## Report of the Supervisory Board

Pursuant to article 24 of the Articles of Association, the Supervisory Board has supervised the Board of Directors and the general course of affairs of Conti-Gummi Finance B.V. (the “Company”) and of the business connected with it.

According to article 27 of the Articles of Association, the Financial Statements and Management Report, relating to the financial year ended 31 December 2021, audited by the independent auditor, have been submitted by the Board of Directors to the Supervisory Board.

We recommend the Annual General Meeting to:

- approve the Financial Statements relating to the financial year 2021;
- discharge the Board of Directors and the Supervisory Board from their liability with respect to the financial year 2021;
- approve the crediting of the whole amount of the net result of EUR 2,951,951 to the retained earnings account;
- approve the distribution of a dividend in the amount of EUR 4,875,000 per share representing a total amount of EUR 9,750,000.
- appoint BDO Audit & Assurance B.V. as independent auditor in order to examine the annual Financial Statements of the Company for the year 2022.

Maastricht, 15 April 2022

The members of the Supervisory Board of Conti-Gummi Finance B.V.

---

Mrs. S. Reinhardt

---

Mr. H. Siebenthaler

**Management Report**

The Management has the pleasure in submitting the Financial Statements and Management Report for the year ended 31 December 2021 of Conti-Gummi Finance B.V. (“the Company”).

**General**

The Company was incorporated in the Netherlands on 3 July 1979 and is established in Maastricht. Continental AG, a company incorporated in Germany is its ultimate parent company as from its incorporation. As from 1 October 2009, all shares in the Company are owned by Continental Automotive Holding Netherlands B.V.

The principal activity of the Company is the provision of loans to group companies financed with funds, including the issue of bonds, acquired from the capital market, from banks and with loans from other group companies.

**Review of activities during the year**

The Company operated with the same activities as previous year; no new activities have been undertaken. The results achieved in 2021 have met the management’s expectations and are in line with the budget.

As at 31 December 2021, the loan portfolio of the Company amounted to EUR 1.3 billion. During the financial year, the Company was able to generate interest income from its loan portfolio amounting to EUR 31.7 million, of which EUR 4.6 million is outstanding at year-end. Due to the fluctuation of USD exchange rate, the Company recorded a foreign exchange gain amounting to EUR 33.9 million.

As at year-end, the current account with the ultimate shareholder ended with a balance of EUR 12.3 million while the fair values of the currency swaps of the Company stood at EUR 19.5 million.

The bonds outstanding as of year-end amounted to EUR 1.4 billion and accrued interest payable to EUR 3.4 million. The interest expense incurred during the year totalled EUR 25.7 million.

The result for the year amounted to EUR 3.0 million, net of 25% corporate income tax.

As a result of the COVID-19 pandemic, financial year 2021 was subject to many uncertainties with respect to the economic environment. It is not currently possible to predict the long-term economic consequences of the COVID-19 pandemic and the stabilization measures that have been introduced.

However, despite the changes in individual risks, the analysis in the corporate-wide risk management system for the year did not reveal any risks that, individually or collectively, pose a threat to the company as a going concern. There are also no discernible risks to the Company as a going concern in the foreseeable future.

**Management Report (continued)**

Considering the material opportunities, the overall risk assessment for the Company presents a reasonable risk and opportunities situation to which our risk-containment measures and our corporate strategy have been aligned accordingly.

**Sustainability, governance and code of conduct**

As part of the Continental Group, the Company has very clear sustainability objectives. These include using resources sparingly, promoting climate protection, and addressing our responsibility to our employees and to society.

Our BASICS are the foundation of Continental's lasting success. These corporate guidelines outline our vision, mission, and values, which in turn define our corporate activities and the way we interact with one another and with all our stakeholders. They also underscore our careful use of resources, our social responsibility, and our culture of working for one another.

The interplay between our BASICS, our corporate governance guidelines, and our comprehensive code of conduct, to which all employees of the Company are bound, gives rise to a responsible approach to corporate governance and oversight that is aimed at generating lasting added value. Our anti-corruption guidelines send a clear message on corruption and corruptibility.

Responsible corporate management also requires dealing with risks in a responsible manner. Continental has a corporation-wide internal control and risk management system that is also used by the Company to analyse and manage its risks.

