) year, it shall be made on the basis of the Day Count Fraction as provided in the relevant Final Terms.

(ii) Other Privileged Notes

- (A) The Early Redemption Amount payable in respect of any Privileged Note (other than Privileged Notes described in (i) above), upon redemption of such Privileged Note pursuant to Condition 7(g) shall be the Final Redemption Amount together with interest accrued to the date fixed for redemption.
- (B) The Optional Redemption Amount payable in respect of any Privileged Note (other than Privileged Notes described in (i) above), upon redemption of such Privileged Note pursuant to Condition 7(c) or 7(d) will be determined by the Calculation Agent on the following basis:

Optional Redemption Amount = $Y \times \text{Specified Denomination}$

where:

"Y" means the ratio expressed as a percentage specified in the relevant Final Terms.

(f) No Redemption for Taxation Reasons

If French law should require that payments of principal, interest or other revenues in respect of any present or future Privileged Note be subject to withholding or deduction in respect of any present or future taxes or duties whatsoever, such Privileged Notes may not be redeemed early.

(g) Redemption due to illegality

If, by reason of any change in French law, or any change in the official application or interpretation of such law, becoming effective after the Issue Date, it would become unlawful for the Issuer to perform or comply with one (1) or more of its obligations under the Privileged Notes, the Issuer will, subject to having given not more than forty-five (45) nor less than thirty (30) days' notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 15, redeem all, but not some only, of the Privileged Notes at their Early Redemption Amount together with any interest accrued to the date set for redemption (including, where applicable, any arrears of interest).

(h) Subscriptions and purchases

The Issuer shall have the right at all times to subscribe and purchase Privileged Notes (provided that, in the case of Materialised Privileged Notes, all unmatured Coupons and Receipts and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise (including by tender offer) at any price, subject to any applicable laws and regulations and in particular to Article L.513-26 of the French Monetary and Financial Code. All Privileged Notes so subscribed or purchased by the Issuer may be held and resold in accordance with and within the limits set out by Articles L.213-0-1 and D.213-0-1 of the French Monetary and Financial Code, as amended from time to time.

(i) Cancellation

All Privileged Notes which have been subscribed or purchased by or on behalf of the Issuer may at its sole option be held or cancelled in accordance with applicable laws and regulations.

Privileged Notes will be cancelled, in the case of Dematerialised Privileged Notes, by transfer to an account in accordance with the rules and procedures of Euroclear France and, in the case of Materialised Privileged Notes, by surrendering the relevant Temporary Global Certificate or the Definitive Materialised Privileged Notes in question, together with all unmatured Coupons and Receipts and all unexchanged Talons, if applicable, to the Fiscal Agent and, in each case, if so transferred or surrendered, shall, together with all Privileged Notes redeemed by the Issuer, be cancelled forthwith (together with, in the case of Dematerialised Privileged Notes, all rights relating to payment of interest and other amounts relating to such Dematerialised Privileged Notes and, in the case of Definitive Materialised Privileged Notes, all unmatured Coupons and Receipts and unexchanged

Talons attached thereto or surrendered therewith). Any Privileged Note so cancelled or, where applicable, transferred or surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Privileged Notes shall be discharged.

8. Payments and Talons

(a) Dematerialised Privileged Notes

Payments of principal and interest in respect of Dematerialised Privileged Notes shall (i) in the case of Dematerialised Privileged Notes in bearer dematerialised form (*au porteur*) or administered registered form (*au nominatif administré*), be made by transfer to the account denominated in the relevant currency of the relevant Account Holders for the benefit of the holders of Privileged Notes and, (ii) in the case of Dematerialised Privileged Notes in fully registered form (*au nominatif pur*), to an account denominated in the relevant currency with a Bank (as defined below) designated by the relevant holder of Privileged Notes. All payments validly made to such Account Holders or Bank will be an effective discharge of the Issuer in respect of such payments.

(b) Definitive Materialised Privileged Notes

(i) Method of payment

Subject as provided below, payments in a Specified Currency will be made by credit or transfer to an account denominated in the relevant Specified Currency, or to which the Specified Currency may be credited or transferred (which, in the case of a payment in Yen to a non-resident of Japan, shall be a non-resident account) maintained by the payee with, or, at the option of the payee, by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Euro, shall be any country in the Euro-zone).

(ii) Presentation and surrender of Definitive Materialised Privileged Notes, Coupons and Receipts

Payments of principal in respect of Definitive Materialised Privileged Notes will (subject as provided below) be made in the manner provided in paragraph (i) above only against presentation and surrender (or, in the case of partial payment of any sum due, annotation) of such Privileged Notes, and payments of interest in respect of Definitive Materialised Privileged Notes will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, annotation) of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)).

Payments of instalments of principal (if any) in respect of Definitive Materialised Privileged Notes, other than the final instalment, will (subject as provided below) be made in the manner provided in paragraph (i) above only against presentation and surrender (or, in the case of part payment of any sum due, annotation) of the relevant Receipt in accordance with the preceding paragraph. Payment of the final instalment will be made in the manner provided in paragraph (i) above only against presentation and surrender (or, in the case of part payment of any sum due, annotation) of the relevant Privileged Note in accordance with the preceding paragraph. Each Receipt must be presented for payment of the relevant instalment together with the Definitive Materialised Privileged Note to which it appertains. Receipts presented without the Definitive Materialised Privileged Note to which they appertain do not constitute valid obligations of the Issuer.

Upon the date upon which any Definitive Materialised Privileged Note becomes due and payable, unmatured Receipts (if any) relating thereto (whether or not attached) shall become void and no payment will be made in respect thereof.

Fixed Rate Privileged Notes in definitive form should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of ten (10) years after the Relevant Date in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 10) or, if later, five (5) years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon any Fixed Rate Privileged Note in definitive form becoming due and repayable prior to its Final Maturity Date (or Extended Final Maturity Date, as the case may be), all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Privileged Note in definitive form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof.

If the due date for redemption of any Definitive Materialised Privileged Note is not an Interest Payment Date, interest (if any) accrued in respect of such Privileged Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against presentation and surrender (if appropriate) of the relevant Definitive Materialised Privileged Note.

(c) Payments in the United States

Notwithstanding the foregoing, if any Materialised Privileged Notes are denominated in U.S. dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States of America with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Privileged Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.

(d) Payments subject to Fiscal Laws

All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives in any jurisdiction (whether by operation of law or agreement of the Issuer or its Agents) and the Issuer will not be liable for any taxes or duties of whatever nature imposed or levied by such laws, regulations, directives or agreements.

No commission or expenses shall be charged to the holders of Privileged Notes, Receiptholders or Couponholders in respect of such payments.

(e) Appointment of Agents

The Fiscal Agent, the Paying Agents and the Calculation Agent initially appointed by the Issuer and their respective specified offices are listed at the end of the Base Prospectus relating to the Programme of the Privileged Notes of the Issuer. The Fiscal Agent, the Paying Agents and the Registration Agent act solely as agents of the Issuer and the Calculation Agent(s) act(s) as independent experts(s) and, in each case such, do not assume any obligation or relationship of agency for any Noteholder or Couponholder. The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, any other Paying Agent, Registration Agent or Calculation Agent and to appoint other Fiscal Agent, Paying Agent(s), Registration Agent(s) or Calculation Agent(s) or additional Paying Agent(s), Registration Agent(s) or Calculation Agent(s), provided that the Issuer shall at all times maintain (i) a Fiscal Agent, (ii) one (1) or more Calculation Agent(s) where the Terms and Conditions so require and provision is made for them in the relevant Final Terms, (iii) a Paying Agent having a specified office in at least one (1) major European city (including, so long as the Privileged Notes are admitted to trading on a Regulated Market of the EEA and so long as the rules thereof so require, such city where the Privileged Notes are listed and/or admitted to trading), (iv) in the case of Dematerialised Privileged Notes in fully registered form, a Registration Agent and (v) such other agents as may be required by the rules of any other Regulated Market on which the Privileged Notes may be listed and/or admitted to trading.

In addition, the Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Materialised Privileged Notes denominated in U.S. dollars in the circumstances described in paragraph (c) above.

Notice of any such change or any change of any specified office shall promptly be given to the holders of Privileged Notes in accordance with Condition 15.

(f) Talons

On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Materialised Privileged Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 10).