The foundations of our sustainability objectives are:

- Our employees: respecting people, valuing their achievements, and fostering their abilities.
- Environmental and climate protection.
- Social obligations and responsibility.

**Managing directors**

Continental Automotive Holding Netherlands B.V. is the sole director and is internally represented by CGH Holding B.V., whose management is composed of the following members:

Mr. P.M.F.C. Verbruggen as A-director and

Mr. M.C.M. Creemers and Mrs. M.C.A.L. van der Walle-Peters both as B-directors.

**Supervisory Board**

The Supervisory Board is composed of Mrs. S. Reinhardt and Mr. H. Siebenthaler. Mr. C.F. zur Nedden resigned in November 2021.

**Employees and management**

During the financial year, the Company had one employee (2020: one).

**Management Report (continued)****Risk management**

Based on the activities, the Company is exposed to certain elements of risk. The Company does all efforts to reduce these risks to a strict minimum. The most significant risk is credit risk on the loans provided to group companies and the (ultimate)shareholder, and the current account with the ultimate shareholder. Consequently, the risk the Company is willing to take, is strictly related to the risk of the latter three related companies.

The financial risks are monitored by the management team and mitigating actions are taken when necessary.

**Credit risk**

Credit risk encompasses all forms of counter party exposure, i.e. where counterparties may default on their obligations to the Company in relation to lending, settlement and other financial activities. As of year-end date, the Company is exposed to credit risk in respect of the loans to group companies and the shareholder, and the current account maintained with its ultimate parent company.

The latest credit rating of Continental AG is investment grade:

Agency	2021		
	Short-tem	Long-term	Outlook
Moody's	P-2	Baa2	negative
Fitch	F2	BBB	stable
Standard & Poors	A-2	BBB	negative

  

Agency	2020		
	Short-tem	Long-term	Outlook
Moody's	P-2	Baa2	negative
Fitch	F2	BBB	stable
Standard & Poors	A-2	BBB	negative

However, we did not identify any indicator that the counterparties will not be able to fulfil their financial obligations to the Company.

For Company's external bank counterparties risk is limited by a limit system centrally managed by Continental AG treasury team taking into account also the credit assessments by the international rating agencies. Credit risk with external counterparties arises from account balances, deposits and derivative transactions with a positive fair value.

Account balances and deposits are zero or kept to a minimum. Regarding the derivative transactions, exposure is kept within the risk limits determined by group management.

**Liquidity risk**

Cost-effective, adequate financing is necessary for the Company's operating business. A liquidity forecast is therefore prepared by central cash management of Continental AG on a regular basis. If events lead to unexpected financing requirements, the Company can draw from the cash-pooling arrangement with the ultimate shareholder to the extent they are possible and justifiable in the relevant legal and tax situation.

**Management Report (continued)**

**Interest rate risk**

Interest rate risk is limited since all interest bearing financial assets and liabilities are agreed with fixed interest rate.

**Currency risk**

The Company mainly operates in the European Union. The currency risk for the Company largely consist of the USD denominated loan granted to a group company. Management has determined, based on risk assessment, to use a currency swap to address this risk.

**Result**

During the financial year, the Company recorded a net result of EUR 2,951,951 (2020: net result of EUR 1,379,218).

**Future Outlook**

The Management expects to continue to act as a financing company within the Continental Group. Further opportunities to raise additional funds for the Continental Group are considered continuously, on the basis of financing needs of the Continental Group and subject to market conditions prevailing.

**Subsequent events**

There are no instances post balance date requiring adjustments or disclosure in the financial statements.

Maastricht, 15 April 2022

**Notes to the Financial Statements as at 31 December 2021**

**1 General**

Conti-Gummi Finance B.V. (the Company), having its statutory seat at Bassin 100-106, Maastricht, was incorporated in the Netherlands on 3 July 1979. The Company is registered at the Chamber of Commerce in Roermond with file number 33157039.

- Its 100% shareholder is Continental Automotive Holding Netherlands B.V.
- Its ultimate parent company is Continental AG (Hanover), a company incorporated in Germany;
- The last year's financial accounts were adopted in the Annual General Meeting on 23 April 2021;
- The financial statements of the Company are included in the consolidated financial statements of Continental AG. Copies of the consolidated financial statements are available at the head office of the parent company.

The principal activity of the Company is the provision of loans to group companies financed with funds acquired from the capital market, from banks and with loans from other group companies and to act as a holding company.

**2 Basis of presentation**

The financial statements have been prepared in accordance with the financial reporting requirements included in part 9 of book 2 of the Dutch Civil Code (DCC) and the firm pronouncements in the Dutch Accounting Standards, as published by the Dutch Accounting Standards Board ('Raad voor de Jaarverslaggeving'). The balance sheet has been prepared in accordance with DCC section 2:397.5 and the profit and loss account in accordance with DCC section 2:397.3

The financial statements have been prepared under the historical cost convention and are presented in Euro's, which is the functional currency of the Company.

In the balance sheet, income statement and the cash flow statement, references are made to the notes.

The financial statements have been prepared on the basis of the going concern assumption.

**Notes to the Financial Statements as at 31 December 2021**

**3 Principal accounting policies**

***(a) General***

The valuation principles and method of determining the result are the same as those used in the previous year, with the exception of the changes in accounting policies as set out in the relevant sections.

The result is the difference between interest income and interest expenses and any other charges during the year. The results on transactions are recognised in the year in which they are realised.

General and administrative expenses comprise costs chargeable to the year that are not directly attributable to the interest income and interest expenses.

***(b) Use of estimates***

The preparation of the financial statements requires management to make estimates and assumptions that affect amounts reported in the financial statements in order to conform with generally accepted accounting principles. Actual results could differ from these estimates.

***(c) Transactions in foreign currencies***

At initial recognition, transactions denominated in a foreign currency are translated into the functional currency of the Company at the exchange rates at the date of the transactions.

Monetary assets and liabilities denominated in foreign currencies are translated at the balance sheet date into the functional currency at the exchange rate applying on that date. Exchange differences resulting from the settlement of monetary items, or resulting from the translation of monetary items denominated in foreign currency, are recognised in profit and loss in the period in which the exchange difference arise.

Non-monetary assets and liabilities denominated in foreign currency that are measured based on historical cost, are translated into the functional currency at the exchange rates at the date of the transactions.

***(d) Related party transactions***

For the purpose of these accounts, parties are considered to be related to the Company if the Company has the ability, directly or indirectly, to control the party or exercise significant influence over the party in making financial and operating decisions, or vice versa, or where the Company and the party are subject to common control or common significant influence. Related parties comprise of participating interests as well as subsidiaries of the Company and its parent company. A substantial part of the Company's transactions are with related parties as disclosed.

**Notes to the Financial Statements as at 31 December 2021**

***(e) Cash flow statement***

The cash flow statement has been prepared using the indirect method. The cash items disclosed in the cash flow statement comprise cash at banks and in hand and the current account with ultimate shareholder except for deposits with a maturity longer than three months. Interest paid and received, dividends received and income taxes are included in cash from operating activities. Transactions not resulting in inflow or outflow of cash are not recognized in the cash flow statement.

***(f) Financial instruments***

Financial instruments include loans to/from group companies and to the shareholder and its corresponding interest receivables, receivables from and liabilities to related parties, the current account with the ultimate shareholder, senior secured loans and derivative instruments.

Financial instruments are initially recognised at fair value. Subsequent to the initial recognition, the valuation is carried in the manner described below:

***(f1) Loans granted and current account receivables with related parties***

These are carried at amortised cost using the effective interest method, less impairment losses.

All of the loans that fall due within one year are classified as current assets.

***(f2) Cash at banks***

Cash at banks and in hand represent cash in hand, bank balances and deposits with terms of less than twelve months. Cash at banks and in hand is carried at nominal value.

***(f3) Liabilities***

On initial recognition liabilities are recognised at fair value. Transaction costs which can be directly attributed to the acquisition of the liabilities are included in the initial recognition. After initial recognition liabilities are recognised at the amortised cost price, being the amount received taking into account premiums or discounts and minus transaction costs.

The difference between stated book value and the mature redemption value is accounted for as interest cost in the income statement on the basis of the effective interest rate during the estimated term of the liabilities.

All current liabilities fall due in less than one year.

***(f4) Derivative financial instruments***

Derivative financial instruments not quoted in an open market and not designated as hedging instruments are initially recognised at fair value and are subsequently remeasured at their fair value. Changes in the fair value of these derivative instruments are recognised directly in the income statement.