(g) Business Days for Payment

If any date for payment in respect of any Privileged Note, Receipt or Coupon is not a business day, the Noteholder (i) shall not be entitled to payment until the next following Business Day, or (ii) shall not be entitled to payment until the next following Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day, or (iii) shall be entitled to payment on the immediately preceding Business Day (the "**Adjusted Payment Date**"), as specified in

the relevant Final Terms. In case of Adjusted Payment Date, the Noteholder shall not be entitled to any interest or other sum in respect of such postponed or prepared payment. In this paragraph, "**Business Day**" means a day (other than a Saturday or a Sunday) (A) (i) in the case of Dematerialised Privileged Notes, on which Euroclear France is open for business or (ii) in the case of Materialised Privileged Notes, on which banks and foreign exchange markets are open for business in the relevant place of presentation, (B) on which banks and foreign exchange markets are open for general business in the city of the Paying Agent's specified office, (C) in such jurisdictions as shall be specified as "**Financial Centre(s)**" in the relevant Final Terms and (D) (i) in the case of a payment in a currency other than Euro, where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency or (ii) in the case of a payment in Euro, which is a TARGET Business Day.

(h) Bank

For the purpose of this Condition 8, "**Bank**" means a bank in the principal financial centre of the relevant currency or, in the case of Euro, in a city in which banks have access to the TARGET System or any successor thereto.

9. Taxation

(a) Tax Exemption

All payments of principal, interest and other revenues by or on behalf of the Issuer in respect of the Privileged Notes shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.

(b) No Additional Amounts

If any law would require that payments of principal, interest or other revenues in respect of any present or future Privileged Note or any present or future Receipt or Coupon relating thereto, be subject to withholding or deduction in respect of any present or future taxes or duties whatsoever, the Issuer will not be required to pay any additional amounts in respect of any such withholding or deduction.

10. Prescription

Claims against the Issuer for payment in respect of any amount due under the Privileged Notes, Coupons and Receipts (which for this purpose shall not include Talons) shall be prescribed and become void unless made within ten (10) years (in the case of principal) or five (5) years (in the case of interest) from the appropriate Relevant Date in respect of them.

11. Representation of Noteholders

Subject to the provisions of the Condition 11(i) below with respect to Privileged Notes issued with a denomination of less than €100,000 (or its equivalent in any other currency at the date of issue), the Noteholders will, in respect of all Tranches of the relevant Series, be grouped automatically for the defence of their common interests in a *masse* (the "**Masse**"), which will be governed by the provisions of Articles L.228-46 *et seq.* of the French Commercial Code as supplemented by this Condition 11.

The *Masse* alone, to the exclusion of all individual Noteholders, shall exercise the common rights, actions and benefits which may accrue with respect to the Privileged Notes, without prejudice to the rights that Noteholders may exercise individually in accordance with, and subject to, the provisions of the terms and conditions of the Privileged Notes.

(a) Legal Personality

The *Masse* will be a separate legal entity and will act in part through a representative (the "**Representative**") and in part through collective decisions of the Noteholders (the "**Collective Decisions**").

Unless otherwise specified in the relevant Final Terms, the Issuer shall pay to the Representative an amount of three hundred euros (€300) per year and per Series of Privileged Notes so long as any of the Privileged Notes of such Series is outstanding. No additional remuneration is payable in relation to any subsequent Tranche of any given Series.

In the event of liquidation, resignation, dissolution or revocation of appointment of the Representative, a substitute representative may be appointed.

(c) Powers of the Representative

The Representative shall (in the absence of any Collective Decision to the contrary and except as provided by paragraph 1 of Article L.513-24 under the French Monetary and Financial Code) have the power to take all acts of management necessary in order to defend the common interests of the Noteholders, with the capacity to delegate its powers.

All legal proceedings against the Noteholders or initiated by them, must be brought by or against the Representative, except that, should safeguard proceedings (*procédure de sauvegarde*), judicial reorganisation (*redressement judiciaire*) or judicial liquidation (*liquidation judiciaire*) be commenced against the Issuer, the specific controller (*contrôleur spécifique*) would file the evidence of debt of all creditors (including the holders of the Privileged Notes) of the Issuer benefiting from the *Privilège* pursuant to Article L.513-24 of the French Monetary and Financial Code.

(d) Collective Decisions

Collective Decisions are adopted either (i) in a general meeting (the "**General Meeting**") or (ii) by unanimous consent of the Noteholders following a written consultation (the "**Written Unanimous Decision**").

In accordance with Article R.228-71 of the French Commercial Code, the rights of each Noteholder to participate in Collective Decisions will be evidenced by the entries in the books of the relevant Account Holder or the Issuer or the Registration Agent (as the case may be) of the name of such Noteholder as of 0:00 Paris time, on the second (2nd) business day in Paris preceding the date set for the Collective Decision.

Collective Decisions must be published in accordance with Condition 11(h).

The Issuer shall hold a register of the Collective Decisions and shall make it available, upon request, to any subsequent holder of any of the Privileged Notes of such Series.

(i) General Meetings

A General Meeting may be called at any time, either by the Issuer or by the Representative. One (1) or more Noteholders, holding together at least one-thirtieth (1/30) of the principal amount of the Privileged Notes outstanding, may address to the Issuer and the Representative a demand for a General Meeting to be called. If such General Meeting has not been called within two (2) months after such demand, the Noteholders may commission one (1) of them to petition the competent court to appoint an agent (*mandataire*) who will call the General Meeting.

Each Privileged Note carries the right to one (1) vote or, in the case of Privileged Notes issued with more than one (1) Specified Denomination, one (1) vote in respect of each multiple of the lowest Specified Denomination comprised in the principal amount of the Specified Denomination of such Privileged Note

The General Meeting is chaired by the Representative. In the event of the absence of a representative at the start of a General Meeting and if no Noteholder is present or represented at the General Meeting, the Issuer may, notwithstanding the provisions of Article L.228-64 of the French Commercial Code, designate a provisional chairman until a new Representative has been appointed.

(ii) Written Unanimous Decisions

At the initiative of the Issuer or the Representative, Collective Decisions may also be taken by Written Unanimous Decisions.

Such Written Unanimous Decisions shall be signed by or on behalf of all the Noteholders without having to comply with formalities and time limits referred to in Condition 11(d)(i). Approval of a Written Unanimous Decision may also be given by way of electronic communication allowing the identification of Noteholders in accordance with Article L.228-46-1 of the French Commercial Code ("**Electronic Consent**"). (f) Single Masse

The holders of Privileged Notes of the same Tranche, and the holders of Privileged Notes of any other Tranche which have been assimilated (*assimilables* for the purpose of French law) with the Privileged Notes of such first mentioned Tranche in accordance with Condition 14, shall, for the defence of their respective common interests, be grouped in a single *Masse*.

If and for so long as the Privileged Notes of any Series are held by a sole Noteholder and unless a Representative has been appointed in relation to such Series, such Noteholder shall exercise all powers, rights and obligations entrusted to the Representative and to the Noteholders acting through Collective Decisions by the provisions of the French Commercial Code.

From the date of appointment of the Representative in relation to any Series, if and for so long as the Privileged Notes of such Series are held by a sole Noteholder, such Noteholder shall exercise all powers, rights and obligations entrusted to the Noteholders acting through Collective Decisions by the provisions of the French Commercial Code.

If, in the case of any Materialised Privileged Notes, a Definitive Materialised Privileged Note, Receipt, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and Regulated Market regulations, at the specified office of the Fiscal Agent or such other Paying Agent as may from time to time be designated by the Issuer for this purpose and notice of whose designation is given to Noteholders, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, inter alia, that if the allegedly lost, stolen or destroyed Definitive Materialised Privileged Note, Receipt, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such Definitive Materialised Privileged Notes, Receipts, Coupons or further Coupons) and otherwise as the Issuer may require. Mutilated or defaced Materialised Privileged Notes, Coupons, Talons or Receipts must be surrendered before replacements will be issued.