**Notes to the Financial Statements as at 31 December 2021**

Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction. If no fair value can be readily and reliably established, fair value is approximated by deriving it from the fair value of components or of a comparable financial instrument, or by approximating fair value using valuation models and valuation techniques. Valuation techniques include using recent arm's length market transactions between knowledgeable, willing parties, if available, reference to the current fair value of another instrument that is substantially the same, discounted cash flow analysis and/or option pricing models, making allowance for entity-specific inputs.

***(g) Financial fixed assets***

Financial fixed assets are stated at cost less any accumulated impairment losses. The accounting policies for other financial fixed assets are included under the heading 'financial instruments'. Interest income is recognised in the profit and loss account as it accrues, using the effective interest method.

***(h) Impairment or disposal of financial asset***

The Company states financial fixed assets in accordance with accounting principles generally accepted for financial reporting in the Netherlands. Pursuant to these principles, assets with a long life should be reviewed at each balance sheet date to determine whether there is any indication of impairment. If any such indication exists the assets' recoverable amount is estimated. The recoverable amount is calculated as the present value of estimated future cash flows, discounted at the effective interest rate.

If the book value of an asset exceeds the recoverable amount, impairment is charged to the result equal to the difference between the carrying and the recoverable amount.

If it is established that an impairment was recognised in the past no longer exists or has reduced, the increased carrying amount of the asset concerned is set no higher than the carrying amount that would have been determined if no impairment value adjustment for the asset concerned had been reported.

***(i) Corporate income tax***

Corporate income tax expense comprises current and deferred tax. Corporate income tax expense is recognised in profit or loss except to the extent that it relates to items recognized directly in equity, in which case it is recognized in equity.

Since 1 September 2009, there is a fiscal unity with Continental Global Holding Netherlands B.V., Continental Automotive Holding Netherlands B.V., CAH Holding B.V. and CGH Holding B.V. As from this date a combined tax return is filed with the tax authorities in the name of CGH Holding B.V. and Conti-Gummi Finance B.V. is charged for its part of the tax burden. Taxation has been calculated based on the 25% of the net result before tax.

**Notes to the Financial Statements as at 31 December 2021**

***(j) Receivables from related parties***

Trade and other receivables are recognised initially at fair value and subsequently measured at amortised cost. If payment of the receivable is postponed under an extended payment deadline, fair value is measured on the basis of the discounted value of the expected revenues. Interest gains are recognised using the effective interest method. When a receivable is uncollectible, it is written off against the allowance account for receivables.

***(k) Non-derivative financial obligations***

The fair value of non-derivative financial commitments is only determined for disclosure purposes and is calculated on the basis of the net present value of future repayments and interest payments, discounted at the market interest rate, including a margin for the relevant risks as at the reporting date.

***(l) Employee cost***

Salaries, wages, pensions and social security contributions are charged to the income statement based on the terms of employment, where they are due to employees and the tax authorities respectively.

Employee benefits and pensions are charged to the profit and loss account in the period in which the employee services are rendered and, to the extent not already paid, as a liability on the balance sheet.

***(m) Income and expenses***

Interest income and expenses are recognised on a pro rata basis, taking account of the effective interest rate of the assets and liabilities to which they relate. In accounting for interest expenses, the recognised transaction expenses for loans received are taken into consideration.

**4 Risk management**

Based on the activities, the Company is exposed to certain elements of risk. The Company does all efforts to reduce these risks to a strict minimum. The most significant risk is credit risk on the loans provided to group companies and the (ultimate) shareholder, and the current account with the ultimate shareholder. Consequently, the risk the Company is willing to take, is strictly related to the risk of the latter three related companies.

The financial risks are monitored by the management team and mitigating actions are taken when necessary.

**Credit risk**

Credit risk encompasses all forms of counter party exposure, i.e. where counterparties may default on their obligations to the Company in relation to lending, settlement and other financial activities. As of year-end date, the Company is exposed to credit risk in respect of the loans to group companies and the shareholder, and the current account maintained with its ultimate parent company.