13. Limited recourse, Non-petition

(a) Limited recourse

By subscribing or acquiring any Privileged Note, each Noteholder will be automatically deemed to have:

- (i) expressly and irrevocably waived any contractual claim or action (*action en responsabilité contractuelle*) it may have against the Issuer or against any of its assets and any action for payment of any sum which is not expressed as being payable to it by the Issuer under the Privileged Notes and these Conditions;
- (ii) expressly and irrevocably agreed not to seek recourse under any obligation, covenant or agreement of the Issuer under the Privileged Notes and these Conditions against any shareholder, member of the board of directors (*conseil d'administration*), chief executive officer (*directeur général*), vice chief executive officer (*directeur général délégué*) or agent of the Issuer, by the enforcement of any assessment or by any proceedings, by virtue of any statute or otherwise; it being expressly agreed and understood that any obligation of the Issuer under the Privileged Notes and these Conditions is a corporate obligation of the Issuer, and that no personal liability shall attach to or be incurred by the shareholders, members of the board of directors (*conseil d'administration*), chief executive officers (*directeurs généraux*), vice chief executive officers (*directeurs généraux délégués*) or agents of the Issuer, as such, or any of them under or by reason of any of the obligations, covenants or agreements of the Issuer contained in the Privileged Notes and these Conditions or implied therefrom and, to waive any and all personal liability of every such shareholder, member of the board of directors (*conseil d'administration*), chief executive officer (*directeur général*), vice chief executive officer (*directeur général délégué*) or agent of the Issuer for breaches by the Issuer of any of its obligations, covenants or agreements under the Privileged Notes and these Conditions;
- (iii) without prejudice to Condition 13(c), expressly and irrevocably waived any claim it may have (a) against the Issuer or against any of its assets for sums in excess of the amount of the assets of the Issuer which are available for making payment on such date subject to the rights of any creditor benefiting from the *Privilège* and (b) against any asset of the Issuer which are subject to the *Privilège*.

MAIN FEATURES OF THE LEGISLATION AND REGULATIONS RELATING TO *SOCIÉTÉS DE CRÉDIT FONCIER*

Please note that this section should be read in conjunction with, as the case may be, any relevant instruction from the ACPR (formerly *Autorité de contrôle prudentiel*) or ministerial order published in respect of *sociétés de crédit foncier*.

Entities entitled to issue *obligations foncières*

Sociétés de crédit foncier are specialised credit institutions (*établissements de crédit spécialisés*) and authorised to act as *sociétés de crédit foncier* by the ACPR.

The exclusive legal purpose of *sociétés de crédit foncier* is to grant or finance guaranteed loans or public exposures and hold securities, deposits and exposures under the conditions set out in the French Monetary and Financial Code.

The legal and regulatory regime applicable to *sociétés de crédit foncier* results from the following provisions as they may be amended from time to time, and in particular as they have been amended by the entry into force of the decree-law (*ordonnance*) no. 2021-858 dated 30 June 2021, the decree (*décret*) no. 2021-898 dated 6 July 2021, a ministerial decree (*arrêté*) dated 7 July 2021 and the decree (*décret*) no 2022-766 dated 2 May 2022, which applies from 8 July 2022 and which transposes under French law Directive (EU) no. 2019/2162 of the European Parliament and of the Council dated 27 November 2019 on the issue of covered bonds and covered bond public supervision (the "**Covered Bonds Directive**") amending Directives 2009/65/EC and 2014/59/EU:

- Articles L. 513-1 *et seq.* of the French Monetary and Financial Code (as amended from time to time);

- The Regulation (*règlement*) no. 99-10 dated 9 July 1999, as amended, issued by the Banking and Financial Regulatory Committee (*Comité de la Réglementation Bancaire et Financière*, CRBF) (the "**CRBF Regulation**"); and
- various ACPR's instructions applicable to SCF (as amended from time to time).

Eligible assets

The eligible assets of *sociétés de crédit foncier* comprise, *inter alia*:

- (i) secured loans which, in accordance with Article L.513-3 I, 1° of the French Monetary and Financial Code, include loans which are secured by a first-ranking mortgage or other real estate security interests that are equivalent to a first-ranking mortgage (*une sûreté immobilière conférant une garantie au moins équivalente*) or loans that are guaranteed (*cautionnée*) by a credit institution, a financing company (*société de financement*) or an insurance company, qualifying for the credit quality step 2 (*deuxième échelon de qualité de crédit*) or above given by an external rating agency recognised by the ACPR as provided in Article L. 511-44 of the French Monetary and Financial Code and that does not belong to the same group as the relevant *société de crédit foncier*. The property must be located in France or in any other member state of the European Union ("**EU**") or European Economic Area ("**EEA**") or in a State benefiting from the highest level of credit quality (*meilleur échelon de qualité de crédit*) assigned by an external rating agency recognised by the French Banking Authority (*Autorité de contrôle prudentiel et de résolution*) as provided in Article L.511-44 of the French Monetary and Financial Code;
- (ii) exposures to public entities which are mentioned in Article L.513-4 of the French Monetary and Financial Code, which are assets such as loans, certain debt securities or off-balance-sheet exposures to the entities listed below or fully guaranteed by them:
 - Central governments, central banks, public institutions or local authorities or their groups located in a Member State of the European Union (collectively, the "**Eligible States**");
 - Central governments or central banks not located in an Eligible State, but who benefit from the highest level of credit quality (*meilleur échelon de qualité de crédit*) (established by a credit rating agency recognized by the ACPR);
 - International organizations referred to in Article 118 of Regulation (EU) 575/2013 of the European Parliament and of the Council of 26 June 2013 (as amended), multilateral development banks referred to in paragraph 2 of Article 117 of Regulation (EU) 575/2013 of the European Parliament

and of the Council of 26 June 2013 (as amended) and other international organizations and multilateral development banks benefiting from the highest level of credit quality established by a credit rating agency recognized by the ACPR pursuant to Article L. 511-44 of the French Monetary and Financial Code;

- Public institutions and local authorities or their groups not located in an Eligible State if financial exposure to such persons are subject, for the determination of capital adequacy, to the same requirements as those used for central governments, central banks or credit institutions, or fully guaranteed by such persons, and benefiting from the highest level of credit quality established by a credit rating agency recognized by the ACPR pursuant to Article L. 511-44 of the French Monetary and Financial Code; and
- Central governments and central banks not located in an Eligible State, public institutions or local authorities or their groups mentioned in the bullet point above benefiting from the second-highest level of credit quality (*second meilleur échelon de qualité de crédit*) established by a credit rating agency recognized by the ACPR, provided that such exposures are limited to twenty per cent. (20%) of the total outstanding nominal amount of the Privileged Notes and other sources of financing benefiting from the *Privilège*;

Eligible assets of the public sector entities described above include, among other things:

- debt securities issued, or fully guaranteed, by one or more of the public sector entities mentioned above;
- monetary claims, including those resulting from a successive performance contract, against the public sector entities referred to above, or fully guaranteed by one or more of such public sector entities;
- debt stemming from leasing contracts or equivalent contracts to which a public sector entity referred to above is party in the capacity of lessee or tenant, or debt stemming from leasing contracts or equivalent contracts fully guaranteed by one or more of those public sector entities. *Sociétés de crédit foncier* that acquire debt resulting from a leasing contract may also acquire all or part of the debt that results from the sale of the leased property.

With respect to the Issuer however, given its business activity, the sole eligible assets of the Issuer are:

- the exposures to public entities referred to in paragraph (ii) above; and
- the securities that are "assimilated to" such exposures to public entities, in accordance with the paragraph (iii) above where those securities are backed by public exposures complying with the criteria defined in Article L.513-4 of the French Monetary and Financial Code or other receivables benefiting from the same level of guarantees.

Pursuant to Article R. 513-18 of the French Monetary and Financial Code, *sociétés de crédit foncier* must keep the record of all loans made available by it or acquired by it. This record must specify the type and value of the security and guarantees attached to such loans and the type and amount of the liabilities benefiting from the *Privilège*.

In accordance with Article L. 513-7 of the French Monetary and Financial Code, the *sociétés de crédit foncier* are not allowed to make any other investments, except investments in securities, exposures or deposits within the conditions and limits set out in Article R. 513-6 of the French Monetary and Financial Code (the legal substitution assets).

Pursuant to Article 12 of the CRBF Regulation, the Issuer shall dispose of a system for measuring overall interest rate risks under the conditions set forth in Articles 134 to 139 of the *arrêté* dated 3 November 2014 relating to the internal control of credit institutions.

Pursuant to Article 12 ter of the CRBF Regulation, the level of rate matching between the assets and the liabilities of the Issuer shall be verified by the Specific Controller. The ACPR will define the rules on inclusion and valuation of the forward financial instruments.

Sociétés de crédit foncier must publish and send to the ACPR certain quarterly an annual information on their assets and liabilities the detail, content and form of which are set forth in the CRBF Regulation and the relevant ACPR instructions (as they may be amended from time to time, in particular as they have been amended by the

entry into force of the decree-law (*ordonnance*) no. 2021-858 dated 30 June 2021 which transposes under French law the Covered Bonds Directive).

In addition, according to Article L.513-9 of the French Monetary and Financial Code and Article 13 bis of the CRBF Regulation, the Issuer must publish within forty-five (45) calendar days of the end of every quarter a report containing the same information relating to the quality of its assets. Such report is available for viewing on the website of the Issuer (www.arkea.com/banque/assurance/credit/mutuel/ecb_5040/fr/public-sector-scf).

Cover ratio

A *société de crédit foncier* must at all times maintain a cover ratio between its assets and its liabilities benefiting from the *Privilège*. In particular, pursuant to Articles L.513-12 and R.513-8 of the French Monetary and Financial Code, *sociétés de crédit foncier* must at all times maintain a ratio of at least one hundred and five per cent. (105%) as between its assets and the total amount of its liabilities benefiting from the *Privilège*, as calculated pursuant to Articles 6 to 11 of the CRBF Regulation, including claims for payment attached to forward financial instruments benefiting from the *Privilège* as well as any collateral received in relation to such forward financial instruments.

For the calculation of this cover ratio, pursuant to Article R. 513-8 of the French Monetary and Financial Code, when the assets comprise receivables secured by collateral assets pursuant to Articles L.211-38 to L.211-40, L.313-23 to L.313-35 and L.313-42 to L.313-49 of the French Monetary and Financial Code, which are not liquid assets or short term exposures to credit institutions, the *société de crédit foncier* must take into account the assets received as collateral rather than the secured receivables. In addition, for the calculation of this ratio, *sociétés de crédit foncier* shall take into account, under the conditions and within the limits defined by order of the *Ministre de l'économie*, exposures on companies belonging to the same consolidated group within the meaning of Article L. 233-16 of the French Commercial Code. Unsecured receivables deemed to be in default within the meaning of Article 178 of Regulation (EU) 575/2013 of the European Parliament and of the Council of 26 June 2013 (as amended) may not contribute to the calculation of the cover ratio. Moreover, assets that contribute to compliance with the cover ratio above the level of 100% are not subject to the limits applicable to exposures on credit institutions (*établissements de crédit*) defined in Article R. 513-6 of the French Monetary and Financial Code and are not taken into account for the purposes of calculating these limits.

The ratio's denominator (Article 8 of the CRBF Regulation) is comprised of *obligations foncières* and other resources benefiting from the *Privilège*.

The ratio's numerator (Article 9 of the CRBF Regulation) is made up of all the assets of the *sociétés de crédit foncier*, weighted to reflect their category. In the case of exposures to public entities (*expositions sur des personnes publiques*), they are accounted for at their accounting value (one hundred per cent. (100%) weighting).

Pursuant to Article 10 of the CRBF Regulation, the cover ratio of *sociétés de crédit foncier* is published quarterly (on 31 March, 30 June, 30 September and 31 December) on the website of the Issuer (www.arkea.com/banque/assurance/credit/mutuel/ecb_5040/fr/public-sector-scf).

In addition, Crédit Mutuel Arkéa and the Issuer have entered into agreements in order to ensure, by providing to the Issuer liquidity support or transferring to the Issuer additional eligible assets or otherwise, that the Issuer will, at all times, maintain an overcollateralisation ratio (also referred to as the asset cover ratio) between its eligible assets and its Privileged Notes equal to or greater than one hundred and five per cent. (105%) (see section "*Description of the Issuer – Business Overview – OC Test*"). As of 31 December 2021, the asset cover ratio was equal to 126.84 %.

A *société de crédit foncier* must appoint a specific controller (*contrôleur spécifique*) with the prior approval of the ACPR whose task is to ensure that the required cover ratio is at all times complied with. In particular, the specific controller (*contrôleur spécifique*) must certify that the cover ratio is satisfied in connection with (i) the *société de crédit foncier* quarterly programme of issues benefiting from the *Privilège* and (ii) any specific issue also benefiting from the *Privilège* which amount is greater than or equal to five hundred million euros (€500,000,000). The specific controller (*contrôleur spécifique*) must verify the quality of the assets, the process of yearly revaluation and the quality of the asset liability management.

Liquidity Ratio

Pursuant to Articles L.513-8 and R.513-7 of the French Monetary and Financial Code, the Issuer must, at all time, cover its treasury needs over a period of one hundred and eighty (180) calendar days period by eligible liquid assets listed in Article R. 513-7 of the French Monetary and Financial Code, taking into account the expected flows of principal and interest on its assets and net flows related to derivative financial instruments referred to in Article L.513-10 of the French Monetary and Financial Code. The treasury needs are covered by liquid assets or short term exposures to credit institutions complying with the provisions of Article R.513-6 of the French Monetary and Financial Code and with assets which are eligible for the credit operations of the *Banque de France* in accordance with the procedures and conditions set forth by the latter in the context of its monetary policy and intraday credit operations. In case of Privileged Notes for which the Final Maturity Date may be extended, the calculation of the expected flows in principal may be made on the basis of the Extended Final Maturity Date in accordance with the contractual terms of the Privileged Notes.

In the case where the assets of the *société de crédit foncier* are composed of receivables guaranteed by collateral assets in accordance with Articles L. 211-36 to L. 211-40, L. 313-23 to L. 313-35, and L. 313-42 to L. 313-49 of the French Monetary and Financial Code, if these assets are not securities, exposures or deposits that are sufficiently secure and liquid as defined in Article L. 513-7 of the French Monetary and Financial Code, the liquidity needs are evaluated by considering the assets transferred as collateral security (and not the receivables).

In addition, pursuant to the CRBF Regulation, a *société de crédit foncier* must ensure that the average life of the eligible assets held by it, up to the minimum amount required to comply with the overcollateralisation ratio referred to in Article R. 513-8 of the French Monetary and Financial Code, does not exceed more than eighteen (18) months the average life of its liabilities benefiting from the *Privilège*.

To that purpose, when the assets of the *société de crédit foncier* comprise receivables secured by collateral assets pursuant to Articles L. 211-36 to L. 211-40, L. 313-23 to L. 313-35 and L. 313-42 to L. 313-49 of the French Monetary and Financial Code, which are not liquid assets and short-term exposures on credit institutions, such as the Issuer, the *société de crédit foncier* must take into account the average life of the assets received as collateral rather than the average life of the secured receivables.

Privilège relating to the Privileged Notes and certain other obligations of the Issuer

Pursuant to Article L.513-11 of the French Monetary and Financial Code, notwithstanding any legal provisions to the contrary and in particular the provisions of book VI (*Livre VI*) of the French Commercial Code relating to the difficulties of companies (*difficultés des entreprises*):

- the sums resulting from loans or assimilated receivables, exposures, titles and securities referred to in Articles L.513-3 to L.513-7 of French Monetary and Financial Code and from the financial instruments used for hedging as referred to in Article L.513-10 of the French Monetary and Financial Code (in each case after any applicable set-off), together with the claims in respect of deposits made by a *société de crédit foncier* with credit institutions, are allocated by way of priority to the payment of any sums due in relation to the Privileged Notes, to other resources benefiting from the *Privilège*, as mentioned in Article L.513-2 of the French Monetary and Financial Code, to derivatives transactions used for hedging, under the condition of Article L.513-10 of the French Monetary and Financial Code and to ancillary expenses relating to the transactions referred to in Article L.513-11 of the French Monetary and Financial Code;
- in case of safeguard proceedings (*procédure de sauvegarde*), judicial reorganisation (*redressement judiciaire*) or judicial liquidation (*liquidation judiciaire*) against the Issuer, or resolution proceedings opened pursuant to Article L. 613-49 of the French Monetary and Financial Code against the Issuer, the amounts regularly originated from the operations referred to in paragraph 2 of I of Article L.513-2 of the French Monetary and Financial Code are paid on their respective contractual due date, and by way of priority to all other debts, whether or not preferred or secured, including interests resulting from agreements whatever their duration is. No other creditor of a *société de crédit foncier* (such as the Issuer) may avail itself of any right over the assets and rights of such *société* until creditors benefiting from the *Privilège* defined in Article L.513-11 of the French Monetary and Financial Code have been fully paid off, either in principal or accrued or future interest; and
- neither safeguard (*sauvegarde*), judicial reorganisation (*redressement judiciaire*) or judicial liquidation (*liquidation judiciaire*) proceedings against the Issuer, nor resolution proceedings opened pursuant to Article L. 613-49 of the French Monetary and Financial Code against the Issuer will result in the acceleration of payment of Privileged Notes and other debts benefiting from the *Privilège* defined in Article L.513-11 of the French Monetary and Financial Code.