**Notes to the Financial Statements as at 31 December 2021**

The latest credit rating of Continental AG is investment grade:

Agency	2021		
	Short-term	Long-term	Outlook
Moody's	P-2	Baa2	negative
Fitch	F2	BBB	stable
Standard & Poors	A-2	BBB	negative

  

Agency	2020		
	Short-term	Long-term	Outlook
Moody's	P-2	Baa2	negative
Fitch	F2	BBB	stable
Standard & Poors	A-2	BBB	negative

However, we did not identify any indicator that the counterparties will not be able to fulfil their financial obligations to the Company.

For Company's external bank counterparties risk is limited by a limit system centrally managed by Continental AG treasury team taking into account also the credit assessments by the international rating agencies. Credit risk with external counterparties arises from account balances, deposits and derivative transactions with a positive fair value.

Account balances and deposits are zero or kept to a minimum. Regarding the derivative transactions, exposure is kept within the risk limits determined by group management.

**Liquidity risk**

Cost-effective, adequate financing is necessary for the Company's operating business. A liquidity forecast is therefore prepared by central cash management of Continental AG on a regular basis. If events lead to unexpected financing requirements, the Company can draw from the cash-pooling arrangement with the ultimate shareholder to the extent they are possible and justifiable in the relevant legal and tax situation.

**Interest rate risk**

Interest rate risk is limited since all interest bearing financial assets and liabilities are agreed with fixed interest rate.

**Currency risk**

The Company mainly operates in the European Union. The currency risk for the Company largely consist of the USD denominated loan granted to a group company. Management has determined, based on risk assessment, to use a currency swap to address this risk.

**Notes to the Financial Statements as at 31 December 2021****FIXED ASSETS****5 Loan to group company**

In May 2020, the Company entered into a loan agreement with Continental Rubber of America in the amount of USD 547,635,000 and a maturity date of 27 November 2023. The interest rate is 3.630% and will each 6 months be paid starting 27 November 2020.

The fair value of this loan as at 31 December 2021 amounted to EUR 506,604,529 (2020: EUR 478,644,460) which is computed using the cash flow method. Starting from the scheduled interest and principal payments set forth in the loan contract, the loan is valued by discounting the remaining interest and principal payments with the relevant interest rate as of valuation date.

At balance sheet date the accrued interest is presented in the line item Interest receivable from group companies.

Movements in the loan to group company were as follows:

	<b><u>2021</u></b> <b><u>EUR</u></b>	<b><u>2020</u></b> <b><u>EUR</u></b>

Foreign exchange difference	37,606,074	(54,043,160)
Balance as at 31 December	<u>483,562,914</u>	<u>445,956,840</u>

**6 Derivative instruments**

The derivative instruments consists of currency swaps relating to the principal and interest payment cash flows on the loan to group company denominated in USD. These are used to reduce the exposure to exchange rate fluctuation.

The notional amounts of the derivatives as of 31 December 2021 totalled EUR 504.4 million and (USD 553.0 million). All of these will mature on 27 November 2023.

The fair values of the derivative instruments are estimated using the present value of future cash flows using rates prevailing as of year-end.

The change in the fair values during the year is accounted for under “interest income and similar income”.

For more details, please see note 24.

**Notes to the Financial Statements as at 31 December 2021****22 Audit Fees**

The following audit fees were expensed in the income statement, included in the other expenses, in the reporting period:

	BDO Audit & Assurance B.V. <b><u>EUR</u></b>	Other BDO Audit & Assurance B.V. network <b><u>EUR</u></b>	Total BDO Audit & Assurance B.V. network <b><u>EUR</u></b>
<b>2021</b>			
Audit of the financial statements	21,980	-	21,980
Other audit services	5,000	-	5,000
Tax services	-	-	-
Other non-audit services	-	-	-
	<u>26,980</u>	<u>-</u>	<u>26,980</u>
<b>2020</b>			
Audit of the financial statements	48,800	-	48,800
Other audit services	5,000	-	5,000
Tax services	-	-	-
Other non-audit services	-	-	-
	<u>53,800</u>	<u>-</u>	<u>53,800</u>

The fees listed above relate to the procedures applied to the Company by accounting firms and external independent auditor as referred to in Section 1, subsection 1 of the Audit Firms Supervision Act ('Wet toezicht accountantsorganisaties - Wta') as well as by Dutch and foreign-based accounting firms, including their tax services and advisory groups.

These fees relate to the audit of the 2021 financial statements, regardless of whether the work was performed during the financial year.