Insolvency remoteness

Article L.513-20 of the French Monetary and Financial Code precludes the extension of insolvency proceedings in respect of the *société de crédit foncier* parent company to the *société de crédit foncier*.

The French Monetary and Financial Code provides a regime of *sociétés de crédit foncier*, which derogates in many ways from the French legal provisions relating to insolvency proceedings. In particular, pursuant to Article L.513-11 of the French Monetary and Financial Code, in the event of safeguard proceedings (*procédure de sauvegarde*), judicial reorganisation (*redressement judiciaire*) or liquidation (*liquidation judiciaire*) of a *société de crédit foncier*, or resolution proceedings opened pursuant to Article L. 613-49 of the French Monetary and Financial Code against a *société de crédit foncier*, all claims benefiting from the *Privilège*, including interest thereon, must be paid on their due dates and in preference to all other claims, whether or not secured or statutorily preferred and, until payment in full of all such preferred claims, no other creditors may avail itself of any right over the assets of the *société de crédit foncier*, either in principal or accrued or future interest.

Pursuant to Article L.513-18 of the French Monetary and Financial Code, the provisions of Article L.632-2 of the French Commercial Code, allowing an administrative receiver to render certain transactions entered into during the hardening period (*période suspecte*) null and void, are not applicable for transactions entered into by a *société de crédit foncier* or to legal transactions made in favour of a *société de crédit foncier*, provided that such transactions are made in accordance with their exclusive legal purpose as defined by Article L.513-2 of the French Monetary and Financial Code and without fraud.

Pursuant to Article L.513-21 of the French Monetary and Financial Code, in case of the opening of any safeguard proceedings (*procédure de sauvegarde*), judicial reorganisation (*redressement judiciaire*) or judicial liquidation (*liquidation judiciaire*) against the credit institution which is acting as manager and servicer of the assets and liabilities of the *société de crédit foncier*, the recovery, management and servicing contract may be immediately terminated by the *société de crédit foncier* notwithstanding any legal provisions to the contrary.

As a specialised credit institution (*établissement de crédit spécialisé*), the Issuer is subject to Directive 2014/59/EU of the European Parliament and of the Council of 15 May 2014 establishing a framework for the recovery and resolution of credit institutions and investment firms as implemented in France.

Extendable maturity structure

Prior to the decree-law (*ordonnance*) no. 2021-858 dated 30 June 2021 and the decree (*décret*) no. 2021-898 dated 6 July 2021, the practice of issuing *obligations de crédit foncier* with extendable maturity structures has developed among *sociétés de crédit foncier*.

Such practice is now enshrined by decree-law (*ordonnance*) no. 2021-858 dated 30 June 2021, the decree (*décret*) no. 2021-898 dated 6 July 2021 and the decree (*décret*) no 2022-766 dated 2 May 2022.

In accordance with Article L. 513-2 and Article R. 513-8-1 of the French Monetary and Financial Code, a *société de crédit foncier* may issue *obligations de crédit foncier* with extendable maturity structures, provided that:

- (i) the relevant maturity extension triggers mentioned in Article R. 513-8-1 of the French Monetary and Financial Code are the following:
 - a. in the event of a default of payment of the principal on the Final Maturity Date initially set by the *société de crédit foncier*, the credit institution benefiting from loans granted by the *société de crédit foncier* and guaranteed by the remittance, assignment or pledge of receivables pursuant to Articles L. 211-38 to L. 211-40 or Articles L. 313-23 to L. 313-35 of the French Monetary and Financial Code, whether or not these receivables are of a professional nature, or the credit institution issuing promissory notes subscribed by the *société de crédit foncier* in accordance with the terms and conditions defined in Articles L. 313-43 to L. 313-48 of the French Monetary and Financial Code;
 - b. in the event the *société de crédit foncier*, a credit institution benefiting from loans granted by the *société de crédit foncier* and guaranteed by the remittance, assignment or pledge of receivables pursuant to Articles L. 211-38 to L. 211-40 or Articles L. 313-23 to L. 313-35 of the French Monetary and Financial Code, whether or not these receivables are of a professional nature, or a credit institution issuing promissory notes subscribed by the *société de crédit foncier* in accordance with the terms and conditions defined in Articles L. 313-43 to L. 313-48 of the French Monetary and Financial Code, is subject to safeguard proceedings (*procédure de sauvegarde*), judicial reorganisation or liquidation proceedings (*procédure de redressement ou de liquidation judiciaires*) or resolution proceedings opened pursuant to Article L. 613-49 of the French Monetary and Financial Code.

L.513-5 of the French Monetary and Financial Code, as further described in section "*Business Overview*" hereunder.

Business overview

The establishment of the Issuer takes place as part of the Group refinancing and is intended to lower the overall cost of funding for the Group by refinancing public exposures at a competitive cost.

The assets of the Issuer will therefore mainly comprise advances to be made available by the Issuer to Crédit Mutuel Arkéa.

Collateral security

All advances made available by the Issuer to Crédit Mutuel Arkéa will be fully secured (*totalement garanties*) by a pool of exposures to French public sector entities or guaranteed by such entities, so that each advance qualifies as exposure to public legal persons (*exposition sur des personnes publiques*) within the meaning of Article L.513-4 of the French Monetary and Financial Code. Such collateral security shall be a transfer by collateral providers (the "**Collateral Providers**") of eligible assets by way of security (*remises en pleine propriété à titre de garantie*) for the benefit of the Lender in accordance with Articles L.211-38 *et seq.* of the French Monetary and Financial Code and the provisions of a collateral security agreement (the "**Collateral Security Agreement**").

For the purposes of the Collateral Security Agreement, an "**Eligible Asset**" to be transferred as collateral security shall be any Eligible Public Sector Receivable (as further described below) or any Additional Public Exposure (as further described below).

Each Eligible Public Sector Receivable shall, on the date on which it has been selected to be transferred as Collateral Security (the "**Selection Date**") or on any other date specified below or (in the absence of mention of any such specific date) at any time, complies with the following cumulative criteria:

- (a) it is a receivable (i) owed or guaranteed in full by one or more public entities as defined in Article L.513-4 of the French Monetary and Financial Code, such as central administration (*administration centrale*), a central bank (*banque centrale*), a public institution (*établissement public*), a local authority (*collectivité territoriale*) or a group thereof, of a member state of the European Union or party to the European Economic Area, of the United States of America, Switzerland, Japan, Canada, Australia or New Zealand (a "**Public Entity**") or (ii) secured in full by a guarantee over a receivable owed by one or more Public Entities pursuant to Articles L. 313-23 *et seq.* of the French Monetary and Financial Code (a "**Public Sector Receivable**");
- (b) the Public Sector Receivable:
 - if it has arisen under a loan agreement, (i) it has been granted by the relevant Collateral Provider to any third party in the normal course of its business activities or (ii) it has been acquired by the Collateral Provider provided that, in this latter case, (x) the relevant debtor has had prior borrowing relationship with some Collateral Provider's affiliate and (y) the transfer of such Public Sector Receivable as collateral security will not result in the aggregate outstanding principal balance of all Public Sector Receivables acquired by any of the Collateral Providers and transferred as collateral security to exceed 20% of the aggregate outstanding principal balance of all the collateral security assets on the Selection Date on which such Public Sector Receivable is transferred as collateral security. For the avoidance of doubt, a Public Sector Receivable shall not be a receivable against a special purpose entity or equivalent arisen under any securitisation transaction as contemplated by Article L. 513-5 of the French Monetary and Financial Code;
 - constitutes monetary claims, including those resulting from any successive performance contract, against one or more Public Entities provided that such Public Entity(ies) has(have) expressly and unconditionally waived, with respect to such Public Sector Receivable, any right to raise any objection which might result from its(their) relationship(s) ("*exceptions fondées sur ses rapports personnels*") with the originator of such Public Sector Receivable, in accordance with Articles L. 313-29 or L. 313-29-1 of the French Monetary and Financial Code or any equivalent provisions; or
 - constitutes debt stemming from leasing contracts or equivalent contracts to which a Public Entity is party as lessee or tenant ("*crédit-preneur ou locataire*"), or debt stemming from leasing contracts or equivalent contracts fully guaranteed by one or more Public Entities;
- (c) prior to the date upon which the relevant loan was made available to the borrower thereof or the relevant receivable was acquired by the relevant Collateral Provider, all lending / underwriting criteria and conditions precedent as applied by such Collateral Provider pursuant to its customary lending / underwriting procedures were satisfied;

- (d) the Public Sector Receivable is governed by French law;
- (e) the Public Sector Receivable is denominated in Euro;
- (f) the Public Sector Receivable is not more than ninety (90) days past due;
- (g) the relevant debtor (or guarantor) under the Public Sector Receivable does not benefit from a contractual right of set off;
- (h) as applicable, the opening by the borrower (or the guarantor) of a bank account dedicated to payments due under the Public Sector Receivable is not provided for in the relevant contractual arrangements as a condition precedent to the originator making the loan corresponding to the relevant Public Sector Receivable available to the said borrower;
- (i) as applicable, the loan related to the Public Sector Receivable does not provide for the ability for the borrower to re-draw thereunder, or if it does, such loan has a set contractual amortisation schedule; and
- (j) as at the end of the current calendar month, the Collateral Provider transferring the Public Sector Receivable as collateral security complies with any and all eligibility criteria applicable to the Collateral Providers under the Collateral Security Agreement.