**23 Employees and Management**

During the financial year, the Company had one (2020: one) employee working in an administrative function within the Netherlands.

Continental Automotive Holding Netherlands B.V. is the sole director and is internally represented by CGH Holding B.V., whose management is composed of the following members: Mr. P.M.F.C. Verbruggen as A-director and Mr. M.C.M. Creemers and Mrs. M.C.A.L. van der Walle-Peters both as B-directors.

These directors, and also the members of the Supervisory Board, do not receive remuneration at Conti-Gummi Finance B.V. in their capacity as directors of the Company.

**Notes to the Financial Statements as at 31 December 2021**

**24 Commitments and contingencies**

A fiscal unity for income tax has been created with other Dutch companies, namely Continental Global Holding Netherlands B.V., CAH Holding B.V., CGH Holding B.V. and its direct shareholder Continental Automotive Holding Netherlands B.V.

Also for value added tax a fiscal unity has been created with other Dutch companies, namely Continental Global Holding Netherlands B.V., ContiTech Global Holding Netherlands B.V., CGH Holding B.V. and its direct shareholder Continental Automotive Holding Netherlands B.V.

A combined tax return, for both fiscal unities, will be filed with the tax authorities by CGH Holding B.V., as head of the fiscal unity, and the Company has been charged for its part of the tax burden.

Pursuant to the Collection of State Taxes Act, the Company and the other members of these fiscal unities are both severally and jointly liable for the tax payable by the combination.

**25 Subsequent events**

There are no instances post balance date requiring adjustments or disclosure in the financial statements.

**26 Appropriation of result**

The management proposes to add the profit amounting to EUR 2,951,951 to the retained earnings account and the distribution of a dividend in the amount of EUR 4,875,000 per share representing a total amount of EUR 9,750,000.

# CONTI-GUMMI FINANCE B.V.

Mrs. S. Reinhardt

---

Mr. H. Siebenthaler

**Other information**

**Profit appropriation according to the Articles of Association**

Subject to the provisions under Dutch law that no dividends can be declared until all losses have been recovered, retained earnings are at the disposal of the shareholder in accordance with the Articles of Association of the Company.

According to article 29 of the Company's articles of association, the General Meeting of Shareholders shall decide upon the allocation of the net result.

The management proposes to add the profit amounting to EUR 2,951,951 to the retained earnings account and the distribution of a dividend in the amount of EUR 4,875,000 per share representing a total amount of EUR 9,750,000.

# Independent auditor's report

To: the shareholder and Supervisory Board of Conti-Gummi Finance B.V.

## A. Report on the audit of the financial statements 2021 included in the annual report

### Our opinion

We have audited the financial statements 2021 of Conti-Gummi Finance B.V. ("the Company") based in Maastricht.

WE HAVE AUDITED	OUR OPINION
The financial statements comprise: 1. the balance sheet as at 31 December 2021; 2. the profit and loss account for 2021; and 3. the notes comprising a summary of the significant accounting policies and other explanatory information.	In our opinion, the accompanying financial statements give a true and fair view of the financial position of Conti-Gummi Finance B.V. as at 31 December 2021 and of its result for 2021 in accordance with Part 9 of Book 2 of the Dutch Civil Code.

### Basis for our opinion

We conducted our audit in accordance with Dutch law, including the Dutch Standards on Auditing. Our responsibilities under those standards are further described in the 'Our responsibilities for the audit of the financial statements' section of our report.

We are independent of Conti-Gummi Finance B.V. in accordance with the EU Regulation on specific requirements regarding statutory audit of public-interest entities, the Wet toezicht accountantsorganisaties (Wta, Audit firms supervision act), the Verordening inzake de onafhankelijkheid van accountants bij assurance-opdrachten (ViO, Code of Ethics for Professional Accountants, a regulation with respect to independence) and other relevant independence regulations in the Netherlands. Furthermore we have complied with the Verordening gedrags- en beroepsregels accountants (VGBA, Dutch Code of Ethics).

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## B. Information in support of our opinion

We designed our audit procedures in the context of our audit of the financial statements as a whole and in forming our opinion thereon. The following information in support of our opinion was addressed in this context, and we do not provide a separate opinion or conclusion on these matters.