If any Public Sector Receivable transferred as collateral security ceases to comply with one (1) or several of the above criteria (each, an "**Ineligible Public Sector Receivable**"), such Public Sector Receivable shall account for zero (0) for the purpose of the calculation of the OC Test (as further described below). The above criteria may be amended from time to time provided it is not likely to result in a downgrading, or withdrawal, of the ratings then assigned to the Privileged Notes.

Under the Collateral Security Agreement, "**Additional Public Exposure**" shall refer to any debt instrument complying with the following criteria:

- the obligor of the Additional Public Exposure (or the guarantor thereof, if any) is a public entity as defined in Article L.513-4 of the French Monetary and Financial Code, such as central administration (*administration centrale*), a central bank (*banque centrale*), a public institution (*établissement public*), a local authority (*collectivité territoriale*) or a group thereof, of a member state of the European Union or party to the European Economic Area, of the United States of America, Switzerland, Japan, Canada, Australia or New Zealand;

- it benefits from the most favourable category of credit assessment (*meilleur échelon de qualité de crédit*) assigned by an external rating agency recognised by the French Banking Authority (*Autorité de contrôle prudentiel et de résolution*) pursuant to Article L.511-44 of the French Monetary and Financial Code;

it being provided that, if any debt instrument previously qualifying as Additional Public Exposure ceases to comply with one or several of the above criteria (as such, an "**Ineligible Additional Public Exposure**") and, where it is part of the collateral security assets, it shall account for zero for the purpose of calculation of the OC Test.

OC Test

Without prejudice to compliance with cover test provided by laws and regulations applicable to *sociétés de crédit foncier* (see Section "*Main features of the legislation and regulations relating to sociétés de crédit foncier*"), Crédit Mutuel Arkéa, as collateral security agent, shall monitor the collateral security so as to at all times it complies with a contractual cover test (the "**OC Test**").

The OC Test shall be made according to the terms, definitions and calculation formula set out in the Collateral Security Agreement. Compliance with the OC Test requires that the OC Ratio (as defined below) shall be at least equal to 105% (as of 31 December 2021, the asset cover ratio was equal to 126.87%),

whereby:

"**OC Ratio**" means the ratio calculated as:

- the Aggregate Asset Amount,
- divided by Aggregate Privileged Notes Outstanding Principal Amount.

"**Aggregate Privileged Notes Outstanding Principal Amount**" means, on any relevant calculation date, the aggregate amount of principal (in euro or euro equivalent with respect to Privileged Notes denominated in a foreign currency) outstanding at such date under all Privileged Notes;

"Aggregate Asset Amount" means, on any relevant calculation date, the sum of:

- the aggregate outstanding principal amount of all Public Sector Receivables transferred as collateral security which are not Ineligible Public Sector Receivables,
- the aggregate outstanding principal amount of the Additional Public Exposures transferred as collateral security and which are not an Ineligible Additional Public Exposures;

Other assets

In order to comply with the regulatory cover test described in Section "*Main features of the legislation and regulations relating to sociétés de crédit foncier*", the Issuer may also purchase substitution assets (the "**Substitution Assets**") which comply with its by-laws (*statuts*) and the provisions of Article L.513-2 to L.513-7 of the French Monetary and Financial Code. In accordance with L.513-2 II of the French Monetary and Financial Code, such purchase shall be financed by any authorised resources which shall not benefit from the *Privilège* defined in Article L.513-11 of the French Monetary and Financial Code.

Funding of the advances

Advances made by the Issuer will be financed by debt benefiting from the *Privilège* described in Section "*Main features of the legislation and regulations relating to sociétés de crédit foncier*", which includes Privileged Notes or other resources, expressly providing for in the relevant agreement that they benefit from the *Privilège*. These other resources benefiting from the *Privilège* include registered notes governed by German law, which are designed for German institutional investors and subject to private placement.

As of 31 December 2021, the Issuer's subordinated debt ("*dettes subordonnées*") amounted to €0 and the nominal amount of all outstanding Notes issued by the Issuer amounted to €1,337,000,000.00 of principal and €6,385,396.30 of interests. The Privileged Notes are expected to be rated Aaa by Moody's France SAS ("**Moody's**") and to be listed on the Official List of the Luxembourg stock exchange and admitted to trading on the regulated market of the Luxembourg Stock Exchange. By offering to the market such Aaa rated Privileged Notes, which are a reflection, among other factors, of the intrinsic quality of the assets of the Issuer, the Issuer aims to increase the competitiveness of the Group. By providing the market with an additional counterparty (in addition to Crédit Mutuel Arkéa), the Issuer should increase the Group's investor base.

The credit ratings address, in respect of Moody's, the expected loss which the investors are exposed to in respect of the Privileged Notes.

RECENT DEVELOPMENTS

The following recent press releases have been published by the Issuer:

1. Press release dated 2 June 2022:

Brest, June 2, 2022 - At Crédit Mutuel Arkéa's 2022 General Meeting, Chairman Julien Carmona shared with the chairmen of the local banks an update on relations with the CNCM (Confédération Nationale du Crédit Mutuel) and on the group's plan to defend its autonomy and preserve its business model and its ability to decide on and implement its own strategy.

On this occasion, Julien Carmona recalled the three scenarios that Crédit Mutuel Arkéa has always considered in all its reflections and decisions on this issue:

- The continuation of the status quo (marked by litigation and structural disagreement on the respective roles of the central body and the regional federations and groups) is not a favourable option, as it creates permanent legal uncertainty for Crédit Mutuel Arkéa;
- Crédit Mutuel Arkéa's independence, through its disaffiliation from the central body, is the Group's preferred scenario and also forms the basis of the mandate given to the corporate officers. This scenario guarantees long-term respect for its model, its specificities and its differences;
- If there is a possibility of a third scenario, consisting of Crédit Mutuel Arkéa obtaining real, complete and solidly guaranteed strategic autonomy by remaining within the Crédit Mutuel group, such a scenario can be considered, as it has been in the past. The failure of the many attempts at dialogue initiated to this end, as well as the absence to date of a serious, balanced and structured discussion process, make this alternative scenario a low probability. Nevertheless, it is advisable to leave this possibility open for the time being.

Based on these observations, Crédit Mutuel Arkéa's management is determined to do everything in its power to speed up the outcome of this matter this autumn, in the interests of Crédit Mutuel Arkéa and its stakeholders (members, customers, depositors and investors, employees and local players, etc.), and in consultation with the various political and supervisory authorities.

2. Press release dated 8 July 2022:

Crédit Mutuel Arkéa calls for discussions with the CNCM on governance reform to recognise and guarantee its strategic autonomy

Brest, 8 July 2022 – Crédit Mutuel Arkéa and its central body, the CNCM, have for many years had profound disagreements over the governance of Crédit Mutuel, which led the elected representatives of the Crédit Mutuel de Bretagne and Sud-Ouest federations, united in Crédit Mutuel Arkéa, to opt in 2018 for the project to disaffiliate from Crédit Mutuel, considering that the current governance posed a threat to the strategic autonomy of their group and to its entrepreneurial freedom.

On 10 May 2022, at Crédit Mutuel Arkéa's General Meeting, Julien Carmona, its Chairman, shared with the Chairmen of the local mutuals an update on relations with the CNCM, as well as on the group's plan to defend its autonomy, with the aim of preserving its model as a local cooperative bank. On this occasion, Julien Carmona recalled the three possible scenarios for Crédit Mutuel Arkéa:

- The continuation of the status quo is not a favourable option: it creates risks for the business model and compromises the implementation of Crédit Mutuel Arkéa's strategic orientations¹.
- Crédit Mutuel Arkéa's independence, through its disaffiliation from the central body, is the Group's preferred scenario and also forms the basis of the sole mandate given to the corporate officers by Crédit Mutuel Arkéa's Board of Directors on 17 January 2018, a mandate that was renewed on 2 July 2021.

¹ For more details, see Risk Factor 4.1.1.3.2 - Risks relating to the affiliation of Crédit Mutuel Arkéa to the Crédit Mutuel group in the Universal Registration Document 2021

This scenario, despite the risks and uncertainties it presents², ensures that the Group's model is respected over the long term. Discussions with the supervisory authorities on the modalities of this separation are still suspended since the health crisis.

- Real, complete and solidly guaranteed strategic autonomy, remaining within the Crédit Mutuel group. This possibility of a third scenario can be considered, as was the case in the past (before 2018³, under different conditions).

To date, both Crédit Mutuel Arkéa and the CNCM have begun to formulate proposals on a potential framework for guaranteed strategic autonomy, and have come closer together on certain points, even though some very important issues remain to be discussed.

However, despite overtures from Crédit Mutuel Arkéa and a formal request for discussions made in a letter to the President of the Confederation on 10 June, and reiterated on 5 July, no structured discussion process has yet begun.

Instead of such a discussion, the President of the Confederation presented his Board of Directors yesterday with two proposals that had not been discussed with Crédit Mutuel Arkéa, communicated an hour before the meeting, and that were not acceptable as they stood. This procedure is in no way an acceptable response to the dialogue proposed by Crédit Mutuel Arkéa. Nor is it appropriate for resolving a high-stakes conflict that has been going on for more than ten years. In this context, the strategic mandate given to the management of Crédit Mutuel Arkéa cannot be modified at this time.

Crédit Mutuel Arkéa reiterates its willingness to enter into serious and structured discussions with the CNCM, in order to rebuild a Crédit Mutuel that respects pluralism and subsidiarity, while fully recognising the prudential role of the CNCM. If the conditions for such a discussion are met, the chairman and general managers of Crédit Mutuel Arkéa CMA will convene their bodies to propose a change in their strategic mandate, which is currently disaffiliation.

⁸ The legend may not be necessary if the managers in relation to the French law Privileged Notes are not subject to UK MiFIR and therefore there are no UK MiFIR manufacturers. Depending on the location of the manufacturers, there may be situations where either the MiFID II product governance legend or the UK MiFIR product governance legend or where both are included.

⁹ Legends to be included if the French law Privileged Notes are not intended to be sold to retail clients.

¹⁰ Legend to be included following completion of the target market assessment in respect of the French law Privileged Notes taking into account the five categories referred to in item 18 of the Guidelines published by ESMA on 5 February 2018.

¹¹ Include for French Privileged Notes that are not ESMA complex.

¹² This list may not be necessary, especially for French Privileged Notes that are not ESMA complex where all channels of distribution may be appropriate. It reflects the list used in the examples in the ESMA Guidelines.

¹³ Include for certain ESMA complex French Privileged Notes. This list may need to be amended, for example, if advised sales are deemed necessary. If there are advised sales, a determination of suitability will be necessary. In addition, if the French law Privileged Notes constitute "complex" products, pure execution services are not permitted to retail without the need to make the determination of appropriateness required under Article 25(3) of MiFID II.

¹⁴ ICMA 1 and ICMA 2 approaches envisage that a negative target market will be unlikely. Note that a programme which only envisages vanilla issuance is unlikely to require a negative target market placeholder. If a negative target market is deemed necessary, wording along the following lines could be included: "The target market assessment indicates that French law Privileged Notes are incompatible with the needs, characteristic and objectives of clients which are [fully risk averse/have no risk tolerance or are seeking on-demand full repayment of the amounts invested]."

[The following language applies only where a Non-Exempt Offer is contemplated.]

[Any person making or intending to make an offer of the French law Privileged Notes may only do so:

- (i) in the Non-Exempt Offer Jurisdiction (as mentioned in Part B – paragraph 13), provided that such person is an Authorised Offeror (as mentioned in Part B – paragraph 13) and that such offer is made during the Offer Period (as mentioned in Part B – paragraph 13) and that any conditions relevant to the use of the Base Prospectus are complied with; or

Neither the Issuer nor any Dealer has authorised, nor do they authorise, the making of any offer of French law Privileged Notes in any other circumstances.]

SUBSCRIPTION AND SALE

For the avoidance of doubt, it is specified that, in the following section, the expressions "Privileged Notes" and "Noteholders" will only include French law Privileged Notes and holders of such French law Privileged Notes.

Subject to the terms and on the conditions contained in an amended and restated dealer agreement dated 22 July 2022, as amended or supplemented from time to time, entered into between the Issuer, the Arranger and the Permanent Dealers (the "**Dealer Agreement**"), the Privileged Notes will be offered by the Issuer to the Permanent Dealers. However, the Issuer has reserved the right to sell Privileged Notes directly on its own behalf to Dealers that are not Permanent Dealers. The Privileged Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer(s). The Privileged Notes may also be sold by the Issuer through the Dealers, acting as agents of the Issuer. The Dealer Agreement also provides for Privileged Notes to be issued in syndicated Tranches that are jointly and severally underwritten by two (2) or more Dealers.

The Issuer will pay each relevant Dealer a commission (as applicable) as agreed between them in respect of Privileged Notes subscribed by it. The Issuer has agreed to reimburse the Arranger for its expenses incurred in connection with the Programme and the Dealers for certain of their activities in connection with the Programme.

The Issuer has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Privileged Notes. The Dealers have agreed to indemnify the Issuer against certain liabilities in connection with the offer and sale of the Privileged Notes. The Dealer Agreement entitles the Dealers to terminate any agreement that they make to subscribe Privileged Notes in certain circumstances prior to payment for such Privileged Notes being made to the Issuer.

Selling Restrictions

General

These selling restrictions may be modified by the agreement of the Issuer and the Dealers in particular following a change in a relevant law, regulation or directive. Any such modification will be set out in (if applicable) the subscription agreement entered into in respect of the issue of Privileged Notes to which it relates or in a supplement to this Base Prospectus.

Each Dealer has agreed that it will comply, to the best of its knowledge, with all relevant laws, regulations and directives in each jurisdiction in which it purchases, offers, sells or delivers Privileged Notes or has in its possession or distributes this Base Prospectus, any other offering material or any Final Terms and neither the Issuer nor any other Dealer shall have responsibility therefore.

This Base Prospectus has not been submitted to the clearance procedures of the Autorité des marchés financiers in France.

United States of America

The Issuer is Category 1 for the purposes of Regulation S under the United States Securities Act of 1933, as amended ("**Regulation S**").

The Privileged Notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the "**Securities Act**"), and subject to certain exceptions, may not be offered or sold within the United States of America or to, or for the account or benefit of, U.S. persons (as defined under the Regulation S). Terms used in this paragraph have the same meanings given to them by Regulation S under the Securities Act.

Materialised Privileged Notes having a maturity of more than one (1) year are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States of America or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986, as amended, and regulations thereunder.

In addition, until forty (40) days after the commencement of the offering of any identifiable Tranche, an offer, sale or delivery of Privileged Notes within the United States of America by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act, if such offer, sale or delivery is made otherwise than in accordance with an available exemption from registration under the Securities Act.

This Base Prospectus has been prepared by the Issuer for use in connection with the offer and sale of the Privileged Notes outside the United States. The Issuer and the Dealers reserve the right to reject any offer to purchase the Privileged Notes, in whole or in part, for any reason.

This Base Prospectus does not constitute an offer to any person in the United States. Distribution of this Base Prospectus by any non-U.S. person outside the United States to any U.S. person or to any other person within the United States is unauthorised and any disclosure without the prior written consent of the Issuer of any of its contents to any such U.S. person or other person within the United States is prohibited.

- (9) Save as disclosed in section "*Material Contracts and Relationship Between Arkéa Public Sector SCF and Crédit Mutuel Arkéa*" on page 94 of this Base Prospectus, there are no material contracts that are not entered into the ordinary course of the Issuer's business which could result in any member of the Crédit

Mutuel Arkéa group being under an obligation or entitlement that is material to the Issuer's ability to meet its obligation to Noteholders in respect of the Privileged Notes being issued.