### Materiality

Based on our professional judgement we determined the materiality for the financial statements as a whole at € 13.5 million. The materiality has been calculated as 1% of the total assets, which is primary consideration of the users of the financial statements of the Company. We have also taken into account misstatements and/or possible misstatements that in our opinion are material for the users of the financial statements for qualitative reasons.

We agreed with the Supervisory Board that misstatements in excess of € 675,000, which are identified during the audit, would be reported to them, as well as smaller misstatements that in our view must be reported on qualitative grounds.

### Audit approach fraud risks

We refer to the 'Sustainability, governance and code of conduct' section of the management report for management's fraud risk assessment. We identified and assessed the risks of material misstatements of the financial statements due to fraud. During our audit we obtained an understanding of the entity and its environment and the components of the system of internal control, including the risk assessment process and management's process for responding to the risks of fraud and monitoring the system of internal control and how the Supervisory Board exercises oversight, as well as the outcomes.

We evaluated the design and relevant aspects of the system of internal control and in particular the fraud risk assessment, as well as among others the code of conduct, whistle blower procedures and incident registration. We evaluated the design and the implementation and, where considered appropriate, tested the operating effectiveness, of internal controls designed to mitigate fraud risks.

As part of our process of identifying fraud risks, we evaluated fraud risk factors with respect to financial reporting fraud, misappropriation of assets and bribery and corruption. We evaluated whether these factors indicate that a risk of material misstatement due fraud is present.

We identified fraud risks related to management override of controls and performed procedures to evaluate key accounting estimate for management bias that may represent a risk of material misstatement due to fraud, in particular relating to the valuation of loans. As described in our key audit matter, we specifically considered whether the judgements and assumptions in identifying impairment indicator indicate a management bias that may represent a risk of material misstatement due to fraud or non-compliance.

We incorporated elements of unpredictability in our audit. We also considered the outcome of our other audit procedures and evaluated whether any findings were indicative of fraud.

We considered available information and made enquiries of relevant executives, directors and the Supervisory Board. This did not lead to indications for fraud potentially resulting in material misstatements.

### Our key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements. We have communicated the key audit matter to the Supervisory Board. The key audit matter is not a comprehensive reflection of all matters discussed.

This matter was addressed in the context of our audit of the financial statements as a whole and in forming our opinion thereon, and we do not provide a separate opinion on this matter.

VALUATION OF LOANS	OUR AUDIT APPROACH
<p>The Company is exposed to credit risk on the loans to Group Companies and (ultimate) shareholder. We considered the valuation of these loans, as disclosed in notes 5, 7 and 8 in the financial statements for a total amount of € 1.3 billion as a key audit matter. This is due to the size of the portfolio and due to the fact that non-performance on the loans may lead to impairment losses that have a negative impact on the income statement.</p> <p>Loans are initially recognized at fair value and subsequently measured at amortized cost using the effective interest method.</p> <p>Judgement arises in the assessment whether there is objective evidence that a loan is impaired and in the determination of the impairment loss.</p> <p>Based on the impairment assessment performed by management, management concluded that no objective evidence exists that a loan is impaired and as a result no impairment loss was recognized.</p>	<p>Our audit procedures to audit the valuation of the loans included:</p> <ul style="list-style-type: none"><li>▪ a discussion with the management regarding their impairment assessment;</li><li>▪ Inspected the financial statements as of Group companies and (ultimate) shareholder to assess the ability to cover the repayment of financial securities issued by the Company;</li><li>▪ Inspected the loan agreements entered into between the Company and Group companies and (ultimate) shareholder;</li><li>▪ Evaluated the information derived from credit rating agencies: Standard &amp; Poor's, Moody's and Fitch Ratings;</li><li>▪ Reviewed the market values of the outstanding notes for indications of recoverability and creditworthiness;</li><li>▪ an analysis of the completeness of the identified impairment triggers by challenging the fair values determined by management and reviewing news articles.</li></ul> <p>We also assumed the adequacy of the disclosures in the financial statements relating to the loans to Group companies and (ultimate) shareholder.</p>

### C. Report on other information included in the annual report

In addition to the financial statements and our auditor's report thereon, the annual report contains other information that consists of:

- ▶ Report of the Supervisory Board;
- ▶ the management report;
- ▶ other information as required by Part 9 of Book 2 of the Dutch Civil Code.