- (10) Application may be made for French law Privileged Notes to be accepted for clearance through Euroclear Bank (boulevard du Roi Albert II, 1210 Bruxelles, Belgique) and Clearstream (42, avenue JF Kennedy, 1855 Luxembourg, Luxembourg) which are entities in charge of keeping the records. The Common Code and the International Securities Identification Number (ISIN) or the identification number for any other relevant clearing system for each Series of French law Privileged Notes will be set out in the relevant Final Terms.

Dematerialised Privileged Notes will be inscribed in the books of Euroclear France (acting as central depositary). Dematerialised Privileged Notes which are in registered form (*au nominatif*) are also inscribed either with the Issuer or with the Registration Agent. The address of Euroclear France is 66, rue de la Victoire – 75009 Paris – France.

- (11) The Issuer's statutory auditors are registered with the *Compagnie Nationale des Commissaires aux Comptes* (official statutory auditors' representative body) and subject to the authority of the *Haut Conseil du Commissariat aux Comptes* (French High Council of Statutory Auditors). They have audited and rendered unqualified audit reports on (a) the 2020 Financial Statements and (b) the 2021 Financial Statements. The Issuer does not produce consolidated financial statements.
- (12) Conflicts of interest may arise during the life of the Programme as a result of various factors involving the Issuer and certain counterparties of the Issuer. For example, such potential conflicts may arise because Crédit Mutuel Arkéa acts in several capacities under the agreements relating to the Programme, it being provided that its rights and obligations under the agreements relating to the Programme are not contractually conflicting and are independent from one another.

The Issuer, the Arranger, the Dealer(s) or their respective affiliates may from time to time advise the issuers of or obligors in respect of assets used as reference to determine principal or interest of Privileged Notes ("**Reference Assets**") and regarding transactions to be entered into by them, or engage in transactions involving Reference Assets for their proprietary accounts and for other accounts under their management. Any such transactions may have a positive or negative effect on the value of such Reference Assets and therefore on the value of any Privileged Notes to which they relate. Accordingly, certain conflicts of interest may arise both among the Issuer, the Arranger, the Dealer(s) or these affiliates and between the interests of the Issuer, the Arranger, the Dealer(s) or these affiliates and the interests of holders of Privileged Notes.

Potential conflicts of interest may also arise between the Calculation Agent, if any, for a Tranche and the Noteholders, including with respect to certain discretionary determinations and judgments that such Calculation Agent may make pursuant to the Terms and Conditions that may influence the amount received by the Noteholders during the term of the Privileged Notes upon their redemption.

The Issuer may appoint a Dealer as Calculation Agent in respect of an issuance of Privileged Notes under the Programme. In such a case the Calculation Agent is likely to be a member of an international financial group that is involved, in the ordinary course of its business, in a wide range of banking activities out of which conflicting interests may arise. Whilst such a Calculation Agent will, where relevant, have information barriers and procedures in place to manage conflicts of interest, it may in its other banking activities from time to time be engaged in transactions involving an index or related derivatives which may affect amounts receivable by Noteholders during the term and on the maturity of the Privileged Notes or the market price, liquidity or value of the Privileged Notes and which could be deemed to be adverse to the interests of the Noteholders.

The Privileged Notes may be distributed by institutions in charge of collecting subscription orders from investors and such institutions may, as the case may be, be related to the Group's entities. Consequently, during the offer period, some conflicts of interest may arise between the interests of such distributors and/or the Borrower and those of the Noteholders.

- (13) In connection with the issue of any Tranche of French law Privileged Notes, the Dealer or Dealers (if any) named as stabilising manager(s) (the "**Stabilising Manager(s)**") (or persons acting on behalf of any Stabilising Manager(s) in the relevant Final Terms may over-allot French law Privileged Notes or effect transactions with a view to supporting the market price of the French law Privileged Notes at a level higher than that which might otherwise prevail. However, stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche is made and, if begun, may cease at any time, but it must end no later than the earlier of thirty (30) calendar days after the issue date of the relevant Tranche and sixty (60) calendar

days after the date of the allotment of the relevant Tranche. Any stabilisation action or over-allotment must be conducted by the Stabilising Manager(s) in accordance with all applicable laws and rules.

- (14) This Base Prospectus, any supplement thereto that may be published from time to time and, so long as French law Privileged Notes are admitted to trading on any Regulated Market of the EEA and/or offered to the public in France pursuant to a non-exempt offer in accordance with the Prospectus Regulation, the Final Terms relating to such French law Privileged Notes will be published on the websites of the Luxembourg Stock Exchange (www.bourse.lu) and the Issuer (www.arkea.com/banque/assurance/credit/mutuel/ecb_5040/fr/public-sector-scf).

In addition, if the French law Privileged Notes are admitted to trading on a Regulated Market of the EEA other than the Luxembourg Stock Exchange, the relevant Final Terms will provide whether this Base Prospectus and the relevant Final Terms will be published on the website of (x) such Regulated Market or (y) the competent authority of the member state of the EEA where the French law Privileged Notes have been admitted to trading.

- (15) So long as any of the Privileged Notes are outstanding, copies of the following documents will also be available for inspection and obtainable, upon request and free of charge, during usual business hours, on any weekday at the registered office of the Issuer (1, rue Louis Lichou, 29480 Le Relecq-Kerhuon, France) and, for at least ten (10) years from the date of their publication and except for the documents referred to in sub-paragraph (d) and (e) below, on the website of the Issuer (www.arkea.com/banque/assurance/credit/mutuel/ecb_5040/fr/public-sector-scf):

- (b) the audited non-consolidated financial statements of the Issuer in respect of the two (2) financial years preceding the date hereof;
- (c) the most recently published financial statements of the Issuer;
- (d) the Agency Agreement (which notably includes the form of the *lettre comptable*, the Temporary Global Certificates, the Definitive Materialised Privileged Notes, the Coupons, the Talons, the Receipts, the terms and conditions of the German law Privileged Notes, the form of Final Terms applicable to the German law Privileged Notes and the form of assignment of the German law Privileged Notes, all attached as schedules thereto);
- (e) the Final Terms for French law Privileged Notes that are listed on the Official List of the Luxembourg Stock Exchange and traded on the Regulated Market of the Luxembourg Stock Exchange or any other Regulated Market in the EEA and/or offered to the public in France;

- (g) all reports, letters and other documents, historical financial information, valuations and statements prepared by any expert at the Issuer's request any part of which is included or referred to in this Base Prospectus.

- (16) Amounts payable under Privileged Notes may be calculated by reference to EURIBOR, SONIA, SOFR, SARON or EUR CMS which are provided by the European Money Markets Institute ("EMMI") (with respect to EURIBOR), ICE Benchmark Administration Limited ("ICE") (with respect to CMS Rate), the Bank of England ("BoE") (with respect to SONIA), the Federal Reserve Bank of New York ("FRBNY") (with respect to SOFR) and the SIX Swiss Exchange ("SIX") (with respect to SARON) or other reference rates, as specified in the relevant Final Terms, in accordance with Regulation (EU) 2016/1011 of the European Parliament and of the Council of 8 June 2016 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds, as amended (the "**Benchmarks Regulation**"). As at the date of this Base Prospectus, EMMI appears on the register of administrators and benchmarks established and maintained by the European Securities and Markets Authority ("ESMA") pursuant to Article 36 of the Benchmarks Regulation. As far as the Issuer is aware, the transitional provisions in Article 51 of the Benchmarks Regulation apply, such that ICE and SIX are not currently required to obtain authorisation or registration (or, if located outside the European Union, recognition, endorsement or equivalence). The BoE, as administrator of SONIA, and the FRBNY, as administrator of SOFR, are not required to obtain authorisation or registration (or, if located outside the European Union, recognition, endorsement or equivalence) pursuant to a central bank exemption provided in Article 2.2(a) of the Benchmarks Regulation. The relevant Final Terms in respect of an issue of Floating Rate Privileged Notes and/or CMS Linked Privileged Notes will specify the relevant benchmark, the relevant benchmark administrator and whether such benchmark administrator appears on the register of administrators and benchmarks established and maintained by the ESMA.

The registration status of any administrator under the Benchmarks Regulation is a matter of public record and, save where required by applicable law, the Issuer does not intend to update this Base Prospectus or the relevant Final Terms to reflect any change in the registration status of the administrator.