Based on the following procedures performed, we conclude that the other information:

- ▶ is consistent with the financial statements and does not contain material misstatements;
- ▶ contains the information as required by Part 9 of Book 2 of the Dutch Civil Code.

We have read the other information. Based on our knowledge and understanding obtained through our audit of the financial statements or otherwise, we have considered whether the other information contains material misstatements.

By performing these procedures, we comply with the requirements of Part 9 of Book 2 and the Dutch Standard 720. The scope of the procedures performed is substantially less than the scope of those performed in our audit of the financial statements.

Management is responsible for the preparation of the other information, including the management report in accordance with Part 9 of Book 2 of the Dutch Civil Code and other information as required by Part 9 of Book 2 of the Dutch Civil Code.

#### D. Report on other legal and regulatory requirements and European Single Electronic Format

##### European Single Electronic Format (ESEF)

The Company has prepared its annual report in ESEF. The requirements for this are set out in the Delegated Regulation (EU) 2019/815 with regard to regulatory technical standards on the specification of a single electronic reporting format (hereinafter: RTS on ESEF).

In our opinion, the annual report prepared in XHTML-format, including the financial statements of the Company, complies in all material respects with RTS on ESEF.

Management is responsible for preparing the annual report including the financial statements, in accordance with RTS on ESEF.

Our responsibility is to obtain reasonable assurance for our opinion whether the annual report complies with RTS on ESEF.

Our procedures, taking into account Alert 43 of NBA (the Netherlands Institute of Chartered Accountants), included amongst others:

- ▶ obtaining an understanding of the entity's financial reporting process, including the preparation of the annual financial report in XHTML-format;
- ▶ examining whether the annual financial report in XHTML-format is in accordance with RTS on ESEF.

##### Engagement

We were engaged by the Supervisory Board as auditor of Conti-Gummi Finance B.V. on 18 April 2017, as of the audit for financial year 2017 and have operated as statutory auditor ever since that financial year.

##### No prohibited non-audit services

We have not provided prohibited non-audit services as referred to in Article 5(1) of the EU Regulation on specific requirements regarding statutory audit of public-interest entities.

## E. Description of responsibilities regarding the financial statements

### **Responsibilities of management and the Supervisory Board for the financial statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Part 9 of Book 2 of the Dutch Civil Code. Furthermore, management is responsible for such internal control as management determines is necessary to enable the preparation of the financial statements that are free from material misstatement, whether due to fraud or error.

As part of the preparation of the financial statements, management is responsible for assessing the company's ability to continue as a going concern. Based on the financial reporting framework mentioned, management should prepare the financial statements using the going concern basis of accounting, unless management either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

Management should disclose events and circumstances that may cast significant doubt on the company's ability to continue as a going concern in the financial statements.

The Supervisory Board is responsible for overseeing the company's financial reporting process.

### **Our responsibilities for the audit of the financial statements**

Our objective is to plan and perform the audit engagement in a manner that allows us to obtain sufficient and appropriate audit evidence for our opinion.

Our audit has been performed with a high, but not absolute, level of assurance, which means we may not detect all material errors and fraud during our audit.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. The materiality affects the nature, timing and extent of our audit procedures and the evaluation of the effect of identified misstatements on our opinion.

We have exercised professional judgement and have maintained professional skepticism throughout the audit, in accordance with Dutch Standards on Auditing, ethical requirements and independence requirements. Our audit included among others:

- ▶ identifying and assessing the risks of material misstatement of the financial statements, whether due to fraud or error, designing and performing audit procedures responsive to those risks, and obtaining audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- ▶ obtaining an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control;
- ▶ evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;

- ▶ concluding on the appropriateness of management's use of the going concern basis of accounting, and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause a company to cease to continue as a going concern;
- ▶ evaluating the overall presentation, structure and content of the financial statements, including the disclosures; and
- ▶ evaluating whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Supervisory Board regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant findings in internal control that we identify during our audit. In this respect we also submit an additional report to the audit committee in accordance with Article 11 of the EU Regulation on specific requirements regarding statutory audit of public-interest entities. The information included in this additional report is consistent with our audit opinion in this auditor's report.

We provide the Supervisory Board with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Supervisory Board, we determine the key audit matters: those matters that were of most significance in the audit of the financial statements. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, not communicating the matter is in the public interest.
